Preface

This Volume contains the general laws of a permanent nature enacted by the General Assembly at the 2006 Regular Session, which are within Chapters 2006-1 through 2006-264, and brings to date the annotations included therein.

A majority of the Session Laws are made effective upon becoming law, but a few provide for stated effective dates. If the Session Law makes no provision for an effective date, the law becomes effective under G.S. 120-20 "from and after 60 days after the adjournment of the session" in which passed.

For detailed research on any subject, both within this volume and the General Statutes as a whole, see the General Index to the General Statutes.

Beginning with formal opinions issued by the North Carolina Attorney General on July 1, 1969, selected opinions which construe a specific statute are cited in the annotations to that statute. For a copy of an opinion or of its headnotes, write the Attorney General, P.O. Box 629, Raleigh, N.C. 27602.

This recompiled volume has been prepared and published under the supervision of the Department of Justice of the State of North Carolina. The members of the North Carolina Bar are requested to communicate any suggestions they may have for improving the General Statutes to the Department, or to LexisNexis, Charlottesville, Virginia.

Attorney General

(a) A county may, with the voluntary consent of landowners, acquire by purchase agricultural conservation easements over qualifying farmland as defined by G.S. 106-737.

(b) For purposes of this section, "agricultural conservation easement" means a negative easement in gross restricting residential, commercial, and industrial development of land for the purpose of maintaining its agricultural production capability. Such easement:

(1) May permit the creation of not more than three lots that meet applicable county zoning and subdivision regulations;

(1a) May permit agricultural uses as necessary to promote agricultural development associated with the family farm; and

(2) Shall be perpetual in duration, provided that, at least 20 years after the purchase of an easement, a county may agree to reconvey the easement to the owner of the land for consideration, if the landowner can demonstrate to the satisfaction of the county that commercial agriculture is no longer practicable on the land in question.

(c) There is established a "North Carolina Agricultural Development and Farmland Preservation Trust Fund" to be administered by the Commissioner of Agriculture. The Trust Fund shall consist of all monies received for the purpose of purchasing agricultural conservation easements or funding programs that promote the development and sustainability of farming and assist in the transition of existing farms to new farm families, or monies transferred from counties or private sources. The Trust Fund shall be invested as provided in G.S. 147-69.2 and G.S. 147-69.3. The Commissioner shall use Trust Fund monies for any of the following:

(1) The purchase of agricultural conservation easements, including transaction costs.

(2) Public and private enterprise programs that will promote profitable and sustainable family farms through assistance to farmers in developing and implementing plans for the production of food, fiber, and value-added products, agritourism activities, marketing and sales of agricultural products produced on the farm, and other agriculturally related business activities.

(3) To fund conservation agreements to bring into or maintain farmland in active production of food, fiber, and other agricultural products.

(4) The costs of administering the program under this Article, including the cost of staff and staff support.

(c1) The Commissioner shall distribute Trust Fund monies for such purchases, including transaction costs, as follows:

A county that has not prepared a countywide farmland protection plan shall match thirty percent (30%) of the Trust Fund monies it receives with county funds. A county that is a development tier one county, as defined in G.S. 143B-437.08, and that has prepared a countywide farmland protection plan shall not be required to match any of the Trust Fund monies it receives with county funds.

(c3) The Commissioner of Agriculture shall adopt rules governing the use, distribution, investment, and management of Trust Fund monies.

(d) This section shall apply to agricultural conservation easements falling within its terms. This section shall not be construed to make unenforceable any restriction, easement, covenant, or condition that does not comply with the requirements of this section.

This section shall not be construed to invalidate any farmland preservation program.

This section shall not be construed to diminish the powers of any public entity, agency, or instrumentality to acquire by purchase, gift, devise, inheritance, eminent domain, or otherwise and to use property of any kind for public purposes.

This section shall not be construed to authorize any public entity, agency, or instrumentality to acquire by eminent domain an agricultural conservation easement.

(5) The countywide farmland protection plan shall contain a schedule for implementing the plan and an identification of possible funding sources for the long-term support of the plan.

(f) A countywide farmland protection plan that meets the requirements of subsection (e) of this section may be formulated with the assistance of an agricultural advisory board designated pursuant to G.S. 106-739.

(g) There is established the Agricultural Development and Farmland Preservation Trust Fund Advisory Committee. The Advisory Committee shall be administratively located within the Department of Agriculture and Consumer Services and shall advise the Commissioner on the prioritization and allocation of funds, the development of criteria for awarding funds, program planning, and other areas where monies from the Trust Fund can be used to promote the growth and development of family farms in North Carolina. ARTICLE 68A.

North Carolina Dairy Stabilization and Growth Program.

§ 106-812. Findings.

(a) The General Assembly finds that North Carolina has suffered a significant loss of its traditional industrial and agricultural economic base. The State's dairy industry is at serious risk of total collapse unless milk prices reach levels sufficient to allow dairy farmers to meet production costs. At the same time, North Carolina is experiencing rapid population growth and urbanization. This growth and urbanization have fueled a rapid loss of prime agricultural land and green space, resulting in a decline in the quality of life for which the State is known.

(b) The General Assembly finds that the dairy industry in North Carolina makes a substantial economic, environmental, and quality-of-life contribution to the well-being of the citizens of the State. The dairy industry, including both producers and processors, currently contributes over six hundred million dollars ($600,000,000) and 3,000 jobs to the State's economy. Properly managed dairy farms help maintain green space, keep prime agricultural land under production, maintain water quality, enhance food security, and provide a local supply of fresh milk at a reasonable cost to the consumer and to processors in the State. An adequate local milk supply has become increasingly important as transportation costs escalate, making the importation of milk from out-of-state increasingly expensive. The General Assembly finds, however, that despite its importance to the State's economic and environmental well-being, North Carolina's dairy industry is under severe economic pressure, and milk production is declining at an alarming rate. According to United States Department of Agriculture statistics, since 1985 the State has lost sixty-seven percent (67%) of its dairy farms and thirty-five percent (35%) of its processing facilities. North Carolina dairy farms no longer produce sufficient milk for North Carolina's processing facilities to operate. Milk must be imported 10 out of 12 months each year to keep these processing facilities functioning. Further, farm prices for milk exhibit great volatility, creating financial risk and discouraging investment. The General Assembly finds that it is essential to a viable North Carolina dairy industry to have locally produced milk available to processors in the State. The General Assembly further finds that it is essential to the well-being of the citizens of the State to have a local supply of fresh milk available at reasonable cost and not subject to the vagaries of transportation costs and production conditions in other regions of the country.

(c) The General Assembly finds that one of the primary reasons for the decline in milk production in the State is the gap between the price paid to farmers for milk under the federal milk programs and the actual cost of production. Inability to meet production costs combined with increasing land prices have led many milk producers to sell their farms for development and retire or turn to other employment. The General Assembly finds that the most effective means to ensure the continuation of a viable dairy industry in this State is to establish a price floor for milk to enable dairy farmers to meet their production costs. It is the intent of the General Assembly to establish a price support program that will stabilize and reverse the decline in the local milk supply and in the dairy industry in the State and encourage new producers to enter the dairy industry. Sustaining and growing North Carolina's dairy industry will advance the State's goals of preserving and enhancing its economic base and improving the quality of life in the State through maintaining green space and water quality and assuring an adequate local supply of fresh milk. § 106-813. North Carolina Dairy Stabilization and Growth Fund.

(a) The North Carolina Dairy Stabilization and Growth Fund is created as a nonreverting account in the Department of Agriculture and Consumer Services. The Fund shall consist of any money appropriated to the Fund by the General Assembly and money made available to it from grants, donations, and other sources. The Board of Agriculture shall actively seek donations, grants, and other sources of money for the Fund.

(b) The Board shall use the monies in the Fund as follows:

(1) Up to two percent (2%) of the money appropriated annually by the General Assembly may be used by the Department for the costs of administering the Dairy Stabilization and Growth Program. In the event that the General Assembly does not make an appropriation to the Fund in a given year, up to two percent (2%) of the balance remaining in the Fund may be used by the Department for the costs of administering the Program.

(2) The monies remaining after administrative expenses are deducted shall be used to provide assistance to North Carolina dairy farmers in accordance with the provisions of G.S. 106-814.

(3) At the end of any fiscal year in which the total payments to North Carolina dairy farmers under G.S. 106-814 are less than fifty percent (50%) of the amount appropriated by the General Assembly for the year, five percent (5%) of the unspent appropriation for the year may be set aside for use in that year and subsequent years for programs to support the development of the dairy industry. (2006-139, s. 1.)

§ 106-814. Dairy Stabilization and Growth Program.

(a) On July 1 of each year the Board of Agriculture shall set a milk support baseline price. The baseline price per hundredweight of milk shall be the average United States Department of Agriculture Federal Milk Market Order Class I price mover for the previous 10 years less fifty cents (50¢).

(b) The Board shall adopt rules implementing the provisions of this Article. The rules shall include criteria for eligibility for distributions from the Fund, procedures for applications for distributions from the Fund, the method by which the amount of a payment to a producer shall be calculated, and the manner of payment to producers.

(c) Each month the Board shall determine whether the monthly announced United States Department of Agriculture Federal Milk Market Order Class I price mover has dropped below the baseline price set for the year. If the monthly announced Class I price mover is lower than the baseline price, then each producer who meets the requirements of subsection (f) of this section shall become eligible for a distribution from the Fund in an amount equal to the difference between the baseline price and the monthly announced Class I price mover multiplied by the hundredweight of milk sold by the producer for the month.

(d) Under exceptional circumstances, and in the discretion of the Board, the amount of any monthly distribution as calculated by the formula set forth in subsection (c) of this section may be increased by an amount not to exceed one dollar ($1.00) per hundredweight of milk sold in that month.

(e) Distributions shall be made to eligible producers at least quarterly, unless in the judgment of the Board the payment amounts are trivial. All payments under the Program are subject to the availability of funds.

(f) To be eligible to receive assistance from the Dairy Stabilization and Growth Fund, a dairy farmer shall demonstrate to the satisfaction of the Board that they are in compliance with the following rules and regulations:

(1) For Grade A milk producers, the federal Grade A milk regulations.
(2) For non-Grade A producers, Article 26 of Chapter 106 of the General Statutes and the rules implementing that Article.

(g) Farmers who fail to demonstrate compliance with applicable rules and regulations shall become ineligible for assistance from the Fund until compliance is attained. (2006-139, s. 1.)

§ 106-815. Report.

The Commissioner of Agriculture shall file a report no later than March 31 of each year with the Chairs of the House of Representatives and Senate Appropriations Subcommittees on Natural and Economic Resources, the Chair of the House of Representatives Agriculture Committee, and the Chair of the Senate Committee on Agriculture, Environment, and Natural Resources which shall include the following:

(1) The short- and long-term problems associated with maintaining a viable dairy industry in the State.
(2) Ways to sustain the existing dairy industry in the State.
(3) Opportunities to expand the dairy industry, including attracting both new dairy producers and new processors to the State.
(4) The contribution of dairy farms to the maintenance of prime agricultural land and the quality of life in the State.
(5) An analysis of the effectiveness of the Dairy Stabilization and Growth Program in achieving the goals of maintaining a local supply of fresh milk for processing and consumption, facilitating the entry of young farmers into the dairy industry, and preserving green space along the urban fringe.
(6) Other factors that impact the dairy industry in the State. (2006-139, s. 2.)

Individuals who participate in HCWD and have countable income greater than or equal to two hundred percent (200%) of FPG shall pay a monthly premium in addition to the annual fee. § 108A-55.1. Medicare enrollment required.

The Department shall require State Medical Assistance Program recipients who qualify for Medicare to enroll in Medicare, in accordance with Title XIX of the Social Security Act, in order to pay medical expenditures that qualify for payment under Medicare Parts B and D, except that enrollment in Part D is not required if the recipient has creditable prescription drug coverage as defined by federal law.

Failure to enroll in Medicare shall result in nonpayment of these expenditures under the State Medical Assistance Program. A provider may seek payment for services from Medicaid enrollees who are eligible for but not enrolled in Medicare Parts B and D. (2003-284, s. 10.27; 2006-66, s. 10.6.)

Editor's Note. — Laws 2006-66, s. 1.2, provides: "This act shall be known as 'The Current Operations and Capital Improvements Appropriations Act of 2006'."

Session Laws 2006-66, s. 28.6 is a severability clause.

Effect of Amendments. — Session Laws 2006-66, s. 10.6, effective July 1, 2006, substituted "Parts B and D, except that enrollment in Part D is not required if the recipient has creditable prescription drug coverage as defined by federal law" for "Part B" at the end of the first paragraph; and substituted "Parts B and D" for "Part B" at the end of the last sentence in the second paragraph.

Notwithstanding any other provision of law, every insurer issuing a health benefit plan shall provide, not more frequently than twelve times in a year and at no cost, to the Department of Health and Human Services, upon its request, information, including automated data matches conducted under the direction of the Department of Health and Human Services, Division of Medical Assistance, as necessary to (i) identify individuals covered under the insurer's health benefit plans who are also recipients of medical assistance; (ii) determine the period during which the individual or the individual's spouses or the individual's dependents may be or may have been covered by the health benefit plan; and (iii) determine the nature of the coverage. To facilitate the Division in obtaining this and other related information, every health insurer shall:

(4) Respond to any inquiry by the Division regarding a claim for payment for any health care item or service that is submitted not later than three years after the date of the provision of the health care item or service.

(5) Agree not to deny a claim submitted by the Division solely on the basis of the date of submission of the claim, the type of format of the claim form, or a failure to present proper documentation at the point-of-sale that is the basis of the claim, if:

a. The claim is submitted by the Division within the three-year period beginning on the date on which the item or service was furnished; and

b. Any action by the Division to enforce its rights with respect to such claim is commenced within six years of the Division's submission of the claim.

§ 108A-57. Subrogation rights; withholding of information a misdemeanor.

CASE NOTES

Subrogation Rights. —

When a minor recipient of Medicaid benefits settled medical negligence claims with health care providers, equitable subrogation principles did not apply to the right of the Department of Health and Human Services, Division of Medical Assistance, to a share of the settlement, because G.S. 108A-57(a) specifically provided that the State "shall be subrogated to all rights of recovery," "notwithstanding any other provisions of the law." Ezell v. Grace Hosp., Inc., — N.C. App. —, 623 S.E.2d 79, 2005 N.C. App. LEXIS 2713 (2005).

Right of the Department of Health and Human Services, Division of Medical Assistance (DMA), to a share of a Medicaid recipient's settlement with healthcare providers who allegedly negligently injured her was limited to the amount of Medicaid benefits paid for the providers' alleged negligence, because G.S. 108A-57 gave DMA subrogation rights to proceeds obtained "by reason of injury or death, indicating the legislature's intent to limit that subrogation right to the amount resulting from such injury or death, and the legislature did not intend that DMA could recoup for medical treatment unrelated to the injury for which the injured party received a settlement. Ezell v. Grace Hosp., Inc., — N.C. App. —, 623 S.E.2d 79, 2005 N.C. App. LEXIS 2713 (2005).

When the Department of Health and Human Services, Division of Medical Assistance (DMA) sought a share of a Medicaid recipient's settlement with healthcare providers who allegedly negligently injured her, but there was no evidence before the trial court of a causal nexus between the DMA's lien on the recipient's recovery, under G.S. 108A-57, and that recovery, the matter had to be remanded for findings on whether such a nexus existed. Ezell v. Grace Hosp., Inc., — N.C. App. —, 623 S.E.2d 79, 2005 N.C. App. LEXIS 2713 (2005).

§ 108A-58: Repealed by Session Laws 2006-66, s. 10.5(a), effective July 1, 2006.

§ 108A-58.1. Ineligibility for medical assistance based on transferring assets for less than fair market value.

(a) General Rule. — Except as otherwise provided herein, an individual who is otherwise eligible to receive medical assistance under this Part is ineligible for Medicaid coverage and payment for the services specified in subsection (d) during the period specified in subsection (c) if the individual or the individual's spouse transfers an asset for less than fair market value on or after the "lookback date" specified in subsection (b).

(b) Lookback Date. —

(1) Except as otherwise provided herein, the lookback date is the date specified in 42 U.S.C. § 1396p(c)(1)(B).

(2) Notwithstanding subdivision (1), the lookback date with respect to the medical services specified in subdivision (d)(2) is the date specified in 42 U.S.C. § 1396p(c)(1)(B) or February 1, 2003, whichever is later.

(c) Penalty Period. — The penalty period for the transfer of assets for less than fair market value is the period specified in 42 U.S.C. § 1396p(c)(1)(D), (E), and (H).

(d) Medical Services. —

(1) In the case of an institutionalized individual, the transfer of assets penalty applies with respect to nursing facility services, a level of care in any institution equivalent to that of nursing facility services, and to home- or community-based services furnished under the State's Community Alternatives Program waiver pursuant to 42 U.S.C. § 1396n(c) or (d), and pursuant to the hardship waiver under subsection (k) of this section.

(2) In the case of a noninstitutionalized individual, the transfer of assets penalty applies with respect to home health services and personal care services as defined in 42 U.S.C. § 1396d(a)(7) and (24) and, to the extent permitted by federal law, such other long-term care services specified by rules adopted by the Department of Health and Human Services pursuant to subsection (k) of this section.

(e) Assets. — Assets are the income and resources of an individual or the individual's spouse (including the individual's or spouse's home) as defined in 42 U.S.C. § 1396p(h) and 42 U.S.C. § 1396p(c)(1)(G), (I), and (J).

(f) Fair Market Value and Uncompensated Value. —

(1) The fair market value of an asset is the value (minus any valid and legally enforceable liens, mortgages, and encumbrances against the asset) that would have been received if the asset had been sold for good and valuable consideration at the prevailing market price at the time the asset was transferred. In the case of real or personal property that is taxable under Subchapter II of Chapter 105 of the General Statutes, there is a rebuttable presumption that the fair market value of the property is its most recent value as ascertained under Subchapter II of Chapter 105 of the General Statutes (minus any valid and legally enforceable liens, mortgages, and encumbrances against the property).

(2) The uncompensated value of an asset is its fair market value minus the amount of good and valuable consideration received in exchange for the asset's transfer.

(g) Individual. — An individual is a person who applies for or is receiving medical assistance under this Part regardless of whether the person was, at the time an asset was transferred, a Medicaid applicant or recipient. The term "individual" also includes an individual's legal representative, anyone acting at the individual's direction or request, and any person, agency, or court acting lawfully on behalf of the individual.

(h) Institutionalized and Noninstitutionalized Individuals. —

(1) An institutionalized individual is an individual who meets the criteria set forth in 42 U.S.C. § 1396p(h)(3), regardless of whether the individual was institutionalized at the time an asset was transferred.

(2) A noninstitutionalized individual is any individual who (i) is not an institutionalized individual, (ii) is an aged, blind, or disabled person who is categorically or medically needy pursuant to 42 C.F.R. § 120 Subpart B, C, or D or a qualified Medicare beneficiary as defined in 42 U.S.C. § 1396d(p)(1), and (iii) is not eligible for medical assistance under this Part based on his or her eligibility for an optional State supplement pursuant to 42 C.F.R. § 435.232.

(i) Exceptions. —

(1) This section does not apply if an individual establishes by the greater weight of the evidence that the transfer was exclusively for some purpose other than establishing or retaining eligibility for medical assistance under this Part.

(2) This section does not apply to any transfer specified in 42 U.S.C. § 1396p(c)(2)(A), (B), (C)(i), or (C)(iii).

(j) Application to Life Estates and Income Producing Real Property. — The Department of Health and Human Services may apply federal transfer of assets policies in accordance with this section to (i) life estates purchased by or on behalf of the recipient, and (ii) to real property excluded as "income producing", tenancy-in-common, or as nonhomesite property made "income producing." The Department shall exclude from countable resources any life estate in real property that is in the recipient's home and is measured by the recipient's life. Federal transfer of assets policies applied to income producing real property shall become effective not earlier than October 1, 2001. Federal transfer of assets policies applied to real property excluded as tenancy-in-common, or as nonhomesite property made income producing in accordance with this subsection, shall become effective not earlier than October 1, 2005.

(k) Hardship Waiver. — The Department of Health and Human Services shall waive a transfer of assets penalty that has been imposed or is imposable under this section if the Department determines that imposition of the penalty would create an undue hardship.

(*l*) Rules and Compliance with Federal Law. —

(1) This section shall be interpreted and administered consistently with governing federal law, including 42 U.S.C. § 1396p(c).

(2) The Department of Health and Human Services shall determine and publish at least annually the average monthly cost of nursing facility services for private patients that will be used in determining the length of a penalty period under this section.

(3) The Department of Health and Human Services shall provide for a hardship waiver process in accordance with 42 U.S.C. § 1396p(c)(2)(D).

(4) The Department of Health and Human Services may adopt administrative rules that are necessary and appropriate to implement this section or the requirements of 42 U.S.C. § 1396p(c) or other federal laws governing the transfer of assets and Medicaid eligibility. (2006-66, s. 10.5(b); 2006-221, ss. 8(a)-(c).)

Editor's Note. — Session Laws 2006-66, s. 28.7, made this section effective July 1, 2006.

Session Laws 2006-66, s. 1.2, provides: "This act shall be known as 'The Current Operations and Capital Improvements Appropriations Act of 2006'."

Session Laws 2006-66, s. 28.6 is a severability clause.

Effect of Amendments. — Session Laws 2006-221, S. 8(a)-(c), effective July 1, 2006, added "and pursuant to the hardship waiver under subsection (k) of this section" at the end of subdivision (b)(1); in subdivision (h)(2), inserted "Subpart B, C, or D" near the middle, and deleted "(3)" preceding "(iii) is not eligible'" and deleted the former second sentence of subsection (j), which read: "The transfer of assets policy shall apply only to an institutionalized individual or the individual's spouse, as defined in subsection (h) of this section."

§ 108A-70.5. (Effective until July 1, 2007) Medicaid Estate Recovery Plan.

(a) There is established in the Department of Health and Human Services, the Medicaid Estate Recovery Plan, as required by the Omnibus Budget Reconciliation Act of 1993, to recover from the estates of recipients of medical assistance an equitable amount of the State and federal shares of the cost paid the recipient. The Department shall administer the program in accordance with applicable federal law and regulations, including those under Title XIX of the Social Security Act, 42 U.S.C. § 1396(p).

(b) As used in this section:

(1) "Medical assistance" means medical care services paid for by the North Carolina Medicaid Program on behalf of the recipient:
  a. If the recipient is receiving these medical care services as an inpatient in a nursing facility, intermediate care facility for the mentally retarded, or other medical institution, and cannot reasonably be expected to be discharged to return home; or

(2) "Estate" means all the real and personal property considered assets of the estate available for the discharge of debt pursuant to G.S. 28A-15-1.

The Department is a fifth-class creditor, as prescribed in G.S. 28A-19-6, for purposes of determining the order of claims against an estate; provided, however, that judgments in favor of other fifth-class creditors docketed and in force before the Department seeks recovery for medical assistance shall be paid prior to recovery by the Department.

(d) The Department of Health and Human Services shall adopt rules pursuant to Chapter 150B of the General Statutes to implement the Plan, including rules to waive whole or partial recovery when this recovery would be inequitable because it would work an undue hardship or because it would not be administratively cost-effective and rules to ensure that all recipients are notified that their estates are subject to recovery at the time they become eligible to receive medical assistance.

(e) Regarding trusts that contain the assets of an individual who is disabled as defined in Title 19 of Section 1014(a)(3) of the Social Security Act, as amended, if the trust is established and managed by a nonprofit association, to the extent that amounts remaining in the beneficiary's account upon the death of the beneficiary are not retained by the nonprofit association, the trust pays to the Department from these remaining amounts in the account an amount equal to the total amount of medical assistance paid on behalf of the beneficiary under the North Carolina Medicaid Program. (1993 (Reg. Sess., 1994), c. 769, s. 25.47(a); 1997-443, s. 11A.118(a); 2002-126, s. 10.11(b).)

To the extent that allowable Medicaid claims are not satisfied as a result of the execution of any liens held by the Department, the Department is a fifth-class creditor, as prescribed in G.S. 28A-19-6, for purposes of determining the order of claims against an estate; provided, however, that judgments in favor of other fifth-class creditors docketed and in force before the Department seeks recovery for medical assistance shall be paid prior to recovery by the Department.

(a) The Department shall postpone or waive its claim pursuant to G.S. 108A-70.5, including the execution of a lien in whole or in part, when the Department determines that the enforcement of its claim would work an undue hardship to an heir or a beneficiary of the Medicaid recipient. Nothing in this section shall be construed to prevent the Department from enforcing its claim if the owner of the property sells or transfers ownership of the property that is subject to the Department's claim.

(b) A claim of undue hardship to an heir or beneficiary shall be made in writing to the Department within 30 days after the receipt of notification of the Medicaid lien or claim. ARTICLE 4.

Public Assistance and Social Services Appeals and Access to Records.

§ 108A-79. Appeals.

CASE NOTES

Standard of Review. — While G.S. 108A-79(k) authorizes a trial court to take testimony and reexamine the facts, this authorization is only to determine whether a final decision of the North Carolina Department of Health and Human Services (DHHS) is in error; G.S. 108A-79(k) requires the trial court to sit as both a trial and appellate court and in order to give meaning to both functions, the trial court is limited to determining whether the reason offered for the DHHS's decision to sanction a benefits recipient was factually and legally correct; G.S. 108A-79(k) should not be read to authorize the trial court to rehear a case, to make wholly new factual findings, and to determine that alternative grounds not relied upon by the DHHS would also justify a sanction. Chatmon v. N.C. HHS, — N.C. App. —, 622 S.E.2d 684, 2005 N.C. App. LEXIS 2711 (2005).

Findings of Fact Inadequate. — Work First benefits recipient's appeal of the affirmance of a reduction of her benefits was remanded to the trial court as the trial court's findings of fact related to the recipient's diabetic condition and her ability to work merely recited the evidence, did not articulate what the trial court considered to be the definition of disability in the Americans With Disabilities Act (ADA), specifically 42 U.S.C.S. § 12102(2), and were inadequate for the appellate court to review de novo whether the trial court properly affirmed the North Carolina Department of Health and Human Services' decision that the sanctions did not violate the ADA. Before February 15 of each year, the Secretary shall notify the county board of commissioners, the county manager, the director of social services, and the director of public health of each county of the amount of State and federal moneys estimated to be available, as best can be determined, to that county for programs of public assistance, social services, public health, and related administrative costs, as well as the percentage of county participation expected to be required for the budget for the succeeding fiscal year. In odd-numbered years, in making such notification, the Secretary shall notify the counties of any changes in funding levels, formulas, or programs relating to public assistance and public health proposed by the Governor to the General Assembly in the proposed budget and budget report submitted under the Executive Budget Act. Counties shall be notified of additional changes in the proposed budget of the Governor and the Advisory Budget Commission that are made by the General Assembly or the United States Congress subsequent to the February 15 estimates. Effect of Amendments. — Session Laws 2006-203, s. 26, effective July 1, 2007, and applicable to the budget for the 2007-2009 biennium and each subsequent biennium thereafter, substituted "State Budget Act" for "Executive Budget Act" at the end of the second sentence; and deleted "and the Advisory Budget Commission" following "the Governor" from the middle of the last sentence.

CASE NOTES

Discretion of Court. —

Trial court's expressed concerns over the fact that the mother had named multiple persons as the minor child's father and had waited over 15 years before instituting suit against the father was sufficient to support its denial of a request for reimbursement of past paid public assistance; in light of the trial court's ability to consider equitable factors in determining whether to order reimbursement, and the highly deferential standard on review, the denial was not wholly unsupported by reason, nor otherwise a manifest abuse of discretion. State ex rel. Gillikin v. McGuire, 174 N.C. App. 347, 620 S.E.2d 899, 2005 N.C. App. LEXIS 2364 (2005).

CASE NOTES

Income Withholding Mandatory. — When services were being provided by a child support enforcement agency established under Title IV-D of the Social Security Act, it was error for the trial court not to order wage withholding from a father who had been ordered to pay child support. In IV-D cases, G.S. 110-136.3 and G.S. 110-136.4(b) required wage withholding. Guilford County v. Davis, — N.C. App. —, 629 S.E.2d 178, 2006 N.C. App. LEXIS 963 (2006).

State Parks Act.

Editor's Note. — For provisions of Session Laws 2006-223 preamble and ss. 1 through 12, which created the Land and Water Conservation Study Commission, see notes at G.S. 113-44.15 and G.S. 143-211.

§ 113-44.14. Additions to and deletions from the State Parks System.

Editor's Note. —

Session Laws 2006-138 provides in the preamble:

"Whereas, Section 5 of Article XIV of the North Carolina Constitution states that it shall be a proper function of the State of North

Carolina to acquire and preserve park, recreational, and scenic areas and, in every other appropriate way, to preserve as a part of the common heritage of this State its open lands and places of beauty; and

"Whereas, the General Assembly enacted the State Parks Act in 1987, declaring that the State of North Carolina offers unique archaeological, geological, biological, scenic, and recreational resources, and that such resources are part of the heritage of the people of the State to be preserved and managed by those people for their use and for the use of their visitors and descendants; and

"Whereas, mountain bogs are wetlands that support a variety of rare and unique species. Because of their location on small flat sites in the mountains, bogs are highly vulnerable to damage from clearing, grading, and development. Very few of North Carolina's mountain bogs remain intact, and they are one of the State's most endangered habitats; and

"Whereas, Mountain Bog State Natural Area would be comprised of two mountain bogs, Sugar Mountain Bog and Pineola Bog; and

"Whereas, rare species found at one or both of the bogs include the bog turtle, bog rose, bog fern, cranberry, gray's lily, large purple-fringed orchid, purple-leaf willowherb, four-toed salamander, and Baltimore checkerspot; and

"Whereas, the Mountain Bog site has been found to possess biological resources of statewide significance; and

"Whereas, savannas are renowned for extraordinary plant diversity and high numbers of rare species. Savannas are an important component of the State's natural landscape, but are poorly represented in the existing State Parks System; and

"Whereas, the Sandy Run Savannas State Natural Area would be comprised of a cluster of nationally significant savannas along the border of Pender and Onslow Counties; and

"Whereas, the Sandy Run Savannas site is important as a military buffer and is strategically located as a hub surrounded by Camp Lejeune, Holly Shelter Game Land, and Angola Bay Game Land; and

"Whereas, the Sandy Run Savannas site contains rare species that include Venus flytrap, golden sedge, red-cockaded woodpecker, Cooley's meadowrue, yellow fringeless orchid, Carolina goldenrod, and rough-leaf loosestrife; and

"Whereas, the Sandy Run Savannas site has been found to possess biological resources of statewide significance; andWhereas, Cabin Lake possesses significant scenic and recreational resources; Now, therefore,"

Session Laws 2006-138, ss. 1 and 2, effective July 19, 2006, authorize the Department of Environment and Natural Resources to add Mountain Bog State Natural Area and Sandy Run Savannas State Natural Area to the State Parks System as provided in G.S. 113-44.14(b).

Session Laws 2006-138, s. 3, effective July 19, 2006, provides: "The Division of Parks and Recreation of the Department of Environment and Natural Resources shall study the feasibility and the desirability of acquiring land and establishing a State Park at Cabin Lake. The study shall include estimates of the cost of developing the proposed park. The Division shall report its findings and recommendations, including any legislative proposals, to the Environmental Review Commission on or before 15 January 2007."

§ 113-44.15. Parks and Recreation Trust Fund.

Land and Water Conservation Study Commission. — Session Laws 2006-223 provides in the preamble:

"Whereas, North Carolina has more than 3,000 miles of streams that fail to meet State water quality standards; and

"Whereas, North Carolina is losing natural areas, historic sites, and agricultural and forestry lands at a rate of over 100,000 acres per year; and

"Whereas, North Carolina's waters, open lands, and historic properties are critical to our State's economic future and quality of life; and

"Whereas, land costs are increasing rapidly; and

"Whereas, Article XIV, Section V of the State Constitution states, 'North Carolina must use every appropriate way to preserve as part of the common heritage of this State its forests, wetlands, estuaries, beaches, historical sites, open lands and places of beauty;' and

"Whereas, G.S. 113A-241(a) provides, 'The State of North Carolina shall encourage, facilitate, plan, coordinate, and support appropriate federal, State, local, and private land protection efforts so that an additional one million acres of farmland, open space, and conservation lands in the State are permanently protected by December 31, 2009.'; and

"Whereas, traditional methods for funding the State's Clean Water Management Trust Fund, Parks and Recreation Trust Fund, Natural Heritage Trust Fund, Agricultural Development and Farmland Preservation Trust Fund, and economic development efforts related to land and water conservation have failed to keep pace with conservation needs and rapidly rising land costs and are not able to meet the State's conservation goals at current funding levels; Now, therefore,"

Session Laws 2006-223, ss. 1-12, provide:

"SECTION 1. Commission Established. — The Land and Water Conservation Commission is hereby established.

"SECTION 2. Membership. — The Commission shall consist of 16 members as follows:

"(2) Collect research and information from North Carolina and other states and jurisdictions regarding incentive based techniques and management tools used to protect land and water and assess the applicability of such tools and techniques to land conservation in North Carolina.

"(3) Prepare a draft report with a statement of the issues, a summary of the research, and recommendations to address funding needs and other issues affecting land and water conservation in North Carolina.

"(4) Hold at least three public meetings, including at least one meeting in the Mountains, Piedmont, and the Coastal Plain region of the State to present the draft report and recommendations to the public and user groups.

"SECTION 7. Expenses of Members. — Members of the Commission shall receive per diem, subsistence, and travel allowances in accordance with G.S. 120-3.1, 138-5, or 138-6, as appropriate.

§ 113-77.6. Definitions.

Editor's Note. — For provisions of Session Laws 2006-223 preamble and ss. 1-12, which created the Land and Water Conservation Study Commission, see notes at G.S. 113-44.15 and G.S. 143-211.

SUBCHAPTER IV. CONSERVATION OF MARINE AND ESTUARINE AND WILDLIFE RESOURCES.

Article 13.

Jurisdiction of Conservation Agencies.

§ 113-133.1. Limitations upon local regulation of wildlife resources; certain local acts retained.

(a) The enjoyment of the wildlife resources of the State belongs to all of the people of the State.

(b) The Wildlife Resources Commission is charged with administering the governing statutes in a manner to serve as equitably as may be the various competing interests of the people regarding wildlife resources, considering the interests of those whose livelihood depends upon full and wise use of renewable resources and the interests of the many whose approach is recreational. Thus, except as provided in subsection (e), all special, local, and private acts and ordinances enacted prior to the ratification date of the act creating this section regulating the conservation of wildlife resources are repealed. Nothing in this section is intended to invalidate local legislation or local ordinances which exercise valid powers over subjects other than the conservation of wildlife resources, even though an incidental effect may consist of an overlapping or conflict of jurisdiction as to some particular provision not essential to the conservation objectives set out in this Subchapter. In particular, this section does not repeal local acts which restrict hunting primarily for the purpose of protecting travelers on the highway, landowners, or other persons who may be endangered or affected by hunters' weapons or ammunition or whose property may be damaged.

(c) This Subchapter is intended to express State policy relating to the conservation of wildlife resources. Nothing in this section is intended to repeal or prevent the enactment of any city or county ordinance otherwise validly authorized which has only a minor and incidental impact on the conservation of marine and estuarine and wildlife resources. This section does not repeal G.S. 153A-127, G.S. 153A-131, G.S. 160A-182, G.S. 160A-187, and G.S. 160A-188, nor any local act establishing bird sanctuaries, except that local authorities operating bird sanctuaries may not regulate the taking of game or otherwise abrogate valid laws and regulations pertaining to the conservation of wildlife resources.

(d) Nothing in this Subchapter is intended to repeal or abridge the regulatory authority of the Game Commission of Currituck County or the Dare County Game and Wildlife Commission.

(e) Because of strong community interest expressed in their retention, the local acts or portions of local acts listed in this section are not repealed. The following local acts are retained to the extent they apply to the county for which listed:

ARTICLE 16.

Cultivation of Shellfish.

§ 113-206. Chart of grants, leases and fishery rights; overlapping leases and rights; contest or condemnation of claims; damages for taking of property.

(a) The Secretary must commence to prepare as expeditiously as possible charts of the waters of North Carolina containing the locations of all oyster and clam leaseholds made by the Department under the provisions of this Article and of all existing leaseholds as they are renewed under the provisions of this Article, the locations of all claims of grant of title to portions of the bed under navigable waters registered with him, and the locations of all areas in navigable waters to which a right of private fishery is claimed and registered with him. Charting or registering any claim by the Secretary in no way implies recognition by the State of the validity of the claim.

(a1) If a claim is based on an oyster or other shellfish grantor a perpetual franchise for shellfish cultivation, the Secretary may, to resolve the claim, grant a shellfish lease to the claimant for part or all of the area claimed. If a claim of exclusive shellfishing rights was registered based upon a conveyance by the Literary Fund, the North Carolina Literary Board or the State Board of Education, and the claimant shows that the area had been cultivated by the claimant or his predecessor in title for the seven-year period prior to registration of the claim, the Secretary may, to resolve the claim, grant a shellfish lease to the claimant for all or part of the area claimed, not to exceed ten acres. A shellfish lease granted under this subsection is subject to the restrictions imposed on shellfish leases in G.S. 113-202, except the prohibition against leasing an area that contains a natural shellfish bed in G.S. 113-202(a)(2). This restriction is waived because, due to the cultivation efforts of the claimant, the area is likely to contain a natural shellfish bed.

(b) In the event of any overlapping of areas leased by the Department, the Secretary shall recommend modification of the areas leased as he deems equitable to all parties. Appeal from the recommendation of the Secretary lies for either party in the same manner as for a lease applicant as to which there is a recommendation of denial or modification of lease. If there is no appeal, or upon settlement of the issue upon appeal, the modified leases must be approved by the Marine Fisheries Commission and reissued by the Secretary in the same manner as initial or renewal leases. Leaseholders must furnish the Secretary surveys of the modified leasehold areas, meeting the requisite criteria for surveys established by the Secretary.

(c) In the event of any overlapping of areas leased by the Department and of areas in which title or conflicting private right of fishery is claimed and registered under the provisions of this Article, the Secretary must give preference to the leaseholder engaged in the production of oysters or clams in commercial quantities who received the lease with no notice of the existence of any claimed grant or right of fishery. To this end, the Secretary shall cause a modification of the claim registered with him and its accompanying survey to exclude the leasehold area. Such modification effected by the Secretary has the effect of voiding the grant of title or right of fishing to the extent indicated.

(d) In the interest of conservation of the marine and estuarine resources of North Carolina, the Department may institute an action in the superior court to contest the claim of title or claimed right of fishery in any navigable waters of North Carolina registered with the Secretary. In such proceeding, the burden of showing title or right of fishery, by the preponderance of the evidence, shall be upon the claiming title or right holder. In the event the claiming title or right holder prevails, the trier of fact shall fix the monetary worth of the claim. The Department may elect to condemn the claim upon payment of the established owners or right holders their pro rata shares of the amount so fixed. The Department may make such payments from such funds as may be available to it. An appeal lies to the appellate division by either party both as to the validity of the claim and as to the fairness of the amount fixed. The Department in such actions may be represented by the Attorney General. In determining the availability of funds to the Department to underwrite the costs of litigation or make condemnation payments, the use which the Department proposes to make of the area in question may be considered; such payments are to be deemed necessary expenses in the course of operations attending such use or of developing or attempting to develop the area in the proposed manner.

(e) A person who claims that the application of G.S. 113-205 or this section has deprived him of his private property rights in land under navigable waters or his right of fishery in navigable waters without just compensation may file a complaint in the superior court of the county in which the property is located to contest the application of G.S. 113-205 or this section. If the plaintiff prevails, the trier of fact shall fix the monetary worth of the claim, and the Department may condemn the claim upon payment of this amount to him if the Secretary considers condemnation appropriate and necessary to conserve the marine and estuarine resources of the State. The Department may pay for a condemned claim from available funds. An action under this subsection is considered a condemnation action and is therefore subject to G.S. 7A-248.

The limitation period for an action brought under this subsection is three years. This period is tolled during the disability of the plaintiff. No action, however, may be instituted under this subsection after December 31, 2006.

(f) In evaluating claims registered pursuant to G.S. 113-205, the Secretary shall favor public ownership of submerged lands and public trust rights. The Secretary's action does not alter or affect in any way the rights of a claimant or the State. (1965, c. 957, s. 2; 1969, c. 44, s. 69; c. 541, s. 11; 1973, c. 1262, s. 28; 1977, c. 771, s. 4; 1985, c. 279; c. 762; 1989, c. 423, s. 3; c. 727, s. 102; 1989 (Reg. Sess., 1990), c. 869, ss. 1, 2; 1993 (Reg. Sess., 1994), c. 717, ss. 1-3; 1998-179, s. 1; 2006-79, s. 11.)

f. Any irreversible and irretrievable environmental changes which would be involved in the proposed action should it be implemented.

(2a) Prior to making any detailed statement, the responsible official shall consult with and obtain the comments of any agency which has either jurisdiction by law or special expertise with respect to any environmental impact involved. Any unit of local government or other interested party that may be adversely affected by the proposed action may submit written comment. The responsible official shall consider written comment from units of local government and interested parties that is received within the established comment period. (1971, c. 1203, s. 4; 1987, c. 827, s. 125; 1991, c. 431, s. 2; 1991 (Reg. Sess., 1992), c. 945, s. 2; 2006-264, s. 29(g).)

Effect of Amendments. — Session Laws 2006-264, s. 29(g), effective August 27, 2006, substituted "School of Government at the University of North Carolina at Chapel Hill" for "Institute of Government" at the end of subdivision (3).

ARTICLE 4.

Sedimentation Pollution Control Act of 1973.

§ 113A-54.1. Approval of erosion control plans.

(a) A draft erosion and sedimentation control plan must contain the applicant's address and, if the applicant is not a resident of North Carolina, designate a North Carolina agent for the purpose of receiving notice from the Commission or the Secretary of compliance or noncompliance with the plan, this Article, or any rules adopted pursuant to this Article. If the applicant is not the owner of the land to be disturbed, the draft erosion and sedimentation control plan must include the owner's written consent for the applicant to submit a draft erosion and sedimentation control plan and to conduct the anticipated land-disturbing activity. The Commission shall approve, approve with modifications, or disapprove a draft erosion and sedimentation control plan for those land-disturbing activities for which prior plan approval is required within 30 days of receipt. The Commission shall condition approval of a draft erosion and sedimentation control plan upon the applicant's compliance with federal and State water quality laws, regulations, and rules. Failure to approve, approve with modifications, or disapprove a completed draft erosion and sedimentation control plan within 30 days of receipt shall be deemed approval of the plan. If the Commission disapproves a draft erosion and sedimentation control plan or a revised erosion and sedimentation control plan, it must state in writing the specific reasons that the plan was disapproved. Failure to approve, approve with modifications, or disapprove a revised erosion and sedimentation control plan within 15 days of receipt shall be deemed approval of the plan. The Commission may establish an expiration date for erosion and sedimentation control plans approved under this Article.

(b) If, following commencement of a land-disturbing activity pursuant to an approved erosion and sedimentation control plan, the Commission determines that the plan is inadequate to meet the requirements of this Article, the Commission may require any revision of the plan that is necessary to comply with this Article. Failure to approve, approve with modifications, or disapprove a revised erosion and sedimentation control plan within 15 days of receipt shall be deemed approval of the plan.

(c) The Commission shall disapprove an erosion and sedimentation control plan if implementation of the plan would result in a violation of rules adopted by the Environmental Management Commission to protect riparian buffers along surface waters. The Director of the Division of Land Resources may disapprove an erosion and sedimentation control plan upon finding that an applicant or a parent, subsidiary, or other affiliate of the applicant:

(1) Is conducting or has conducted land-disturbing activity without an approved plan, or has received notice of violation of a plan previously approved by the Commission or a local government pursuant to this Article and has not complied with the notice within the time specified in the notice;

(2) Has failed to pay a civil penalty assessed pursuant to this Article or a local ordinance adopted pursuant to this Article by the time the payment is due;

(3) Has been convicted of a misdemeanor pursuant to G.S. 113A-64(b) or any criminal provision of a local ordinance adopted pursuant to this Article; or

(4) Has failed to substantially comply with State rules or local ordinances and regulations adopted pursuant to this Article.

(d) In the event that an erosion and sedimentation control plan is disapproved by the Director pursuant to subsection (c) of this section, the Director shall state in writing the specific reasons that the plan was disapproved. The applicant may appeal the Director's disapproval of the plan to the Commission. For purposes of this subsection and subsection (c) of this section, an applicant's record may be considered for only the two years prior to the application date.

(e) The landowner, the financially responsible party, or the landowner's or the financially responsible party's agent shall perform an inspection of the area covered by the plan after each phase of the plan has been completed and after establishment of temporary ground cover in accordance with G.S. 113A-57(2). The person who performs the inspection shall maintain and make available a record of the inspection at the site of the land-disturbing activity. The record shall set out any significant deviation from the approved erosion control plan, identify any measures that may be required to correct the deviation, and document the completion of those measures. The record shall be maintained until permanent ground cover has been established as required by the approved erosion and sedimentation control plan. The inspections required by this subsection shall be in addition to inspections required by G.S. 113A-61.1. (1989, c. 676, s. 2; 1993 (Reg. Sess., 1994), c. 776, s. 4; 1998-221, s. 1.11(a); 1999-379, s. 1; 2005-386, s. 7.1; 2006-250, s. 1.)

Effect of Amendments. —

Session Laws 2006-250, s. 1, effective September 1, 2006, added subsection (e).

§ 113A-56. Jurisdiction of the Commission.

(a) The Commission shall have jurisdiction, to the exclusion of local governments, to adopt rules concerning land-disturbing activities that are:

(1) Conducted by the State.
(2) Conducted by the United States.
(3) Conducted by persons having the power of eminent domain other than a local government.
(4) Conducted by a local government.
(5) Funded in whole or in part by the State or the United States.

(b) The Commission may delegate the jurisdiction conferred by G.S. 113A-56(a), in whole or in part, to any other State agency that has submitted an erosion and sedimentation control program to be administered by it, if the program has been approved by the Commission as being in conformity with the general State program.

(c) The Commission shall have concurrent jurisdiction with local governments that administer a delegated erosion and sedimentation control program over all other land-disturbing activities. In addition to the authority granted to the Commission in G.S. 113A-60(c), the Commission has the following authority with respect to a delegated erosion and sedimentation control program:

(1) To review erosion and sedimentation control plan approvals made by a delegated erosion and sedimentation control program and to require a revised plan if the Commission determines that a plan does not comply with the requirements of this Article or the rules adopted pursuant to this Article.
(2) To review the compliance activities of a delegated erosion and sedimentation control program and to take appropriate compliance action if the Commission determines that the local government has failed to take appropriate compliance action. (1973, c. 392, s. 7; c. 1417, s. 4; 1987, c. 827, s. 130; 1987 (Reg. Sess., 1988), c. 1000, s. 4; 2002-165, s. 2.5; 2006-250, s. 2.)

Effect of Amendments. — Session Laws 2006-250, s. 2, effective September 1, 2006, added "other than a local government" at the end of subdivision (a)(3); in subsection (c), inserted "that administer a delegated erosion and sedimentation control program" in the first sentence, added the second sentence, and added subdivisions (c)(1) and (c)(2); and made minor stylistic changes.

§ 113A-57. Mandatory standards for land-disturbing activity.

No land-disturbing activity subject to this Article shall be undertaken except in accordance with the following mandatory requirements:

(1) No land-disturbing activity during periods of construction or improvement to land shall be permitted in proximity to a lake or natural watercourse unless a buffer zone is provided along the margin of the watercourse of sufficient width to confine visible siltation within the twenty-five percent (25%) of the buffer zone nearest the land-disturbing activity. Waters that have been classified as trout waters by the Environmental Management Commission shall have an undisturbed buffer zone 25 feet wide or of sufficient width to confine visible siltation within the twenty-five percent (25%) of the buffer zone nearest the land-disturbing activity, whichever is greater. Provided, however, that the Sedimentation Control Commission may approve plans which include land-disturbing activity along trout waters when the duration of said disturbance would be temporary and the extent of said disturbance would be minimal. This subdivision shall not apply

to a land-disturbing activity in connection with the construction of facilities to be located on, over, or under a lake or natural watercourse.

(2) The angle for graded slopes and fills shall be no greater than the angle that can be retained by vegetative cover or other adequate erosion-control devices or structures. In any event, slopes left exposed will, within 21 calendar days of completion of any phase of grading, be planted or otherwise provided with temporary or permanent ground cover, devices, or structures sufficient to restrain erosion.

(3) Whenever land-disturbing activity that will disturb more than one acre is undertaken on a tract, the person conducting the land-disturbing activity shall install erosion and sedimentation control devices and practices that are sufficient to retain the sediment generated by the land-disturbing activity within the boundaries of the tract during construction upon and development of the tract, and shall plant or otherwise provide a permanent ground cover sufficient to restrain erosion after completion of construction or development within a time period to be specified by rule of the Commission.

(4) No person shall initiate any land-disturbing activity that will disturb more than one acre on a tract unless, 30 or more days prior to initiating the activity, an erosion and sedimentation control plan for the activity is filed with the agency having jurisdiction and approved by the agency. An erosion and sedimentation control plan may be filed less than 30 days prior to initiation of a land-disturbing activity if the plan is submitted under an approved express permit program, and the land-disturbing activity may be initiated and conducted in accordance with the plan once the plan has been approved. The agency having jurisdiction shall forward to the Director of the Division of Water Quality a copy of each erosion and sedimentation control plan for a land-disturbing activity that involves the utilization of ditches for the purpose of de-watering or lowering the water table of the tract.

(5) The land-disturbing activity shall be conducted in accordance with the approved erosion and sedimentation control plan. (1973, c. 392, s. 8; c. 1417, s. 5; 1975, c. 647, s. 2; 1979, c. 564; 1983 (Reg. Sess., 1984), c. 1014, s. 3; 1987, c. 827, s. 131; 1989, c. 676, s. 3; 1991, c. 275, s. 2; 1998-99, s. 1; 1999-379, s. 2; 2002-165, s. 2.6; 2005-386, s. 7.2; 2005-443, s. 2; 2006-255, s. 2; 2006-264, s. 53(a).)

Editor's Note. —

Session Laws 2006-264, s. 53(a), added a subdivision (5) identical to that added by Session Laws 2006-255, s. 2, but was repealed pursuant to the terms of Session Laws 2006-264, s. 53(b), which provided that if Session Laws 2006-255 became law, 2006-264, s. 53 is repealed.

Effect of Amendments. —

Session Laws 2006-255, s. 2, effective August 23, 2006, added subdivision (5).

§ 113A-60. Local erosion and sedimentation control programs.

(a) A local government may submit to the Commission for its approval an erosion and sedimentation control program for its jurisdiction, and to this end local governments are authorized to adopt ordinances and regulations necessary to establish and enforce erosion and sedimentation control programs. An ordinance adopted by a local government may establish a fee for the review of an erosion and sedimentation control plan and related activities. Local governments are authorized to create or designate agencies or subdivisions of local government to administer and enforce the programs. An ordinance adopted by a local government shall at least meet and may exceed the minimum requirements of this Article and the rules adopted pursuant to this

Article. Two or more units of local government are authorized to establish a joint program and to enter into any agreements that are necessary for the proper administration and enforcement of the program. The resolutions establishing any joint program must be duly recorded in the minutes of the governing body of each unit of local government participating in the program, and a certified copy of each resolution must be filed with the Commission.

(b) The Commission shall review each program submitted and within 90 days of receipt thereof shall notify the local government submitting the program that it has been approved, approved with modifications, or disapproved. The Commission shall only approve a program upon determining that its standards equal or exceed those of this Article and rules adopted pursuant to this Article.

(c) If the Commission determines that any local government is failing to administer or enforce an approved erosion and sedimentation control program, it shall notify the local government in writing and shall specify the deficiencies of administration and enforcement. If the local government has not taken corrective action within 30 days of receipt of notification from the Commission, the Commission shall assume administration and enforcement of the program until such time as the local government indicates its willingness and ability to resume administration and enforcement of the program.

(d) A local government may submit to the Commission for its approval a limited erosion and sedimentation control program for its jurisdiction that grants the local government the responsibility only for the assessment and collection of fees and for the inspection of land-disturbing activities within the jurisdiction of the local government. The Commission shall be responsible for the administration and enforcement of all other components of the erosion and sedimentation control program and the requirements of this Article. The local government may adopt ordinances and regulations necessary to establish a limited erosion and sedimentation control program. An ordinance adopted by a local government that establishes a limited program shall conform to the minimum requirements regarding the inspection of land-disturbing activities of this Article and the rules adopted pursuant to this Article regarding the inspection of land-disturbing activities. The local government shall establish and collect a fee to be paid by each person who submits an erosion and sedimentation control plan to the local government. The amount of the fee shall be an amount equal to eighty percent (80%) of the amount established by the Commission pursuant to G.S. 113A-54.2(a) plus any amount that the local government requires to cover the cost of inspection and program administration activities by the local government. The total fee shall not exceed one hundred dollars ($100.00) per acre. A local government that administers a limited erosion and sedimentation control program shall pay to the Commission the portion of the fee that equals eighty percent (80%) of the fee established pursuant to G.S. 113A-54.2(a) to cover the cost to the Commission for the administration and enforcement of other components of the erosion and sedimentation control program. Fees paid to the Commission by a local government shall be deposited in the Sedimentation Account established by G.S. 113A-54.2(b). A local government that administers a limited erosion and sedimentation control program and that receives an erosion control plan and fee under this subsection shall immediately transmit the plan to the Commission for review. A local government may create or designate agencies or subdivisions of the local government to administer the limited program. Two or more units of local government may establish a joint limited program and enter into any agreements necessary for the proper administration of the limited program. The resolutions establishing any joint limited program must be duly recorded in the minutes of the governing body of each unit of local government participating in the limited program, and a certified copy of each resolution must be filed with the Commission. Subsections (b) and (c) of this section apply to the approval and oversight of limited programs.

(e) Notwithstanding G.S. 113A-61.1, a local government with a limited erosion and sedimentation control program shall not issue a notice of violation if inspection indicates that the person engaged in land-disturbing activity has failed to comply with this Article, rules adopted pursuant to this Article, or an approved erosion and sedimentation control plan. The local government shall notify the Commission if any person has initiated land-disturbing activity for which an erosion and sedimentation control plan is required in the absence of an approved plan. If a local government with a limited program determines that a person engaged in a land-disturbing activity has failed to comply with an approved erosion and sedimentation control plan, the local government shall refer the matter to the Commission for inspection and enforcement pursuant to G.S. 113A-61.1. (1973, c. 392, s. 11; 1993 (Reg. Sess., 1994), c. 776, s. 7; 2002-165, s. 2.8; 2006-250, s. 3.)

Effect of Amendments. — Session Laws 2006-250, s. 3, effective September 1, 2006, inserted the second sentence in subsection (a); and added subsections (d) and (e).

ARTICLE 7.

Coastal Area Management.

Part 1. Organization and Goals.

§ 113A-102. Legislative findings and goals.

CASE NOTES

Cited in Parker v. New Hanover County, 173 N.C. App. 644, 619 S.E.2d 868, 2005 N.C. App. LEXIS 2227 (2005).

Part 4. Permit Letting and Enforcement.

§ 113A-126. Injunctive relief and penalties.

(a) Upon violation of any of the provisions of this Article or of any rule or order adopted under the authority of this Article the Secretary may, either before or after the institution of proceedings for the collection of any penalty imposed by this Article for such violation, institute a civil action in the General Court of Justice in the name of the State upon the relation of the Secretary for injunctive relief to restrain the violation and for a preliminary and permanent mandatory injunction to restore the resources consistent with this Article and rules of the Commission. If the court finds that a violation is threatened or has occurred, the court shall, at a minimum, order the relief necessary to prevent the threatened violation or to abate the violation consistent with this Article and rules of the Commission. Neither the institution of the action nor any of the proceedings thereon shall relieve any party to such proceedings from any penalty prescribed by this Article for any violation of same.

(b) Upon violation of any of the provisions of this Article relating to permits for minor developments issued by a local government, or of any rule or order adopted under the authority of this Article relating to such permits, the designated local official may, either before or after the institution of proceedings for the collection of any penalty imposed by this Article for such violation, institute a civil action in the General Court of Justice in the name of the affected local government upon the relation of the designated local official for injunctive relief to restrain the violation and for a preliminary and permanent mandatory injunction to restore the resources consistent with this Article and rules of the Commission. If the court finds that a violation is threatened or has occurred, the court shall, at a minimum, order the relief necessary to prevent the threatened violation or to abate the violation consistent with this Article and rules of the Commission. Neither the institution of the action nor any of the proceedings thereon shall relieve any party to such proceedings from any penalty prescribed by this Article for any violation of same.

(c) Any person who shall be adjudged to have knowingly or willfully violated any provision of this Article, or any rule or order adopted pursuant to this Article, shall be guilty of a Class 2 misdemeanor. In addition, if any person continues to violate or further violates, any such provision, rule or order after written notice from the Secretary or (in the case of a permit for a minor development issued by a local government) written notice from the designated local official, the court may determine that each day during which the violation continues or is repeated constitutes a separate violation subject to the foregoing penalties.

(d)(1) A civil penalty of not more than one thousand dollars ($1,000) for a minor development violation and ten thousand dollars ($10,000) for a major development violation may be assessed by the Commission against any person who:
- a. Is required but fails to apply for or to secure a permit required by G.S. 113A-118, or who violates or fails to act in accordance with the terms, conditions, or requirements of such permit.
- b. Fails to file, submit, or make available, as the case may be, any documents, data or reports required by the Commission pursuant to this Article.
- c. Refuses access to the Commission or its duly designated representative, who has sufficiently identified himself by displaying official credentials, to any premises, not including any occupied dwelling house or curtilage, for the purpose of conducting any investigations provided for in this Article.
- d. Violates a rule of the Commission implementing this Article.

(2) For each willful action or failure to act for which a penalty may be assessed under this subsection, the Commission may consider each day the action or inaction continues after notice is given of the violation as a separate violation; a separate penalty may be assessed for each such separate violation.

(3) The Commission shall notify a person who is assessed a penalty or investigative costs by registered or certified mail. The notice shall state the reasons for the penalty. A person may contest the assessment of a penalty or investigative costs by filing a petition for a contested case under G.S. 150B-23 within 20 days after receiving the notice of assessment. If a person fails to pay any civil penalty or investigative cost assessed under this subsection, the Commission shall refer the matter to the Attorney General for collection. An action to collect a penalty must be filed within three years after the date the final agency decision was served on the violator.

(4) In determining the amount of the civil penalty, the Commission shall consider the following factors:
- a. The degree and extent of harm, including, but not limited to, harm to the natural resources of the State, to the public health, or to private property resulting from the violation;

b. The duration and gravity of the violation;
c. The effect on water quality, coastal resources, or public trust uses;
d. The cost of rectifying the damage;
e. The amount of money saved by noncompliance;
f. Whether the violation was committed willfully or intentionally;
g. The prior record of the violator in complying or failing to comply with programs over which the Commission has regulatory authority; and
h. The cost to the State of the enforcement procedures.

(4a) The Commission may also assess a person who is assessed a civil penalty under this subsection the reasonable costs of any investigation, inspection, or monitoring that results in the assessment of the civil penalty. For a minor development violation, the amount of an assessment of investigative costs shall not exceed one-half of the amount of the civil penalty assessed or one thousand dollars ($1,000), whichever is less. For a major development violation, the amount of an assessment of investigative costs shall not exceed one-half of the amount of the civil penalty assessed or two thousand five hundred dollars ($2,500), whichever is less.

(5) The clear proceeds of penalties assessed pursuant to this subsection shall be remitted to the Civil Penalty and Forfeiture Fund in accordance with G.S. 115C-457.2. (1973, c. 1284, s. 1; 1975, c. 452, s. 5; 1977, c. 771, s. 4; 1981, c. 932, s. 2.1; 1983, c. 485, ss. 1-3; c. 518, s. 6; 1987, c. 827, ss. 11, 143; 1991, c. 725, s. 6; 1991 (Reg. Sess., 1992), c. 839, s. 3; c. 890, s. 8; 1993, c. 539, s. 874; 1994, Ex. Sess., c. 24, s. 14(c); 1998-215, s. 53(a); 2006-229, s. 1.)

Effect of Amendments. — Session Laws 2006-229, s. 1, effective December 1, 2006, and applicable to violations and offenses committed on or after that date, in the introductory paragraph of subdivision (d)(1), substituted "one thousand dollars ($1,000)" for "two hundred fifty dollars ($250.00)" near the beginning, and substituted "ten thousand dollars ($10,000)" for "two thousand five hundred dollars ($2,500)" near the middle; in subdivision (d)(3), deleted the former first sentence which read: "The Commission may assess the penalties provided for in this subsection." and inserted "or investigative costs" in the the middle of the first sentence, in the second sentence, inserted "the assessment of," and inserted "or investigative costs," and in the third sentence, substituted "any civil penalty or investigative cost assessed under this subsection" for "a penalty"; rewrote subdivision (d)(4); and added subdivision (d)(4a).

Effect of Amendments. —
Session Laws 2006-252, s. 2.13, effective January 1, 2007, substituted "G.S. 143B-437.01" for "G.S. 105-129.3" in subdivision (2).

§ 113A-253.1. (Effective July 1, 2007) The Clean Water Management Trust Fund; appropriation.

(a) The General Assembly finds that, due to the critical need in this State to clean up pollution in the State's surface waters and to protect and conserve those waters that are not yet polluted, it is imperative that the State provide a minimum of one hundred million dollars ($100,000,000) each calendar year to the Clean Water Management Trust Fund; therefore, there is annually appropriated from the General Fund to the Clean Water Management Trust Fund the sum of one hundred million dollars ($100,000,000).

(b) The funds in the Clean Water Management Trust Fund shall be used only in accordance with this Article. (1996, 2nd Ex. Sess., c. 18, s. 27.6(b); 1997-443, s. 7.9(a); 2000-67, ss. 7.7(b)-(d); 2001-474, s. 26; 2006-203, s. 5(a), (b).)

Editor's Note. — This section was formerly G.S. 143-15.3B. It was recodified as G.S. 113A-253.1 pursuant to Session Laws 2006-203, s. 5(a), effective July 1, 2007.

Session Laws 2006-203, s. 126 provides, in part: "Prosecutions for offenses committed before the effective date of this act are not abated or affected by this act, and the statutes that would be applicable but for this act remain applicable to those prosecutions."

Effect of Amendments. — Session Laws 2006-203, s. 5(b), effective July 1, 2007, and applicable to the budget for the 2007-2009 biennium and each subsequent biennium thereafter, deleted the first sentence of subsection (a), which read "The Clean Water Management Trust Fund is established in G.S. 113A-253."; and substituted "this Article" for "Article 18 of Chapter 113A of the General Statutes" at the end of subsection (b).

§ 113A-254. Grant requirements.

(a) Eligible Applicants. — Any of the following are eligible to apply for a grant from the Fund for the purpose of protecting and enhancing water quality:

(1) A State agency.
(2) A local government unit.
(3) A nonprofit corporation whose primary purpose is the conservation, preservation, and restoration of our State's environmental and natural resources.

(a1) Criteria. — The criteria developed by the Trustees under G.S. 113A-256 apply to grants made under this Article. The common criteria for water projects set in G.S. 159G-23 and the criteria set out in this section also apply to wastewater collection system projects, wastewater treatment works projects, and stormwater quality projects. An application for a wastewater collection system project or a wastewater treatment works project that serves an economically distressed local government unit has priority.

(b) Matching Requirement. — The Board of Trustees shall establish matching requirements for grants awarded under this Article. This requirement may be satisfied by the donation of land to a public or private nonprofit conservation organization as approved by the Board of Trustees. The Board of Trustees may also waive the requirement to match a grant pursuant to guidelines adopted by the Board of Trustees.

(c) Restriction. — No grant shall be awarded under this article to satisfy compensatory mitigation requirements under 33 USC § 1344 or G.S. 143-214.11.

(d) Wastewater Limits. — A wastewater collection system project or a wastewater treatment works project is eligible for a grant under this Article only if it is a high-unit-cost project, as defined in G.S. 159G-20. A grant made under this Article for a wastewater collection system project or a wastewater treatment works project is subject to the cost limits and recipient limits set in G.S. 159G-36 for a grant awarded from the Wastewater Reserve.

(e) Stormwater Limits. — The amount of a grant awarded under this Article for a stormwater quality project may not exceed the construction costs of the project. The total amount of grants awarded under this Article to the same recipient for stormwater quality projects for a fiscal year may not exceed the limit set in G.S. 159G-36(c)(1) for grants to the same recipient from the Wastewater Reserve.

(f) Withdrawal. — An award of a grant under this Article is withdrawn if the grant recipient fails to enter into a construction contract for the project within one year after the date of the award, unless the Trustees find that the applicant has good cause for the failure. If the Trustees find good cause for a recipient's failure, the Trustees must set a date by which the recipient must take action or forfeit the grant. (1996, 2nd Ex. Sess., c. 18, s. 27.6(a); 2003-340, s. 1.3; 2005-454, s. 6; 2006-178, s. 1.)

Effect of Amendments. —

Disadvantaged Student Supplemental Funding. — Session Laws 2005-276, s. 7.8(a)-(c) as amended by Session Laws 2006-66, s. 7.10, provides: "(a) Funds are appropriated in this act to address the capacity needs of local school administrative units to meet the needs of disadvantaged students. Each local school administrative unit shall use funds allocated to it for disadvantaged student supplemental funding to implement a plan jointly developed by the unit and the LEA Assistance Program team. The plan shall be based upon the needs of students in the unit not achieving grade-level proficiency. The plan shall detail how these funds shall be used in conjunction with all other supplemental funding allotments such as Low-Wealth, Small County, At-Risk Student Services/Alternative Schools, and Improving Student Accountability, to provide instructional and other services that meet the educational needs of these students. Prior to the allotment of disadvantaged student supplemental funds, the plan shall be approved by the State Board of Education.

"Funds received for disadvantaged student supplemental funding shall be used, consistent with the policies and procedures adopted by the State Board of Education, only to:

"(1) Provide instructional positions or instructional support positions and/or professional development;

"(2) Provide intensive in-school and/or after-school remediation;

"(3) Purchase diagnostic software and progress-monitoring tools; and

"(4) Provide funds for teacher bonuses and supplements. The State Board of Education shall set a maximum percentage of the funds that may be used for this purpose.

"The State Board of Education may require districts receiving funding under the Disadvantaged Student Supplemental Fund to purchase the Education Value Added Assessment System in order to provide in-depth analysis of student performance and help identify strategies for improving student achievement. This data shall be used exclusively for instructional and curriculum decisions made in the best interest of children and for professional development for their teachers and administrators."

"(b) Funds are appropriated in this act to evaluate the Disadvantaged Student Supplemental Funding Initiatives and Low-Wealth Initiatives. The State Board of Education shall use these funds to:

"(1) Evaluate the strategies implemented by local school administrative units with Disadvantaged Student Supplemental Funds and Low-Wealth Funds and assess their impact on student performance; and

"(2) Evaluate the efficiency and effectiveness of the technical assistance and support provided to local school administrative units by the Department of Public Instruction.

"The State Board of Education shall report the results of the evaluation to the Office of State Budget and Management, the Joint Legislative Education Oversight Committee, and the Fiscal Research Division by February 15, 2006, and by January 15 of each subsequent year.

"(c) Beginning in the 2006-2007 fiscal year, funds appropriated to a local education agency (LEA) for disadvantaged student supplemental funding (DSSF) shall be allotted based on: (i) the LEA's eligible DSSF population and (ii) the difference between a teacher-to-student ratio of 1:21 and the following teacher-to-student ratios:

"(1) For counties with wealth greater than ninety percent (90%) of the statewide average, a ratio of 1:20.5;

"(2) For counties with wealth not less than eighty percent (80%) and not greater than ninety percent (90%) of the statewide average, a ratio of 1:20;

"(b) Notwithstanding G.S. 143-23, the State Board of Education may use funds appropriated to the Department of Public Instruction and to the State Public School Fund to establish a consolidated, comprehensive program through which to provide assistance to low-performing schools. For this purpose only, the Board may, with approval from the Office of State Budget and Management, transfer funds between personal service and nonpersonal service line items currently supporting positions, related operating costs, and contracts for school improvement teams and for assistance teams. Funds transferred pursuant to this section shall not be used to raise the salary of existing employees.

"The Board shall report to the Joint Legislative Education Oversight Committee and the Joint Legislative Commission on Governmental Operations by January 15, 2007, on any restructuring of the assistance program pursuant to this section.

"(c) The State Board of Education shall review the incentive award structure described in this section to ensure that extraordinary performance is rewarded. In addition, the Board shall determine whether the relationship between awards for teachers and teacher assistants and the Board's strategic priorities is appropriate. The Board shall provide a preliminary report of its findings and recommendations to the Joint Legislative Education Oversight Committee by December 15, 2006."

The Director shall report on the proposed consolidation and operating plan for 2007-2008 to the Joint Legislative Education Oversight Committee, the Office of State Budget and Management, and the Fiscal Research Division no later than January 15, 2007. Consolidation will be completed by June 30, 2007. Notwithstanding G.S 143-23, the State Board of Education may move funds within the budget to implement the consolidation.

First-available e-learning instructional opportunities should include courses required as part of the standard course of study for high school graduation and AP offerings not otherwise available.

"(d) The State Board of Education shall develop an allotment formula for funding e-learning, effective in the 2007-2008 fiscal year. In developing the formula, the Board shall consider, at a minimum, the following:

"(1) The number of students in average daily membership (ADM) projected to enroll in e-learning,

"(2) The projected cost of fees for e-learning courses,

"(3) The extent to which projected enrollment in e-learning courses affects funding required for other allotments that are based on ADM."

"(e) Any funds appropriated in this act for the NCVPS program that are not expended in fiscal year 2006-2007 shall be carried forward for expenditure in fiscal year 2007-2008. Any such funds that remain unexpended on June 30, 2008, shall revert to the General Fund."

§ 115C-12. Powers and duties of the Board generally.

The general supervision and administration of the free public school system shall be vested in the State Board of Education. The State Board of Education shall establish policy for the system of free public schools, subject to laws enacted by the General Assembly. The powers and duties of the State Board of Education are defined as follows:

In addition to the information requested by the Director of the Budget, the Board shall provide an analysis relating each of its requests for expansion funds to anticipated improvements in student performance.

(2) Repealed by Session Laws 1985 (Regular Session, 1986), c. 975, s. 24.

(3), (4) Repealed by Session Laws 1987 (Regular Session, 1988), c. 1025, s. 1.

(5) Apportionment of Funds. — The Board shall have authority to apportion and equalize over the State all State school funds and all federal funds granted to the State for assistance to educational programs administered within or sponsored by the public school system of the State.

(6) Power to Demand Refund for Inaccurate Apportionment Due to False Attendance Records. — When it shall be found by the State Board of Education that inaccurate attendance records have been filed with the State Board of Education which resulted in an excess allotment of funds for teacher salaries in any school unit in any school year, the school unit concerned may be required to refund to the State Board the amount allotted to said unit in excess of the amount an accurate attendance record would have justified.

(7) Power to Alter the Boundaries of City School Administrative Units and to Approve Agreements for the Consolidation and Merger of School Administrative Units Located in the Same County. — The Board shall have authority, in its discretion, to alter the boundaries of city school administrative units and to approve agreements submitted by county and city boards of education requesting the merger of two or more contiguous city school administrative units and the merger of city school administrative units with county school administrative units and the consolidation of all the public schools in the respective units under the administration of one board of education: Provided, that such merger of units and reorganization of school units shall not have the effect of abolishing any special taxes that may have been voted in any such units.

(8) Power to Make Provisions for Sick Leave and for Substitute Teachers. — The Board shall provide for sick leave with pay for all public school employees in accordance with the provisions of this Chapter and shall promulgate rules and regulations providing for necessary substitutes on account of sick leave and other teacher absences.

The minimum pay for a substitute teacher who does not hold a teaching certificate shall be fifty percent (50%) of the daily pay rate of an entry-level teacher with an “A” certificate. The pay for noncertified substitutes shall not exceed the pay of certified substitutes.

Local boards may use State funds allocated for substitute teachers to hire full-time substitute teachers.

If a teacher assistant acts as a substitute teacher, the salary of the teacher assistant for the day shall be the same as the daily salary of an entry-level teacher with an “A” certificate.

(9) Miscellaneous Powers and Duties. — All the powers and duties exercised by the State Board of Education shall be in conformity with the Constitution and subject to such laws as may be enacted from time to time by the General Assembly. Among such duties are:

a. To certify and regulate the grade and salary of teachers and other school employees.

b. To adopt and supply textbooks.

c. To adopt rules requiring all local boards of education to implement the Basic Education Program on an incremental basis within funds appropriated for that purpose by the General Assembly and by units of local government. Beginning with the 1991-92 school year, the rules shall require each local school administrative unit to implement fully the standard course of study in every school in the State in accordance with the Basic Education Program so that every student in the State shall have equal access to the curriculum as provided in the Basic Education Program and the standard course of study.

The Board shall establish benchmarks by which to measure the progress that each local board of education has made in implementing the Basic Education Program.

c1. To issue an annual "report card" for the State and for each local school administrative unit, assessing each unit's efforts to improve student performance based on the growth in performance of the students in each school and taking into account progress over the previous years' level of performance and the State's performance in comparison with other states. This assessment shall take into account factors that have been shown to affect student performance and that the State Board considers relevant to assess the State's efforts to improve student performance.

c2. Repealed by Session Laws 1995 (Regular Session, 1996), c. 716, s. 1.

c3. To develop a system of school building improvement reports for each school building. The purpose of school building improvement reports is to measure improvement in the growth in student performance at each school building from year to year, not to compare school buildings. The Board shall include in the building reports any factors shown to affect student performance that the Board considers relevant to assess a school's efforts to improve student performance. Local school administrative units shall produce and make public their school building improvement reports by March 15, 1997, for the 1995-96 school year, by October 15, 1997, for the 1996-97 school year, and annually thereafter. Each report shall be based on building-level data for the prior school year.

c4. To develop guidelines, procedures, and rules to establish, implement, and enforce the School-Based Management and Accountability Program under Article 8B of this Chapter in order to improve student performance, increase local flexibility and control, and promote economy and efficiency.

d. To formulate rules and regulations for the enforcement of the compulsory attendance law.

e. To manage and operate a system of insurance for public school property, as provided in Article 38 of this Chapter.

In making substantial policy changes in administration, curriculum, or programs the Board should conduct hearings throughout the regions of the State, whenever feasible, in order that the public may be heard regarding these matters.

(9a), (9b) Repealed by Session Laws 2005-458, s. 1, effective October 2, 2005.

(9c) Power to develop content standards and exit standards. — The Board shall develop a comprehensive plan to revise content standards and the standard course of study in the core academic areas of reading, writing, mathematics, science, history, geography, and civics. The Board shall involve and survey a representative sample of parents, teachers, and the public to help determine academic content standard priorities and usefulness of the content standards. A full review of available and relevant academic content standards that are rigorous, specific, sequenced, clear, focused, and measurable, whenever possible, shall be a part of the process of the development of content standards. The revised content standards developed in the core academic areas shall (i) reflect high expectations for students and an in-depth mastery of the content; (ii) be clearly grounded in the content of each academic area; (iii) be defined grade-by-grade and course-by-course; (iv) be understandable to parents and teachers; (v) be developed in full recognition of the time available to teach the core academic areas at each grade level; and (vi) be measurable, whenever possible, in a reliable, valid, and efficient manner for accountability purposes.

High school course content standards shall include the knowledge and skills necessary to pursue further postsecondary education or to attain employment in the 21st century economy. The high school course content standards also shall be aligned with the minimum undergraduate course requirements for admission to the constituent institutions of The University of North Carolina. The Board may develop exit standards that will be required for high school graduation.

The Board also shall develop and implement an ongoing process to align State programs and support materials with the revised academic content standards for each core academic area on a regular basis. Alignment shall include revising textbook criteria, support materials, State tests, teacher and school administrator preparation, and ongoing professional development programs to be compatible with content standards. The Board shall develop and make available to teachers and parents support materials, including teacher and parent guides, for academic content standards. The State Board of Education shall work in collaboration with the Board of Governors of The University of North Carolina to ensure that teacher and school administrator degree programs, ongoing professional development, and other university activity in the State's public schools align with the State Board's priorities.

(10) Power to Provide for Programs or Projects in the Cultural and Fine Arts Areas. — The Board is authorized and empowered, in its discretion, to make provisions for special programs or projects of a cultural and fine arts nature for the enrichment and strengthening of educational opportunities for the children of the State.

For this purpose, the Board may use funds received from gifts or grants and, with the approval of the Director of the Budget, may use State funds which the Board may find available in any budget administered by the Board.

(11) Power to Conduct Education Research. — The Board is authorized to sponsor or conduct education research and special school projects considered important by the Board for improving the public schools of the State. Such research or projects may be conducted during the summer months and involve one or more local school units as the

Board may determine. The Board may use any available funds for such purposes.

(12) Duty to Provide for Sports Medicine and Emergency Paramedical Program. — The State Board of Education is authorized and directed to develop a comprehensive plan to train and make available to the public schools personnel who shall have major responsibility for exercising preventive measures against sports related deaths and injuries and for providing sports medicine and emergency paramedical services for injuries that occur in school related activities. The plan shall include, but is not limited to, the training, assignment of responsibilities, and appropriate additional reimbursement for individuals participating in the program.

The State Board of Education is authorized and directed to develop an implementation schedule and a program funding formula that will enable each high school to have a qualified sports medicine and emergency paramedical program by July 1, 1984.

The State Board of Education is authorized and directed to establish minimum educational standards necessary to enable individuals serving as sports medicine and emergency paramedical staff to provide such services, including first aid and emergency life saving skills, to students participating in school activities.

(13) Power to Purchase Liability Insurance. — The Board is authorized to purchase insurance to protect board members from liability incurred in the exercise of their duty as members of the Board.

(14) Duty to Provide Personnel Information to Local Boards. — Upon request, the State Board of Education and the Department of Public Instruction shall furnish to any county or city board of education any and all available personnel information relating to certification, evaluation and qualification including, but not limited to, semester hours or quarterly hours completed, graduate work, grades, scores, etc., that are on that date in the files of the State Board of Education or Department of Public Instruction.

(15) Duty to Develop Noncertified Personnel Position Evaluation Descriptions. — The Board is authorized and directed to develop position evaluation descriptions covering those positions in local school administrative units for which certification by the State Board of Education is not normally a prerequisite. The position evaluation descriptions required in this subdivision are to be used by local boards of education as the basis for assignment of noncertified employees to an appropriate pay grade in accordance with salary grades and ranges adopted by the State Board of Education. No appropriations are required by this subdivision.

(16) Power with Regard to Salary Schedules. — The Board shall provide for sick leave with pay for all public school employees in accordance with the provisions of this Chapter and shall promulgate rules and regulations providing for necessary substitutes on account of sick leave and other teacher absences.

a. Support personnel refers to all public school employees who are not required by statute or regulation to be certified in order to be employed. The State Board of Education is authorized and empowered to adopt all necessary rules for full implementation of all schedules to the extent that State funds are made available for support personnel.

b. Salary schedules for the following public school support personnel shall be adopted by the State Board of Education: school finance officer, office support personnel, teacher assistants, maintenance supervisors, custodial personnel, and transportation personnel. The Board shall classify these support positions in terms of uniform pay grades included in the salary schedule of the State Personnel Commission.

By the end of the third payroll period of the 1995-96 fiscal year, local boards of education shall place State-allotted office support personnel, teacher assistants, and custodial personnel on the salary schedule adopted by the State Board of Education so that the average salary paid is the State-allotted amount for the category. In placing employees on the salary schedule, the local board shall consider the education, training, and experience of each employee, including experience in other local school administrative units. It is the intent of the General Assembly that a local school administrative unit not fail to employ an employee who was employed for the prior school year in order to implement the provisions of this sub-subdivision. A local board of education is in compliance with this sub-subdivision if the average salary paid is at least ninety-five percent (95%) of the State-allotted amount for the category at the end of the third payroll period of the 1995-96 fiscal year, and at least ninety-eight percent (98%) of the State-allotted amount for the category at the end of the third payroll period of each subsequent fiscal year. The Department of Public Instruction shall provide technical assistance to local school administrative units regarding the implementation of this sub-subdivision.

c. Salary schedules for other support personnel, including but not limited to maintenance and school food service personnel, shall be adopted by the State Board of Education. The Board shall classify these support positions in terms of uniform pay grades included in the salary schedule of the State Personnel Commission. These schedules shall apply if the local board of education does not adopt a salary schedule of its own for personnel paid from other than State appropriations.

(17) Power to provide for school transportation programs. The State Board of Education is authorized and empowered to promulgate such policies, rules, and regulations as it may deem necessary and desirable for the operation of a public school transportation system by each local administrative unit in the State. Such policies, rules, and regulations shall include, but are not limited to, fund allocations and fiscal support to assure the effective and efficient use of funds appropriated by the General Assembly in support of the school transportation system. Nothing herein shall be construed to affect in any way or to lessen in any way the full and complete authority of local boards of education to assign pupils to schools in accordance with G.S. 115C-366.

(18) Duty to Develop and Implement a Uniform Education Reporting System, Which Shall Include Standards and Procedures for Collecting Fiscal and Personnel Information.

a. The State Board of Education shall adopt standards and procedures for local school administrative units to provide timely, accurate, and complete fiscal and personnel information, including payroll information, on all school personnel. All local school administrative units shall comply with these standards and procedures by the beginning of the 1987-88 school year.

b. The State Board of Education shall develop and implement a Uniform Education Reporting System that shall include requirements for collecting, processing, and reporting fiscal, personnel, and student data, by means of electronic transfer of data files from local computers to the State Computer Center through the State Communications Network. All local school administrative units shall comply with the requirements of the Uniform Education Reporting System by the beginning of the 1989-90 school year.

c. The State Board of Education shall comply with the provisions of G.S. 116-11(10a) to plan and implement an exchange of information between the public schools and the institutions of higher education in the State. The State Board of Education shall require local boards of education to provide to the parents of children at a school all information except for confidential information received about that school from institutions of higher education pursuant to G.S. 116-11(10a) and to make that information available to the general public.

d. The State Board of Education shall modify the Uniform Education Reporting System to provide clear, accurate, and standard information on the use of funds at the unit and school level. The plan shall provide information that will enable the General Assembly to determine State, local, and federal expenditures for personnel at the unit and school level. The plan also shall allow the tracking of expenditures for textbooks, educational supplies and equipment, capital outlay, at-risk students, and other purposes. The revised Uniform Education Reporting System shall be implemented beginning with the 1999-2000 school year.

(19) Duty to Identify Required Reports and to Eliminate Unnecessary Reports and Paperwork. — Prior to the beginning of each school year, the State Board of Education shall identify all reports that are required at the State level for the school year.

The State Board of Education shall adopt policies to ensure that local school administrative units are not required by the State Board of Education, the State Superintendent, or the Department of Public Instruction staff to (i) provide information that is already available on the student information management system or housed within the Department of Public Instruction; (ii) provide the same written information more than once during a school year unless the information has changed during the ensuing period; or (iii) complete forms, for children with disabilities, that are not necessary to ensure compliance with the federal Individuals with Disabilities Education Act (IDEA). Notwithstanding the foregoing, the State Board may require information available on its student information management system or require the same information twice if the State Board can demonstrate a compelling need and can demonstrate there is not a more expeditious manner of getting the information.

(20) Duty to Report Appointment of Caretaker Administrators and Boards. — Pursuant to G.S. 120-30.9G the State Board of Education shall submit to the Attorney General of the United States within 30 days any rules, policies, procedures, or actions taken pursuant to G.S. 115C-64.4 which could result in the appointment of a caretaker administrator or board to perform any of the powers and duties of a local board of education where that school administrative unit is covered by the Voting Rights Act of 1965.

(21) Duty to Monitor Acts of School Violence. — The State Board of Education shall monitor and compile an annual report on acts of violence in the public schools. The State Board shall adopt standard

definitions for acts of school violence and shall require local boards of education to report them to the State Board in a standard format adopted by the State Board.

(22) Duty to Monitor the Decisions of Teachers to Leave the Teaching Profession. — The State Board of Education shall monitor and compile an annual report on the decisions of teachers to leave the teaching profession. (23) Power to Adopt Eligibility Rules for Interscholastic Athletic Competition. — The State Board of Education may adopt rules governing interscholastic athletic activities conducted by local boards of education, including eligibility for student participation. The State Board of Education may authorize a designated organization to apply and enforce the Board's rules governing participation in interscholastic athletic activities at the high school level.

(24) Duty to Develop Standards for Alternative Learning Programs, Provide Technical Assistance on Implementation of Programs, and Evaluate Programs. — The State Board of Education shall adopt standards for assigning students to alternative learning programs. These standards shall include (i) a description of the programs and services that are recommended to be provided in alternative learning programs and (ii) a process for ensuring that an assignment is appropriate for the student and that the student's parents are involved in the decision. The State Board also shall adopt policies that define what constitutes an alternative school and an alternative learning program.

The State Board of Education shall also adopt standards to require that local school administrative units shall use (i) the teachers allocated for students assigned to alternative learning programs pursuant to the regular teacher allotment and (ii) the teachers allocated for students assigned to alternative learning programs only to serve the needs of these students.

The State Board of Education shall provide technical support to local school administrative units to assist them in developing and implementing plans and proposals for alternative learning programs.

The State Board shall evaluate the effectiveness of alternative learning programs and, in its discretion, of any other programs funded from the Alternative Schools/At-Risk Student allotment. Local school administrative units shall report to the State Board of Education on how funds in the Alternative Schools/At-Risk Student allotment are spent and shall otherwise cooperate with the State Board of Education in evaluating the alternative learning programs. As part of its evaluation of the effectiveness of these programs, the State Board shall, through the application of the accountability system developed under G.S. 115C-105.35, measure the educational performance and growth of students placed in alternative schools and alternative programs. If appropriate, the Board may modify this system to adapt to the specific characteristics of these schools. Also as part of its evaluation, the State Board shall evaluate its standards adopted under this subdivision and make any necessary changes to those standards based on strategies that have been proven successful in improving student achievement and shall report to the Joint Legislative Education Oversight Committee by April 15, 2006 to determine if any changes are necessary to improve the implementation of successful alternative learning programs and alternative schools.

(25) Duty to Report to Joint Legislative Education Oversight Committee. — Upon the request of the Joint Legislative Education Oversight Committee, the State Board shall examine and evaluate issues, programs, policies, and fiscal information, and shall make reports to that Committee. Furthermore, beginning October 15, 1997, and annually thereafter, the State Board shall submit reports to that Committee regarding the continued implementation of Chapter 716 of the 1995 Session Laws, 1996 Regular Session. Each report shall include information regarding the composition and activity of assistance teams, schools that received incentive awards, schools identified as low-performing, school improvement plans found to significantly improve student performance, personnel actions taken in low-performing schools, and recommendations for additional legislation to improve student performance and increase local flexibility.

(26) Duty to Monitor and Make Recommendations Regarding Professional Development Programs. — The State Board of Education, in collaboration with the Board of Governors of The University of North Carolina, shall identify and make recommendations regarding meaningful professional development programs for professional public school employees. The programs shall be aligned with State education goals and directed toward improving student academic achievement. The State Board shall annually evaluate and, after consultation with the Board of Governors, make recommendations regarding professional development programs based upon reports submitted by the Board of Governors under G.S. 116-11(12a).

(27) Reporting Dropout Rates, Suspensions, Expulsions, and Alternative Placements. — The State Board shall report annually to the Joint Legislative Education Oversight Committee and the Commission on Improving the Academic Achievement of Minority and At-Risk Students on the numbers of students who have dropped out of school, been suspended, been expelled, or been placed in an alternative program. The data shall be reported in a disaggregated manner and be readily available to the public. The State Board shall not include students that have been expelled from school when calculating the dropout rate. The Board shall maintain a separate record of the number of students who are expelled from school.

(27a) Reducing School Dropout Rates. — The State Board of Education shall develop a statewide plan to improve the State's tracking of dropout data so that accurate and useful comparisons can be made over time. The plan shall include, at a minimum, how dropouts are counted and the methodology for calculating the dropout rate, the ability to track students movements among schools and districts, and the ability to provide information on who drops out and why.

(28) Duty to Develop Rules for Issuance of Driving Eligibility Certificates. — The State Board of Education shall adopt the following rules to assist schools in their administration of procedures necessary to implement G.S. 20-11 and G.S. 20-13.2:

a. To define what is equivalent to a high school diploma for the purposes of G.S. 20-11 and G.S. 20-13.2. These rules shall apply to all educational programs offered in the State by public schools, charter schools, nonpublic schools, or community colleges.

e. To define exemplary student behavior and to define what constitutes the successful completion of a drug or alcohol treatment counseling program. These rules shall apply to public schools and charter schools.

The State Board also shall develop policies as to when it is appropriate to notify the Division of Motor Vehicles that a person who is or was enrolled in a public school or in a charter school no longer meets the requirements for a driving eligibility certificate.

The State Board shall develop a form for parents, guardians, or emancipated juveniles, as appropriate, to provide their written, irrevocable consent for a school to disclose to the Division of Motor Vehicles that the student no longer meets the conditions for a driving eligibility certificate under G.S. 20-11(n)(1) or G.S. 20-11(n1), if applicable, in the event that this disclosure is necessary to comply with G.S. 20-11 or G.S. 20-13.2. Other than identifying under which statutory subsection the student is no longer eligible, no other details or information concerning the student's school record shall be released pursuant to this consent. This form shall be used for students enrolled in public schools or charter schools.

The State Board of Education may use funds appropriated for drivers education to cover the costs of driving eligibility certificates.

(29) To issue special high school diplomas to veterans of World War II Korea, and Vietnam. — The State Board of Education shall issue special high school diplomas to all honorably discharged veterans of World War II, the Korean Conflict, and the Vietnam era who request special diplomas and have not previously received high school diplomas.

(30) Duty to Adopt Model Guidelines and Policies for the Establishment of Local Task Forces on Closing the Academic Achievement Gap. — The State Board shall adopt a Model for local school administrative units to use as a guideline to establish local task forces on closing the academic achievement gap at the discretion of the local board. The purpose of each task force is to advise and work with its local board of education and administration on closing the gap in academic achievement and on developing a collaborative plan for achieving that goal. The State Board shall consider the recommendations of the Commission on Improving the Academic Achievement of Minority and At-Risk Students to the 2001 Session of the General Assembly in establishing its guidelines.

c. Create assistance models for each subgroup based on the practices and policies used in schools that are meeting adequate yearly progress. The schools of education at the constituent institutions of The University of North Carolina, in collaboration with the University of North Carolina Center for School Leadership Development, shall assist the State Board of Education in developing these models; and

d. Offer technical assistance based on these assistance models to local school administrative units not meeting adequate yearly progress, giving priority to those local school administrative units with high concentrations of schools that are not meeting adequate yearly progress. The State Board of Education shall determine the number of local school administrative units that can be served effectively in the first two years. This technical assistance shall include peer assistance and professional development by teachers, support personnel, and administrators in schools with subgroups that are meeting adequate yearly progress.

(31) To Adopt Guidelines for Individual Diabetes Care Plans. — The State Board shall adopt guidelines for the development and implementation of individual diabetes care plans. The State Board shall consult with the North Carolina Diabetes Advisory Council established by the Department of Health and Human Services in the development of these guidelines. The State Board also shall consult with local school administrative unit employees who have been designated as responsible for coordinating their individual unit's efforts to comply with federal regulations adopted under Section 504 of the Rehabilitation Act of 1973, as amended, 29 U.S.C. § 794. In its development of these guidelines, the State Board shall refer to the guidelines recommended by the American Diabetes Association for the management of children with diabetes in the school and day care setting and shall consider recent resolutions by the United States Department of Education's Office of Civil Rights of investigations into complaints alleging discrimination against students with diabetes.

The guidelines adopted by the State Board shall include:

a. Procedures for the development of an individual diabetes care plan at the written request of the student's parent or guardian, and involving the parent or guardian, the student's health care provider, the student's classroom teacher, the student if appropriate, the school nurse if available, and other appropriate school personnel.

b. Procedures for regular review of an individual care plan.

c. Information to be included in a diabetes care plan, including the responsibilities and appropriate staff development for teachers and other school personnel, an emergency care plan, the identification of allowable actions to be taken, the extent to which the student is able to participate in the student's diabetes care and management, and other information necessary for teachers and other school personnel in order to offer appropriate assistance and support to the student. The State Board shall ensure that the information and allowable actions included in a diabetes care plan as required in this subdivision meet or exceed the American Diabetes Association's recommendations for the management of children with diabetes in the school and day care setting.

d. Information and staff development to be made available to teachers and other school personnel in order to appropriately support and assist students with diabetes.

The State Board shall ensure that these guidelines are updated as necessary and shall ensure that the guidelines and any subsequent changes are published and disseminated to local school administrative units.

The State Board of Education shall also adopt policies directing school guidance counselors to make ninth grade students aware of the potential to complete the high school courses required for college entry in a three-year period.

(33) Duty to Develop Recommended Programs for Use in Schools on Memorial Day. — The State Board of Education shall develop recommended instructional programs that enable students to gain a better understanding of the meaning and importance of Memorial Day. All schools, especially schools that hold school on Memorial Day, shall recognize the significance of Memorial Day.

(34) Duty to Protect the Health of School-Age Children From Toxicants at School. — The State Board shall address public health and environmental issues in the classroom and on school grounds by doing all of the following:

a. Develop guidelines for sealing existing arsenic-treated wood in playground equipment or establish a time line for removing existing arsenic-treated wood on playgrounds and testing the soil on school grounds for contamination caused by the leaching of arsenic-treated wood in other areas where children may be at particularly high risk of exposure.

b. Establish guidelines to reduce students' exposure to diesel emissions that can occur as a result of unnecessary school bus idling, nose-to-tail parking, and inefficient route assignments.

c. Study methods for mold and mildew prevention and mitigation and incorporate recommendations into the public school facilities guidelines as needed.

d. Establish guidelines for Integrated Pest Management consistent with the policy of The North Carolina School Boards Association, Inc., as published in 2004. These guidelines may be updated as needed to reflect changes in technology.

e. Establish guidelines for notification of students' parents, guardians, or custodians as well as school staff of pesticide use on school grounds. NC Virtual Public School Program. — Session Laws 2006-66, s. 7.16(a)-(e) provides: "(a) The North Carolina Virtual Public School (NCVPS) program shall report to the State Board of Education and shall maintain an administrative office at the Department of Public Instruction.

"(b) The Director of NCVPS will ensure that course quality standards are established and met and that all e-learning opportunities offered by State-funded entities to public school students are consolidated under the NC Virtual Public School Program, eliminating course duplication.

"The Director shall report on the proposed consolidation and operating plan for 2007-2008 to the Joint Legislative Education Oversight Committee, the Office of State Budget and Management, and the Fiscal Research Division no later than January 15, 2007. Consolidation will be completed by June 30, 2007. Notwithstanding G.S 143-23, the State Board of Education may move funds within the budget to implement the consolidation.

"(c) Subsequent to course consolidation, the Director will prioritize e-learning course offerings for students residing in rural and low-wealth county LEAs, in order to expand available instructional opportunities. First-available elearning instructional opportunities should include courses required as part of the standard course of study for high school graduation and AP offerings not otherwise available.

"(d) The State Board of Education shall develop an allotment formula for funding e-learning, effective in the 2007-2008 fiscal year. In developing the formula, the Board shall consider, at a minimum, the following: (1) The number of students in average daily membership (ADM) projected to enroll in elearning, (2) The projected cost of fees for e-learning courses, (3) The extent to which projected enrollment in e-learning courses affects funding required for other allotments that are based on ADM.

"(e) Any funds appropriated in this act for the NCVPS program that are not expended in fiscal year 2006-2007 shall be carried forward for expenditure in fiscal year 2007-2008. Any such funds that remain unexpended on June 30, 2008, shall revert to the General Fund."

Study and Report on School Counselor's Role in Providing Dropout Prevention and Intervention Services. — Session Laws 2006-176, ss. 1, 2, provide: "1. Research shows that school counselors can provide effective services to students that encourage them to stay in school, succeed in school, and graduate from high school. Research also shows that middle school is a critical time for students who are at risk of dropping out of school. The General Assembly currently provides funding that local school administrative units may use to hire school counselors; it is unclear, however, what role school counselors play in providing effective and efficient dropout prevention and intervention services to students in middle and high school. The General Assembly needs additional information to determine whether adjustments should be made in funding for school counselors or assignment of duties to school counselors; therefore, the State Board of Education shall report the following information to the Joint Legislative Education Oversight Committee prior to March 15, 2007.

"(1) The counselor-to-student ratio in schools with a sixth grade or higher grade;

"(2) The source of funds used for each of these counselors;

"(3) A review and analysis of the counselors' primary duties by school;

"(4) A summary and description of school-based dropout prevention and intervention services provided directly to students in the sixth grade and higher grades, including the role of school counselors in providing the services; and

"(5) The number of school counselors and other individuals per local school administrative unit whose primary responsibility is to provide school-based dropout prevention and intervention services and the percentage of their time spent providing these services.

"2. The State Board of Education shall report to the Joint Legislative Education Oversight Committee prior to November 1, 2007, on the implementation of State Board Policy QP-C-012, Policy Delineating the Job Description and Performance Criteria for School Counselors."

Appeal to Superior Court Not Permitted. — Trial court lacks subject matter jurisdiction to review a two-day suspension imposed on a student because neither G.S. 115C-391 nor G.S. 115C-45 allows an appeal of such to a superior court. Alexander v. Cumberland County Bd. of Educ., 171 N.C. App. 649, 615 S.E.2d 408, 2005 N.C. App. LEXIS 1366 (2005).

(4) To Regulate Extracurricular Activities. — Local boards of education shall make all rules and regulations necessary for the conducting of extracurricular activities in the schools under their supervision, including a program of athletics, where desired, without assuming liability therefor; provided, that all interscholastic athletic activities shall be conducted in accordance with rules and regulations prescribed by the State Board of Education.

(5) To Fix Time of Opening and Closing Schools. — The time of opening and closing the public schools shall be fixed under G.S. 115C-84.2.

(6) To Regulate Fees, Charges and Solicitations. — Local boards of education shall adopt rules and regulations governing solicitations of, sales to, and fund-raising activities conducted by, the students and faculty members in schools under their jurisdiction, and no fees, charges, or costs shall be collected from students and school personnel without approval of the board of education as recorded in the minutes of said board; provided, this subdivision shall not apply to such textbooks fees as are determined and established by the State Board of Education. All schedules of fees, charges and solicitations approved by local boards of education shall be reported to the Superintendent of Public Instruction.

(7) To Accept and Administer Federal or Private Funds. — Local boards of education shall have power and authority to accept, receive and administer any funds or financial assistance given, granted or provided under the provisions of the Elementary and Secondary Education Act of 1965 (Public Law 89-10, 89th Congress, HR 2362) and under the provisions of the Economic Opportunity Act of 1964 (Public Law 88-452, 88th Congress, S. 2642), or other federal acts or funds from foundations or private sources, and to comply with all conditions and requirements necessary for the receipt, acceptance and use of said funds. In the administration of such funds, local boards of education shall have authority to enter into contracts with and to cooperate with and to carry out projects with nonpublic elementary and secondary schools, community groups and nonprofit corporations, and to enter into joint agreements for these purposes with other local boards of education. (9) To Assure Accurate Attendance Records. — When the governing board of any local school administrative unit shall have information that inaccurate school attendance records are being kept, the board concerned shall immediately investigate such inaccuracies and take necessary action to establish and maintain correct records and report its findings and action to the State Board of Education.

(10) To Assure Appropriate Class Size. — It shall be the responsibility of local boards of education to assure that the class size and teaching load requirements set forth in G.S. 115C-301 are met. Any teacher who believes that the requirements of G.S. 115C-301 have not been met shall make a report to the principal and superintendent, and the superintendent shall immediately determine whether the requirements have in fact not been met. If the superintendent determines the requirements have not been met, he shall make a report to the next local board of education meeting. The local board of education shall take action to meet the requirements of the statute. If the local board cannot organizationally correct the exception and if any of the conditions set out in G.S. 115C-301(g)(1) exist, it shall immediately apply to the State Board of Education for additional personnel or a waiver of the class size requirements, as provided in G.S. 115C-301(g).

Upon notification from the State Board of Education that the reported exception does not qualify for an allotment adjustment or a waiver under provisions of G.S. 115C-301, the local board, within 30 days, shall take action necessary to correct the exception.

At the end of the second month of each school year, the local board of education, through the superintendent, shall file a report with the State Board of Education, in a format prescribed by the State Board of Education, describing the organization of each school, the duties of each teacher, the size of each class, and the teaching load of each teacher. As of February 1 each year, local boards of education, through the superintendent, shall report all exceptions to individual class size and daily teaching load maximums that exist at that time.

In addition to assuring that the requirements of G.S. 115C-301 are met, each local board of education shall also have the duty to provide an adequate number of classrooms to meet the requirements of that statute.

Prior to the beginning of each school year, each local board of education shall identify all reports, including local school required reports, that are required at the local level for the school year and shall, to the maximum extent possible, eliminate any duplicate or obsolete reporting requirements. No additional reports shall be required at the local level after the beginning of the school year without the prior approval of the local board of education.

Each local board of education shall appoint a person or establish a paperwork control committee to monitor all reports and other paperwork required of teachers by the central office.

(18a) To Adopt Rules and Policies Limiting the Noninstructional Duties of Teachers. — Local boards of education shall adopt rules and policies limiting the noninstructional duties assigned to teachers. A local board may temporarily suspend the rules and policies for individual schools upon a finding that there is a compelling reason the rules or policies should not be implemented. These rules and policies shall ensure that:

a. Teachers with initial certification are not assigned extracurricular activities unless they request the assignments in writing and that other noninstructional duties assigned to these teachers are minimized, so these teachers have an opportunity to develop into skilled professionals;

b. Teachers with 27 or more years of experience are not assigned extracurricular activities unless they request the assignments in writing and that other noninstructional duties assigned to these teachers are minimized, so these teachers have an opportunity to informally share their experience and expertise with their colleagues;

c. The noninstructional duties of all teachers are limited to the extent possible given federal, State, and local laws, rules, and policies, and that the noninstructional duties required of teachers are distributed equitably among employees.

The local board shall determine salary schedules of employees pursuant to the provisions of G.S. 115C-273, 115C-285(b), 115C-302.1(i), and 115C-316(b).

The authority for boards of education to issue salary vouchers to all school employees, whether paid from State or local funds, shall be a monthly payroll prepared on forms approved by the State Board of Education and containing all information required by the State Board of Education. This monthly payroll shall be signed by the principal of each school.

(22) To Provide School Food Services. — Local boards of education shall provide, to the extent practicable, school food services as provided in Part 2 of Article 17 of this Chapter.

(24) Purchase of Activity Buses with Local Capital Outlay Tax Funds. — Local boards of education are authorized to purchase activity buses with local capital outlay tax funds, and are authorized to maintain these buses in the county school bus garage. Reimbursement to the State Public School Fund shall be made for all maintenance cost including labor, gasoline and oil, repair parts, tires and tubes, antifreeze, etc. Labor cost reimbursements and local funds may be used to employ additional mechanics so as to insure that all activity buses owned and operated by local boards of education are maintained in a safe mechanical condition. Replacement units for activity buses shall be financed with local funds.

(25) To Secure Liability Insurance. — Local boards of education are authorized to secure liability insurance, as provided in G.S. 115C-42, so as to waive their immunity for liability for certain negligent acts of their employees.

(26) If a local board of education provides access to its buildings and campus and the student information directory to persons or groups which make students aware of occupational or educational options, the local board of education shall provide access on the same basis to official recruiting representatives of the military forces of the State and of the United States for the purpose of informing students of educational and career opportunities available in the military.

(27) Repealed by Session Laws 1987, c. 571, s. 2.

ARTICLE 8.

General Education.

Part 1. Courses of Study.

§ 115C-81. Basic Education Program.

(a) The General Assembly believes that all children can learn. It is the intent of the General Assembly that the mission of the public school community is to challenge with high expectations each child to learn, to achieve, and to fulfill his or her potential. With that mission as its guide, the State Board of Education shall adopt a Basic Education Program for the public schools of the State. Before it adopts or revises the Basic Education Program, the State Board shall consult with an Advisory Committee, including at least eight members of local boards of education, that the State Board appoints from a list of nominees submitted by the North Carolina School Boards Association.

The State Board shall implement the Basic Education Program within funds appropriated for that purpose by the General Assembly and by units of local government. It is the intent of the General Assembly that until the Basic Education Program is fully funded, the implementation of the Basic Education Program shall be the focus of State educational funding. It is the goal of the General Assembly that the Basic Education Program be fully funded and completely operational in each local school administrative unit by July 1, 1995.

It is further a goal of the General Assembly to provide supplemental funds to low-wealth counties to allow those counties to enhance the instructional program and student achievement.

(a1) The Basic Education Program shall describe the education program to be offered to every child in the public schools. It shall provide every student in the State equal access to a Basic Education Program. Instruction shall be offered in the areas of arts, communication skills, physical education and personal health and safety, mathematics, media and computer skills, science, second languages, social studies, and vocational and technical education.

Instruction in vocational and technical education under the Basic Education Program shall be based on factors including:

(1) The integration of academic and vocational and technical education;

(2) A sequential course of study leading to both academic and occupational competencies;

(3) Increased student work skill attainment and job placement;

(4) Increased linkages, where geographically feasible, between public schools and community colleges, so the public schools can emphasize academic preparation and the community colleges can emphasize specific job training; and

(5) Instruction and experience, to the extent practicable, in all aspects of the industry the students are prepared to enter.

(a2) Repealed by Session Laws 1995, c. 534, s. 1.

(3) The Department of Public Instruction will work to strengthen instructional offerings in the content and skill areas of the Basic Education Program in which alcohol and drug use prevention education is addressed. Curricular materials and resources will be developed that meet, extend, and supplement drug and alcohol education as outlined in the North Carolina Standard Course of Study and the Teacher Handbook for the competency-based curriculum.

(4) The Department of Public Instruction shall recommend to the State Board of Education any drug use prevention education support materials that should be removed or added to the recommended list of curricular resources developed and maintained by the State Board of Education.

(5) Local boards of education may select supplemental alcohol and drug use prevention education materials from the list maintained by the State Board of Education, or develop their own supplemental materials to be approved by the State Board of Education.

(6) Local boards of education shall implement alcohol and drug use prevention education as a primary part of their comprehensive health education program.

(7) Local boards of education will provide for ongoing evaluation of drug use prevention education resources, to include participation in ongoing evaluations with the Department of Public Instruction.

(b1) Both the standard course of study and the Basic Education Program shall include the requirement that the public schools provide to all students two yearlong courses of instruction on North Carolina history and geography. One yearlong course of instruction shall be provided in elementary school, and one yearlong course of instruction shall be provided in middle school. b. For at least 30 days before this public hearing and during this public hearing, the objectives for this proposed program and all instructional materials shall be made available for review.
c. For at least 30 days after the public hearing, the objectives for the program and all instructional materials shall remain available for review by parents and legal guardians of students in that local school administrative unit.

(7) Each school year, before students may participate in any portion of (i) a program that pertains to or is intended to impart information or promote discussion or understanding in regard to the prevention of sexually transmitted diseases, including HIV/AIDS, or to the avoidance of out-of-wedlock pregnancy, (ii) an abstinence until marriage program, or (iii) a comprehensive sex education program, whether developed by the State or by the local board of education, the parents and legal guardians of those students shall be given an opportunity to review the objectives and materials. Local boards of education shall

adopt policies to provide opportunities either for parents and legal guardians to consent or for parents and legal guardians to withhold their consent to the students' participation in any or all of these programs.

(8) Students may receive information about where to obtain contraceptives and abortion referral services only in accordance with a local board's policy regarding parental consent. Any instruction concerning the use of contraceptives or prophylactics shall provide accurate statistical information on their effectiveness and failure rates for preventing pregnancy and sexually transmitted diseases, including HIV/AIDS, in actual use among adolescent populations and shall explain clearly the difference between risk reduction and risk elimination through abstinence. The Department of Health and Human Services shall provide the most current available information at the beginning of each school year.

(9) Contraceptives, including condoms and other devices, shall not be made available or distributed on school property.

(10) School health coordinators may be employed to assist in the instruction of any portion of the comprehensive school health education program. Where feasible, a school health coordinator should serve more than one local school administrative unit. Each person initially employed as a State-funded school health coordinator after June 30, 1987, shall have a degree in health education.

(f) Establishment and Maintenance of Kindergartens. —

(1) Local boards of education shall provide for their respective local school administrative unit kindergartens as a part of the public school system for all children living in the local school administrative unit who are eligible for admission pursuant to subdivision (2) of this subsection provided that funds are available from State, local, federal or other sources to operate a kindergarten program as provided in this subsection.

All kindergarten programs so established shall be subject to the supervision of the Department of Public Instruction and shall be operated in accordance with the standards adopted by the State Board of Education, upon recommendation of the Superintendent of Public Instruction.

Among the standards to be adopted by the State Board of Education shall be a provision that the Board will allocate funds for the purpose of operating and administering kindergartens to each school administrative unit in the State based on the average daily membership for the best continuous three out of the first four school months of pupils in the kindergarten program during the last school year in that respective school administrative unit. Such allocations are to be made from funds appropriated to the State Board of Education for the kindergarten program.

(2) Any child who meets the requirements of G.S. 115C-364 shall be eligible for enrollment in kindergarten. Any child who is enrolled in kindergarten and not withdrawn by the child's parent or guardian shall attend kindergarten.

(3) Notwithstanding any other provision of law to the contrary, subject to the approval of the State Board of Education, any local board of education may elect not to establish and maintain a kindergarten program. Any funds allocated to a local board of education which does not operate a kindergarten program may be reallocated by the State Board of Education, within the discretion of the Board, to a county or city board of education which will operate such a program.

(g) Civic Literacy. —

(1) Local boards of education shall require during the high school years the teaching of the nation's founding and related documents, which shall include at least the major principles in the Declaration of Independence, the United States Constitution and its amendments, and the most important of the Federalist Papers.

(3) Local boards of education shall include among the requirements for graduation from high school a passing grade in all courses that include primary instruction in the Declaration of Independence, the United States Constitution and its amendments, and the most important of the Federalist Papers.

(3a) Local boards of education shall allow and may encourage any public school teacher or administrator to read or post in a public school building, classroom, or event, excerpts or portions of writings, documents, and records that reflect the history of the United States, including, but not limited to, (i) the preamble to the North Carolina Constitution, (ii) the Declaration of Independence, (iii) the United States Constitution, (iv) the Mayflower Compact, (v) the national motto, (vi) the National Anthem, (vii) the Pledge of Allegiance, (viii) the writings, speeches, documents, and proclamations of the founding fathers and Presidents of the United States, (ix) decisions of the Supreme Court of the United States, and (x) acts of the Congress of the United States, including the published text of the Congressional Record. Local boards, superintendents, principals, and supervisors shall not allow content-based censorship of American history in the public schools of this State, including religious references in these writings, documents, and records. Local boards and professional school personnel may develop curricula and use materials that are limited to specified topics provided the curricula and materials are aligned with the standard course of study or are grade level appropriate.

(3b) A local school administrative unit may display on real property controlled by that local school administrative unit documents and objects of historical significance that have formed and influenced the United States legal or governmental system and that exemplify the development of the rule of law, such as the Magna Carta, the Mecklenburg Declaration, the Ten Commandments, the Justinian Code, and documents set out in subdivision (3a) of this subsection. This display may include, but shall not be limited to, documents that contain words associated with a religion; provided however, no display shall seek to establish or promote religion or to persuade any person to embrace a particular religion, denomination of a religion, or other philosophy. The display of a document containing words associated with a religion shall be in the same manner and appearance generally as other documents and objects displayed and shall not be presented or displayed in any fashion that results in calling attention to it apart from the other displayed documents and objects. The display also shall be accompanied by a prominent sign quoting the First Amendment of the United States Constitution as follows: "Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof; or abridging the freedom of speech, or of the press; or the right of the people peaceably to assemble, and to petition the government for a redress of grievances."

(4) The State Board of Education shall require that any high school level curriculum-based tests developed and administered statewide beginning with academic year 1990-91 include questions related to the Declaration of Independence, the United States Constitution and its amendments, and the most important of the Federalist Papers.

(5) The State Department of Public Instruction and the local boards of education, as appropriate, shall establish curriculum content and provide for teacher training to ensure that the intent and provisions of this subsection are carried out. The curriculum content established shall include a review of the contributions made by Americans of all races.

(g1) Modifications to the social studies curriculum to instruct students on participation in the democratic process and to give them hands-on experience in participating in the democratic process:

(1) The State Board of Education shall modify the high school social studies curriculum to include instruction in civic and citizenship education. The State Board of Education is strongly encouraged to include, at a minimum, the following components in the high school civic and citizenship education curriculum:

a. That students write to a local, State, or federal elected official about an issue that is important to them;

b. Instruction on the importance of voting and otherwise participating in the democratic process;

c. Information about current events and governmental structure; and

d. Information about the democratic process and how laws are made.

(2) The State Board of Education shall modify the middle school social studies curriculum to include instruction in civic and citizenship education. The State Board of Education is strongly encouraged to include, at a minimum, the following components in the middle school civic and citizenship education curriculum:

c. Information about getting involved in community groups.

(g2) Student Councils. — All high schools and middle schools shall be encouraged to have elected student councils through which students have input into policies and decisions that affect them. All other schools are encouraged to have student councils.

The purpose of these student councils is to build civic skills and attitudes such as participation in elections, discussion and debate of issues, and collaborative decision making. Schools shall encourage active, broad-based participation in these student councils.

(g3) Current Events. — Schools should encourage discussions of current events in a wide range of classes, especially social studies and language arts classes. All high schools and middle schools are encouraged to have at least two classes per grade level to offer interactive current events discussions at least every four weeks.

(h) Character Education. — Each local board of education shall develop and implement character education instruction with input from the local community. The instruction shall be incorporated into the standard curriculum and should address the following traits:

(1) Courage. — Having the determination to do the right thing even when others don't and the strength to follow your conscience rather than the crowd; and attempting difficult things that are worthwhile.

(2) Good judgment. — Choosing worthy goals and setting proper priorities; thinking through the consequences of your actions; and basing decisions on practical wisdom and good sense.

(3) Integrity. — Having the inner strength to be truthful, trustworthy, and honest in all things; acting justly and honorably.

(4) Kindness. — Being considerate, courteous, helpful, and understanding of others; showing care, compassion, friendship, and generosity; and treating others as you would like to be treated.

(5) Perseverance. — Being persistent in the pursuit of worthy objectives in spite of difficulty, opposition, or discouragement; and exhibiting patience and having the fortitude to try again when confronted with delays, mistakes, or failures.

(6) Respect. — Showing high regard for authority, for other people, for self, for property, and for country; and understanding that all people have value as human beings.

(7) Responsibility. — Being dependable in carrying out obligations and duties; showing reliability and consistency in words and conduct; being accountable for your own actions; and being committed to active involvement in your community.

(8) Self-Discipline. — Demonstrating hard work and commitment to purpose; regulating yourself for improvement and restraining from inappropriate behaviors; being in proper control of your words, actions, impulses, and desires; choosing abstinence from premarital sex, drugs, alcohol, and other harmful substances and behaviors; and doing your best in all situations.

(h1) In addition to the instruction under subsection (h) of this section, local boards of education are encouraged to include instruction on the following responsibilities:

(1) Respect for school personnel. — In the school environment, respect includes holding teachers, school administrators, and all school personnel in high esteem and demonstrating in words and deeds that all school personnel deserve to be treated with courtesy and proper deference.

(2) Responsibility for school safety. Helping to create a harmonious school atmosphere that is free from threats, weapons, and violent or disruptive behavior; cultivate an orderly learning environment in which students and school personnel feel safe and secure; and encourage the resolution of conflicts and disagreements through peaceful means including peer mediation. Instruction in this responsibility should include a consistent and age- appropriate antiviolence message and a conflict resolution component for students in kindergarten through twelfth grade. These messages should include media-awareness education to help children recognize stereotypes and messages portraying violence.

(3) Service to others. — Engaging in meaningful service to their schools and their communities. Schools may teach service-learning by (i) incorporating it into their standard curriculum, or (ii) involving a classroom of students or some other group of students in one or more hands-on community-service projects. All schools are encouraged to provide opportunities for student involvement in community service or service-learning projects.

(4) Good citizenship. — Obeying the laws of the nation and this State; abiding by school rules; and understanding the rights and responsibilities of a member of a republic.

(i) Both the standard course of study and the Basic Education Program shall include the requirement that the public schools provide instruction in personal financial literacy for all students during the high school years. The State Board of Education shall determine the components of personal financial literacy that will be covered in the curriculum. The State Board shall also review the high school standard course of study to determine in which course the new personal financial literacy curriculum can be integrated. NC Virtual Public School Program. — Session Laws 2006-66, s. 7.16(a)-(e) provides: "(a) The North Carolina Virtual Public School (NCVPS) program shall report to the State Board of Education and shall maintain an administrative office at the Department of Public Instruction.

"(b) The Director of NCVPS will ensure that course quality standards are established and met and that all e-learning opportunities offered by State-funded entities to public school students are consolidated under the NC Virtual Public School Program, eliminating course duplication.

"The Director shall report on the proposed consolidation and operating plan for 2007-2008 to the Joint Legislative Education Oversight Committee, the Office of State Budget and Management, and the Fiscal Research Division no later than January 15, 2007. Consolidation will be completed by June 30, 2007. Notwithstanding G.S 143-23, the State Board of Education may move funds within the budget to implement the consolidation.

"(c) Subsequent to course consolidation, the Director will prioritize e-learning course offerings for students residing in rural and low-wealth county LEAs, in order to expand available instructional opportunities. First-available elearning instructional opportunities should include courses required as part of the standard course of study for high school graduation and AP offerings not otherwise available.

"(d) The State Board of Education shall develop an allotment formula for funding e-learning, effective in the 2007-2008 fiscal year. In developing the formula, the Board shall consider, at a minimum, the following: (1) The number of students in average daily membership (ADM) projected to enroll in e-learning, (2) The projected cost of fees for e-learning courses, (3) The extent to which projected enrollment in e-learning courses affects funding required for other allotments that are based on ADM.

"(e) Any funds appropriated in this act for the NCVPS program that are not expended in fiscal year 2006-2007 shall be carried forward for expenditure in fiscal year 2007-2008. Any such funds that remain unexpended on June 30, 2008, shall revert to the General Fund."

Editor's Note. — Session Laws 2006-66, s. 1.2, provides: "This act shall be known as 'The Current Operations and Capital Improvements Appropriations Act of 2006'."

Session Laws 2006-66, s. 28.3, provides: "Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 2006 2007 fiscal year, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 2006 2007 fiscal year."

Session Laws 2006-66, s. 28.6 is a severability clause.

Effect of Amendments. —

Session Laws 2006-69, s. 3(a), effective July 10, 2006, deleted "and includes appropriate modifications for the learning disabled, the academically or intellectually gifted students, and the students with discipline and emotional problems" at the end of subdivision (b)(1); and substituted "disabilities" for "special needs" in (b)(4).

Session Laws 2006-264, ss. 54(a)-(c), effective August 27, 2006, and applicable beginning with the 2007-2008 school year, in subdivision (e1)(1), substituted "HIV/AIDS" for "Acquired Immune Deficiency Syndrome (AIDS) virus infection" in sub-subdivision (e1)(1)k., and added the last paragraph; in subdivision (e1)(3), substituted "HIV/AIDS, that include emphasis" for "Acquired Immune Deficiency Syndrome (AIDS) virus infection, that includes emphasis" in the first sentence, inserted "when transmitted through sexual contact" following "sexually transmitted diseases," and substituted "HIV/AIDS, shall teach how alcohol and drug use lower inhibitions, which may lead to risky sexual behavior" for "Acquired Immune Deficiency Syndrome (AIDS)" in the second sentence, and deleted the former last sentence, which read "Any instruction concerning the causes of sexually transmitted diseases, including Acquired Immune Deficiency Syndrome (AIDS), in cases where homosexual acts are a significant means of transmission, shall include the current legal status of those acts."; in (e1)(4)d., substituted "when transmitted through sexual contact, including HIV/AIDS" for "Acquired Immune Deficiency Syndrome (AIDS)"; added the last sentence in subdivision (e1)(8); and substituted "HIV/AIDS" for "Acquired Immune Deficiency Syndrome (AIDS)" throughout.

§ 115C-84.2. School calendar.

(a) School Calendar. — Each local board of education shall adopt a school calendar consisting of 215 days all of which shall fall within the fiscal year. A school calendar shall include the following:

(1) A minimum of 180 days and 1,000 hours of instruction covering at least nine calendar months. The local board shall designate when the 180 instructional days shall occur. The number of instructional hours in an instructional day may vary according to local board policy and does not have to be uniform among the schools in the administrative unit. Local boards may approve school improvement plans that include days with varying amounts of instructional time. If school is closed early due to inclement weather, the day and the scheduled amount of instructional hours may count towards the required minimum to the extent allowed by State Board policy. The school calendar shall include a plan for making up days and instructional hours missed when schools are not opened due to inclement weather.

(1a) Repealed by Session Laws 2004-180, s. 1, effective August 9, 2004.

(2) A minimum of 10 annual vacation leave days.

(3) The same or an equivalent number of legal holidays occurring within the school calendar as those designated by the State Personnel Commission for State employees.

(4) Five days, as designated by the local board, for use as teacher workdays. These days shall be protected to allow teachers to complete instructional and classroom administrative duties. The local school administrative unit shall not impose any additional tasks on these days. The local board shall schedule one of these days at the beginning of the school year and one at the end of each academic quarter.

(5) The remaining days scheduled by the local board in consultation with each school's principal for use as teacher workdays, additional instructional days, or other lawful purposes. Before consulting with the local board, each principal shall work with the school improvement team to determine the days to be scheduled and the purposes for which they should be scheduled. Days may be scheduled and planned for different purposes for different personnel and there is no requirement to schedule the same dates for all personnel. In order to make up days for school closing because of inclement weather, the local board may designate any of the days in this subdivision as additional make-up days to be scheduled after the last day of student attendance.

Local boards and individual schools are encouraged to use the calendar flexibility in order to meet the annual performance standards set by the State Board. Local boards of education shall consult with parents and the employed public school personnel in the development of the school calendar.

Local boards shall designate at least seven days scheduled under subdivisions (4) and (5) of this subsection as days on which teachers may take accumulated vacation leave. Local boards may designate the remaining days scheduled in subdivisions (4) and (5) of this subsection as days on which teachers may take accumulated vacation leave, but local boards shall give teachers at least 14 calendar days' notice before requiring a teacher to work instead of taking vacation leave on any of these days. A teacher may elect to waive this notice requirement for one or more of these days.

(b) Limitations. — The following limitations apply when developing the school calendar:

(1) The total number of teacher workdays for teachers employed for a 10 month term shall not exceed 195 days.

(2) The calendar shall include at least 42 consecutive days when teacher attendance is not required unless: (i) the school is a year-round school; or (ii) the teacher is employed for a term in excess of 10 months. At the request of the local board of education or of the principal of a school, a teacher may elect to work on one of the 42 days when teacher attendance is not required in lieu of another scheduled workday.

(3) School shall not be held on Sundays.

(4) Veterans Day shall be a holiday for all public school personnel and for all students enrolled in the public schools.

(c) Emergency Conditions. — During any period of emergency in any section of the State where emergency conditions make it necessary, the State Board of Education may order general, and if necessary, extended recesses or adjournment of the public schools.

(d) Opening and Closing Dates. — Local boards of education shall determine the dates of opening and closing the public schools under subdivision (a)(1) of this section. Except for year-round schools, the opening date for students shall not be before August 25, and the closing date for students shall not be after June 10. On a showing of good cause, the State Board of Education may waive this requirement to the extent that school calendars are able to provide sufficient days to accommodate anticipated makeup days due to school closings. A local board may revise the scheduled closing date if necessary in order to comply with the minimum requirements for instructional days or instructional time. For purposes of this subsection, the term "good cause" means that schools in any local school administrative unit in a county have been closed eight days per year during any four of the last 10 years because of severe weather conditions, energy shortages, power failures, or other emergency situations.

The State Board also may waive this requirement for an educational purpose. The term "educational purpose" means a local school administrative unit establishes a need to adopt a different calendar for (i) a specific school to accommodate a special program offered generally to the student body of that school, (ii) a school that primarily serves a special population of students, or (iii) a defined program within a school. The State Board may grant the waiver for an educational purpose for that specific school or defined program to the extent that the State Board finds that the educational purpose is reasonable, the accommodation is necessary to accomplish the educational purpose, and the request is not an attempt to circumvent the opening and closing dates set forth in this subsection. The waiver requests for educational purposes shall not be used to accommodate system-wide class scheduling preferences.

The required opening and closing dates under this subsection shall not apply to any school that a local board designated as having a modified calendar for the 2003-2004 school year or to any school that was part of a planned program in the 2003-2004 school year for a system of modified calendar schools, so long as the school operates under a modified calendar.

(e) Nothing in this section prohibits a local board of education from offering supplemental or additional educational programs or activities outside the calendar adopted under this section. (1997-443, s. 8.38(c); 1998-212, s. 9.18(b); 1999-373, s. 1; 1999-463, Ex. Sess., s. 7A; 2003-8, s. 1; 2003-131, s. 1; 2004-180, s. 1; 2004-203, s. 44; 2006-264, s. 25.)

Editor's Note. —

Session Laws 2004-203, s. 44, effective August 17, 2004, deleted the last paragraph of subsection (d) which read: "Local boards and individual schools shall give teachers at least 14 calendar days' notice before requiring a teacher to work instead of taking vacation leave on days scheduled in accordance with subdivision (4) or (5) of this subsection. A teacher may elect to waive this notice requirement for one or more such days." However, there was no such paragraph in subsection (d), and the apparent intent was to delete the former last paragraph in subsection (a). Session Laws 2006-264, s. 25, repealed Session Laws 2004-203, s. 44, effective August 27, 2006.

Article 8B.

School-Based Management and Accountability Program.

Part 2. School-Based Management.

§ 115C-105.25. Budget flexibility.

(a) Consistent with improving student performance, a local board shall provide maximum flexibility to schools in the use of funds to enable the schools to accomplish their goals.

(b) Subject to the following limitations, local boards of education may transfer and may approve transfers of funds between funding allotment categories:

(1) In accordance with a school improvement plan accepted under G.S. 115C-105.27, State funds allocated for teacher assistants may be transferred only for personnel (i) to serve students only in kindergarten through third grade, or (ii) to serve students primarily in kindergarten through third grade when the personnel are assigned to an elementary school to serve the whole school. Funds allocated for teacher assistants may be transferred to reduce class size or to reduce the student-teacher ratio in kindergarten through third grade so long as the affected teacher assistant positions are not filled when the plan is amended or approved by the building-level staff entitled to vote on the plan or the affected teacher assistant positions are not expected to be filled on the date the plan is to be implemented. Any State funds appropriated for teacher assistants that were converted to certificated teachers before July 1, 1995, in accordance with Section 1 of Chapter 986 of the 1991 Session Laws, as rewritten by Chapter 103 of the 1993 Session Laws, may continue to be used for certificated teachers.

(2) In accordance with a school improvement plan accepted under G.S. 115C-105.27, (i) State funds allocated for classroom materials/instructional supplies/equipment may be transferred only for the purchase of textbooks; (ii) State funds allocated for textbooks may be transferred only for the purchase of instructional supplies, instructional equipment, or other classroom materials; and (iii) State funds allocated for noninstructional support personnel may be transferred only for teacher positions.

(2a) Up to three percent (3%) of State funds allocated for noninstructional support personnel may be transferred for staff development.

(3) No funds shall be transferred into the central office allotment category.

(4) Funds allocated for children with disabilities, for students with limited English proficiency, and for driver's education shall not be transferred.

(5) Funds allocated for classroom teachers may be transferred only for teachers of exceptional children, for teachers of at-risk students, and for authorized purposes under the textbooks allotment category and the classroom materials/instructional supplies/equipment allotment category.

(5a) Positions allocated for classroom teachers may be converted to dollar equivalents to contract for visiting international exchange teachers. These positions shall be converted at the statewide average salary for classroom teachers, including benefits. The converted funds shall be used only to cover the costs associated with bringing visiting international exchange teachers to the local school administrative unit through a State-approved visiting international exchange teacher program and supporting the visiting exchange teachers.

(6) Funds allocated for vocational education may be transferred only in accordance with any rules that the State Board of Education considers appropriate to ensure compliance with federal regulations.

(7) Funds allocated for career development shall be used in accordance with Section 17.3 of Chapter 324 of the 1995 Session Laws.

(8) Funds allocated for academically or intellectually gifted students may be used only (i) for academically or intellectually gifted students; (ii) to implement the plan developed under G.S. 115C-150.7; or (iii) in accordance with an accepted school improvement plan, for any purpose so long as that school demonstrates it is providing appropriate services to academically or intellectually gifted students assigned to that school in accordance with the local plan developed under G.S. 115C-150.7.

(9) Funds allocated in the Alternative Schools/At-Risk Student allotment shall be spent only for alternative learning programs, at-risk students, and school safety programs. (1995 (Reg. Sess., 1996), c. 716, s. 3; 1996, 2nd Ex. Sess., c. 18, ss. 18.24(h)-(k); 1998-212, s. 9.20(b); 1999-237, s. 8.25(c); 2001-424, s. 28.22; 2005-276, s. 7.22(a); 2006-69, s. 3(b).)

Effect of Amendments. — Session Laws 2006-69, s. 3.(b), effective July 10, 2006, substituted “disabilities” for “special needs” in subdivision (b)(4).

§ 115C-105.26. Waivers of State laws, rules, or policies.

(a) When included as part of a school improvement plan accepted under G.S. 115C-105.27, local boards of education shall submit requests for waivers of State laws, rules, or policies to the State Board of Education. A request for a waiver shall (i) identify the school making the request, (ii) identify the State laws, rules, or policies that inhibit the school’s ability to improve student performance, (iii) set out with specificity the circumstances under which the waiver may be used, and (iv) explain how the requested waiver will permit the school to improve student performance. Except as provided in subsection (c) of this section, the State Board shall grant waivers only for the specific schools for which they are requested and shall be used only under the specific circumstances for which they are requested.

(b) When requested as part of a school improvement plan, the State Board of Education may grant waivers of:

(1) State laws pertaining to class size and teacher certification; and

(2) State rules and policies, except those pertaining to public school State salary schedules and employee benefits for school employees, the instructional program that must be offered under the Basic Education Program, the system of employment for public school teachers and administrators set out in G.S. 115C-287.1 and G.S. 115C-325, health

and safety codes, compulsory attendance, the minimum lengths of the school day and year, and the Uniform Education Reporting System.

(c) The State Board also may grant requests received from local boards for waivers of State laws, rules, or policies that affect the organization, duties, and assignment of central office staff only. However, none of the duties to be performed under G.S. 115C-436 may be waived.

(c1) The State Board also may grant requests received from local boards for waivers of State laws, rules, or policies that require that each local school administrative unit provide at least one alternative school or at least one alternative learning program.

(d) Notwithstanding subsections (b) and (c) of this section, the State Board shall not grant waivers of G.S. 115C-12(16)b. regarding the placement of State-allotted office support personnel, teacher assistants, and custodial personnel on the salary schedule adopted by the State Board.

(e) Notwithstanding subsection (b) of this section, the State Board may grant requests received from local boards for waivers of State laws, rules, or policies pertaining to the placement of principals on the State salary schedule for public school administrators in order to provide financial incentives to encourage principals to accept employment in a school that has been identified as low-performing under G.S. 115C-105.37. The State Board shall act on requests under this subsection at the first Board meeting following receipt of each request.

(f) Except as provided in subsection (e) of this section, the State Board shall act within 60 days of receipt of all requests for waivers under this section.

(g) The State Board shall, on a regular basis, review all waivers it has granted to determine whether any rules should be repealed or modified or whether the Board should recommend to the General Assembly the repeal or modification of any laws. (1995 (Reg. Sess., 1996), c. 716, s. 3; 1999-237, s. 8.25(b); 2006-153, s. 2.)

Effect of Amendments. — Session Laws 2006-153, s. 2, effective July 1, 2006, and applicable to school improvement plans beginning with the 2007-2008 school year, substituted "size and teacher certification" for "size, teacher certification, and the duty-free period for classroom teachers under G.S. 115C-301.1" in subdivision (b)(1).

§ 115C-105.27. Development and approval of school improvement plans.

(a) In order to improve student performance, each school shall develop a school improvement plan that takes into consideration the annual performance goal for that school that is set by the State Board under G.S. 115C-105.35. The principal of each school, representatives of the assistant principals, instructional personnel, instructional support personnel, and teacher assistants assigned to the school building, and parents of children enrolled in the school shall constitute a school improvement team to develop a school improvement plan to improve student performance. Representatives of the assistant principals, instructional personnel, instructional support personnel, and teacher assistants shall be elected by their respective groups by secret ballot. Unless the local board of education has adopted an election policy, parents shall be elected by parents of children enrolled in the school in an election conducted by the parent and teacher organization of the school or, if none exists, by the largest organization of parents formed for this purpose. Parents serving on school improvement teams shall reflect the racial and socioeconomic composition of the students enrolled in that school and shall not be members of the building-level staff. Parental involvement is a critical component of school success and positive student achievement; therefore, it is the intent of the General Assembly that parents, along with teachers, have a substantial role in developing school improvement plans. To this end, school improvement team meetings shall be held at a convenient time to assure substantial parent participation.

(b) The strategies for improving student performance:

(1) Shall include a plan for the use of staff development funds that may be made available to the school by the local board of education to implement the school improvement plan. The plan may provide that a portion of these funds is used for mentor training and for release time and substitute teachers while mentors and teachers mentored are meeting;

(1a) Shall, if the school serves students in kindergarten or first grade, include a plan for preparing students to read at grade level by the time they enter second grade. The plan shall require kindergarten and first grade teachers to notify parents or guardians when their child is not reading at grade level and is at risk of not reading at grade level by the time the child enters second grade. The plan may include the use of assessments to monitor students' progress in learning to read, strategies for teachers and parents to implement that will help students improve and expand their reading, and provide for the recognition of teachers and strategies that appear to be effective at preparing students to read at grade level;

(2) Shall include a plan to address school safety and discipline concerns in accordance with the safe school plan developed under Article 8C of this Chapter;

(3) May include a decision to use State funds in accordance with G.S. 115C-105.25;

(4) Shall include a plan that specifies the effective instructional practices and methods to be used to improve the academic performance of students identified as at risk of academic failure or at risk of dropping out of school;

(5) May include requests for waivers of State laws, rules, or policies for that school. A request for a waiver shall meet the requirements of G.S. 115C-105.26;

(6) Shall include a plan to provide a duty-free lunch period for every teacher on a daily basis or as otherwise approved by the school improvement team; and

(7) Shall include a plan to provide duty-free instructional planning time for every teacher under G.S. 115C-301.1, with the goal of providing an average of at least five hours of planning time per week.

(c) Support among affected staff members is essential to successful implementation of a school improvement plan to address improved student performance at that school. The principal of the school shall present the proposed school improvement plan to all of the principals, assistant principals, instructional personnel, instructional support personnel, and teacher assistants assigned to the school building for their review and vote. The vote shall be by secret ballot. The principal shall submit the school improvement plan to the local board of education only if the proposed school improvement plan has the approval of a majority of the staff who voted on the plan.

(d) The local board of education shall accept or reject the school improvement plan. The local board shall not make any substantive changes in any school improvement plan that it accepts. If the local board rejects a school improvement plan, the local board shall state with specificity its reasons for rejecting the plan; the school improvement team may then prepare another plan, present it to the principals, assistant principals, instructional personnel, instructional support personnel, and teacher assistants assigned to the school building for a vote, and submit it to the local board to accept or reject. If no school improvement plan is accepted for a school within 60 days after its initial submission to the local board, the school or the local board may ask to use the process to resolve disagreements recommended in the guidelines developed by the State Board under G.S. 115C-105.20(b)(5). If this request is made, both the school and local board shall participate in the process to resolve disagreements. If there is no request to use that process, then the local board may develop a school improvement plan for the school. The General Assembly urges the local board to utilize the school's proposed school improvement plan to the maximum extent possible when developing such a plan.

(e) A school improvement plan shall remain in effect for no more than three years; however, the school improvement team may amend the plan as often as is necessary or appropriate. If, at any time, any part of a school improvement plan becomes unlawful or the local board finds that a school improvement plan is impeding student performance at a school, the local board may vacate the relevant portion of the plan and may direct the school to revise that portion. The procedures set out in this subsection shall apply to amendments and revisions to school improvement plans. (1989, c. 778, s. 3; 1991 (Reg. Sess., 1992), c. 900, s. 75.1(b); 1993, c. 38, s. 1; c. 263, s. 2; c. 321, s. 144.2(b); 1995, c. 272, s. 3; c. 450, s. 13; 1995 (Reg. Effect of Amendments. — Session Laws 2006-153, s. 1, effective July 1, 2006, and applicable to school improvement plans beginning with the 2007-2008 school year, designated the previously undesignated paragraphs as subsections (a) through (e); added subdivisions (b)(6) and (7); and made a minor punctuation change.

ARTICLE 9.

Education of Children With Disabilities.

Part 1. State Policy.

§ 115C-106: Repealed by Session Laws 2006-69, s. 1, effective from and after July 1, 2006.

Editor's Note. — This section was also amended by Session Laws 2006-203, s. 31, effective July 1, 2007 and applicable to the budget for the 2007-2009 biennium and each subsequent biennium thereafter, which substituted "G.S. 143C-1-1" for "G.S. 143C-1" at the end of subsection (a). The section is set out above as repealed."

Part 1A. General Provisions.

§ 115C-106.1. State goal.

The goal of the State is to provide full educational opportunity to all children with disabilities who reside in the State. (1973, c. 1293, ss. 2-4; 1975, c. 563, ss. 1-5; 1977, c. 927, ss. 1, 2; 1979, 2nd Sess., c. 1295; 1981, c. 423, s. 1; 1997-443, s. 11A.47; 2006-69, s. 2.)

CASE NOTES

***Editor's Note.** — The cases cited below were decided under former G.S. 115C-106.*

Factors Considered. — Where there was no evidence that statutorily required parties, under 20 U.S.C.S. § 1414(d)(1)(B), were absent during the individualized educational program (IEP) meetings, and defendant school district representatives visited the new site, gathered information, and found it was comparable and would meet plaintiff student's IEP goals, and the parents attended and participated in all meetings, and the goals of the IEP could be accomplished at the new facility, the student's claim under G.S. 115C-106 et seq. failed. Cone v. Randolph County Schs., 302 F. Supp. 2d 500, 2004 U.S. Dist. LEXIS 1727 (M.D.N.C. 2004).

Section requires more than federal law. — North Carolina apparently requires more than the Education of the Handicapped Act (EHA), 20 U.S.C. § 1400 to 1425. The special education program must provide the child with an equal opportunity to learn if that is reasonably possible, ensuring that the child has an opportunity to reach her full potential commensurate with the opportunity given other children. Burke County Bd. of Educ. v. Denton, 895 F.2d 973 (4th Cir. 1990).

Statute Did Not Apply to Federally-Run School. — North Carolina standard of a free appropriate public education (FAPE) under G.S. 115C-106(a) did not apply to the autistic student's action against the school located on an air force base because the school was federally-run, and therefore, the FAPE standard under 20 U.S.C.S. § 1401(a)(18)(B) applied. G. v. Fort Bragg Dependent Schs., 324 F.3d 240, 2003 U.S. App. LEXIS 5759 (4th Cir. 2003).

In an action against the Fort Bragg Dependent Schools under the Individuals with Disabilities in Education Act (IDEA), 20 U.S.C.S. § 1400 et seq., the federal standard embodied in the IDEA, rather than North Carolina's "full potential " standard under G.S. 115C-106(a), governed the Individualized Educational Program of an autistic student in the Fort Bragg Dependent Schools; there was no clear expression of Congressional intent to subject federal entities to state free appropriate public education standards referred to in 20 U.S.C.S. § 1401(a)(18)(B) in providing education under the IDEA.

OPINIONS OF ATTORNEY GENERAL

***Editor's Note.** — The opinions cited below were decided under former G.S. 115C-106.*

The selection of the LEA Representative required to be part of the IEP Team, under special education law and regulations, is ultimately a matter of local discretion, although such discretion must of course be exercised consistent with the potential role of the LEA Representative on any particular child's IEP Team. Such informed exercise of local discretion, on a case-by-case basis, is completely congruent with the goals of the IDEA. See opinion of Attorney General to Brad Sneeden Deputy Superintendent N. C. Department of Public Instruction, 1998 N.C.A.G. 50 (12/1/98).

How Conflict with Federal Law Resolved. — Section 7A-647(2)c [see now G.S. 7B-903, 7B-2502, 7B-2503, 7B-2506, 7B-2702, 7B-2704], as amended by Session Laws 1985, c. 777, appears on its face to be in conflict with 20 U.S.C. § 1415 and G.S. 115C-114 and 115C-116 and this section to the extent that it authorizes the county director of social services to make educational decisions for a handicapped child in the custody of a department of social services. This apparent conflict should be resolved by giving full effect to 20 U.S.C. § 1415. See opinion of Attorney General to Mr. Johnnie Ellerbe, Consultant, Division for Exceptional Children, State Department of Public Instruction, 55 N.C.A.G. 94 (1986).

§ 115C-106.2. Purposes.

(a) The purposes of this Article are to (i) ensure that all children with disabilities ages three through 21 have available to them a free appropriate public education that emphasizes special education and related services designed to meet their unique needs and prepares them for further education, employment, and independent living; (ii) ensure that the rights of these children and their parents are protected; and (iii) enablethe State Board of Education and local educational agencies to provide for the education of all children with disabilities.

(b) In addition to the purposes listed in subsection (a) of this section, the purpose of this Article is to enable the State Board of Education and local educational agencies to implement IDEA in this State. If this Article is silent or conflicts with IDEA, and if IDEA has specific language that is mandatory, then IDEA controls.

(c) Notwithstanding any other section of this Article, the State Board of Education may set standards for the education of children with disabilities that are higher than those required by IDEA. (1973, c. 1293, ss. 2-4; 1975, c. 563, ss. 1-5; 1977, c. 927, ss. 1, 2; 1979, 2nd Sess., c. 1295; 1981, c. 423, s. 1; 1997-443, s. 11A.47; 2006-69, s. 2.)

CASE NOTES

Editor's Note. *— The cases cited below were decided under former G.S. 115C-106.*

Equal Opportunity to Learn is All That is Required. — In North Carolina the special education program must provide the child with an equal opportunity to learn if that is reasonably possible, ensuring that the child has an opportunity to reach her full potential commensurate with the opportunity given other children. This standard does not require a school district to develop a "utopian educational program " for the student with special needs any more so than would be required if the student were not handicapped. CM ex rel. JM v. Board of Educ., 85 F. Supp. 2d 574, 1999 U.S. Dist. LEXIS 21334 (W.D.N.C. 1999), aff'd in part, rev'd in part on other grounds, and remanded, 241 F.3d 374 (4th Cir. N.C. 2001).

This section was not designed to require the development of a utopian educational program for handicapped students any more than the public schools are required to provide utopian educational programs for nonhandicapped students. Harrell v. Wilson County Schools, 58 N.C. App. 260, 293 S.E.2d 687.

The General Assembly intended to eliminate the effects of the handicap, at least to the extent that the child will be given an equal opportunity to learn if that is reasonably possible. Under this standard a handicapped child should be given an opportunity to achieve his full potential commensurate with that given other children. Harrell v. Wilson County Schools, 58 N.C. App. 260, 293 S.E.2d 687.

Statute Did Not Apply to Federally-Run School. — North Carolina standard of a free appropriate public education (FAPE) under G.S. 115C-106(a) did not apply to the autistic student's action against the school located on an air force base because the school was federally-run, and therefore, the FAPE standard under 20 U.S.C.S. § 1401(a)(18)(B) applied. G. v. Fort Bragg Dependent Schs., 324 F.3d 240, 2003 U.S. App. LEXIS 5759 (4th Cir. 2003).

In an action against the Fort Bragg Dependent Schools under the Individuals with Disabilities in Education Act (IDEA), 20 U.S.C.S. § 1400 et seq., the federal standard embodied in the IDEA, rather than North Carolina's "full potential " standard under G.S. 115C-106(a), governed the Individualized Educational Program of an autistic student in the Fort Bragg Dependent Schools; there was no clear expression of Congressional intent to subject federal entities to state free appropriate public education standards referred to in 20 U.S.C.S. § 1401(a)(18)(B) in providing education under the IDEA.

Failure of county and State boards to provide free appropriate public education to child who suffered from dyslexia was a violation of this section and the parallel federal statute, the Education for All Handicapped Children Act, 20 U.S.C. § 1400 to 1420. Hall v. Vance County Bd. of Educ., 774 F.2d 629 (4th Cir. 1985).

Noncustodial Parent Ordered to Pay Child's Special Educational Expenses Even Though Custodial Parent Failed to Seek Available Public Funding. — Although public funding may have been available for special education needs of child, but was not sought by custodial parent, court did not err in requiring noncustodial parent to pay costs of child's educational expenses in proportion to parent's gross income. Sikes v. Sikes, 98 N.C. App. 610, 391 S.E.2d 855 (1990).

Part 1B. Provision of Free Appropriate Public Education.

§ 115C-107.1. Free appropriate public education; ages.

(a) A free appropriate public education shall be made available to the following:

(1) All children with disabilities who reside in the State, who are the ages of three through 21, who have not graduated from high school, and who require special education and related services.

(2) Any child with a disability who is receiving special education and related services and who has not graduated from high school until the end of the school year in which that child reaches the age of 22.

(3) Children with disabilities who require special education and related services and who are suspended or expelled from school and entitled to continuing education services as provided in IDEA.

(b) A free appropriate public education is not required to be provided to infants and toddlers with disabilities. However, early intervention services shall be made available to these children under G.S. 143B-139.6A.

(c) If funds are made available, the State Board and the Secretary of Health and Human Services may adopt an agreement to allow the continuation of early intervention services for children with a disability who are at least three years old but before they enter kindergarten or are eligible to enter kindergarten. If an agreement is adopted under this subsection, then a free appropriate public education is not required to be provided to any child with a disability who continues to receive early intervention services in accordance with that agreement.

(d) Nothing in this Article requires a free appropriate public education to be made available to any individual aged 18 through 21 who, in the educational placement immediately before that individual's incarceration in an adult correctional facility, was not actually identified as being a child with a disability and did not have an IEP. CASE NOTES

Editor's Note. — *The cases cited below were decided under former G.S. 115C-111 and G.S. 115C-113.*

Failure of county and State boards to provide free appropriate public education to child who suffered from dyslexia was a violation of this section and the parallel federal statute, the Education for All Handicapped Children Act, 20 U.S.C. § 1400 to 1420. Hall v. Vance County Bd. of Educ., 774 F.2d 629 (4th Cir. 1985).

Special Education and Habilitation Services Distinguished. — North Carolina law recognizes the difference between special education services and habilitation services. Burke County Bd. of Educ. v. Denton, 895 F.2d 973 (4th Cir. 1990).

Requested Services Held Not Required by Law. — In-home services sought by parents of 19-year-old autistic and moderately mentally handicapped child were not the kind of services which must be provided, under federal or North Carolina law, by the local education agency. Burke County Bd. of Educ. v. Denton, 895 F.2d 973 (4th Cir. 1990).

Sess., c. 18, ss. 18.24(c), (d); 1997-443, s. 11A.118(a); 1998-202, s. 4(g); 2000-137, s. 4(j); 2006-69, s. 2.)

CASE NOTES

Editor's Note. — *The cases cited below were decided under former G.S. 115C-113.*

Obligation to Develop IEP. — School system had a legal obligation to fully develop an individualized educational program (IEP) for child following her release from the The Whitaker School, to present the IEP to petitioner upon petitioner's request, and to present school system's proposals in writing to petitioner, regardless of petitioner's request. Beaufort County Schs. v. Roach, 114 N.C. App. 330, 443 S.E.2d 339, cert. denied, 336 N.C. 602, 447 S.E.2d 384, 513 U.S. 989, 115 S. Ct. 486, 130 L. Ed. 2d 398 (1994).

Evaluation and Diagnosis. — Once a child has been referred for a diagnosis and evaluation, the local educational agency shall, "as soon as possible after receiving consent for evaluation " provide or cause to be provided a diagnosis and evaluation of the child. Beaufort County Schs. v. Roach, 114 N.C. App. 330, 443 S.E.2d 339, cert. denied, 336 N.C. 602, 447 S.E.2d 384, 513 U.S. 989, 115 S. Ct. 486, 130 L. Ed. 2d 398 (1994).

§ 115C-107.3. Child find.

(a) The Board shall require an annual census of children with disabilities, subdivided for "identified" and "suspected" children with disabilities, to be taken in each school year. Suspected children are those in the formal process of being evaluated or identified as children with disabilities. The census shall be conducted annually and shall be completed by October 15, submitted to the Governor and General Assembly and made available to the public by January 15 annually.

(b) In taking the census, the Board requires the cooperation, participation, and assistance of all local educational agencies. Therefore, each local educational agency shall cooperate and participate with and assist the Board in conducting the census.

(c) The census shall include the number of children identified and suspected with disabilities, their age, the nature of their disability, their county or city of residence, their local school administrative unit residence, whether they are being provided special educational or related services and if so by what local educational agency, the identity of each local educational agency having children with disabilities in its care, custody, management, jurisdiction, control, or programs, the number of children with disabilities being served by each local educational agency, and any other information or data that the Board requires. The census shall be of children with disabilities between the ages three through 21 but is not required to include children with disabilities that have graduated from high school. (1977, c. 927, s. 1; 1981, c. 423, s. 1; 1983, c. 247, ss. 3, 4; 1989, c. 585, s. 3; 1996, 2nd Ex. Sess., c. 18, ss. 18.24(c), (d); 1997-443, s. 11A.118(a); 1998-202, s. 4(g); 2000-137, s. 4(j); 2006-69, s. 2.)

§ 115C-107.4. Monitoring and enforcement.

(a) The State Board shall monitor all local educational agencies to determine compliance with this Article and IDEA. The State Board also shall monitor the effectiveness of IEPs in meeting the educational needs of children with disabilities.

(b) The State Board shall implement an effective and efficient system of incentives and sanctions for local educational agencies in order to improve results for children with disabilities and meet the requirements of this Article and IDEA. The system, which must be based on a continuum of recognition and sanctions, shall:

(1) Identify and recognize local educational agencies that achieve or exceed targets and indicators as determined by the State Board, demonstrate significant improvement over time, and show growth on targets and indicators as determined by each local educational agency.

(2) Provide consequences for local educational agencies that are substantially noncompliant with statutory and regulatory requirements under this Article and IDEA.

(c) The system of incentives developed under subsection (b) of this section may include commendations, public recognition, allocation of grant funds if available, and any other incentives as considered appropriate by the State Board.

(d) The system of sanctions developed under subsection (b) of this section shall include the following:

(1) Level One — Needs Assistance: When the State Board determines (i) a local school educational agency has been in noncompliance for two years and (ii) that agency needs assistance in implementing the requirements of this Article and IDEA, the State Board shall take one or more of the following actions:

a. The Board may direct the local educational agency to allocate additional time and resources for technical assistance and guidance related to areas of noncompliance.

b. The Board may impose special conditions on that agency's application for IDEA funds and receipt of State funds.

c. The Board may direct how that local educational agency utilizes IDEA and State funds to address the remaining findings of noncompliance. The local educational agency must track the use of these funds to show how the funds are targeted to address areas of noncompliance.

(2) Level Two — Needs Intervention: If the State Board determines (i) that the local educational agency has been in noncompliance for three years and (ii) that agency needs assistance in implementing this Article and IDEA, the following apply:

a. The Board may take any of the actions described in subdivision (1) of this subsection.

b. The Board shall withhold, in whole or in part, any further payments of IDEA and State funds to the agency.

c. The Board shall require the agency to enter into a compliance agreement.

(3) Level Three — Needs Substantial Intervention: In addition to the sanctions described in subdivisions (1) and (2) of this subsection, if at any time the State Board determines a local educational agency (i) needs substantial intervention in implementing the requirements of this Article and IDEA, or (ii) has established a substantial failure to comply with this Article and IDEA, the Board shall take one or more of the following actions:

a. The Board shall direct the agency to implement a compliance agreement, billed to that agency.

b. The Board shall recover IDEA and State funds.

c. The Board shall refer the agency for appropriate enforcement under State or federal law.

(e) In addition to the consequences required under subsections (b) and (d) of this section, the State Board shall develop sanctions for local educational agencies that fail to implement a corrective action or hearing decision. (1977, c. 927, s. 1; 1981, c. 423, s. 1; 1983, c. 247, ss. 3, 4; 1989, c. 585, s. 3; 1996, 2nd Ex. Sess., c. 18, ss. 18.24(c), (d); 1997-443, s. 11A.118(a); 1998-202, s. 4(g); 2000-137, s. 4(j); 2006-69, s. 2.)

§ 115C-107.5. Annual reports.

The State Board shall report annually to the Joint Legislative Education Oversight Committee on the implementation of this Article and the educational performance of children with disabilities. Each annual report shall include a copy of the following documents that were submitted, received, or made public during the year: (i) the most recent State performance plan and any amendments to that plan submitted to the Secretary of Education, (ii) compliance and monitoring reports submitted to the Secretary of Education, (iii) the annual report submitted to the Secretary of Education on the performance of the State under its performance plan, and (iv) any other information required under IDEA to be made available to the public. In addition, the annual report shall include an analysis of the educational performance of children with disabilities in the State and a summary of disputes under Part 1D of this Chapter. The report shall be filed no later than October 15 each year and may be filed electronically. (1977, c. 927, s. 1; 1981, c. 423, s. 1; 1983, c. 247, ss. 3, 4; 1989, c. 585, s. 3; 1996, 2nd Ex. Sess., c. 18, ss. 18.24(c), (d); 1997-443, s. 11A.118(a); 1998-202, s. 4(g); 2000-137, s. 4(j); 2006-69, s. 2.)

§ 115C-107.6. Duties of local educational agencies.

(a) Each local educational agency, in providing for the education of children with disabilities within its jurisdiction, must comply with IDEA and the rules adopted by the State Board under this Article. In addition, each local educational agency shall have in effect policies, procedures, and programs that are consistent with this Article, IDEA, and rules adopted by the State Board.

(b) No child with disabilities shall be prevented from attending the public schools of the local educational agency in which the child's parents or legal guardian resides or from which the child receives services or from attending any other public program of free appropriate public education based solely on the fact that the child has a disability. If it appears the child should receive a program of free appropriate public education in a program operated by or under the supervision of the Department of Health and Human Services or the Department of Juvenile Justice and Delinquency Prevention, the local school administrative unit shall confer with the appropriate Department of Health and Human Services or Department of Juvenile Justice and Delinquency Prevention staff for their participation and determination of the appropriateness of placement in that program and development of the child's individualized education program.

(c) No matriculation or tuition fees or other fees or charges shall be required or asked of children with disabilities or their parents except those fees or charges that are required uniformly of all public school pupils. The provision of a free appropriate public education within the facilities of the Department of Health and Human Services and the Department of Juvenile Justice and Delinquency Prevention may not prevent that Department from charging for other services or treatment.

(d) Each child with a disability shall be educated in accordance with that child's IEP and in the least restrictive environment for that child.

(e) Each local educational agency may use the forms developed under G.S. 115C-107.2(d). (1977, c. 927, s. 1; 1981, c. 423, s. 1; 1983, c. 247, ss. 3, 4; 1989, c. 585, s. 3; 1996, 2nd Ex. Sess., c. 18, ss. 18.24(c), (d); 1997-443, s. 11A.118(a); 1998-202, s. 4(g); 2000-137, s. 4(j); 2006-69, s. 2.)

CASE NOTES

Editor's Note. — *The cases cited below were decided under former G.S. 115C-110.*

Applicability. — When a more generally applicable statute such as G.S. 115C-366(a) conflicts with a more specific, special statute such as this section, the special statute is viewed as an exception to the provisions of the general statute. Accordingly, the specific requirements of subsection (i) of this section control where they are in conflict with the general requirements of G.S. 115C-336(a). Craven County Bd. of Educ. v. Willoughby, 121 N.C. App. 495, 466 S.E.2d 334 (1996).

Responsible Authority. — Under G.S. 115C-110(i), neither the North Carolina Division of Mental Health, Developmental Disabilities, and Substance Abuse Services nor the Department of Health and Human Services was the agency responsible for plaintiff student's educational placement or the provision of free appropriate public education, and letters from those agencies changed only the support services they provided; thus, persons outside the individualized educational programs process had not unilaterally changed the student's educational placement without following the procedures set forth by the Individuals with Disabilities Education Act, 20 U.S.C.S. § 1400 et seq. Cone v. Randolph County Schs., 302 F. Supp. 2d 500, 2004 U.S. Dist. LEXIS 1727 (M.D.N.C. 2004).

Standing to Raise Issue of Which Governmental Body to Pay Tuition. — The parents of a child with special educational needs failed to establish that their child was about to be denied continuance in a program appropriate to her special needs and did not have standing to raise the issue of whether the county board of education or the Department of Human Resources was responsible for tuition expenses of their child at a private school for handicapped children to which their child had been assigned by the county school system, since the private school had remained in operation at all times prior to and during the action. Linder v. Wake County Bd. of Educ., 50 N.C. App. 378, 273 S.E.2d 735 (1981).

Place of Actual Abode Determinative of Education Entitlement. — Where child's place of actual abode was clearly in county where he lived with his grandmother, he was a legal resident of the county so long as he continued to live there and was thus entitled to a free appropriate education in this county.

Craven County Bd. of Educ. v. Willoughby, 121 N.C. App. 495, 466 S.E.2d 334 (1996).

Factors Considered. — Where there was no evidence that statutorily required parties, under 20 U.S.C.S. § 1414(d)(1)(B), were absent during the individualized educational program (IEP) meetings, and defendant school district representatives visited the new site, gathered information, and found it was comparable and would meet plaintiff student's IEP goals, and the parents attended and participated in all meetings, and the goals of the IEP could be accomplished at the new facility, the student's claim under G.S. 115C-110(a) failed. Cone v. Randolph County Schs., 302 F. Supp. 2d 500, 2004 U.S. Dist. LEXIS 1727 (M.D.N.C. 2004).

OPINIONS OF ATTORNEY GENERAL

Editor's Note. *— The opinions cited below were decided under former G.S. 115C-110.*

Sharing of Educational Records. — Sections 115C-109, 115C-403(b) and subsection (a) of this section represent and embody an intention by the General Assembly that public agencies providing education to school age children share the educational records of children who move or are moved from one of those agencies to another. See opinion of Attorney General to C. Robin Britt, Sr., Secretary North Carolina Department of Human Resources, — N.C.A.G. — (July 24, 1995).

The selection of the LEA Representative required to be part of the IEP Team, under special education law and regulations, is ultimately a matter of local discretion, although such discretion must of course be exercised consistent with the potential role of the LEA Representative on any particular child's IEP Team. Such informed exercise of local discretion, on a case-by-case basis, is completely congruent with the goals of the IDEA. See opinion of Attorney General to Brad Sneeden Deputy Superintendent N. C. Department of Public Instruction, 1998 N.C.A.G. 50 (12/1/98).

§ 115C-107.7. Discipline.

The policies and procedures for the discipline of students with disabilities shall be consistent with federal laws and regulations. (2006-69, s. 2.)

§ 115C-108: Repealed by Session Laws 2006-69, s. 1, effective from and after July 1, 2006.

Editor's Note. — G.S. 115C-108 was formerly codified in Part 1 of this Article.

Part 1C. Interagency Coordination.

§ 115C-108.1. State Board lead agency.

(a) The Board shall cause all local educational agencies to provide special education and related services to children with disabilities in their care, custody, management, jurisdiction, control, or programs.

(b) The jurisdiction of the Board with respect to the design and content of special education programs or related services for children with disabilities extends to and over the Department of Health and Human Services, the Department of Juvenile Justice and Delinquency Prevention, and the Department of Correction.

(c) All provisions of this Article that are specifically applicable to local school administrative units also are applicable to the Department of Health and Human Services, the Department of Juvenile Justice and Delinquency Prevention, and the Department of Correction, and their divisions and agencies; all duties, responsibilities, rights, and privileges specifically imposed on or granted to local school administrative units by this Article also are imposed on or granted to the Department of Health and Human Services, the Department of Juvenile Justice and Delinquency Prevention, and the Department of Correction, and their divisions and agencies. However, with respect to children with disabilities who are residents or patients of any State-operated or State-supported residential treatment facility, including a school for the deaf, school for the blind, mental hospital or center, mental retardation center, or in a facility operated by the Department of Juvenile Justice and Delinquency Prevention, the Department of Correction, or any of their divisions and agencies, the Board may contract with the Department of Health and Human Services, the Department of Juvenile Justice and Delinquency Prevention, and the Department of Correction for the provision of special education and related services and the power to review, revise, and approve any plans for special education and related services to those residents.

(d) The Departments of Health and Human Services, Correction, and Juvenile Justice and Delinquency Prevention shall submit to the Board their plans for the education of children with disabilities in their care, custody, or control. The Board may grant specific exemptions for programs administered by the Department of Health and Human Services, the Department of Juvenile Justice and Delinquency Prevention, or the Department of Correction when compliance by them with the Board's standards would, in the Board's judgment, impose undue hardship on that department and when other procedural due process requirements, substantially equivalent to those required under this Article and IDEA, are assured in programs of special education and related services furnished to children with disabilities served by that department. Further, the Board shall recognize that inpatient and residential special education programs within the Departments of Health and Human Services, Correction, and Juvenile Justice and Delinquency Prevention may require more program resources than those necessary for optimal operation of these programs in local school administrative units.

(e) The Board shall support and encourage joint and collaborative special education planning and programming at local levels to include local school administrative units and the programs and agencies of the Departments of Health and Human Services, Correction, and Juvenile Justice and Delinquency Prevention. (2006-69, s. 2.)

Editor's Note. — This Article was rewritten by Session Laws 2006-69, ss. 1 and 2. The historical citations in the former sections have been added to the corresponding sections in this Article as rewritten.

§ 115C-108.2. Interlocal cooperation.

The Board, any two or more local educational agencies, and any other agency and any State department, agency, or division having responsibility for the education, treatment, or habilitation of children with disabilities may enter into interlocal cooperative undertakings under Part 1 of Article 20 of Chapter 160A of the General Statutes or into undertakings with a State agency such as the Departments of Public Instruction, Health and Human Services, Juvenile Justice and Delinquency Prevention, or Correction, or their divisions, agencies, or units, for the purpose of providing for the special education and related services, treatment, or habilitation of these children within the jurisdiction of the agency or unit, and shall do so when it is unable to provide the appropriate public special education or related services for these children. In entering into such undertakings, the local agency and State department, agency, or division shall also contract to provide the special education or related services that are educationally appropriate to the children with disabilities for whose benefit the undertaking is made and provide these services by or in the local agency unit or State department, agency, or division located in the place most convenient to these children. (1977, c. 927, s. 1; 1981, c. 423, s. 1; 1997-443, s. 11A.118(a); 1998-202, s. 4(m); 2000-137, s. 4(p); 2006-69, s. 2.)

§ 115C-109: Repealed by Session Laws 2006-69, s. 1, effective from and after July 1, 2006.

Editor's Note. — G.S. 115C-109 was formerly codified in Part 1 of this Article.

Part 1D. Procedural Safeguards.

§ 115C-109.1. Handbook for parents.

The State Board of Education shall make available to parents a handbook of procedural safeguards. This handbook for parents shall be made available at least once each school year, except that a copy also shall be given to the parent (i) upon the initial referral or parental request for an evaluation; (ii) upon the first occurrence of the filing of a petition under G.S. 115C-109.6 and IDEA; (iii) upon the parent's request; and (iv) upon any revision to the content of the handbook. This handbook for parents shall include a full explanation of the procedural safeguards under this Article and IDEA, be written in the native language of the parent unless it clearly is not feasible to do so, be written in an easily understood manner, and include information required under IDEA to be included.

The State Board shall place a current copy of the handbook for parents on its Internet Web site. (2006-69, s. 2.)

Editor's Note. — This Article was rewritten by Session Laws 2006-69, ss. 1 and 2. The historical citations in the former sections have been added to the corresponding sections in this Article as rewritten.

§ 115C-109.2. Adult children with disabilities; surrogate parents.

(a) When a child with a disability reaches the age of 18, all of the following apply:

(1) Notices required under this Article shall be provided to both the child and the child's parent.

(2) All other rights accorded to parents under this Article and IDEA transfer to the child.

(3) The local educational agency shall notify the child and the child's parent of these transfer rights.

(b) Notwithstanding subsection (a) of this section, for a child with a disability who has reached the age of majority under State law and who has not been determined to be incompetent but is determined to not have the ability to provide informed consent with respect to his or her education program, the State Board shall establish procedures for appointing the parent of the child, or if the parent is not available, another appropriate individual, to represent the educational interests of the child throughout the period of eligibility under this section.

(c) A reasonable effort must be made to appoint a surrogate for a child with a disability within 30 days of a determination that one of the following conditions exists and that the child needs a surrogate:

(1) The parents of that child are not known;

(2) The parents, after reasonable efforts, cannot be located; or

(3) The child is a ward of the State.

(d) A person must be eligible under IDEA to be appointed as a child's surrogate. (1987 (Reg. Sess., 1988), c. 1079, s. 2; 1997-443, s. 11A.118(a); 1998-202, s. 4(j); 2000-137, s. 4(m); 2006-69, s. 2.)

OPINIONS OF ATTORNEY GENERAL

Editor's Note. *— The opinions cited below were decided under former G.S. 115C-116.*

Representation of Parentless Child's Educational Interests. — In those situations where the parents of a handicapped child are unavailable or unknown and the child is a ward of the State, the responsibility and authority for representing that child's educational interests rests with a surrogate parent, and not with the county director of social services. Further, subsection (c) and 20 U.S.C. § 1415(b)(1)(B) prohibit the county director of social services or any employee of a department of social services involved in the education or care of such child from serving as a surrogate parent in such circumstances. See opinion of Attorney General to Mr. Johnnie Ellerbe, Consultant, Division for Exceptional Children, State Department of Public Instruction, 55 N.C.A.G. 94 (1986).

§ 115C-109.3. Access to records; opportunity for parents to participate in meetings.

(a) Each local educational agency shall provide an opportunity for the parents of a child with a disability to examine all records relating to that child and to participate in meetings with respect to the identification, evaluation, and educational placement of the child, and the provision of a free appropriate public education to that child.

(b) Local educational agencies may release the records of a child with a disability only as permitted under State or federal law. The parents of a child with a disability may have access to the child's records and may read, inspect, and copy all and any records, data, and information maintained by a local educational agency with respect to that child. Parents, upon their request, are entitled to have those records, data, and information fully explained, interpreted, and analyzed for them by the staff of the agency, unless specifically prohibited by court order. If a request is made under this subsection, the local educational agency shall honor the request within not more than 45 days after it is made or in time for the individual who made the request to prepare for a meeting under subsection (a) of this section, whichever is sooner.

(c) The student and the student's parents may add written explanations or clarifications to the records, data, and information and may request the expunction of incorrect, outdated, misleading, or irrelevant entries. If a local educational agency refuses to expunge incorrect, outdated, misleading, or irrelevant entries after having been asked to do so by the parent, the parent may appeal that decision under G.S. 115C-45(c)(2). (1977, c. 927, s. 1; 1981, c. 423, s. 1; 2006-69, s. 2.)

OPINIONS OF ATTORNEY GENERAL

Scope of Obligations of Surrogate Parent. — The General Assembly intended that the obligations of a surrogate parent have the scope specified by federal law. See opinion of Attorney General to Mr. Johnnie Ellerbe, Consultant, Division for Exceptional Children, State Department of Public Instruction, 55 N.C.A.G. 94 (1986).

How Conflict with Federal Law Resolved. — Section 7A-647(2)c [see now G.S. 7B-903, 7B-2502, 7B-2503, 7B-2506, 7B-2702, 7B-2704], as amended by Session Laws 1985, c. 777, appears on its face to be in conflict with 20 U.S.C. § 1415 and G.S. 115C-106 and 115C-116 and this section to the extent that it authorizes the county director of social services to make educational decisions for a handicapped child in the custody of a department of social services. This apparent conflict should be resolved by giving full effect to 20 U.S.C. § 1415. See opinion of Attorney General to Mr. Johnnie Ellerbe, Consultant, Division for Exceptional Children, State Department of Public Instruction, 55 N.C.A.G. 94 (1986).

Representation of Parentless Child's Educational Interests. — In those situations where the parents of a handicapped child are unavailable or unknown and the child is a ward of the State, the responsibility and authority for representing that child's educational interests rests with a surrogate parent, and not with the county director of social services. Further, G.S. 115C-116(c) and 20 U.S.C. § 1415(b)(1)(B) prohibit the county director of social services or any employee of a department of social services involved in the education or care of such child from serving as a surrogate parent in such circumstances. See opinion of Attorney General to Mr. Johnnie Ellerbe, Consultant, Division for Exceptional Children, State Department of Public Instruction, 55 N.C.A.G. 94 (1986).

Transmittal of Educational Records. — Local school boards can and should transmit to the Division of Youth Services (DYS), and other Department of Human Resources (DHR) agencies providing educational services to school age children, any requested education records of juveniles committed to their custody or control. Once such education records are obtained by DYS or other DHR facilities they are confidential and must not be released except as permitted by the Family Educational Rights and Privacy Act. See opinion of C. Robin Britt, Sr., Secretary North Carolina Department of Human Resources, — N.C.A.G. — (July 24, 1995).

§ 115C-109.4. Mediation.

(a) It is the policy of this State to encourage local educational agencies and parents to seek mediation involving any dispute under this Article, including matters arising before or after filing a petition under G.S. 115C-109.6.

(b) Mediation under this section must meet the following requirements:

(1) The mediation must be voluntary on the part of both parties.

(2) Mediation shall not be used to deny or delay a parent's right to an impartial hearing under G.S. 115C-109.6, or to deny any other rights afforded under this Article or IDEA.

(3) The mediation shall be conducted by a qualified and impartial mediator who is trained in effective mediation techniques.

(c) The State Board may establish procedures to offer to parties that do not choose to use the mediation process an opportunity to meet with a disinterested party, as provided under IDEA, who can encourage the use and explain the benefits of the mediation process to the parties. This meeting must be at a time and location convenient to the parents.

(d) The State Board shall maintain a list of qualified mediators who are knowledgeable in laws and regulations relating to the provision of special education and related services. When mediation is requested, the Exceptional Children Division of the Department of Public Instruction shall assign a mediator from this list of mediators.

(e) The State shall bear the cost of the mediation process, including the costs of meetings described under subsection (c) of this section, unless the parties opt to select a mediator other than the mediator assigned under subsection (d) of this section or if the parties opt to use an alternative method of dispute resolution.

(f) Each session in the mediation process shall be scheduled in a timely manner and shall be held in a location that is convenient to the parties to the dispute.

(g) Evidence of statements made and conduct occurring in a mediation are confidential, are not subject to discovery, and are inadmissible in any proceeding in the action or other actions on the same claim. However, no evidence otherwise discoverable is inadmissible merely because it is presented or discussed in a mediation. Mediators shall not be compelled in any civil proceeding to testify or produce evidence concerning statements made and conduct occurring in a mediation.

(h) When resolution is reached to resolve the dispute through the mediation process, the parties shall execute a legally binding agreement that:

(1) Sets forth the agreement.

(2) States that all discussions that occurred during the mediation process are confidential and may not be used as evidence in any subsequent impartial hearing under G.S. 115C-109.6 or in any civil proceeding.

(3) Is signed by both the parent and a representative of the local educational agency who has the authority to bind that agency.

(4) Is enforceable in any State administrative forum provided for in IDEA, any State court of competent jurisdiction, or in a district court of the United States.

(i) In addition to mediation as provided by this section, the parties may participate in a mediated settlement conference as provided by G.S. 150B-23.1. In addition, the parties may agree to use other dispute resolution methods or to use mediation in other circumstances, including after a request for formal administrative review is filed, to the extent permitted under State and federal law. § 115C-109.5. Prior written notice.

(a) The local educational agency shall provide prompt written notice to parents whenever that agency proposes to initiate or change, or refuses to initiate or change (i) the identification, evaluation, or educational placement of a child, or (ii) the provision of a free appropriate public education to a child with a disability. The local educational agency shall document that all required notices have been sent to and received by parents.

(b) This prior written notice shall be in the native language of the parents, unless it clearly is not feasible to translate it, and shall contain all of the following information:

(1) A description of the action proposed or refused by the local educational agency.

(2) An explanation of why the local educational agency proposes or refuses to take the action and a description of each evaluation procedure,

assessment, record, or report that agency used as a basis for the proposed or refused action.

(4) Sources for parents to contact to obtain assistance in understanding this Article and IDEA.

§ 115C-109.6. Impartial due process hearings.

(a) Any party may file with the Office of Administrative Hearings a petition to request an impartial hearing with respect to any matter relating to the identification, evaluation, or educational placement of a child, or the provision of a free appropriate public education of a child, or a manifestation determination. The party filing the petition must notify the other party and the person designated under G.S. 115C-107.2(b)(9) by simultaneously serving them with a copy of the petition.

(b) Notwithstanding any other law, the party shall file a petition under subsection (a) of this section that includes the information required under IDEA and that sets forth an alleged violation that occurred not more than one year before the party knew or reasonably should have known about the alleged action that forms the basis of the petition. The issues for review under this section are limited to those set forth in subsection (a) of this section. The party requesting the hearing may not raise issues that were not raised in the petition unless the other party agrees otherwise.

(c) The one-year restriction in subsection (b) of this section shall not apply to a parent if the parent was prevented from requesting the hearing due to (i) specific misrepresentations by the local educational agency that it had resolved the problem forming the basis of the petition, or (ii) the local educational agency's withholding of information from the parent that was required under State or federal law to be provided to the parent.

(d) The hearing shall be conducted in the county where the child attends school or is entitled to enroll under G.S. 115C-366, unless the parties mutually agree to a different venue.

(e) The hearing shall be closed to the public unless the parent requests in writing that the hearing be open to the public.

(f) Subject to G.S. 115C-109.7, the decision of the administrative law judge shall be made on substantive grounds based on a determination of whether the child received a free appropriate public education. Following the hearing, the administrative law judge shall issue a written decision regarding the issues set forth in subsection (a) of this section. The decision shall contain findings of fact and conclusions of law. Notwithstanding Chapter 150B of the General Statutes, the decision of the administrative law judge becomes final and is not subject to further review unless appealed to the Review Officer under G.S. 115C-109.9.

(g) A copy of the administrative law judge's decision shall be served upon each party and a copy shall be furnished to the attorneys of record. The written notice shall contain a statement informing the parties of the availability of appeal and the 30-day limitation period for appeal as set forth in G.S. 115C-109.9.

(h) In addition to the petition, the parties shall simultaneously serve a copy of all pleadings, agreements, and motions under this Part with the person designated by the State Board under G.S. 115C-107.2(b)(9). The Office of Administrative Hearings shall simultaneously serve a copy of all orders and decisions under this Part with the person designated by the State Board under G.S. 115C-107.2(b)(9).

(i) Nothing in this section shall be construed to preclude a parent from filing a separate due process petition on an issue separate from a petition already filed.

(j) The State Board, through the Exceptional Children Division, and the State Office of Administrative Hearings shall develop and enter into a binding memorandum of understanding to ensure compliance with the statutory and regulatory procedures and timelines applicable under IDEA to due process hearings and to hearing officers' decisions, and to ensure the parties' due process rights to a fair and impartial hearing. This memorandum of understanding shall be amended if subsequent changes to IDEA are made. The procedures and timelines shall be made part of the Board's procedural safeguards that are made available to parents and the public under G.S. 115C-109.1 and G.S. 115C-109.5. (1973, c. 1293, s. 10; 1975, c. 151, ss. 1, 2; c. 563, ss. 8, 9; 1975, 2nd Sess., c. 983, ss. 79, 80; 1981, c. 423, s. 1; c. 497, ss. 1, 2; 1983, c. 247, s. 6; 1985, c. 412, s. 2; 1987, c. 827, s. 1; 1987 (Reg. Sess., 1988), c. 1079, s. 1; 1989, c. 362; 1989 (Reg. Sess., 1990), c. 1058; 1991, c. 540, s. 1; 1991 (Reg. Sess., 1992), c. 1030, s. 27; 1993, c. 270, s. 1; 1997-115, s. 1; 2006-69, s. 2.)

Editor's Note. — Session Laws 2006-69, s. 6(a), (b) provides: "(a) The State Board of Education, through the Division of Exceptional Children and the Office of Administrative Hearings, shall develop its memorandum of understanding as required under G.S. 115C-109.6(j), as created in Section 2 of this act, by October 31, 2006. The memorandum of understanding shall establish procedures and timelines that are efficient and meet the criteria of IDEA so that impartial hearings are expeditiously handled. At the same time, the procedures and timelines should recognize there are some complicated issues that may require additional time to resolve. In particular, this memorandum should address at least the following:

"(1) The reasons, number of days, and means for providing notice to parties.

"(2) When a petition is initiated for the purpose of determining when a decision shall be reached. Specifically, this shall address when mediation is begun before and after a petition is filed and when no mediation is begun.

"(3) Whether mediated conferences subject to Chapter 150B of the General Statutes are appropriate under IDEA and, if so, when they should occur and how they will affect the timelines.

"(4) The number of extensions to be allowed and the basis on which an extension may be granted.

"(5) The standard of review for cases going to review officers.

"(6) Any other procedural or tolling issue that the State Board of Education or the Office of Administrative Hearings considers necessary to address.

"(b) The State Board and the Office of Administrative Hearings shall report jointly to the House Select Committee on the Education of Students with Disabilities by November 15, 2006, on the memorandum of understanding. This report shall make any recommendations as to funding issues that must be resolved or statutory changes that are needed, or both, in order to implement the memorandum of understanding."

CASE NOTES

***Editor's Note.** — The cases cited below were decided under former G.S. 115C-116.*

Federal Interpretation Controlling. — To the extent that North Carolina's interpretation of the authority of a hearing officer is a material variation from the federal district court's interpretation of 20 U.S.C. § 1415(b)(1)(E), the federal version must control, because it sets forth the minimum procedural safeguards intended by Congress to be followed by State and local agencies receiving federal assistance when making educational placement for handicapped children. S-1 ex rel. P-1 v. Spangler, 650 F. Supp. 1427 (M.D.N.C. 1986), vacated, 832 F.2d 294 (4th Cir. 1987).

Administrative Hearing and Decision Required. — The procedural safeguards embodied in G.S. 1415(b)(1)(E) of the Education for All Handicapped Children Act (EAHCA), 20 U.S.C. § 1401 et seq., required defendant's city board of education and hearing officer to conduct an administrative hearing and render a decision in that hearing on plaintiffs' claim for tuition reimbursement. S-1 ex rel. P-1 v. Spangler, 650 F. Supp. 1427 (M.D.N.C. 1986), vacated, 832 F.2d 294 (4th Cir. 1987).

Failure to Follow Time Limitations. — Plaintiffs who did not file a petition for a contested case under this section within the time limit prescribed by G.S. 150B-23, abandoned the process and sought relief in the courts without exhausting the available administrative remedies; therefore, they were barred from seeking relief in federal district court. Glen ex rel. Glen v. Charlotte-Mecklenburg Sch. Bd. of Educ., 903 F. Supp. 918 (W.D.N.C. 1995).

OPINIONS OF ATTORNEY GENERAL

***Editor's Note.** — The opinions cited below were decided under former G.S. 115C-116.*

How Conflict with Federal Law Resolved. — Section 7A-647(2)c [see now G.S. 7B-903, 7B-2502, 7B-2503, 7B-2506, 7B-2702, 7B-2704], as amended by Session Laws 1985, c. 777, appears on its face to be in conflict with 20 U.S.C. § 1415 and G.S. 115C-106, 115C-114, and 115C-116 to the extent that it authorizes the county director of social services to make educational decisions for a handicapped child in the custody of a department of social services. This apparent conflict should be resolved by giving full effect to 20 U.S.C. § 1415. See opinion of Attorney General to Mr. Johnnie Ellerbe, Consultant, Division for Exceptional Children, State Department of Public Instruction, 55 N.C.A.G. 94 (1986).

§ 115C-109.7. Resolution session.

(a) Within 15 days of receiving notice of the parent's petition filed under G.S.

115C-109.6 and before the opportunity for an impartial hearing, the local educational agency shall convene a meeting with the parent and the relevant members of the IEP Team who have specific knowledge of the facts identified in the petition. This meeting shall include a representative of the agency who has decision-making authority on behalf of that agency and may not include an attorney of the local educational agency unless the parent is accompanied by an attorney. If the parent plans to be accompanied by an attorney under this section, the parent must give prior written notice of this fact to the agency. The purposes of the meeting are (i) for the parent to have an opportunity to discuss the petition and the facts that form the basis of the petition and (ii) for the local educational agency to have the opportunity to resolve the dispute.

(b) The parent and the local educational agency jointly may agree in writing to waive the meeting under subsection (a) of this section or to use the mediation process described in G.S. 115C-109.4.

(c) If the local educational agency does not resolve the dispute to the satisfaction of the parents within 30 days of the agency's receipt of the petition, the impartial hearing under G.S. 115C-109.6 may occur and all of the applicable timelines for that hearing shall commence.

(d) If a resolution is reached to resolve the dispute at a meeting under subsection (a) of this section, the parties shall execute a legally binding agreement that is:

(1) Signed by both the parent and a representative of the local educational agency who has the authority to bind the agency;
(2) Enforceable in any State administrative forum provided for in IDEA, any State court of competent jurisdiction, or in a district court of the United States; and
(3) Filed with the person designated by the State Board to receive notices and with the Office of Administrative Hearings.

(e) If the parties execute an agreement under subsection (d) of this section, either party may void the agreement by providing written notice within three business days of the agreement's execution to the person designated by the State Board to receive notices, the Office of Administrative Hearings, and the other party. Notwithstanding subsection (c) of this section, upon receipt of this notice, the impartial hearing under G.S. 115C-109.6 may occur and all of the applicable timelines for that hearing shall commence. (1973, c. 1293, s. 10; 1975, c. 151, ss. 1, 2; c. 563, ss. 8, 9; 1975, 2nd Sess., c. 983, ss. 79, 80; 1981, c. 423, s. 1; c. 497, ss. 1, 2; 1983, c. 247, s. 6; 1985, c. 412, s. 2; 1987, c. 827, s. 1; 1987 (Reg. § 115C-109.8. Procedural issues.

(a) In matters alleging a procedural violation, the hearing officer may find that a child did not receive a free appropriate public education only if the procedural inadequacies (i) impeded the child's right to a free appropriate public education; (ii) significantly impeded the parents' opportunity to participate in the decision-making process regarding the provision of a free appropriate public education to the parents' child; or (iii) caused a deprivation of educational benefits.

(b) A hearing officer may order a local educational agency to comply with procedural requirements under this Article and IDEA. (2006-69, s. 2.)

Federal Interpretation Controlling. — To the extent that North Carolina's interpretation of the authority of a hearing officer is a material variation from the federal district court's interpretation of 20 U.S.C. § 1415(b)(1)(E), the federal version must control, because it sets forth the minimum procedural safeguards intended by Congress to be followed by State and local agencies receiving federal assistance when making educational placement for handicapped children. § 115C-109.9. Review by review officer; appeals.

(a) Any party aggrieved by the findings and decision of a hearing officer under G.S. 115C-109.6 or G.S. 115C-109.8 may appeal the findings and decision within 30 days after receipt of notice of the decision by filing a written notice of appeal with the person designated by the State Board under G.S. 107.2(b)(9) to receive notices. The State Board, through the Exceptional Children Division, shall appoint a Review Officer from a pool of review officers approved by the State Board of Education. The Review Officer shall conduct an impartial review of the findings and decision appealed under this section. The Review Officer conducting this review shall make an independent decision upon completion of the review. The decision of the Review Officer becomes final unless an aggrieved party brings a civil action under subsection (d) of this section. A copy of the decision shall be served upon each party, and a copy shall be furnished to the attorneys of record and the Office of Administrative Hearings. The written notice shall contain a statement informing the parties of the right to file a civil action and the 30-day limitation period for filing a civil action under subsection (d) of this section.

(b) A Review Officer shall be an educator or other professional who is knowledgeable about special education and who possesses other qualifications as may be established by the State Board of Education. No person may be appointed as a Review Officer if that person is an employee of the State Board of Education, the Department of Public Instruction, or the local educational agency that has been involved in the education or care of the child whose parents have filed the petition.

(c) The State Board may enforce the final decision of the administrative law judge under G.S. 115C-109.6, if not appealed under this section, or the final decision of the Review Officer, by ordering a local educational agency:

(1) To provide a child with appropriate education;
(2) To place a child in a private school that is approved to provide special education and that can provide the child an appropriate education; or
(3) To reimburse parents for reasonable private school placement costs in accordance with this Article and IDEA when it is determined that the local educational agency did not offer or provide the child with appropriate education and the private school in which the parent placed the child was an approved school and did provide the child an appropriate education.

(d) Any party that does not have the right to appeal under this Part and any party who is aggrieved by the decision of the Review Officer under this section may institute a civil action in State court within 30 days after receipt of the notice of the decision or in federal court as provided in 20 U.S.C. § 1415.

(e) Except as provided under IDEA, upon the filing of a petition under G.S. 115C-109.6 and during the pendency of any proceedings under this Part, the child must remain in the child's then-current educational placement or, if applying for initial admission to a public school, the child must be placed in the public school. Notwithstanding this subsection, the parties may agree in writing to a different educational placement for the child during the pendency of any proceedings under this Part. (2006-69, s. 2.)

Part 1F. Budgeting; Funds.

§ 115C-111.1. Out-of-state students; eligibility for State funds.

Notwithstanding any policy or rule adopted by the State Board of Education, if a local school administrative unit provides services to a student under a current IEP from another state while a determination is being made regarding the student's eligibility for services as a child with disabilities in North Carolina, the local school administrative unit is entitled to receive State funding to serve the student while the determination is being made. If the student is later determined not to qualify for services in North Carolina, the local school administrative unit is not required to repay State funds received while the determination is being made. (1997-117, s. 1; 2006-69, s. 2.)

Editor's Note. — This Article was rewritten by Session Laws 2006-69, ss. 1 and 2. The historical citations in the former sections have been added to the corresponding sections in this Article as rewritten.

§ 115C-111.2. Contracts with private service providers.

Local educational agencies furnishing special education and related services to children with disabilities may contract with private special education facilities or service providers to furnish any of these services that the public providers are unable to furnish. § 115C-111.3. Cost of education of children in group homes, foster homes, etc.

(a) Notwithstanding any other State law and without regard for the place of domicile of a parent, the cost of a free appropriate public education for a child with disabilities who is placed in or assigned to a group home or foster home, under State and federal law, shall be borne by the local board of education in which the group home or foster home is located. However, the local school administrative unit in which a child is domiciled shall transfer to the local school administrative unit in which the institution is located an amount equal to the actual local cost in excess of State and federal funding required to educate that child in the local school administrative unit for the fiscal year after all State and federal funding has been exhausted.

(b) The State Board of Education shall use State and federal funds appropriated for children with disabilities to establish a reserve fund to reimburse local boards of education for the education costs of children assigned to group homes or other facilities as provided in subsection (a) of this section. Local school administrative units may submit a Special State Reserve Program application for foster home or group home children whose special education and related services costs exceed the per child group home allocation.

(c) The Department shall review the current cost of children with disabilities served in the local school administrative units with group homes or foster homes to determine the actual cost of services. (1981, c. 859, s. 29.7; 2002-164, s. 2; 2003-294, s. 1; 2006-69, s. 2.)

Editor's Note. — Session Laws 2002-164, s. 3, as amended by Session Laws 2003-294, s. 5, provides: "The State Board of Education shall provide for a local school administrative unit to request funds from the Group Homes Program for Children with Disabilities if a child assigned to that unit was not in that unit's April child count for children with disabilities or the average daily membership for the previous school year. The local school administrative unit shall receive full school year funding upon the local school unit's request for group home or foster home program funds. These funds may not be requested except by a local school administrative unit."

OPINIONS OF ATTORNEY GENERAL

Editor's Note. — *The opinion cited below was decided under former G.S. 115C-140.1.*

Right to Attend Only Schools of District of Domicile. — Except for certain limited exceptions in this section and G.S. 115C-366.2, principally concerning children in foster or group homes, a student has a right to attend only the schools of the school system within which the student, his parents or legal guardian are domiciled. See opinion of Attorney General to Mr. C. Wade Mobley, Superintendent, Rowan County Schools, 55 N.C.A.G. 61 (1985).

§ 115C-111.4. Nonreduction.

Notwithstanding any of the other provisions of this Article, it is the intent of the General Assembly that funds appropriated by it for the operation of programs of special education and related services by local school administrative units not be reduced; rather, that adequate funding be made available to meet the special educational and related services needs of children with disabilities, without regard to which local educational agency has the child in its care, custody, control, or program. (1977, c. 927, s. 1; 1981, c. 423, s. 1; 2006-69, s. 2.)

CASE NOTES

Editor's Note. — *The cases cited below were decided under former G.S. 115C-142.*

Special Education Teachers Not Given Greater Protection Against Dismissal. — The General Assembly did not intend this section to provide special education teachers with greater protection against dismissal due to a reduction-in-force than that provided other career teachers. Instead, the legislature intended that this section benefit special education students; the section was intended to prevent funds appropriated for special education from being used for other purposes, and was not designed to provide enhanced job protection for special education teachers. Taborn v. Hammonds, 324 N.C. 546, 380 S.E.2d 513 (1989).

§ 115C-111.5. Allocation of federal funds.

Whenever any federal monies for the special education and related services for children with disabilities are made available, these funds shall be allocated according to a formula designed by the Board consistent with federal laws and regulations. This formula shall ensure equitable distribution of resources and shall be implemented as funds are made available from federal and State appropriations. (1977, c. 927, s. 1; 1981, c. 423, s. 1; 2006-69, s. 2.)

§ 115C-111.6. Obligation to provide services for preschool children with disabilities.

State funds appropriated to the public schools to implement preschool services for children with disabilities under this Article and IDEA shall be used to provide special education and related services to preschool children with disabilities. These State funds shall be used to supplement and not supplant existing federal, State, and local funding for the public schools.

Preschool children with disabilities will continue to be served by all other State funds to which they are otherwise entitled. (2006-69, s. 2.)

§ 115C-112: Repealed by Session Laws 2006-69, s. 1, effective from and after July 1, 2006.

Article 9A.

Children with Chemical Dependency.

§ 115C-149. Policy. Chemically dependent children excluded from provisions of Article 9.

The General Assembly of North Carolina hereby declares that the policy of the State is to ensure that an appropriate education is provided for drug and alcohol addicted children; however, drug and alcohol addicted children are not "children with disabilities" within the meaning of G.S. 115C-106.3(1) unless because of some other condition they meet that definition. (1989, c. 316, s. 1; 2006-69, s. 3(c).)

Effect of Amendments. — Session Laws 2006-69, s. 3.(c), effective July 10, 2006, substituted "disabilities" for "special needs" and "G.S. 115C-106.3(1)" for "G.S. 115C-109."

ARTICLE 16.

Optional Programs.

Part 3. Summer Schools.

§ 115C-233. Operation of summer schools.

Each local school administrative unit may establish and maintain summer schools. Such summer schools as may be established shall be administered by local boards of education and shall be conducted in accordance with standards developed by the State Board of Education. The standards so developed shall specify the requirements for approved curriculum, the qualifications of the personnel, the length of the session, and the conditions under which students may be granted credit for courses pursued during a summer school. In determining the eligibility of students for admission to summer schools, boards of education shall be governed by Article 9 of this Chapter, and G.S. 115C-366(b) and 115C-367 to 115C-370. Boards of education of local school administrative units may provide for summer schools from funds made available for that purpose by the State Board of Education, funds appropriated to the local school administrative unit by the tax-levying authority, and from any other revenues available for the purpose. (1975, c. 437, s. 11; 1981, c. 423, s. 1; 2006-69, s. 3(d).)

Effect of Amendments. — Session Laws 2006-69, s. 3(d), effective July 10, 2006, substituted "Article 9 of this Chapter, and G.S." for "the provisions of G.S. 115C-116" following "boards of education shall be governed by" in the third sentence.

Part 6A. Charter Schools.

§ 115C-238.29F. General requirements.

(a) Health and Safety Standards. — A charter school shall meet the same health and safety requirements required of a local school administrative unit. The Department of Public Instruction shall ensure that charter schools provide parents and guardians with information about meningococcal meningitis and influenza and their vaccines at the beginning of every school year. This information shall include the causes, symptoms, and how meningococcal meningitis and influenza are spread and the places where parents and guardians may obtain additional information and vaccinations for their children.

(b) School Nonsectarian. — A charter school shall be nonsectarian in its programs, admission policies, employment practices, and all other operations and shall not charge tuition or fees. A charter school shall not be affiliated with a nonpublic sectarian school or a religious institution.

(c) Civil Liability and Insurance. —

(1) The board of directors of a charter school may sue and be sued. The State Board of Education shall adopt rules to establish reasonable amounts and types of liability insurance that the board of directors shall be required by the charter to obtain. The board of directors shall obtain at least the amount of and types of insurance required by these rules to be included in the charter. Any sovereign immunity of the

charter school, of the organization that operates the charter school, or its members, officers, or directors, or of the employees of the charter school or the organization that operates the charter school, is waived to the extent of indemnification by insurance.

(2) No civil liability shall attach to any chartering entity, to the State Board of Education, or to any of their members or employees, individually or collectively, for any acts or omissions of the charter school.

(d) Instructional Program. —

(1) The school shall provide instruction each year for at least 180 days.

(2) The school shall design its programs to at least meet the student performance standards adopted by the State Board of Education and the student performance standards contained in the charter.

(3) A charter school shall conduct the student assessments required for charter schools by the State Board of Education.

(4) The school shall comply with policies adopted by the State Board of Education for charter schools relating to the education of children with disabilities.

(5) The school is subject to and shall comply with Article 27 of Chapter 115C of the General Statutes, except that a charter school may also exclude a student from the charter school and return that student to another school in the local school administrative unit in accordance with the terms of its charter.

(e) Employees. —

(1) An employee of a charter school is not an employee of the local school administrative unit in which the charter school is located. The charter school's board of directors shall employ and contract with necessary teachers to perform the particular service for which they are employed in the school; at least seventy-five percent (75%) of these teachers in grades kindergarten through five, at least fifty percent (50%) of these teachers in grades six through eight, and at least fifty percent (50%) of these teachers in grades nine through 12 shall hold teacher certificates. All teachers in grades six through 12 who are teaching in the core subject areas of mathematics, science, social studies, and language arts shall be college graduates.

The board also may employ necessary employees who are not required to hold teacher certificates to perform duties other than teaching and may contract for other services. The board may discharge teachers and noncertificated employees.

(2) No local board of education shall require any employee of the local school administrative unit to be employed in a charter school.

(3) If a teacher employed by a local school administrative unit makes a written request for a leave of absence to teach at a charter school, the local school administrative unit shall grant the leave for one year. For the initial year of a charter school's operation, the local school administrative unit may require that the request for a leave of absence be made up to 45 days before the teacher would otherwise have to report for duty. After the initial year of a charter school's operation, the local school administrative unit may require that the request for a leave of absence be made up to 90 days before the teacher would otherwise have to report for duty. A local board of education is not required to grant a request for a leave of absence or a request to extend or renew a leave of absence for a teacher who previously has received a leave of absence from that school board under this subdivision. A teacher who has career status under G.S. 115C-325 prior to receiving a leave of absence to teach at a charter school may return to

a public school in the local school administrative unit with career status at the end of the leave of absence or upon the end of employment at the charter school if an appropriate position is available. If an appropriate position is unavailable, the teacher's name shall be placed on a list of available teachers and that teacher shall have priority on all positions for which that teacher is qualified in accordance with G.S. 115C-325(e)(2).

(4) The employees of the charter school shall be deemed employees of the local school administrative unit for purposes of providing certain State-funded employee benefits, including membership in the Teachers' and State Employees' Retirement System and the Teachers' and State Employees' Comprehensive Major Medical Plan. The State Board of Education provides funds to charter schools, approves the original members of the boards of directors of the charter schools, has the authority to grant, supervise, and revoke charters, and demands full accountability from charter schools for school finances and student performance. Accordingly, it is the determination of the General Assembly that charter schools are public schools and that the employees of charter schools are public school employees. Employees of a charter school whose board of directors elects to become a participating employer under G.S. 135-5.3 are "teachers" for the purpose of membership in the North Carolina Teachers' and State Employees' Retirement System. In no event shall anything contained in this Part require the North Carolina Teachers' and State Employees' Retirement System to accept employees of a private employer as members or participants of the System.

(f) Accountability. —

(1) The school is subject to the financial audits, the audit procedures, and the audit requirements adopted by the State Board of Education for charter schools. These audit requirements may include the requirements of the School Budget and Fiscal Control Act.

(2) The school shall comply with the reporting requirements established by the State Board of Education in the Uniform Education Reporting System.

(3) The school shall report at least annually to the chartering entity and the State Board of Education the information required by the chartering entity or the State Board.

(g) Admission Requirements. —

(1) Any child who is qualified under the laws of this State for admission to a public school is qualified for admission to a charter school.

(2) No local board of education shall require any student enrolled in the local school administrative unit to attend a charter school.

(3) Admission to a charter school shall not be determined according to the school attendance area in which a student resides, except that any local school administrative unit in which a public school converts to a charter school shall give admission preference to students who reside within the former attendance area of that school.

(4) Admission to a charter school shall not be determined according to the local school administrative unit in which a student resides.

(5) A charter school shall not discriminate against any student on the basis of ethnicity, national origin, gender, or disability. Except as otherwise provided by law or the mission of the school as set out in the charter, the school shall not limit admission to students on the basis of intellectual ability, measures of achievement or aptitude, athletic ability, disability, race, creed, gender, national origin, religion, or ancestry. The charter school may give enrollment priority to siblings

of currently enrolled students who were admitted to the charter school in a previous year and to children of the school's principal, teachers, and teacher assistants. In addition, and only for its first year of operation, the charter school may give enrollment priority to children of the initial members of the charter school's board of directors, so long as (i) these children are limited to no more than ten percent (10%) of the school's total enrollment or to 20 students, whichever is less, and (ii) the charter school is not a former public or private school. Within one year after the charter school begins operation, the population of the school shall reasonably reflect the racial and ethnic composition of the general population residing within the local school administrative unit in which the school is located or the racial and ethnic composition of the special population that the school seeks to serve residing within the local school administrative unit in which the school is located. The school shall be subject to any court-ordered desegregation plan in effect for the local school administrative unit.

(6) During each period of enrollment, the charter school shall enroll an eligible student who submits a timely application, unless the number of applications exceeds the capacity of a program, class, grade level, or building. In this case, students shall be accepted by lot. Once enrolled, students are not required to reapply in subsequent enrollment periods.

(7) Notwithstanding any law to the contrary, a charter school may refuse admission to any student who has been expelled or suspended from a public school under G.S. 115C-391 until the period of suspension or expulsion has expired.

(h) Transportation. — The charter school may provide transportation for students enrolled at the school. The charter school shall develop a transportation plan so that transportation is not a barrier to any student who resides in the local school administrative unit in which the school is located. The charter school is not required to provide transportation to any student who lives within one and one-half miles of the school. At the request of the charter school and if the local board of the local school administrative unit in which the charter school is located operates a school bus system, then that local board may contract with the charter school to provide transportation in accordance with the charter school's transportation plan to students who reside in the local school administrative unit and who reside at least one and one-half miles of the charter school. A local board may charge the charter school a reasonable charge that is sufficient to cover the cost of providing this transportation. Furthermore, a local board may refuse to provide transportation under this subsection if it demonstrates there is no available space on buses it intends to operate during the term of the contract or it would not be practically feasible to provide this transportation.

(i) Assets. — Upon dissolution of the charter school or upon the nonrenewal of the charter, all net assets of the charter school purchased with public funds shall be deemed the property of the local school administrative unit in which the charter school is located.

(j) **(See Editor's Note)** Driving Eligibility Certificates. — In accordance with rules adopted by the State Board of Education, the designee of the school's board of directors shall do all of the following:

(1) Sign driving eligibility certificates that meet the conditions established in G.S. 20-11.

(2) Obtain the necessary written, irrevocable consent from parents, guardians, or emancipated juveniles, as appropriate, in order to disclose information to the Division of Motor Vehicles.

(3) Notify the Division of Motor Vehicles when a student who holds a driving eligibility certificate no longer meets its conditions.

(k) The Display of the United States and North Carolina Flags and the Recitation of the Pledge of Allegiance. — A charter school shall (i) display the United States and North Carolina flags in each classroom when available, (ii) require the recitation of the Pledge of Allegiance on a daily basis, and (iii) provide age-appropriate instruction on the meaning and historical origins of the flag and the Pledge of Allegiance. A charter school shall not compel any person to stand, salute the flag, or recite the Pledge of Allegiance. If flags are donated or are otherwise available, flags shall be displayed in each classroom. (1995 (Reg. Sess., 1996), c. 731, s. 2; 1997-430, s. 5; 1997-443, s. 8.19; 1997-456, s. 55.4; 1998-212, s. 9.14A(a); 1999-243, s. 8; 2001-462, s. 1; 2004-118, s. 3; 2004-203, s. 45(b); 2006-69, s. 3(e); 2006-137, s. 2.)

Effect of Amendments. —

Session Laws 2006-69, s. 3(e), effective July 10, 2006, substituted "disabilities" for "special needs" in subdivision (d)(4).

Session Laws 2006-137, s. 2, effective July 19, 2006, added subsection (k).

§ 115C-238.29H. State and local funds for a charter school.

(a) The State Board of Education shall allocate to each charter school:

(1) An amount equal to the average per pupil allocation for average daily membership from the local school administrative unit allotments in which the charter school is located for each child attending the charter school except for the allocation for children with disabilities and for the allocation for children with limited English proficiency;

(2) An additional amount for each child attending the charter school who is a child with disabilities; and

(3) An additional amount for children with limited English proficiency attending the charter school, based on a formula adopted by the State Board.

In accordance with G.S. 115C-238.29D(d), the State Board shall allow for annual adjustments to the amount allocated to a charter school based on its enrollment growth in school years subsequent to the initial year of operation.

In the event a child with disabilities leaves the charter school and enrolls in a public school during the first 60 school days in the school year, the charter school shall return a pro rata amount of funds allocated for that child to the State Board, and the State Board shall reallocate those funds to the local school administrative unit in which the public school is located. In the event a child with disabilities enrolls in a charter school during the first 60 school days in the school year, the State Board shall allocate to the charter school the pro rata amount of additional funds for children with disabilities.

(a1) Funds allocated by the State Board of Education may be used to enter into operational and financing leases for real property or mobile classroom units for use as school facilities for charter schools and may be used for payments on loans made to charter schools for facilities or equipment. However, State funds shall not be used to obtain any other interest in real property or mobile classroom units. Article 17.

Supporting Services.

Part 1. Transportation.

§ 115C-242. Use and operation of school buses.

Public school buses may be used for the following purposes only, and it shall be the duty of the superintendent of the school of each local school administrative unit to supervise the use of all school buses operated by such local school administrative unit so as to assure and require compliance with this section:

(1) A school bus may be used for the transportation of pupils enrolled in and employees in the operation of the school to which such bus is assigned by the superintendent of the local school administrative unit. Except as otherwise herein provided, such transportation shall be limited to transportation to and from such school for the regularly organized school day, and from and to the points designated by the principal of the school to which such bus is assigned, for the receiving

and discharging of passengers. No pupil or employee shall be so transported upon any bus other than the bus to which such pupil or employee has been assigned pursuant to the provisions of this Article: Provided, that children enrolled in a Headstart program or any More at Four program may be transported on public school buses, and any additional costs associated with such contractual arrangements shall be incurred by the benefitting Head Start or More at Four program: Provided further, that children with disabilities may be transported to and from the nearest appropriate private school having a special education program approved by the State Board of Education if the children to be transported are or have been placed in that program by a local school administrative unit as a result of the State or the unit's duty to provide such children with a free appropriate public education.

(2) In the case of illness or injury requiring immediate medical attention of any pupil or employee while such pupil or employee is present at the school in which such pupil is enrolled or such employee is employed, the principal of such school may, in his discretion, permit such pupil or employee to be transported by a school bus to a doctor or hospital for medical treatment, and may, in his discretion, permit such other person as he may select to accompany such pupil.

(3) The board of education of any local school administrative unit may operate the school buses of such unit one day prior to the opening of the regular school term for the transportation of pupils and employees to and from the school to which such pupils are assigned or in which they are enrolled and such employees are employed, for the purposes of the registration of students, the organization of classes, the distribution of textbooks, and such other purposes as will, in the opinion of the superintendent of the schools of such unit, promote the efficient organization and operation of such public schools.

(4) A local board of education which elects to operate a school bus transportation system, shall not be required to provide transportation for any school employee, nor shall such board be required to provide transportation for any pupil living within one and one half miles of the school in which such pupil is enrolled.

(5) Local boards of education, under rules adopted by the State Board of Education, may permit the use and operation of school buses for the transportation of pupils and instructional personnel as the board deems necessary to serve the instructional programs of the schools. Included in the use permitted by this section is the transportation of children with disabilites, and children enrolled in programs that require transportation from the school grounds during the school day, such as special vocational or occupational programs. On any such trip, a city or county-owned school bus shall not be taken out of the State.

If State funds are inadequate to pay for the transportation approved by the local board of education, local funds may be used for these purposes. Local boards of education shall determine that funds are available to such boards for the transportation of children to and from the school to which they are assigned for the entire school year before authorizing the use and operation of school buses for other services deemed necessary to serve the instructional program of the schools.

Children with disabilities may be transported to and from the nearest appropriate private school having a special education program approved by the State Board of Education if the children to be transported have been placed in that program by a local school administrative unit as a result of the State or the unit's duty to provide those children with a free appropriate public education.

(6) School buses owned by a local board of education may be used for emergency management purposes in any state of disaster or local state of emergency declared under Chapter 166A of the General Statutes. Under rules and regulations adopted by a local board of education, its school buses may be used with its permission for the purpose of testing emergency management plans; however, neither the State Board of Education nor the local board of education shall be liable for the operating cost, any compensation claims or any tort claims resulting from the test.

(7) Uses authorized by G.S. 115C-243. (1955, c. 1372, art. 21, s. 4; 1957, c. 1103; 1969, c. 47; 1973, c. 869; 1977, c. 830, ss. 2, 3; 1977, 2nd Sess., c. 1280, s. 2; 1979, c. 885; 1981, c. 423, s. 1; 1983, c. 630, s. 7; c. 768, s. 8; 1987, c. 827, s. 49; 2006-66, s. 7.18(i); 2006-69, s. 3(g).)

Editor's Note. — Session Laws 2006-66, s. 1.2, provides: "This act shall be known as 'The Current Operations and Capital Improvements Appropriations Act of 2006'."

§ 115C-243. Use of school buses by senior citizen groups.

(a) Any local board of education may enter into agreements with the governing body of any county, city, or town, or with any State agency, or any agency established or identified pursuant to Public Law 89-73, Older Americans Act of 1965, to provide for the use of school buses to provide transportation for the elderly.

(b) Each agreement entered into under this section must provide the following:

(1) That the board of education shall be reimbursed in full for the proportionate share of any and all costs, both fixed and variable, of such buses attributable to the uses of the bus pursuant to the agreement.

(2) That the board of education shall be held harmless from any and all liability by virtue of uses of the buses pursuant to the agreement.

(3) That adequate liability insurance is maintained under G.S. 115C-42 to insure the board of education, and that adequate insurance is maintained to protect the property of the board of education. The minimum limit of liability insurance shall not be less than the maximum amount of damages which may be awarded under the Tort Claims Act, G.S. 143-291. The costs of said insurance shall be paid by the agency contracting for the use of the bus, either directly or through the fee established by the agreement.

(c) Before any board of education shall enter into any agreement under this section, it must by resolution establish a policy for use of school buses by the elderly. The policy must give first priority to school uses under G.S. 115C-242 and 115C-42. The resolution must provide for a schedule of charges under this section. Such resolution, if adopted, shall be amended or readopted at least once per year to provide for adjustments to the schedule of charges or to provide for maintaining the same schedule of charges. If the price bid for the service by a private bus carrier is less than the schedule of charges adopted by the board of education, then the board of education may not enter into the agreement.

(d) No board of education shall be under any duty to sign any agreement under this section.

(e) No bus operated under the provisions of this section shall travel outside of the area consisting of the county or counties where the local board of education is located and the county or counties contiguous to that county or counties, but not outside of the State of North Carolina.

(f) **(Effective until July 1, 2007)** Before any agreement under this section may be signed, the State Board of Education shall adopt a uniform schedule of charges for the use of buses under this section. Such schedule shall include a charge by the hour and by the mile which shall cover all costs both fixed and variable, including depreciation, gasoline, fuel, labor, maintenance, and insurance. The schedule may be amended by the State Board of Education. The schedule of charges adopted by the local board of education under subsection (c) may vary from the State schedule only to cover changes in wages. Prior to taking any action under this subsection, the State Board of Education may consult with the Advisory Budget Commission.

(f) **(Effective July 1, 2007)** Before any agreement under this section may be signed, the State Board of Education shall adopt a uniform schedule of charges for the use of buses under this section. The schedule may be amended by the State Board of Education. The schedule of charges adopted by the local board of education under subsection (c) may vary from the State schedule only to cover changes in wages. (1977, 2nd Sess., c. 1280, s. 1; 1981, c. 423, s. 1; 1983, c. 717, s. 92; 1985 (Reg. Sess., 1986), c. 955, ss. 17, 18; 2006-203, s. 32.)

Subsection (f) Set Out Twice. — The first version of subsection (f) set out above is effective until July 1, 2007. The second version of subsection (f) set out above is effective July 1, 2007.

§ 115C-247. Purchase of activity buses by local boards.

The several local boards of education in the State are hereby authorized and empowered to take title to school buses purchased with local or community funds for the purpose of transporting pupils to and from athletic events and for other local school activity purposes, and commonly referred to as activity buses.

Each local board of education that operates activity buses shall adopt a policy relative to the proper use of the vehicles. The policy shall permit the use of these buses for travel to athletic events during the regular season and playoffs and for travel to other school-sponsored activities.

The provisions of G.S. 115C-42 shall be fully applicable to the ownership and operation of such activity school buses. Activity buses may also be used as provided in G.S. 115C-243. (1955, c. 1256; 1957, c. 685; 1959, c. 573, s. 2; 1961, c. 1102, s. 4; 1977, 2nd Sess., c. 1280, s. 3; 1981, c. 423, s. 1; 2006-208, s. 1.)

Editor's Note. — Session Laws 2006-208, s. 2, provides: "The Department of Public Instruction, in cooperation with the Department of Transportation, shall develop a program for issuing a statewide permit to commercial motor coach companies that seek to contract with local school systems for the transportation of students, school personnel, and other persons authorized by the school system for school-sponsored trips. This program is intended to provide commercial motor coach companies with a single permit that can be used statewide and will be an alternative to the current system that requires motor coach companies to meet the varying requirements of each school system that they contract with for such transportation services. The Department of Public Instruction shall review and amend the recommended guidelines and procedures for school charter transportation, adopted by the School Charter Transportation Safety Committee in December 2004, to meet the requirements of the new permit program.

"The requirements of the program shall include, but not be limited to, all of the following:

"(1) The motor coach company demonstrates compliance with the Federal Motor Carrier Safety Regulations (FMCSR) as evidenced by a prior on-site examination of its motor carrier operation in which the company received a safety fitness rating of "satisfactory" in accordance with 49 C.F.R. Part 385.

"(2) The previously issued "satisfactory" safety rating is current at the time the local board of education contracts for services.

"(3) The motor coach company has not had an out-of-service order issued against it within the prior 12 months.

"(4) The requirement that the motorcoach companies adhere to the motor vehicle laws of the jurisdiction in which they are operating.

"(5) The collection of a reasonable fee to offset the costs of implementing and maintaining the program.

"(6) The consideration of the needs of schools that serve large populations of students with special needs.

"The Department of Public Instruction, in establishing the program, shall consult with the North Carolina State Highway Patrol, the North Carolina School Boards Association, the Federal Motor Carrier Safety Administration, the North Carolina Motorcoach Association, the North Carolina PTA, and other interested parties to discuss the proposed requirements of the program.

"The Department of Public Instruction shall report to the Joint Legislative Education Oversight Committee by November 15, 2006, on development of the program. The Committee shall report its findings, together with any recommended legislation, including the amount of any reasonable fees, to the 2007 General Assembly upon its convening."

At the option of the local board of education with the concurrence of the State Board of Education, funds appropriated to the State Board of Education for contract transportation of children with disabilities may be used to purchase buses and minibuses as well as for the purposes authorized in the budget. The State Board of Education shall adopt rules concerning the construction and equipment of these buses and minibuses.

The Departments of Health and Human Services, Juvenile Justice and Delinquency Prevention, and Correction may also expend public funds for transportation of children with disabilities who are unable because of their disability to ride the regular school buses and who have been placed in programs by one of these agencies as a part of that agency's duty to provide these children with a free appropriate public education under Article 9 of this Chapter.

If a local area mental health center places a child with a disability in an educational program, the local area mental health center shall pay for the transportation of the child who is unable due to the disability to ride the regular school buses to the program.

(b) Funds appropriated for the transportation of children with disabilities may be used to pay transportation safety assistants employed in accordance with G.S. 115C-245(e) for buses to which children with disabilities are assigned. (1955, c. 1372, art. 21, s. 6; 1973, c. 1351, s. 1; 1975, c. 678, ss. 9, 10; 1977, c. 830, s. 1; 1979, c. 719, ss. 1-4; 1979, 2nd Sess., c. 1156; 1981, c. 423, s.

The State Board of Education shall require each applicant for an initial certificate or graduate certificate to demonstrate the applicant's academic and professional preparation by achieving a prescribed minimum score at least equivalent to that required by the Board on November 30, 1972, on a standard examination appropriate and adequate for that purpose. If the Board shall specify the National Teachers Examination for this purpose, the required minimum score shall not be lower than that which the Board required on November 30, 1972. The Board shall not issue provisional certificates for principals.

The Board shall issue a one-year provisional assistant principal's certificate to an employee of a local board only if: (i) the local board determines there is a shortage of persons who hold or are qualified to hold a principal's certificate and the employee enrolls in an approved program leading to a masters degree in school administration before the provisional certificate expires; or (ii) the employee is enrolled in an approved masters in school administration program and is participating in the required internship under the masters program. Editor's Note. — This section was formerly codified as G.S. 116-30.01. It was recodified as G.S. 115C-296.4 by Session Laws 2006-66, s. 9.17(c), effective January 1, 2007, except that the General Assembly and the Governor may make appointments prior to that date for terms to begin January 1, 2007.

This transfer shall have all of the elements of a Type II transfer, as that term is defined in G.S. 143A-6(b). § 115C-301.1. Duty-free instructional planning time.

All full-time assigned classroom teachers shall be provided duty-free instructional planning time during regular student contact hours. The duty-free instructional planning time shall be provided to the maximum extent that (i) the safety and proper supervision of children may allow during regular student contact hours and (ii) insofar as funds are provided for this purpose by the General Assembly. If the safety and supervision of children does not allow duty-free instructional planning time during regular student contact hours for a given teacher, the funds provided by the General Assembly for the duty-free instructional planning time for that teacher shall revert to the general fund. Principals shall not unfairly burden a given teacher by making that teacher give up his or her duty-free instructional planning time on an ongoing, regular basis without the consent of the teacher. (1983, c. 761, s. 88; 1999-163, s. 1; 2006-153, s. 3.)

CASE NOTES

II. Probationary Teachers.
VII. Judicial Review.

II. PROBATIONARY TEACHERS.

Nonrenewals Upheld. —

In deciding not to renew a teacher's contract, a school board satisfied its duties to determine the substantive basis for the recommendation of nonrenewal and to ensure that the nonrenewal was not for a prohibited reason; the administrative record showed that the teacher's contract was not renewed because the teacher threatened to be a counterproductive force concerning faculty morale, based upon several instances of the teacher's conduct. Davis v. Macon County Bd. of Educ., — N.C. App. —, 632 S.E.2d 590, 2006 N.C. App. LEXIS 1644 (2006).

VII. JUDICIAL REVIEW.

Standards for Review. —

When a teacher claimed that her contract had not been renewed because of personal reasons, the trial court properly applied a whole-record standard of review; the school board's motivation in not renewing the contract was an issue of fact. Davis v. Macon County Bd. of Educ., — N.C. App. —, 632 S.E.2d 590, 2006 N.C. App. LEXIS 1644 (2006).

In determining whether a school board properly determined not to renew a teacher's contract under G.S. 115C-325(m)(2), the trial court had looked at all of the evidence and determined that there was substantial evidence to support the board's determination, even without inaccurate information contained in a memorandum; in doing so, it had properly applied the whole record test to the evidence presented to the board, and this justified its later denial of the teacher's motion for reconsideration. Davis v. Macon County Bd. of Educ., — N.C. App. —, 632 S.E.2d 590, 2006 N.C. App. LEXIS 1644 (2006).

Teacher Enhancement Program.

Part 2. North Carolina Teaching Fellows Commission.

§ 115C-363.23A. Teaching Fellows Program established; administration.

(a) A Teaching Fellows Program shall be administered by the North Carolina Teaching Fellows Commission. The Teaching Fellows Program shall be used to provide a four-year scholarship loan of six thousand five hundred dollars ($6,500) per year to North Carolina high school seniors interested in preparing to teach in the public schools of the State. The Commission shall adopt very stringent standards, including minimum grade point average and scholastic aptitude test scores, for awarding these scholarship loans to ensure that only the best high school seniors receive them.

(b) The Commission shall administer the program in cooperation with teacher training institutions selected by the Commission. Teaching Fellows should be exposed to a range of extra-curricular activities while in college. These activities should be geared to instilling a strong motivation not only to remain in teaching but to provide leadership for tomorrow's schools.

(c) The Commission shall form regional review committees to assist it in identifying the best high school seniors for the program. The Commission and the review committees shall make an effort to identify and encourage minority students and students who may not otherwise consider a career in teaching to enter the program.

(d) All scholarship loans shall be evidenced by notes made payable to the Commission that shall bear interest at the rate of ten percent (10%) per year beginning September 1 after completion of the program, or immediately after termination of the scholarship loan, whichever is earlier. The scholarship loan may be terminated by the recipient withdrawing from school or by the recipient not meeting the standards set by the Commission.

(e) The Commission shall forgive the loan if, within seven years after graduation, the recipient teaches for four years at a North Carolina public school or at a school operated by the United States government in North Carolina. The Commission shall also forgive the loan if, within seven years after graduation, the recipient teaches for three consecutive years, unless the recipient takes an approved leave of absence, at a North Carolina public school in a local school administrative unit that, at the time the recipient accepts employment with the unit, is a low-performing school system identified in accordance with Article 6A of this Chapter or is on warning status as defined by the State Board of Education. The Commission shall also forgive the loan if it finds that it is impossible for the recipient to teach for four years, within seven years after graduation, at a North Carolina public school or at a school operated by the United States government in North Carolina, because of the death or permanent disability of the recipient.

(f) All funds appropriated to or otherwise received by the Teaching Fellows Program for scholarships, all funds received as repayment of scholarship loans, and all interest earned on these funds, shall be placed in a revolving fund. This revolving fund shall be used for scholarship loans granted under the Teaching Fellows Program. With the prior approval of the General Assembly in the Current Operations Appropriations Act, the revolving fund may also be used for campus and summer program support, and costs related to disbursement of awards and collection of loan repayments.

With the prior approval of the General Assembly in the Current Operations Appropriations Act, the revolving fund may also be used by the Public School Forum, as administrator for the Teaching Fellows Program, for costs associated with administration of the Teaching Fellows Program.

(g) The State Education Assistance Authority is responsible for the collection of a loan awarded under this section if the loan repayment is outstanding for more than 30 days. (1985 (Reg. Sess., 1986), c. 1014, s. 63(a); 1989 (Reg. Sess., 1990), c. 1066, s. 101(a), (b); 1991 (Reg. Sess., 1992), c. 1030, s. 29; 1993, c. 330, s. 1; 1998-212, s. 9.19(a); 1999-237, s. 8.12; 2002-126, ss. 9.2(c), (d); 2006-66, s. 7.19(a).)

Session Laws 2006-66, s. 28.6 is a severability clause.

Effect of Amendments. — Session Laws 2006-66, s. 7.19(a), effective July 1, 2006, rewrote the second paragraph of subsection (f).

SUBCHAPTER VI. STUDENTS.

Article 25.

Admission and Assignment of Students.

§ 115C-366. Assignment of student to a particular school.

(a) All students under the age of 21 years who are domiciled in a school administrative unit who have not been removed from school for cause, or who have not obtained a high school diploma, are entitled to all the privileges and advantages of the public schools to which they are assigned by the local boards of education. The assignment of students living in one local school administrative unit or district to a school located in another local school administrative unit or district, shall have no effect upon the right of the local school administrative unit or district to which the students are assigned to levy and collect any supplemental tax heretofore or hereafter voted in that local school administrative unit or district.

(a1) Children living in and cared for and supported by an institution established, operated, or incorporated for the purpose of rearing and caring for children who do not live with their parents are considered legal residents of the local school administrative unit in which the institution is located. These children are eligible for admission to the public schools of the local school administrative unit as provided in this section.

(a2) It is the policy of the State that every child of a homeless individual and every homeless child and youth has access to a free, appropriate public education. The State Board of Education and every local board of education shall ensure compliance with the federal McKinney-Vento Homeless Education Assistance Improvements Act of 2001. A local board of education shall not charge a homeless child or youth tuition for enrollment. An unaccompanied youth or a homeless child's or youth's parent, guardian, or legal custodian may apply to the State Board of Education for a determination of whether a particular local board of education shall enroll the homeless child or youth, and this determination shall be binding on the local board of education, subject to judicial review.

(a3) A student who is not a domiciliary of a local school administrative unit may attend, without the payment of tuition, the public schools of that unit if all of the following apply:

(1) The student resides with an adult, who is a domiciliary of that unit, as a result of any one of the following:
  a. The death, serious illness, or incarceration of a parent or legal guardian,
  b. The abandonment by a parent or legal guardian of the complete control of the student as evidenced by the failure to provide substantial financial support and parental guidance,
  c. Abuse or neglect by the parent or legal guardian,
  d. The physical or mental condition of the parent or legal guardian is such that he or she cannot provide adequate care and supervision of the student,
  e. The relinquishment of physical custody and control of the student by the student's parent or legal guardian upon the recommendation of the department of social services or the Division of Mental Health, or
  f. The loss or uninhabitability of the student's home as the result of a natural disaster.
(2) The student is not currently under a term of suspension or expulsion from a school for conduct that could have led to a suspension or an expulsion from the local school administrative unit.
(3) The caregiver adult and the student's parent, guardian, or legal custodian have each completed and signed separate affidavits that:
  a. Confirm the qualifications set out in this subsection establishing the student's residency,
  b. Attest that the student's claim of residency in the unit is not primarily related to attendance at a particular school within the unit, and
  c. Attest that the caregiver adult has been given and accepts responsibility for educational decisions for the student.

If the student's parent, guardian, or legal custodian is unable, refuses, or is otherwise unavailable to sign the affidavit, then the caregiver adult shall attest to that fact in the affidavit. If the student is a minor, the caregiver adult must make educational decisions concerning the student and has the same legal authority and responsibility regarding the student as a parent or legal custodian would have even if the parent, guardian, or legal custodian does not sign the affidavit. The minor student's parent, legal guardian, or legal custodian retains liability for the student's acts.

Upon receipt of both affidavits or an affidavit from the caregiver adult that includes an attestation that the student's parent, guardian, or legal custodian is unable, refuses, or is otherwise unavailable to sign an affidavit, the local board shall admit and assign as soon as practicable the student to an appropriate school, as determined under the local board's school assignment policy, pending the results of any further procedures for verifying eligibility for attendance and assignment within the local school administrative unit.

If it is found that the information contained in either or both affidavits is false, then the local board may, unless the student is otherwise eligible for school attendance under other laws or local board policy, remove the student from school. If a student is removed from school, the board shall provide an opportunity to appeal the removal under the appropriate policy of the local board and shall notify any person who signed the affidavit of this opportunity. If it is found that a person willfully and knowingly provided false information in the affidavit, the maker of the affidavit shall be guilty of a Class 1 misdemeanor and shall pay to the local board an amount equal to the cost of educating the student during the period of enrollment. Repayment shall not include State funds.

Affidavits shall include, in large print, the penalty, including repayment of the cost of educating the student, for providing false information in an affidavit.

(a4) When a student transfers into the public schools of a local school administrative unit, that local board shall require the student's parent, guardian, or legal custodian to provide a statement made under oath or affirmation before a qualified official indicating whether the student is, at the time, under suspension or expulsion from attendance at a private or public school in this or any other state or has been convicted of a felony in this or any other state. This subsection does not apply to the enrollment of a student who has never been enrolled in or attended a private or public school in this or any other state.

(a5) Notwithstanding any other law, a local board may deny admission to or place reasonable conditions on the admission of a student who has been suspended from a school under G.S. 115C-391 or who has been suspended from a school for conduct that could have led to a suspension from a school within the local school administrative unit where the student is seeking admission until the period of suspension has expired. Also, a local board may deny admission to or place reasonable conditions on the admission of a student who has been expelled from a school under G.S. 115C-391 or who has been expelled from a school for behavior that indicated the student's continued presence in school constituted a clear threat to the safety of other students or employees or who has been convicted of a felony in this or any other state. If the local board denies admission to a student who has been expelled or convicted of a felony, the student may request the local board to reconsider that decision in accordance with G.S. 115C-391(d).

(a6) A child who is placed in or assigned to a licensed facility is eligible for admission, without the payment of tuition, to the public schools of the local school administrative unit in which the licensed facility is located. If an agency or person, other than the student's parent or guardian, is the student's legal custodian and if that person or agency placed or assigned the student to a licensed facility under this subsection, then that agency or person must provide in writing to the school the name, address, and phone number of the individual who has authority and the responsibility to make educational decisions for the student. This individual shall reside or be employed within the local school administrative unit and shall provide in writing to the school a signed statement that the individual understands and accepts this authority and responsibility to make educational decisions for the student. If the student's parent or legal guardian retains legal custody of a child who is placed in or assigned to a licensed facility under this subsection, then the requirements of subsection (a3) of this section must be met.

(a7) A student who is a resident of a local school administrative unit because the student resides with a parent, guardian, or legal custodian who is a (i) student, employee, or faculty member of a college or university or (ii) visiting scholar at the National Humanities Center is considered domiciled in that unit for purposes of this section.

(a8) A student is considered domiciled in a local school administrative unit for purposes of this section if the student resides (i) with a legal custodian who is not the student's parent or guardian and the legal custodian is domiciled in the local school administrative unit, or (ii) in a preadoptive home following placement by a county department of social services or a licensed child-placing agency.

(b) Each local board of education shall assign to a public school each student qualified for assignment under this section. Except as otherwise provided by law, the authority of each board of education in the matter of assignment of children to the public schools shall be full and complete, and its decision as to the assignment of any child to any school shall be final.

(c) Any child who is qualified under the laws of this State for admission to a public school and who has a place of residence in a local school administrative unit incident to the child's parent's or guardian's service in the General Assembly, other than the local school administrative unit in which the child is domiciled, is entitled to attend school in the local school administrative unit of that residence as if the child were domiciled there, subject to the payment of applicable out-of-county fees in effect at the time.

(d) A student domiciled in one local school administrative unit may be assigned either with or without the payment of tuition to a public school in another local school administrative unit upon the terms and conditions agreed to in writing between the local boards of education involved and entered in the official records of the boards. The assignment shall be effective only for the current school year, but may be renewed annually in the discretion of the boards involved.

(e) The boards of education of adjacent local school administrative units may operate schools in adjacent units upon written agreements between the respective boards of education and approval by the county commissioners and the State Board of Education.

(f) This section shall not be construed to allow students to transfer from one local school administrative unit to another for athletic participation purposes in violation of eligibility requirements established by the State Board of Education and the North Carolina High School Athletic Association.

(g) Any local school administrative unit may use the actual address of a program participant for any purpose related to admission or assignment under this Article as long as the address is kept confidential from the public under Chapter 15C of the General Statutes. The substitute address designated by the Attorney General under the Address Confidentiality Program shall not be used as an address for admission or assignment purposes.

(2) Caregiver adult. — The adult with whom the child resides. For children placed or assigned in a licensed facility, a caregiver adult also may be the child's caretaker, foster parent, or other clearly identifiable adult who resides in the county where the licensed facility is located.

Special Medical Needs of Students.

§ 115C-375.1. To provide some medical care to students.

It is within the scope of duty of teachers, including substitute teachers, teacher assistants, student teachers, or any other public school employee when authorized by the board of education or its designee, (i) to administer any drugs or medication prescribed by a doctor upon written request of the parents, (ii) to give emergency health care when reasonably apparent circumstances indicate that any delay would seriously worsen the physical condition or endanger the life of the pupil, and (iii) to perform any other first aid or lifesaving techniques in which the employee has been trained in a program approved by the State Board of Education. No employee, however, shall be required to administer drugs or medication or attend lifesaving techniques programs.

Any public school employee, authorized by the board of education or its designee to act under (i), (ii), or (iii) above, shall not be liable in civil damages for any authorized act or for any omission relating to that act unless the act or omission amounts to gross negligence, wanton conduct, or intentional wrongdoing. Any person, serving in a voluntary position at the request of or with the permission or consent of the board of education or its designee, who has been given the authority by the board of education or its designee to act under (ii) above shall not be liable in civil damages for any authorized act or for any omission relating to the act unless the act amounts to gross negligence, wanton conduct, or intentional wrongdoing.

At the commencement of each school year, but before the beginning of classes, and thereafter as circumstances require, the principal of each school shall determine which persons will participate in the medical care program. (2005-22, s. 2(b); 2006-264, ss. 57(a), (c).)

(a) Local boards of education shall adopt a policy authorizing a student with asthma or a student subject to anaphylactic reactions, or both, to possess and self-administer asthma medication on school property during the school day, at school-sponsored activities, or while in transit to or from school or school-sponsored events. As used in this section, "asthma medication" means a medicine prescribed for the treatment of asthma or anaphylactic reactions and includes a prescribed asthma inhaler or epinephrine auto-injector. The policy shall include a requirement that the student's parent or guardian provide to the school:

(1) Written authorization from the student's parent or guardian for the student to possess and self-administer asthma medication.

(2) A written statement from the student's health care practitioner verifying that the student has asthma or an allergy that could result in an anaphylactic reaction, or both, and that the health care practitioner prescribed medication for use on school property during the school day, at school-sponsored activities, or while in transit to or from school or school-sponsored events.

(3) A written statement from the student's health care practitioner who prescribed the asthma medication that the student understands, has been instructed in self-administration of the asthma medication, and has demonstrated the skill level necessary to use the asthma medication and any device that is necessary to administer the asthma medication.

(4) A written treatment plan and written emergency protocol formulated by the health care practitioner who prescribed the medicine for managing the student's asthma or anaphylaxis episodes and for medication use by the student.

(5) A statement provided by the school and signed by the student's parent or guardian acknowledging that the local school administrative unit

and its employees and agents are not liable for an injury arising from a student's possession and self-administration of asthma medication.

(6) Other requirements necessary to comply with State and federal laws.

(b) The student must demonstrate to the school nurse, or the nurse's designee, the skill level necessary to use the asthma medication and any device that is necessary to administer the medication.

(c) The student's parent or guardian shall provide to the school backup asthma medication that shall be kept at the student's school in a location to which the student has immediate access in the event of an asthma or anaphylaxis emergency.

(d) Information provided to the school by the student's parent or guardian shall be kept on file at the student's school in a location easily accessible in the event of an asthma or anaphylaxis emergency.

(e) If a student uses asthma medication prescribed for the student in a manner other than as prescribed, a school may impose on the student disciplinary action according to the school's disciplinary policy. A school may not impose disciplinary action that limits or restricts the student's immediate access to the asthma medication.

(f) The requirement that permission granted for a student to possess and self-administer asthma medication shall be effective only for the same school and for 365 calendar days and must be renewed annually.

(g) No local board of education, nor its members, employees, designees, agents, or volunteers, shall be liable in civil damages to any party for any act authorized by this section, or for any omission relating to that act, unless that act or omission amounts to gross negligence, wanton conduct, or intentional wrongdoing. (2005-22, s. 1; 2006-264, s. 57(b).)

Effect of Amendments. — Session Laws 2006-264, s. 57(b), effective August 27, 2006, substituted "this section" for "this subsection" in subsection (g).

§ 115C-375.5. Education for pregnant and parenting students.

(a) Pregnant and parenting students shall receive the same educational instruction or its equivalent as other students. A local school administrative unit may provide programs to meet the special scheduling and curriculum needs of pregnant and parenting students. However, student participation in these programs shall be voluntary, and the instruction and curriculum must be comparable to that provided other students.

(b) Local boards of education shall adopt a policy to ensure that pregnant and parenting students are not discriminated against or excluded from school or any program, class, or extracurricular activity because they are pregnant or parenting students. The policy shall include, at a minimum, all of the following:

(1) Local school administrative units shall use, as needed, supplemental funds from the At-Risk Student Services allotment to support programs for pregnant and parenting students.

(2) Notwithstanding Part 1 of Article 26 of this Chapter, pregnant and parenting students shall be given excused absences from school for pregnancy and related conditions for the length of time the student's physician finds medically necessary. This includes absences due to the illness or medical appointment during school hours of a child of whom the student is the custodial parent.

(3) Homework and make-up work shall be made available to pregnant and parenting students to ensure that they have the opportunity to keep current with assignments and avoid losing course credit because

of their absence from school and, to the extent necessary, a homebound teacher shall be assigned. (2006-69, s. 4(a).)

Editor's Note. — Session Laws 2006-69, ss. 4, 7 made this section effective July 10, 2006, and applicable beginning with the 2006-2007 school year.

ARTICLE 27.

Discipline.

§ 115C-391. Corporal punishment, suspension, or expulsion of pupils.

(a) Local boards of education shall adopt policies not inconsistent with the provisions of the Constitutions of the United States and North Carolina, governing the conduct of students and establishing procedures to be followed by school officials in suspending or expelling any student, or in disciplining any student if the offensive behavior could result in suspension, expulsion, or the administration of corporal punishment. Local boards of education shall include a reasonable dress code for students in these policies.

The policies that shall be adopted for the administration of corporal punishment shall include at a minimum the following conditions:

(1) Corporal punishment shall not be administered in a classroom with other children present;
(2) The student body shall be informed beforehand what general types of misconduct could result in corporal punishment;
(3) Only a teacher, substitute teacher, principal, or assistant principal may administer corporal punishment and may do so only in the presence of a principal, assistant principal, teacher, substitute teacher, teacher assistant, or student teacher, who shall be informed beforehand and in the student's presence of the reason for the punishment; and
(4) An appropriate school official shall provide the child's parent or guardian with notification that corporal punishment has been administered, and upon request, the official who administered the corporal punishment shall provide the child's parent or guardian a written explanation of the reasons and the name of the second school official who was present.

Each local board shall publish all the policies mandated by this subsection and make them available to each student and his parent or guardian at the beginning of each school year. Notwithstanding any policy adopted pursuant to this section, school personnel may use reasonable force, including corporal punishment, to control behavior or to remove a person from the scene in those situations when necessary:

(1) To quell a disturbance threatening injury to others;
(2) To obtain possession of weapons or other dangerous objects on the person, or within the control, of a student;
(3) For self-defense;
(4) For the protection of persons or property; or
(5) To maintain order on school property, in the classroom, or at a school-related activity on or off school property.

(b) The principal of a school, or his delegate, shall have authority to suspend for a period of 10 days or less any student who willfully violates policies of conduct established by the local board of education: Provided, that a student suspended pursuant to this subsection shall be provided an opportunity to take any quarterly, semester or grading period examinations missed during the suspension period.

(c) The principal of a school, with the prior approval of the superintendent, shall have the authority to suspend for periods of times in excess of 10 school days but not exceeding the time remaining in the school year, any pupil who willfully violates the policies of conduct established by the local board of education. The pupil or his parents may appeal the decision of the principal to the local board of education.

(d) Notwithstanding G.S. 115C-378, a local board of education may, upon recommendation of the principal and superintendent, expel any student 14 years of age or older whose behavior indicates that the student's continued presence in school constitutes a clear threat to the safety of other students or employees. The local board of education's decision to expel a student under this section shall be based on clear and convincing evidence. Prior to ordering the expulsion of a student pursuant to this subsection, the local board of education shall consider whether there is an alternative program offered by the local school administrative unit that may provide education services for the student who is subject to expulsion. At any time after the first July 1 that is at least six months after the board's decision to expel a student under this subsection, a student may request the local board of education to reconsider that decision. If the student demonstrates to the satisfaction of the local board of education that the student's presence in school no longer constitutes a threat to the safety of other students or employees, the board shall readmit the student to a school in that local school administrative unit on a date the board considers appropriate.

(d1) A local board of education or superintendent shall suspend for 365 calendar days any student who:

(1) Brings onto educational property or to a school-sponsored curricular or extracurricular activity off educational property, or

(2) Possesses on educational property or at a school-sponsored curricular or extracurricular activity off educational property,

a weapon, as defined in G.S. 14-269.2(b), 14-269.2(b1), 14-269.2(g), and 14-269.2(h). The local board of education upon recommendation by the superintendent may modify this suspension requirement on a case-by-case basis that includes, but is not limited to, the procedures established under Article 9 of this Chapter for the discipline of students with disabilities and may also provide, or contract for the provision of, educational services to any student suspended pursuant to this subsection in an alternative school setting or in another setting that provides educational and other services.

(d2)(1) The superintendent shall, upon recommendation of the principal, remove to an alternative educational setting, as provided in subdivision (4) of this subsection, any student who is at least 13 and who physically assaults and seriously injures a teacher or other school personnel. If no appropriate alternative educational setting is available, then the superintendent shall, upon recommendation of the principal, suspend for no less than 300 days but no more than 365 days any student who is at least 13 and who physically assaults and seriously injures a teacher or other school personnel.

(2) The superintendent may, upon recommendation of the principal, remove to an alternative educational setting any student who is at least 13 and who does one of the following:

a. Physically assaults a teacher or other adult who is not a student.

b. Physically assaults another student if the assault is witnessed by school personnel.

c. Physically assaults and seriously injures another student.

If no appropriate alternative educational setting is available, then the superintendent may, upon recommendation of the principal, suspend this student for up to 365 days.

(3) For purposes of this subsection, the conduct leading to suspension or removal to an alternative educational setting must occur on school property or at a school-sponsored or school-related activity on or off school property. This subsection shall not apply when the student who is subject to suspension or removal was acting in self-defense. If a teacher is assaulted or injured and as a result a student is suspended or removed to an alternative educational setting under this subsection, then the student shall not be returned to that teacher's classroom unless the teacher consents. If a student is suspended under this subsection, the board may assign the student to an alternative educational setting upon the expiration of the period of suspension.

(4) If the superintendent removes the student to an alternative educational setting, as provided in subdivision (1) of this subsection, and the conduct leading to the removal occurred on or before the ninetieth school day, the board shall remove the student to that setting for the remainder of the current school year and the first 90 school days in the following school year. If the superintendent chooses to remove the student to an alternative educational setting, as provided in subdivision (1) of this subsection, and the conduct leading to the removal occurred after the ninetieth school day, the board shall remove the student to that setting for the remainder of the current school year and for the entire subsequent school year. Notwithstanding these requirements, the superintendent may authorize a shorter or longer length of time a student must remain in an alternative educational setting if the superintendent finds this would be more appropriate based upon the recommendations of the principals of the alternative school and the school to which the student will return.

(d3) A local board of education or superintendent shall suspend for 365 calendar days any student who, by any means of communication to any person or group of persons, makes a report, knowing or having reason to know the report is false, that there is located on educational property or at a school-sponsored curricular or extracurricular activity off educational property any device designed to destroy or damage property by explosion, blasting, or burning, or who, with intent to perpetrate a hoax, conceals, places, or displays any device, machine, instrument, or artifact on educational property or at a school-sponsored curricular or extracurricular activity off educational property, so as to cause any person reasonably to believe the same to be a bomb or other device capable of causing injury to persons or property. The local board upon recommendation by the superintendent may modify either suspension requirement on a case-by-case basis that includes, but is not limited to, the procedures established under Article 9 of this Chapter for the discipline of students with disabilities and may also provide, or contract for the provision of, educational services to any student suspended under this subsection in an alternative school setting or in another setting that provides educational and other services. For purposes of this subsection and subsection (d1) of this section, the term "educational property" has the same definition as in G.S. 14-269.2(a)(1).

(d4) A local board of education or superintendent may suspend for up to 365 days any student who:

(1) By any means of communication to any person or group of persons, makes a report, knowing or having reason to know the report is false, that there is located on educational property or at a school-sponsored curricular or extracurricular activity off educational property any device, substance, or material designed to cause harmful or life-threatening illness or injury to another person;

(2) With intent to perpetrate a hoax, conceals, places, disseminates, or displays on educational property or at a school-sponsored curricular

or extracurricular activity off educational property any device, machine, instrument, artifact, letter, package, material, or substance, so as to cause any person reasonably to believe the same to be a substance or material capable of causing harmful or life-threatening illness or injury to another person;

(3) Threatens to commit on educational property or at a school-sponsored curricular or extracurricular activity off educational property an act of terror that is likely to cause serious injury or death, when that threat is intended to cause a significant disruption to the instructional day or a school-sponsored activity or causes that disruption;

(4) Makes a report, knowing or having reason to know the report is false, that there is about to occur or is occurring on educational property or at a school-sponsored curricular or extracurricular activity off educational property an act of terror that is likely to cause serious injury or death, when that report is intended to cause a significant disruption to the instructional day or a school-sponsored activity or causes that disruption; or

(5) Conspires to commit any of the acts described in this subsection.

(d5) When a student is expelled or suspended for more than 10 days, the local board shall give notice to the student's parent or guardian of the student's rights under this section. If English is the second language of the parent or guardian, the notice shall be written in the parent or guardian's first language when the appropriate foreign language resources are readily available and in English, and both versions shall be in plain language and shall be easily understandable.

(e) A decision of a superintendent under subsection (c), (d1), (d2), (d3), or (d4) of this section may be appealed to the local board of education. A decision of the local board upon this appeal or of the local board under subsection (d) or (d1) of this section is final and, except as provided in this subsection, is subject to judicial review in accordance with Article 4 of Chapter 150B of the General Statutes. A person seeking judicial review shall file a petition in the superior court of the county where the local board made its decision.

(f) Local boards of education shall ensure they have clear policies governing the conduct of students. At a minimum, these policies shall state the consequences of violent or assaultive behavior, possessions of weapons, and criminal acts committed on school property or at school-sponsored functions. These policies shall provide that when notice is given to students or parents of a suspension of more than 10 days or expulsion, this notice shall identify what information will be included in the student's official record and the procedure for expungement of this information under G.S. 115C-402. The State Board shall develop guidelines to assist local boards in this process.

(g) Notwithstanding the provisions of this section, the policies and procedures for the discipline of students with disabilities shall be consistent with Article 9 of this Chapter and with federal laws and regulations.

(h) Notwithstanding any other law, no officer or employee of the State Board of Education or of a local board of education shall be civilly liable for using reasonable force, including corporal punishment, in conformity with State law, State or local rules, or State or local policies regarding the control, discipline, suspension, and expulsion of students. Furthermore, the burden of proof is on the claimant to show that the amount of force used was not reasonable. (1955, c. 1372, art. 17, s. 5; 1959, c. 573, s. 12; 1963, c. 1223, s. 5; 1965, c. 584, s. 14; 1971, c. 1158; 1979, c. 874, s. 1; 1981, c. 423, s. 1; 1987, c. 572, ss. 1, 2; c. 827, s. 52; 1989, c. 585, s. 7; 1993, c. 509, s. 4; 1995, c. 293, ss. 1, 2; c. 386, s. 1; 1995 (Reg. Sess., 1996), c. 716, s. 21; 1997-443, s. 8.29(q)(1); 1998-220, ss. 7-9; 1999-257, ss. 6-8; 1999-387, ss. 1-3; 2001-195, s. 2; 2001-244, s. 1; 2001-363, s. 2(c); 2001-487, s. 75; 2001-500, ss. 4, 5, 6.1; 2006-69, s. 3(*l*).)

Effect of Amendments. — Session Laws 2006-69, s. 3(*l*), effective July 10, 2006, added "under Article 9 of this Chapter" following "procedures established" in subsections (d1) and (d3); and inserted "Article 9 of this Chapter and with" preceding "federal laws and regulations" in subsection (g).

CASE NOTES

Due Process Requirements for Prolonged Suspension. —

Due process rights of a student were not violated by a 15-day suspension where the record showed that the student was given notice of the charges, an opportunity to be heard, and an opportunity to examine and cross-examine witnesses. Alexander v. Cumberland County Bd. of Educ., 171 N.C. App. 649, 615 S.E.2d 408, 2005 N.C. App. LEXIS 1366 (2005).

Lack of Jurisdiction Over Short-Term Suspensions. —

Trial court lacks subject matter jurisdiction to review a two-day suspension imposed on a student because neither G.S. 115C-391 nor G.S. 115C-45 allows an appeal of such to a superior court. Alexander v. Cumberland County Bd. of Educ., 171 N.C. App. 649, 615 S.E.2d 408, 2005 N.C. App. LEXIS 1366 (2005).

Equal Protection Argument Failed. — Even though a student failed to preserve an equal protection challenge to a suspension by failing to assign error or present authority, the argument was meritless at any rate under arbitrary and capricious review because there was a gender-neutral reason for a longer suspension; prior incidents of "shanking" at a high school did not result in the exposure of buttocks or genitalia. Alexander v. Cumberland County Bd. of Educ., 171 N.C. App. 649, 615 S.E.2d 408, 2005 N.C. App. LEXIS 1366 (2005).

Substantial evidence supported school board's decision to suspend a student for disruptive behavior, hazing, and disorderly conduct where the student pulled a classmate's pants down in front of other people, exposing her buttocks; the principal testified that having the student present while others talked about the incident could have created a disruption to the learning environment. Alexander v. Cumberland County Bd. of Educ., 171 N.C. App. 649, 615 S.E.2d 408, 2005 N.C. App. LEXIS 1366 (2005).

(3) Physical restraint shall not be considered a reasonable use of force when used solely as a disciplinary consequence.

(4) Nothing in this subsection shall be construed to prevent the use of force by law enforcement officers in the lawful exercise of their law enforcement duties.

(d) Mechanical Restraint:

(1) Mechanical restraint of students by school personnel is permissible only in the following circumstances:

a. When properly used as an assistive technology device included in the student's IEP or Section 504 plan or behavior intervention plan or as otherwise prescribed for the student by a medical or related service provider.

c. As reasonably needed to obtain possession of a weapon or other dangerous objects on a person or within the control of a person.

d. As reasonably needed for self-defense.

e. As reasonably needed to ensure the safety of any student, school employee, volunteer, or other person present.

(2) Except as set forth in subdivision (1) of this subsection, mechanical restraint, including the tying, taping, or strapping down of a student, shall not be considered a reasonable use of force, and its use is prohibited.

ARTICLE 27A.

Management and Placement of Disruptive Students.

§ 115C-397.1. Management and placement of disruptive students.

If, after a teacher has requested assistance from the principal two or more times due to a student's disruptive behavior, the teacher finds that the student's disruptive behavior continues to interfere with the academic achievement of that student or other students in the class, then the teacher may refer the matter to a school-based committee. The teacher may request that additional classroom teachers participate in the committee's proceedings. For the purposes of this section, the committee shall notify the student's parent, guardian, or legal custodian and shall encourage that person's participation in the proceedings of the committee concerning the student. Nothing in this section requires a student to be screened, evaluated, or identified as a child with a disability under Article 9 of this Chapter. The committee shall review the matter and shall take one or more of the following actions: (i) advise the teacher on managing the student's behavior more effectively, (ii) recommend to the principal the transfer of the student to another class within the school, (iii) recommend to the principal a multidisciplinary evaluation of the student, (iv) recommend to the principal that the student be assigned to an alternative learning program, or (v) recommend to the principal that the student receive any additional services that the school or the school unit has the resources to provide for the student. If the principal does not follow the recommendation of the committee, the principal shall provide a written explanation to the committee, the teacher who referred the matter to the committee, and the superintendent, of any actions taken to resolve the matter and of the reason the principal did not follow the recommendation of the committee.

This section shall be in addition to the supplemental to disciplinary action taken in accordance with any other law. The recommendation of the committee is final and shall not be appealed under G.S. 115C-45(c). Nothing in this section shall authorize a student to refer a disciplinary matter to this committee or to have the matter of the student's behavior referred to this committee before any discipline is imposed on the student. (1997-443, s. 8.29(b); 2006-69, s. 3(m).)

Financial Powers of the State Board of Education.

§ 115C-408. Funds under control of the State Board of Education.

CASE NOTES

Duty to Provide School Facilities Is that of Counties. — G.S. 153A-102 did not authorize a county to impose a "school impact fee" upon new residential construction; its plain language limited the power to fix only those fees charged by county officers and employees for performing services or duties permitted or required by law, and under G.S. 115C-408(b), it was the duty of a county itself, not its officers or employees, to provide adequate school facilities. Furthermore, the statute's textual limitations on the power to charge fees indicated that the services were routine, document-oriented tasks. Durham Land Owners Ass'n v. County of Durham, — N.C. § 115C-531. (Repealed effective July 1, 2011) Capital leases of school buildings and school facilities.

(a) Definitions. — The following definitions apply in this section:

(1) Capital lease. — A capital lease as defined by generally accepted accounting principles, regardless of how the parties describe the agreement.

(2) Private developer. — The entity with which the school board enters into a capital lease or build-to-suit lease under the provisions of this section.

(b) Authorization. — Local boards of education may enter into capital leases of real or personal property for use as school buildings or school facilities. The capital lease may relate to an existing building or a new school building to be constructed. The term of any capital lease, including any renewal periods, shall not exceed 40 years from the expected date that the local board of education will take occupancy of the property that is the subject of a capital lease. Subdivisions (c) and (d) of G.S. 115C-521 do not apply to a capital lease entered into under this section.

(c) Construction, Repairs, and Renovation. — The provisions of G.S. 115C-530(b) apply to a capital lease under this section. A capital lease entered into under this section may provide that the private developer is responsible for providing, or contracting for, construction, repair, or renovation work. Construction, repair, or renovation work undertaken or contracted by a private developer is not subject to the requirements of Article 8 of Chapter 143 of the General Statutes. Construction, repair, or renovation work undertaken or contracted by the private developer involving the estimated expenditure of three hundred thousand dollars ($300,000) or more is subject to the provisions of G.S. 115C-532.

(d) Nonsubstitution Clause. — A capital lease may not contain a nonsubstitution clause that restricts the right of a local board to continue to provide a service or activity or to replace or provide a substitute for any property financed or purchased by the capital lease.

(e) No Deficiency Judgment; No Pledge of Taxing Power. — No deficiency judgment may be rendered against any local board of education or any unit of local government, as defined in G.S. 160A-20(h), in any action for breach of a contractual obligation authorized by this section, and the taxing power of a unit is not and may not be pledged directly or indirectly to secure any moneys due under a contract authorized by this section. A capital lease shall state that it does not constitute a pledge of the taxing power or full faith and credit of the local board of education or board of county commissioners.

(f) Budgetary Accounting. — A capital lease entered into under this section shall be considered a continuing contract for capital outlay and is subject to G.S. 115C-441(c1); provided, however, notwithstanding any provision of G.S. 115C-441(c1) or G.S. 115C-426, in each fiscal year the appropriation of funds by the county for the payment of amounts due under the capital lease shall be at the discretion of the board of county commissioners.

(g) Local Government Commission Approval. — Capital leases entered into under this section are subject to approval by the Local Government Commission under Article 8 of Chapter 159 of the General Statutes if they meet the standards set out in G.S. 159-148(a)(1), 159-148(a)(2), and 159-148(a)(3). For purposes of determining whether the standards set out in G.S. 159-148(a)(3) have been met, only the five-hundred-thousand-dollar ($500,000) threshold applies.

(h) No Agreements on Student Assignment. — A capital lease may not contain any provision with respect to the assignment of specific students or students from a specific area to any specific school.

(i) Lien Laws Not Affected. — All laws relating to liens on private property apply to private property interests in a capital lease project undertaken under this section. (2006-232, s. 1; 2006-259, s. 54(a).)

Editor's Note. — Session Laws 2006-232, s. 3, makes this section effective August 12, 2006, and repealed effective July 1, 2011.

Effect of Amendments. — Session Laws 2006-259, s. 54(a), effective August 23, 2006, rewrote subsection (i).

§ 115C-532. (Repealed effective July 1, 2011) Additional provisions applicable to build-to-suit capital leases.

(a) Definitions. — The definitions of G.S. 115C-531 apply in this section. In addition, for the purposes of this section, the following definitions apply:

(1) Build-to-suit capital lease. — A capital lease that provides for the construction of new facilities or the renovation of existing facilities by the private developer, the cost of which is estimated to be greater than three hundred thousand dollars ($300,000).

(2) Prime contractor. — A contractor who contracts directly with the private developer or the private developer's construction manager at risk, if any, for construction, repair, or renovation work under this section.

(b) Contract Provisions. — A build-to-suit capital lease may include contractual provisions by the private developer regarding the provision of products, services, and guaranties related to a facility that is the subject of a capital lease. A local board of education may also enter into a separate agreement or series of related agreements regarding the provision of products, services, and guaranties related to a facility that is the subject of a capital lease; provided all agreements are approved by the board of county commissioners in connection with the approval of the build-to-suit capital lease.

(c) Approval by Local Board of Education. — Before entering into a build-to-suit capital lease pursuant to this section, the local board of education shall adopt a resolution as provided in this subsection. Before adopting the resolution required by this subsection, the local board of education shall publish a notice of its intent to enter into a build-to-suit capital lease at least 10 days in advance of the date of the meeting at which the action is contemplated and in a newspaper having general circulation within the geographic area served by the local board of education. The notice shall include, at a minimum, the date, time, and place of the meeting, a description in brief and general terms of the subject of the lease, the name of the other party to the lease, and an indication of the board's intent to take action to authorize the lease at the indicated meeting. The resolution shall provide the following:

(1) That entering into the build-to-suit capital lease for one or more specified buildings or facilities is in the unit's best interests under all the circumstances. In making this evaluation, the local board of education may consider the time, cost, and quality of design, engineering, and construction, including the time required to begin and the time required to complete a particular activity; occupancy costs, including lease payments, life-cycle maintenance, repair, and energy costs; and any other factors the board deems relevant.

(2) That the private developer is qualified to provide, either alone or in conjunction with other identified and associated persons, the products and services called for under the proposed capital lease and any related agreements. The local board of education shall make this determination taking into account any factors the local board deems relevant, including the knowledge, skill, and reputation of the provider and its associated persons, the goals and plans of providers for utilization of minority business enterprises, and the costs to be incurred by the local board of education.

(d) Additional Requirements Regarding Design Services. — All architectural, engineering, and survey services shall be procured in accordance with the provisions of Article 3D of Chapter 143 of the General Statutes. Required design and engineering services shall be performed by an engineer or a licensed architect, to the extent permitted under G.S. 83A-13(b). Specifications for any new school building shall be consistent with the requirements of G.S. 143-128(a). All applicable requirements for the review or approval of design and specifications for school buildings by the Department of Public Instruction and the Department of Insurance apply to school buildings constructed, repaired, or renovated under a capital lease authorized under this section.

(e) Additional Requirements Regarding Construction Services. — A private developer is required to seek competition and minority business participation in connection with all construction work under this section in accordance with the following provisions:

(1) A private developer shall either (i) solicit bids from prime contractors for all construction work under this section or (ii) select a construction manager at risk through a qualification based process in which case the selected construction manager at risk shall solicit bids from all of its prime contractors for all construction work under this section.

(2) The private developer or its construction manager at risk may prequalify contractors. The prequalification criteria, if any, shall be determined by the local board of education and the private developer to address quality, performance, the time specified in the bids for performance of the contract, the cost of construction oversight, time for completion, capacity to perform, and other factors deemed appropriate by the private developer and the local board of education.

(3) A private developer and its construction manager at risk, if any, shall comply with the requirements applicable to a public entity pursuant

to G.S. 143-128.2, and prime contractors shall comply with the provisions of G.S. 143-128.2 applicable to contractors, except the private developer and its construction manager shall adopt the local board of education's minority participation goal. The local board of education shall require the private developer to submit its plan for compliance with G.S. 143-128.2 for approval by the local board of education prior to the private developer soliciting bids under this subsection.

(4) A private developer or its construction manager at risk shall publicly advertise at least 30 days in advance of the bid date in a newspaper having general circulation within the geographic areas served by the local board of education, shall open bids publicly, and shall award each contract to the lowest responsible, responsive, and prequalified bidder, taking into consideration quality, performance, the time specified in the bids for performance of the contract, the cost of construction oversight, time for completion, compliance with G.S. 143-128.2, and any other factors deemed appropriate by the private developer and the local board of education and included in the bid solicitation. A private developer or its construction manager at risk shall enter into the construction contracts directly with the successful bidder. After the award of a contract or contracts, the private developer or its construction manager at risk and any contractor may negotiate and reach agreement with the successful bidder on modifications to all aspects of the contract, including the time for performance, the scope of the work, and the price to be paid.

(5) The local board of education, in its discretion, may require the private developer to provide a performance and payment bond for construction work in accordance with the provisions of Article 3 of Chapter 44A of the General Statutes and may require the private developer to provide a bond or other appropriate guarantee to cover any other guarantees, products, or services to be provided by the private developer.

(f) Predevelopment Agreements with Private Developer Authorized. — Local boards of education may enter into predevelopment agreements with a private developer in advance of entering into a build-to-suit capital lease. Predevelopment agreements with private developers shall be approved by the board of county commissioners. Predevelopment agreements may include provisions for each of the following:

(1) Site selection, land acquisition, and site preparation, including such services as wetlands delineation, archaeological review, and State and local government land-use permitting.

(2) Building programming and design, including both architectural and engineering services pursuant to subsection (d) of this section.

(g) Real Estate Transfer Authorized. — Notwithstanding any contrary provisions of law, a city, county, or local board of education may, pursuant to the procedures in G.S. 160A-267, sell, lease, or otherwise transfer real or personal property to any private developer for construction, repair, or renovation of a school facility under a build-to-suit capital lease entered into pursuant to this section. The conveying unit may subject the property to any covenants, conditions, or restrictions as the unit deems to be necessary to carry out the purposes of this section. The disposition of property pursuant to this subsection is not subject to the requirements of G.S. 115C-518. No transfer by a local board of education under this subsection shall occur unless it is approved by the board of county commissioners.

(h) Additional Permitted Lease Terms. — In recognition of the potential economic and technical utility of build-to-suit capital leases, which include in their scope combinations of design, construction, operation, management, and maintenance responsibilities over prolonged periods of time, and the potential desirability of a single point of responsibility for these matters in connection with build-to-suit capital leases, any build-to-suit capital lease may include provisions imposing responsibility on the private developer or any identified affiliated entity for any of the following matters:

(1) Site selection, land acquisition, and site preparation, including wetlands delineation, archaeological review, and State and local government land-use permitting.
(2) Facility programming, planning, and design, including both architectural and engineering services.
(3) Qualification and prequalification of contractors and subcontractors.

(i) Letter of Credit. — A private developer shall provide an irrevocable letter of credit for the benefit of laborers and materialmen in an amount not less than five percent (5%) of the total cost of the improvements which are the subject of the build-to-suit capital lease and shall maintain the letter of credit throughout the construction of the project and for the succeeding six-month period. (2006-232, s. 1; 2006-259, s. 54(b).)

Effect of Amendments. — Session Laws 2006-259, s. 54(b), in subsection (d), added the first sentence, and in the second sentence, substituted "an engineer or a licensed architect, to the extent permitted under G.S. 83A-13(b)" for "an engineer, to the extent permitted under G.S. 83A-13(b), or a licensed architect."

ARTICLE 38A.

Public School Building Capital Fund.

§ 115C-546.1. Creation of Fund; administration.

Local School Construction Financing Study Commission. — Session Laws 2004-124, ss. 7.32(a)-(j), as amended by Session Laws 2006-248, ss. 41.1, 41.2, and Session Laws 2004-161, ss. 11.1 through 11.10, provide for the establishment of a Local School Construction Financing Study Commission to examine the present system of local financing for school facilities and study alternative options for financing local school construction, renovation, repair, and maintenance. The Commission shall make a final report to the 2007 General Assembly. The final report shall contain recommendations for legislation to implement recommendations made by the Commission. The Commission shall terminate upon the filing of its final report.

Session Laws 2006-248, s. 1, provides: "This act shall be known as 'The Studies Act of 2006.'"

§ 115C-546.2. Allocations from the Fund; uses; expenditures; reversion to General Fund; matching requirements.

(a) Monies in the Fund shall be allocated to the counties on a per average daily membership basis according to the average daily membership for the budget year as determined and certified by the State Board of Education. Interest earned on funds allocated to each county shall be allocated to that county.

(b) Counties shall use monies in the Fund for capital outlay projects including the planning, construction, reconstruction, enlargement, improvement, repair, or renovation of public school buildings and for the purchase of land for public school buildings; for equipment to implement a local school technology plan that is approved pursuant to G.S. 115C-102.6C; or for both. Monies used to implement a local school technology plan shall be transferred to the State School Technology Fund and allocated by that Fund to the local school administrative unit for equipment.

As used in this section, "public school buildings" only includes facilities for individual schools that are used for instructional and related purposes and does not include centralized administration, maintenance, or other facilities.

In the event a county finds that it does not need all or part of the funds allocated to it for capital outlay projects including the planning, construction, reconstruction, enlargement, improvement, repair, or renovation of public school buildings, for the purchase of land for public school buildings, or for equipment to implement a local school technology plan, the unneeded funds allocated to that county may be used to retire any indebtedness incurred by the county for public school facilities.

In the event a county finds that its public school building needs and its school technology needs can be met in a more timely fashion through the allocation of financial resources previously allocated for purposes other than school building needs or school technology needs and not restricted for use in meeting public school building needs or school technology needs, the county commissioners may, with the concurrence of the affected local Board of Education, use those financial resources to meet school building needs and school technology needs and may allocate the funds it receives under this Article for purposes other than school building needs or school technology needs to the extent that financial resources were redirected from such purposes. The concurrence described herein shall be secured in advance of the allocation of the previously unrestricted financial resources and shall be on a form prescribed by the Local Government Commission.

(c) Monies in the Fund allocated for capital projects shall be matched on the basis of one dollar of local funds for every three dollars of State funds. Monies in the Fund transferred to the State Technology Fund do not require a local match.

Revenue received from local sales and use taxes that is restricted for public school capital outlay purposes pursuant to G.S. 105-502 or G.S. 105-487 may be used to meet the local matching requirement. Funds expended by a county after July 1, 1986, for land acquisition, engineering fees, architectural fees, or other directly related costs for a public school building capital project that was not completed prior to July 1, 1987, may be used to meet the local match requirement.

(d) Monies transferred into the Fund in accordance with Chapter 18C of the General Statutes shall be allocated for capital projects for school construction projects as follows:

(1) A sum equal to sixty-five percent (65%) of those monies transferred in accordance with G.S. 18C-164 shall be allocated on a per average daily membership basis according to the average daily membership for the budget year as determined and certified by the State Board of Education.

(2) A sum equal to thirty-five percent (35%) of those monies transferred in accordance with G.S. 18C-164 shall be allocated to those local school administrative units located in whole or part in counties in which the

effective county tax rate as a percentage of the State average effective tax rate is greater than one hundred percent (100%), with the following definitions applying to this subdivision:

a. "Effective county tax rate" means the actual county rate for the previous fiscal year, including any countywide supplemental taxes levied for the benefit of public schools, multiplied by a three-year weighted average of the most recent annual sales assessment ratio studies.

b. "State average effective tax rate" means the average effective county tax rates for all counties.

c. "Sales assessment ratio studies" means sales assessment ratio studies performed by the Department of Revenue under G.S. 105-289(h).

(3) No county shall have to provide matching funds required under subsection (c) of this section.

(4) A county may use monies in this Fund to pay for school construction projects in local school administrative units and to retire indebtedness incurred for school construction projects incurred on or after January 1, 2003.

(5) A county may not use monies in this Fund to pay for school technology needs. (1987, c. 622, s. 12; c. 813, ss. 18.1, 19.1, 21; 1991 (Reg. Sess., 1992), c. 1030, s. 30; 1997-221, s. 27; 2005-276, s. 31.1(hh); 2005-344, s. 15.2; 2006-66, s. 7.15; 2006-259, s. 8(i).)

Editor's Note. —

Session Laws 2006-66, s. 1.2, provides: "This act shall be known as 'The Current Operations and Capital Improvements Appropriations Act of 2006'."

Session Laws 2006-66, s. 28.6 is a severability clause.

Effect of Amendments. —

Session Laws 2006-66, s. 7.15, effective July 1, 2006, substituted "rate, including any countywide supplemental taxes levied for the benefit of public schools" for "rate" in subdivision (d)(2)a.

Session Laws 2006-259, s. 8(i), effective August 23, 2006, in subdivision (d)(2), substituted "State average effective" for "effective State average" in the middle of the introductory paragraph, and inserted "for the previous fiscal year" following "tax rate" in the middle of subdivision (d)(2)(a).

(a) The Secretary of Administration, upon consideration of the advice of the Division of Nonpublic Education in the Department of Administration and representatives of nonpublic schools, shall adopt rules for the procedures a person who is or was enrolled in a home school, in a nonpublic school that is not accredited by the State Board of Education, or in an educational program found by a court, prior to July 1, 1998, to comply with the compulsory attendance law, must follow and the requirements that person must meet to obtain a driving eligibility certificate. The Division of Nonpublic Education also shall develop policies as to when it is appropriate to notify the Division of Motor Vehicles that a person who is or was enrolled in a home school or in a nonpublic school that is not accredited by the State Board of Education no longer meets the requirements for a driving eligibility certificate.

(b) The Secretary of Administration shall develop a form for parents, guardians, or emancipated juveniles, as appropriate, to provide their written, irrevocable consent for a school to disclose to the Division of Motor Vehicles that the student no longer meets the conditions for a driving eligibility certificate under G.S. 20-11(n)(1) or G.S. 20-11(n1), if applicable, in the event that this disclosure is necessary to comply with G.S. 20-11 or G.S. 20-13.2. Other than identifying under which statutory subsection the student is no longer eligible, no other details or information concerning the student's school record shall be released pursuant to this consent. This form shall be used for students enrolled in home schools or nonpublic schools.

(c) In accordance with rules adopted by the Secretary under this section, persons who are required to sign driving eligibility certificates that meet the conditions established in G.S. 20-11 shall obtain the necessary written, irrevocable consent from parents, guardians, or emancipated juveniles, as appropriate, in order to disclose information to the Division of Motor Vehicles and shall notify the Division of Motor Vehicles when a student who holds a driving eligibility certificate no longer meets the conditions under G.S. 20-11(n)(1) or G.S. 20-11(n1). § 115D-2.1. State Board of Community Colleges.

(a) The State Board of Community Colleges is established.

(b) The State Board of Community Colleges shall consist of 21 members, as follows:

(1) The Lieutenant Governor or the Lieutenant Governor's designee shall be a member ex officio.

(2) The Treasurer of North Carolina or the Treasurer's designee shall be a member ex officio.

(3) The Governor shall appoint to the State Board four members from the State at large and one member from each of the six Trustee Association Regions defined in G.S. 115D-62. The initial appointments by the Governor shall be made effective July 1, 1980, or as soon as feasible thereafter. In order to establish regularly overlapping terms, the initial appointments by the Governor shall be made so that three expire June 30, 1981, three expire June 30, 1983, and four expire June 30, 1985. Each subsequent regular appointment by the Governor shall be for a term of six years and until a successor is appointed and qualifies. Any vacancy occurring among his appointees before the expiration of term shall be filled by appointment of the Governor; the member so appointed shall meet the same residential qualification, if any, as the member whom he succeeds and shall serve for the remainder of the unexpired term of that member.

(4) The General Assembly shall elect eight members of the State Board from the State at large in the following manner:

a. In 1980, the Senate shall elect three members, one of whom shall serve a term expiring June 30, 1981, one of whom shall serve a term expiring June 30, 1983, and one of whom shall serve a term expiring June 30, 1985. In 1985, the Senate shall elect two members to serve terms expiring June 30, 1991. Each subsequent regular election by the Senate shall be for a term of six years and until a successor is elected and qualifies.

b. In 1980, the House of Representatives shall elect four members, one of whom shall serve a term expiring June 30, 1981, one of whom shall serve a term expiring June 30, 1983, and two of whom shall serve a term expiring June 30, 1985. In 1985, the House of Representatives shall elect two members, to serve terms expiring June 30, 1991. Each subsequent regular election by the House of Representatives shall be for a term of six years and until a successor is elected and qualifies.

c. Repealed by Session Laws 1985, c. 227, s. 5.

d. The initial elections by the two houses of the General Assembly shall be held on or before July 1, 1980.

e. Any vacancy occurring among the members elected by the two houses of the General Assembly before the expiration of term shall be filled when the General Assembly next convenes. The member then elected shall be elected by the same house that elected the member whom he succeeds, and shall serve for the remainder of the unexpired term of that member.

f. At each session of the General Assembly held in an odd-numbered year, the Speaker of the House of Representatives and the President Pro Tempore of the Senate shall assign to either a standing or a special committee of that house the duty of receiving from the members of that house nominations of persons to be considered by that house for election to the State Board. The chairmen of the two committees shall jointly determine a common final date for receiving nominations from members of that house, and a common date for reporting to their respective houses their nominations for the State Board. Each committee shall screen the proposed candidates for nomination as to their qualifications, background, lack of statutory disabilities, and willingness and ability to serve if elected. Each Senator and each Representative may nominate only one candidate. When the nominating process is closed, each committee shall list all candidates and shall separately vote "aye" or "no" on each candidate to determine whether that person shall be listed as a nominee of the committee. The verbal vote of a majority of those members of the committee present and voting shall constitute one nominee of the committee. An individual cannot be a candidate for nomination to more than one place. If a sufficient number of candidates is submitted to each committee, then each committee shall nominate at least two persons for each place to be filled by that chamber, otherwise each committee shall nominate at least one person for each place to be filled by each of the House of Representatives and the Senate. No person may simultaneously be a candidate for election by both houses, and if one is nominated in both houses, he shall determine by which house he shall be nominated and so advise the chairman of both committees. The two houses shall, by joint resolution, fix a common date and time for the election of members of the State Board. At the election session in each house, the committee shall report its list of nominees with the term of office indicated for each nominee. The ballot in the House of Representatives shall also include the names of all other persons nominated by a member of that house who are determined by the committee to be qualified for the offices, with the committee's list of nominees being clearly set out on the ballot. No additional nominations shall be received from the floor. Each house shall then proceed to an election of the State Board. In order to be chosen, a nominee shall receive the votes of a majority of all members present and voting.

When each house has chosen one person for each place to be filled on the State Board, the chairman of the committee shall make a motion for the simultaneous election of those persons by that house to the indicated positions and for the indicated terms. The vote shall then be called electronically. If a majority of those voting shall vote "aye," persons named in the motion shall be declared to have been elected. Each house may adopt rules consistent with this section with respect to the election by that house of members of the State Board.

(5) The person serving as president of the North Carolina Comprehensive Community College Student Government Association shall be an ex officio member of the State Board. If the president of the Association is unable for any reason to serve as the student member of the State Board, then pursuant to the constitution of the Association, the vice-president of the Association shall serve as the student member of the State Board. Any person serving as the student member of the State Board must be a student in good standing at a North Carolina community college. The student member of the State Board shall have all the rights and privileges of membership, except that the student member shall not have a vote.

(b1) Upon receipt of a referral from the State Ethics Commission in accordance with G.S. 138A-12(k) concerning a member of the State Board of Community Colleges, the principal clerk of the house of the General Assembly receiving the referral shall immediately refer the matter to the appropriate education committee of that house. That committee may recommend to that house a resolution providing for the removal of the Board member. If the committee's proposed resolution is adopted by a majority of the members present and voting of that house, the public servant shall be removed and the seat previously held by that Board member becomes vacant.

(c) No person may be appointed or elected to more than two consecutive terms of six years on the State Board.

(d) No member of the General Assembly, no officer or employee of the State, and no officer or employee of an institution under the jurisdiction of the State Board and no spouse of any of those persons, shall be eligible to serve on the State Board. Furthermore, no person who within the prior five years has been an employee of the Community Colleges System Office shall be eligible to serve on the State Board.

(e) The Governor shall convene the membership of the State Board on July 1, 1980, or as soon as feasible thereafter. The State Board at that meeting shall elect from its appointed or elected membership a chairman and such other officers as it may deem necessary.

(f) At its first meeting after July 1, 1981, and every two years thereafter, the State Board shall elect from its membership a chairman and such other officers as it may deem necessary.

(g) The State Board of Community Colleges shall meet at stated times established by the State Board, but not less frequently than 10 times a year. The State Board of Community Colleges shall also meet with the State Board of Education and the Board of Governors of The University of North Carolina at least once a year to discuss educational matters of mutual interest and to recommend to the General Assembly such policies as are appropriate to encourage the improvement of public education at every level in this State; these joint meetings shall be hosted by the three Boards according to the schedule set out in G.S. 115C-11(b1). Special meetings of the State Board may be set at any regular meeting or may be called by the chairman. A majority of the qualified members of the State Board shall constitute a quorum for the transaction of business.

(h) Whenever any vacancy shall occur in the appointed membership of the State Board, the chairman shall inform the appropriate appointing authority of the vacancy.

(i) The State Board of Community Colleges may declare vacant the office of an appointed or elected member who does not attend three consecutive scheduled meetings without justifiable excuse. The chairman of the State Board shall notify the appropriate appointing or electing authority of any vacancy. (1979, c. 896, s. 2; 1979, 2nd Sess., c. 1130, s. 5; 1981, c. 47, s. 8; c. 474; 1983, c. 311; c. 479, ss. 1-3; 1985, c. 227, ss. 1-5; c. 428; 1987 (Reg. Editor's Note. — Session Laws 2006-203, s. 126, provides, in part: "Prosecutions for offenses committed before July 1, 2007 are not abated or affected by this act, and the statutes that would be applicable but for this act remain applicable to those prosecutions."

Administration of institutions by State Board of Community Colleges; personnel exempt from State Personnel Act; extension courses; tuition waiver; in-plant training; contracting, etc., for establishment and operation of extension units of the community college system; use of existing public school facilities.

(a) The State Board of Community Colleges may adopt and execute such policies, regulations and standards concerning the establishment, administration, and operation of institutions as the State Board may deem necessary to insure the quality of educational programs, to promote the systematic meeting of educational needs of the State, and to provide for the equitable distribution of State and federal funds to the several institutions.

The State Board of Community Colleges shall establish standards and scales for salaries and allotments paid from funds administered by the State Board, and all employees of the institutions shall be exempt from the provisions of the State Personnel Act. The State Board shall have authority with respect to individual institutions: to approve sites, buildings, building plans, budgets; to approve the selection of the chief administrative officer; to establish and administer standards for professional personnel, curricula, admissions, and graduation; to regulate the awarding of degrees, diplomas, and certificates; to establish and regulate student tuition and fees within policies for tuition and fees established by the General Assembly; and to establish and regulate financial accounting procedures.

The State Board of Community Colleges shall require all community colleges to meet the faculty credential requirements of the Southern Association of Colleges and Schools for all community college programs.

(a1) Notwithstanding G.S. 66-58(c)(3) or any other provisions of law, the State Board of Community Colleges may adopt rules governing the expenditure of funds derived from bookstore sales by community colleges. These expenditures shall be consistent with the mission and purpose of the Community College System. Profits may be used in the support and enhancement of the bookstores, for student aid or scholarships, for expenditures of direct benefit to students, and for other similar expenditures authorized by the board of trustees, subject to rules adopted by the State Board. These funds shall not be used to supplement salaries of any personnel.

(a2) The State Board of Community Colleges shall comply with the provisions of G.S. 116-11(10a) to plan and implement an exchange of information between the public schools and the institutions of higher education in the State.

(a3) The State Board of Community Colleges shall adopt the following rules to assist community colleges in their administration of procedures necessary to implement G.S. 20-11 and G.S. 20-13.2:

(1) To establish the procedures a person who is or was enrolled in a community college must follow and the requirements that person must meet to obtain a driving eligibility certificate.

(2) To require the person who is required under G.S. 20-11(n) to sign the driving eligibility certificate to provide the certificate if he or she determines that one of the following requirements is met:

a. The person seeking the certificate is eligible for the certificate under G.S. 20-11(n)(1) and is not subject to G.S. 20-11(n1).

b. The person seeking the certificate is eligible for the certificate under G.S. 20-11(n)(1) and G.S. 20-11(n1).

(3) To provide for an appeal through the grievance procedures established by the board of trustees of each community college by a person who is denied a driving eligibility certificate.

(4) To define exemplary student behavior and to define what constitutes the successful completion of a drug or alcohol treatment counseling program.

The State Board also shall develop policies as to when it is appropriate to notify the Division of Motor Vehicles that a person who is or was enrolled in a community college no longer meets the requirements for a driving eligibility certificate. The State Board also shall adopt guidelines to assist the presidents of community colleges in their designation of representatives to sign driving eligibility certificates.

The State Board shall develop a form for the appropriate individuals to provide their written, irrevocable consent for a community college to disclose to the Division of Motor Vehicles that the student no longer meets the conditions for a driving eligibility certificate under G.S. 20-11(n)(1) or G.S. 20-11(n1), if applicable, in the event that this disclosure is necessary to comply with G.S. 20-11 or G.S. 20-13.2. Other than identifying under which statutory subsection the student is no longer eligible, no other details or information concerning the student's school record shall be released pursuant to this consent.

(b) In order to make instruction as accessible as possible to all citizens, the teaching of curricular courses and of noncurricular extension courses at convenient locations away from institution campuses as well as on campuses is authorized and shall be encouraged. A pro rata portion of the established regular tuition rate charged a full-time student shall be charged a part-time student taking any curriculum course. In lieu of any tuition charge, the State Board of Community Colleges shall establish a uniform registration fee, or a schedule of uniform registration fees, to be charged students enrolling in extension courses for which instruction is financed primarily from State funds; provided, however, that the State Board of Community Colleges may provide by general and uniform regulations for waiver of tuition and registration fees for persons not enrolled in elementary or secondary schools taking courses leading to a high school diploma or equivalent certificate, for training courses for volunteer firemen, local fire department personnel, volunteer rescue and lifesaving department personnel, local rescue and lifesaving department personnel, Radio Emergency Associated Citizens Team (REACT) members when the REACT team is under contract to a county as an emergency response agency, local law-enforcement officers, patients in State alcoholic rehabilitation centers, all full-time custodial employees of the Department of Correction, employees of the Department's Division of Community Corrections and employees of the Department of Juvenile Justice and Delinquency Prevention required to be certified under Chapter 17C of the General Statutes and the rules of the Criminal Justice and Training Standards Commission, trainees enrolled in courses conducted under the New and Expanding Industry Program, clients of sheltered workshops, clients of adult developmental activity programs, students in Health and Human Services Development Programs, juveniles of any age committed to the Department of Juvenile Justice and Delinquency Prevention by a court of competent jurisdiction, prison inmates, and members of the North Carolina State Defense Militia as defined in G.S. 127A-5 and as administered under Article 5 of Chapter 127A of the General Statutes. Provided further, tuition shall be waived for senior citizens attending institutions operating under this Chapter as set forth in Chapter 115B of the General Statutes, Tuition Waiver for Senior Citizens. Provided further, tuition shall also be waived for all courses taken by high school students at community colleges, including students in early college and middle college high school programs, in accordance with G.S. 115D-20(4) and this section.

(c) No course of instruction shall be offered by any community college at State expense or partial State expense to any captive or co-opted group of students, as defined by the State Board of Community Colleges, without prior approval of the State Board of Community Colleges. Approval by the State Board of Community Colleges shall be presumed to constitute approval of both the course and the group served by that institution. The State Board of Community Colleges may delegate to the President the power to make an initial approval, with final approval to be made by the State Board of Community Colleges. A course taught without such approval will not yield any full-time equivalent students, as defined by the State Board of Community Colleges.

(c1) Community colleges shall report full-time equivalent (FTE) student hours for correction education programs on the basis of contact hours rather than student membership hours. No community college shall operate a multi-entry/multi-exit class or program in a prison facility, except for a literacy class or program.

If a proposed new program would serve more than one community college, the State Board of Community Colleges shall perform a feasibility study prior to acting on the proposal.

The State Board of Community Colleges shall report on an annual basis to the Governor, Lieutenant Governor, the Speaker of the House of Representatives, the Joint Legislative Commission on Governmental Operations, and the Advisory Budget Commission on all new programs it approved during the year.

(n) The North Carolina Community Colleges System Office shall provide the Department of Revenue with a list of all community colleges, including name, address, and other identifying information requested by the Department of Revenue. The North Carolina Community Colleges System Office shall update this list whenever there is a change.

(o) The General Assembly finds that additional data are needed to determine the adequacy of multicampus and off-campus center funds; therefore, multicampus colleges and colleges with off-campus centers shall report annually, beginning September 1, 2005, to the Community Colleges System Office on all expenditures by line item of funds used to support their multicampuses and off-campus centers. The Community Colleges System Office shall report on these expenditures to the Education Appropriation Subcommittees of the House of Representatives and the Senate, the Office of State Budget and Management, and the Fiscal Research Division by October 1 of each year.

ARTICLE 1.

The University of North Carolina.

Part 1. General Provisions.

§ 116-1. Purpose.

Study Feasibility of Adding North Carolina Wesleyan College to UNC System. — Session Laws 2006-66, s. 9.4(a), provides: "The Board of Governors of The University of North Carolina shall study the feasibility of making North Carolina Wesleyan College a constituent institution of The University of North Carolina. The study shall include all of the following:

"(1) Mission. — The Board of Governors shall evaluate the potential missions of the campus that would meet the academic and economic needs of the region, the State, and of the University System. The Board of Governors shall take into account the need to avoid duplication of curriculum and programs at other campuses, particularly those within the same geographic area, unless the need for duplication is warranted. The Board of Governors shall seek recommendations, suggestions, and comments from community leaders, educational experts, and business leaders in defining the mission of the new campus. Particular focus shall be placed on utilizing the campus in a manner that addresses both the economic and educational challenges of the region in a unique and focused manner, such as in the areas of science, technology, education, and economic development.

"(2) Cost. — The Board of Governors shall analyze the potential operating costs of the campus. Factors such as the mission, staff and faculty salaries, benefits, total faculty and staff levels, total projected student enrollment, facility needs, and tuition rates shall be taken into account.

"(3) Facility Needs. — The Board of Governors shall consider what additional facility needs there may be, taking into account the proposed mission of the campus. Examples of those needs may be lab facility upgrades, new buildings to house an expanded student population, and associated infrastructure expansion.

"(4) Asset Transfer. — The Board of Governors shall obtain legal and financial analyses to determine if there are any restrictions attached to any of the College's assets (title to property, gifts to endowment, assets purchased with restricted grant funds, etc.) that would prohibit the transfer of the assets to the State. If there are restrictions, then the analyses shall also include the steps necessary to lift the restrictions and the costs of obtaining a clear title.

"(5) Liability Analysis. — The Board of Governors shall also obtain a legal analysis to determine whether there are pending liabilities against the campus or reasonably foreseeable future liabilities against the campus. If there are such liabilities, the legal analysis shall also address the action needed to avoid transfer of any liability to the State.

"(6) Transition of Current Students/Programs. — The Board of Governors shall consider how best to handle the transition of the currently enrolled student population, both on and off campus, into continuing or new curriculum programs during the conversion period.

"(7) Personnel. — The Board of Governors shall assess the employment status of current personnel to determine what, if any, contractual and other employment issues may arise in the conversion.

"(8) Legislative Action. — The Board of Governors shall determine the legislative action and statutory amendments needed to authorize and implement the conversion."

Editor's Note. — Laws 2006-66, s. 1.2, provides: "This act shall be known as 'The Current Operations and Capital Improvements Appropriations Act of 2006'."

Session Laws 2006-66, s. 28.3, provides: "Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 2006-2007 fiscal year, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 2006-2007 fiscal year."

§ 116-19. Contracts with private institutions to aid North Carolina students and licensure students; reporting requirement.

(a) In order to encourage and assist private institutions to continue to educate North Carolina students and licensure students, the State Education Assistance Authority may enter into contracts with the institutions under the terms of which an institution receiving any funds that may be appropriated pursuant to this section would agree that, during any fiscal year in which such funds were received, the institution would provide and administer scholarship funds for needy North Carolina students and licensure students in an amount at least equal to the amount paid to the institution, pursuant to this section, during the fiscal year. Under the terms of the contracts the State Education Assistance Authority would agree to pay to the institutions, subject to the availability of funds, a fixed sum of money for each North Carolina student and licensure student enrolled at the institutions for the regular academic year, said sum to be determined by appropriations that might be made from time to time by the General Assembly pursuant to this section. Funds appropriated pursuant to this section shall be paid by the State Education Assistance Authority to an institution on certification of the institution showing the number of North Carolina students and licensure students enrolled at the institution as of October 1 of any year for which funds may be appropriated. For purposes of this subsection, "needy North Carolina students and licensure students" are those eligible students and licensure students who have financial need as determined by the institution under the institutional methodology or the federal methodology as defined by the State Education Assistance Authority. For purposes of this subsection, "institutional methodology" means a need-analysis formula, developed by College Scholarship Service, that determines the student's or licensure student's and his or her family's capacity to pay for postsecondary education each year.

(b) The State Education Assistance Authority shall document the number of full-time equivalent North Carolina undergraduate students and full-time and less than full-time licensure students that are enrolled in off-campus programs and the State funds collected by each institution pursuant to G.S. 116-19 for those students. The State Education Assistance Authority shall also document the number of scholarships and the amount of the scholarships that are awarded under G.S. 116-19 to students and licensure students enrolled in off-campus programs. An "off-campus program" is any program offered for degree credit away from the institution's main permanent campus.

§ 116-20. Scholarship and contract terms; base period.

In order to encourage and assist private institutions to educate additional numbers of North Carolinians, the Board of Governors of the University of North Carolina is hereby authorized to enter into contracts within the institutions under the terms of which an institution receiving any funds that may be appropriated pursuant to this section would agree that, during any fiscal year in which such funds were received, the institution would provide and administer scholarship funds for needy North Carolina students and licensure students in an amount at least equal to the amount paid to the institution, pursuant to this section, during the fiscal year. Under the terms of the contracts the Board of Governors of the University of North Carolina would agree to pay to the institutions, subject to the availability of funds, a fixed sum of money for each North Carolina student and licensure student enrolled as of October 1 of any year for which appropriated funds may be available, over and above the number of North Carolina students enrolled in that institution as of October 1, 1997, which shall be the base date for the purpose of this calculation. Funds appropriated pursuant to this section shall be paid by the State Education Assistance Authority to an institution upon recommendation of the Board of Governors of the University of North Carolina and on certification of the institution showing the number of North Carolina students and licensure students enrolled at the institution as of October 1 of any year for which funds may be appropriated over the number enrolled on the base date. In the event funds are appropriated for expenditure pursuant to this section and funds are also appropriated, for the same fiscal year, for expenditure pursuant to G.S. 116-19, students and licensure students who are enrolled at an institution in excess of the number enrolled on the base date may be counted under this section for the purpose of calculating the amount to be paid to the institution, but the same students and licensure students may also be counted under G.S. 116-19, for the purpose of calculating payment to be made under that section. (1971, c. 744, s. 2; c. 1244, s. 5; 1998-212, s. 11.10; 2006-66, s. 9.13(b).)

(b) The funds appropriated in compliance with this section shall be placed in a separate, identifiable account in each eligible institution's budget or chart of accounts. All funds in the account shall be provided as scholarship funds for needy North Carolina students and licensure students during the fiscal year. Each student and licensure student awarded a scholarship from this account shall be notified of the source of the funds and of the amount of the award. Funds not utilized under G.S. 116-19 shall be available for the tuition grant program as defined in G.S. 116-21.2. (2001-424, s. 31.1(a); 2006-66, s. 9.13(c).)

(a1) The legislative tuition grant provided by this section shall also be granted to each full-time licensure student who is enrolled in a program intended to result in a license in teaching or nursing at an approved institution. The legislative tuition grant provided by this section shall be awarded on a pro rata basis to any licensure student who is enrolled less than full-time in a program intended to result in a license in teaching or nursing at an approved institution. The legislative tuition grant and prorated legislative tuition grant authorized under this subsection shall be paid for undergraduate courses only.

(b) The tuition grants provided for in this section shall be administered by the State Education Assistance Authority pursuant to rules adopted by the State Education Assistance Authority not inconsistent with this section. The State Education Assistance Authority shall not approve any grant until it receives proper certification from an approved institution that the student or licensure student applying for the grant is eligible. Upon receipt of the certification, the State Education Assistance Authority shall remit at the times as it prescribes the grant to the approved institution on behalf, and to the credit, of the student or licensure student.

(c) Except as provided in subsection (a1) of this section, in the event a student on whose behalf a grant has been paid is not enrolled and carrying a minimum academic load as of the tenth classroom day following the beginning of the school term for which the grant was paid, the institution shall refund the full amount of the grant to the State Education Assistance Authority. If a licensure student on whose behalf a prorated grant has been paid in accordance with subsection (a1) of this section is not enrolled in the undergraduate class as of the tenth classroom day following the beginning of the school term for which the grant was paid, the institution shall refund the full amount of the grant to the State Education Assistance Authority. Each approved institution shall be subject to examination by the State Auditor for the purpose of determining whether the institution has properly certified eligibility and enrollment of students and licensure students and credited grants paid on behalf of them.

(d) In the event there are not sufficient funds to provide each eligible student or licensure student with a full grant as provided by subsection (a) of this section or a full or a prorated grant as provided by subsection (a1) of this section:

(1) The Board of Governors of The University of North Carolina, with the approval of the Office of State Budget and Management, may transfer available funds to meet the needs of the programs provided by subsections (a), (a1), and (b) of this section; and

(2) Each eligible student and licensure student shall receive a pro rata share of funds then available for the remainder of the academic year within the fiscal period covered by the current appropriation.

(e) Any remaining funds shall revert to the General Fund. (2001-424, s. 31.1(a); 2006-66, s. 9.13(d).)

tions of the bonds and the place or places of payment of principal and interest, which may be at any bank or trust company within or without the State. In case any officer whose signature or a facsimile of whose signature appears on any bonds or coupons shall cease to be such officer before the delivery of such bonds, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes the same as if he had remained in office until such delivery. Notwithstanding any of the other provisions of this Part or any recitals in any bonds issued under the provisions of this Part, all such bonds shall be deemed to be negotiable instruments under the laws of this State. The bonds may be issued in coupon or registered form or both, as the Board may determine, and provision may be made for the registration of any coupon bonds as to principal alone and also as to both principal and interest, and for the reconversion into coupon bonds of any bonds registered as to both principal and interest. The Board may sell such bonds in such manner, at public or private sale, and for such price, as it may determine to be for the best interests of the University.

The proceeds of the bonds of each issue shall be used solely for the purpose for which such bonds shall have been authorized and shall be disbursed in such manner and under such restrictions, if any, as the Board may provide in the resolution authorizing the issuance of such bonds. Unless otherwise provided in the authorizing resolution, if the proceeds of such bonds, by error of estimates or otherwise, shall be less than such costs, additional bonds may in like manner be issued to provide the amount of such deficit and shall be deemed to be of the same issue and shall be entitled to payment from the same fund without preference or priority of the bonds first issued for the same purpose.

The resolution providing for the issuance of revenue bonds may also contain such limitations upon the issuance of additional revenue bonds as the Board may deem proper, and such additional bonds shall be issued under such restrictions and limitations as may be prescribed by such resolution.

Prior to the preparation of definitive bonds, the Board may, under like restrictions, issue interim receipts or temporary bonds, with or without coupons, exchangeable for definitive bonds when such bonds shall have been executed and are available for delivery. The Board may also provide for the replacement of any bonds which shall become mutilated or be destroyed or lost.

Bonds may be issued by the Board under the provisions of this Part, subject to the approval of the Director of the Budget, but without obtaining the consent of any other commission, board, bureau or agency of the State, and without any other proceedings or the happening of any other conditions or things than those consents, proceedings, conditions or things which are specifically required by this Part.

Revenue bonds issued under the provisions of this Part shall not be deemed to constitute a debt of the State of North Carolina or a pledge of the faith and credit of the State, but such bonds shall be payable solely from the funds herein provided therefor and a statement to that effect shall be recited on the face of the bonds.

The Board is hereby authorized to issue, subject to the approval of the Director of the Budget, at one time or from time to time, revenue bond anticipation notes of the Board in anticipation of the issuance of bonds authorized pursuant to the provisions of this Part. The principal of and the interest on such notes shall be payable solely from the proceeds of bonds or renewal notes or, in the event bond or renewal note proceeds are not available, any available revenues of the project or projects for which such bonds shall have been authorized. The notes of each issue shall be dated, shall mature at

The Board shall determine the form and manner of execution of the notes, including any interest coupons to be attached thereto, and shall fix the denomination or denominations of the notes and the place or places of payment of principal and interest, which may be at any bank or trust company within or without the State. In case any officer, whose signature or a facsimile of whose signature shall appear on any notes or coupons, shall cease to be such officer before the delivery of such notes, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes the same as if he had remained in office until such delivery. Notwithstanding any of the other provisions of this Part or any recitals in any notes issued under the provisions of this Part, all such notes shall be deemed to be negotiable instruments under the laws of this State. The notes may be issued in coupon or registered form or both, as the Board may determine, and provision may be made for the registration of any coupon notes as to principal alone and also as to both principal and interest, and for the reconversion into coupon notes of any notes registered as to both principal and interest. The Board may sell such notes in such manner, at public or private sale, and for such price, as it may determine to be for the best interests of the University.

The proceeds of the notes of each issue shall be used solely for the purpose for which the bonds in anticipation of which such notes are being issued shall have been authorized, and such note proceeds shall be disbursed in such manner and under such restrictions, if any, as the Board may provide in the resolution authorizing the issuance of such notes or bonds.

The resolution providing for the issuance of notes or bonds may also contain such limitations upon the issuance of additional notes as the Board may deem proper, and such additional notes shall be issued under such restrictions and limitations as may be prescribed by such resolution.

Notes may be issued by the Board under the provisions of this Part, subject to the approval of the Director of the Budget, but without obtaining the consent of any other commission, board, bureau or agency of the State, and without any other proceedings or the happening of any other conditions or things than those consents, proceedings, conditions or things which are specifically required by this Part.

Revenue bond anticipation notes issued under the provisions of this Part shall not be deemed to constitute a debt of the State of North Carolina or a pledge of the faith and credit of the State, but such notes shall be payable solely from the funds herein provided therefor and a statement to that effect shall be recited on the face of the notes.

Unless the context shall otherwise indicate, the word "bonds," wherever used in this Part, shall be deemed and construed to include the words "bond anticipation notes."

Session Laws 2006-66, s. 8.11(b), as added by Session Laws 2006-221, s. 5, effective July 1, 2006, enacted this section as G.S. 116-44.5. It was recodified as G.S. 116-43.15 at the direction of the Revisor of Statutes.

Part 6. Traffic and Parking.

§ 116-44.4. Regulation of traffic and parking and registration of motor vehicles.

(a) Except as otherwise provided in this Part, all of the provisions of Chapter 20 of the General Statutes relating to the use of highways of the State and the operation of motor vehicles thereon are applicable to all streets, alleys, driveways, parking lots, and parking structures on University property. Nothing in this section modifies any rights of ownership or control of University property, now or hereafter vested in the Board of Governors of the University of North Carolina or the State of North Carolina.

(b) Each board of trustees may by ordinance prohibit, regulate, divert, control, and limit pedestrian or vehicular traffic and the parking of motor vehicles and other modes of conveyance on the campus. In fixing speed limits, the board of trustees is not subject to G.S. 20-141(f1) or (g2), but may fix any speed limit reasonable and safe under the circumstances as conclusively determined by the board of trustees. The board of trustees may not regulate traffic on streets open to the public as of right, except as specifically provided in this Part.

(c) Each board of trustees may by ordinance provide for the registration of motor vehicles maintained or operated on the campus by any student, faculty member, or employee of the University, and may fix fees for such registration. The ordinance may make it unlawful for any person to operate an unregistered motor vehicle on the campus when the vehicle is required by the ordinance to be registered.

(d) Each board of trustees may by ordinance set aside parking lots and other parking facilities on the campus for use by students, faculty, and employees of the University and members of the general public attending schools, conferences, or meetings at the University, visiting or making use of any University facilities, or attending to official business with the University. The board of trustees may issue permits to park in these lots and garages and may charge a fee therefor. The board of trustees may also by ordinance make it unlawful for any person to park a motor vehicle in any lot or other parking facility without procuring the requisite permit and displaying it on the vehicle. No permit to park shall be issued until the student requesting the permit provides the name of the insurer, the policy number under which the student has financial responsibility, and the student certifies that the motor vehicle is insured at the levels set in G.S. 20-279.1(11) or higher. This subsection applies to motor vehicles that are registered in other states as well as motor vehicles that are registered in this State pursuant to Chapter 20 of the General Statutes.

(e) Each board of trustees may by ordinance set aside spaces in designated parking areas or facilities in which motor vehicles may be parked for specified periods of time. To regulate parking in such spaces, the board of trustees may install a system of parking meters and make it unlawful for any person to park a motor vehicle in a metered space without activating the meter for the entire time that the vehicle is parked, up to the maximum length of time allowed for that space. The meters may be activated by coins of the United States. The board of trustees may also install automatic gates, employ attendants, and use any other device or procedure to control access to and collect the fees for using its parking areas and facilities.

(f) The board of trustees may by ordinance provide for the issuance of stickers, decals, permits, or other indicia representing the registration status of vehicles or the eligibility of vehicles to park on the campus and may by ordinance prohibit the forgery, counterfeiting, unauthorized transfer, or unauthorized use of them.

(g) Violation of an ordinance adopted under any portion of this Part is an infraction as defined in G.S. 14-3.1 and is punishable by a penalty of not more than fifty dollars ($50.00). An ordinance may provide that certain prohibited acts shall not be infractions and in such cases the provisions of subsection (h) may be used to enforce the ordinance.

(h) An ordinance adopted under any portion of this Part may provide that violation subjects the offender to a civil penalty. Penalties may be graduated according to the seriousness of the offense or the number of prior offenses by the person charged. Each board of trustees may establish procedures for the collection of these penalties and they may be enforced by civil action in the nature of debt. The board of trustees may also provide for appropriate administrative sanctions if an offender does not pay a validly due penalty or upon repeated offenses. Appropriate administrative sanctions include, but are not limited to, revocation of parking permits, termination of vehicle registration, and termination or suspension of enrollment in or employment by the University.

(i) An ordinance adopted under any portion of this Part may provide that any vehicle illegally parked may be removed to a storage area. Regardless of whether a constituent institution does its own removal and disposal of motor vehicles or contracts with another person to do so, the institution shall provide a hearing procedure for the owner. For purposes of this subsection, the definitions in G.S. 20-219.9 apply.

(1) If the institution operates in such a way that the person who tows the vehicle is responsible for collecting towing fees, all provisions of Article 7A, Chapter 20, apply.

(2) If the institution operates in such a way that it is responsible for collecting towing fees, it shall:
   a. Provide by contract or ordinance for a schedule of reasonable towing fees,
   b. Provide a procedure for a prompt fair hearing to contest the towing,
   c. Provide for an appeal to district court from that hearing,
   d. Authorize release of the vehicle at any time after towing by the posting of a bond or paying of the fees due, and
   e. If the institution chooses to enforce its authority by sale of the vehicle, provide a sale procedure similar to that provided in G.S. 44A-4, 44A-5, and 44A-6, except that no hearing in addition to the probable cause hearing is required. If no one purchases the

vehicle at the sale and if the value of the vehicle is less than the amount of the lien, the institution may destroy it.

(j) Evidence that a motor vehicle was found parked or unattended in violation of an ordinance of the board of trustees is prima facie evidence that the vehicle was parked by:

(1) The person holding a University parking permit for the vehicle, or
(2) If no University parking permit has been issued for the vehicle, the person in whose name the vehicle is registered with the University pursuant to subsection (c), or
(3) If no University parking permit has been issued for the vehicle and the vehicle is not registered with the University, the person in whose name it is registered with the North Carolina Division of Motor Vehicles or the corresponding agency of another state or nation.

The rule of evidence established by this subsection applies only in civil, criminal, or administrative actions or proceedings concerning violations of ordinances of the board of trustees. G.S. 20-162.1 does not apply to such actions or proceedings.

(k) Each board of trustees shall cause to be posted appropriate notice to the public of applicable traffic and parking restrictions.

(*l*) All ordinances adopted under this Part shall be recorded in the minutes of the board of trustees and copies thereof shall be filed in the offices of the President of the University of North Carolina and the Secretary of State. Each board of trustees shall provide for printing and distributing copies of its traffic and parking ordinances.

(m) **(Effective until July 1, 2007)** All moneys received pursuant to this Part, except for the clear proceeds of all civil penalties collected pursuant to subsection (h) of this section, shall be placed in a trust account in each constituent institution and may be used for any of the following purposes:

(1) To defray the cost of administering and enforcing ordinances adopted under this Part;
(2) To develop, maintain, and supervise parking areas and facilities;
(3) To provide bus service or other transportation systems and facilities, including payments to any public or private transportation system serving University students, faculty, or employees;
(4) As a pledge to secure revenue bonds for parking facilities issued under Article 21 of this Chapter;
(5) Other purposes related to parking, traffic, and transportation on the campus.

The clear proceeds of all civil penalties collected pursuant to subsection (h) of this section shall be remitted to the Civil Penalty and Forfeiture Fund in accordance with G.S. 115C-457.2.

(m) **(Effective July 1, 2007)** All moneys received pursuant to this Part, except for the clear proceeds of all civil penalties collected pursuant to subsection (h) of this section, shall be placed in a trust account in each constituent institution, are appropriated, and may be used for any of the following purposes:

(1) To defray the cost of administering and enforcing ordinances adopted under this Part;
(2) To develop, maintain, and supervise parking areas and facilities;
(3) To provide bus service or other transportation systems and facilities, including payments to any public or private transportation system serving University students, faculty, or employees;
(4) As a pledge to secure revenue bonds for parking facilities issued under Article 21 of this Chapter;
(5) Other purposes related to parking, traffic, and transportation on the campus. (1973, c. 495, s. 1; 1975, c. 716, s. 5; 1981 (Reg. Sess., 1982), c. 1239, s. 3; 1983, c. 420, s. 5; 1985, c. 764, s. 36; 2001-336, s. 1; 2005-276, s. 6.37(r); 2006-203, s. 51.)

The final number of scholarship loan awards per year shall be made in accordance with the Board of Governors' findings concerning the supply and demand of administrators, the State's need for school administrator candidates and within funds appropriated for the scholarship loans. (b) In the event that said students are unable to pay the cost of tuition and required academic fees as the same may become due, in cash, the said several boards of trustees are hereby authorized and empowered, in their discretion, to accept the obligation of the student or students together with such collateral or security as they may deem necessary and proper, it being the purpose of this Article that all students in State institutions of higher learning shall be required to pay tuition, and that free tuition is hereby abolished. Notwithstanding this section, neither the Board of Governors of The University of North Carolina nor its Board of Trustees shall impose any tuition or mandatory fee at the North Carolina School of Science and Mathematics without the approval of the General Assembly.

(7) The Board of Trustees shall not impose any fee without the approval of the General Assembly, unless the fee is a traffic, parking, or motor vehicle registration fee authorized under subsection (e) of this section.

(e) **(Repealed July 1, 2007 — see note)** Regulation of Traffic and Parking and Registration of Motor Vehicles. —

(1) Unless the context clearly requires another meaning, the following words and phrases have the meanings indicated when used in this subsection:

   a. "Board of Trustees" means the Board of Trustees of the North Carolina School of Science and Mathematics.

   b. "Campus" means that School property, without regard to location, which is used wholly or partly for the purposes of the North Carolina School of Science and Mathematics.

   c. "School property" means property owned or leased in whole or in part by the State of North Carolina and which is subject to the general management and control of the Board of Trustees of the North Carolina School of Science and Mathematics.

(2) Except as otherwise provided in this subsection, all of the provisions of Chapter 20 of the General Statutes relating to the use of highways of the State and the operation of motor vehicles thereon are applicable to all streets, alleys, driveways, parking lots, and parking structure on School property. Nothing in this subsection modifies any rights of ownership or control of School property, now or hereafter vested in the Board of Trustees or the State of North Carolina.

(3) The Board of Trustees may by ordinance prohibit, regulate, divert, control, and limit pedestrian or vehicular traffic and the parking of

motor vehicles and other modes of conveyance on the campus. In fixing speed limits, the Board of Trustees is not subject to G.S. 20-141(f1) or (g2), but may fix any speed limit reasonable and safe under the circumstances as conclusively determined by the Board of Trustees. The Board of Trustees may not regulate traffic on streets open to the public as of right, except as specifically provided in this section.

(4) The Board of Trustees may by ordinance provide for the registration of motor vehicles maintained or operated on the campus by any student, faculty member, or employee of the School, and may fix fees for such registration. The ordinance may make it unlawful for any person to operate an unregistered motor vehicle on the campus when the vehicle is required by the ordinance to be registered.

(5) The Board of Trustees may by ordinance set aside parking lots and other parking facilities on the campus for use by students, faculty, and employees of the School and members of the general public attending schools, conferences, or meetings at the School, visiting or making use of any School facilities, or attending to official business with the School. The Board of Trustees may issue permits to park in these lots and garages and may charge a fee therefor. The Board of Trustees may also by ordinance make it unlawful for any person to park a motor vehicle in any lot or other parking facility without procuring the requisite permit and displaying it on the vehicle.

(6) The Board of Trustees may by ordinance set aside spaces in designated parking areas or facilities in which motor vehicles may be parked for specified periods of time. To regulate parking in such spaces, the Board of Trustees may install a system of parking meters and make it unlawful for any person to park a motor vehicle in a metered space without activating the meter for the entire time that the vehicle is parked, up to the maximum length of time allowed for that space. The meters may be activated by coins of the United States. The Board of Trustees may also install automatic gates, employ attendants, and use any other device or procedure to control access to and collect the fees for using its parking areas and facilities.

(7) The Board of Trustees may by ordinance provide for the issuance of stickers, decals, permits, or other indicia representing the registration status of vehicles or the eligibility of vehicles to park on the campus and may by ordinance prohibit the forgery, counterfeiting, unauthorized transfer, or unauthorized use of them.

(8) Violation of an ordinance adopted under any portion of this subsection is a Class 3 misdemeanor. An ordinance may provide that certain acts prohibited thereby shall not be enforced by criminal sanctions, and in such cases a person committing any such act shall not be guilty of a misdemeanor.

(9) An ordinance adopted under any portion of this subsection may provide that violation subjects the offender to a civil penalty. Penalties may be graduated according to the seriousness of the offense or the number of prior offenses by the person charged. The Board of Trustees may establish procedures for the collection of these penalties and they may be enforced by civil action in the nature of debt. The Board of Trustees may also provide for appropriate administrative sanctions if an offender does not pay a validly due penalty or upon repeated offenses. Appropriate administrative sanctions include, but are not limited to, revocation of parking permits, termination of vehicle

registration, and termination or suspension of enrollment in or employment by the School.

(10) An ordinance adopted under any portion of this subsection may provide that any vehicle illegally parked may be removed to a storage area. Regardless of whether the School does its own removal and disposal of motor vehicles or contracts with another person to do so, the School shall provide a hearing procedure for the owner. For purposes of this subdivision, the definitions in G.S. 20-219.9 apply.

a. If the School operates in such a way that the person who tows the vehicle is responsible for collecting towing fees, all provisions of Article 7A, Chapter 20, apply.

b. If the School operates in such a way that it is responsible for collecting towing fees, it shall:

1. Provide by contract or ordinance for a schedule of reasonable towing fees,
2. Provide a procedure for a prompt fair hearing to contest the towing,
3. Provide for an appeal to district court from that hearing,
4. Authorize release of the vehicle at any time after towing by the posting of a bond or paying of the fees due, and
5. If the School chooses to enforce its authority by sale of the vehicle, provide a sale procedure similar to that provided in G.S. 44A-4, 44A-5, and 44A-6, except that no hearing in addition to the probable cause hearing is required. If no one purchases the vehicle at the sale and if the value of the vehicle is less than the amount of the lien, the School may destroy it.

(11) Evidence that a motor vehicle was found parked or unattended in violation of an ordinance of the Board of Trustees is prima facie evidence that the vehicle was parked by:

a. The person holding a School parking permit for the vehicle, or

b. If no School parking permit has been issued for the vehicle, the person in whose name the vehicle is registered with the School pursuant to subdivision (3), above, or

c. If no School parking permit has been issued for the vehicle and the vehicle is not registered with the School, the person in whose name it is registered with the North Carolina Division of Motor Vehicles or the corresponding agency of another state or nation.

The rule of evidence established by this subdivision (11) applies only in civil, criminal, or administrative actions or proceedings concerning violations of ordinances of the Board of Trustees. G.S. 20-162.1 does not apply to such actions or proceedings.

(12) The Board of Trustees shall cause to be posted appropriate notice to the public of applicable traffic and parking restrictions.

(13) All ordinances adopted under this subsection shall be recorded in the minutes of the Board of Trustees and copies thereof shall be filed in the office of the Secretary of State. The Board of Trustees shall provide for printing and distributing copies of its traffic and parking ordinances.

(14) All moneys received pursuant to this subsection shall be placed in a trust account of the School and may be used for any of the following purposes:

a. To defray the cost of administering and enforcing ordinances adopted under this subsection;

G.S. 116-235 is set out twice. See notes.

b. To develop, maintain, and supervise parking areas and facilities;
c. To fulfill other purposes related to parking, traffic, and transportation on the campus.

(f) **(Repealed July 1, 2007 — see note)** Status as a Body Politic and Corporate. — The Board of Trustees of the School is hereby made a body corporate and politic, to be known and distinguished as "The Board of Trustees of the North Carolina School of Science and Mathematics." The Board of Trustees shall be capable in law to sue and be sued and of prosecuting and defending suits for or against the corporation, subject to the provisions of G.S. 114-2 and G.S. 147-17.

(g) **(Repealed July 1, 2007 — see note)** The Board of Trustees may adopt such other policies and regulations as it may consider necessary and expedient for the operation and management of the affairs of the School, not inconsistent with the provisions of this Article.

(h) The Board of Trustees shall keep the Board of Governors fully and promptly informed, through the President of The University of North Carolina, concerning activities of the Board of Trustees, including notices of meetings and copies of the minutes of all such meetings.

(i) The Display of the United States and North Carolina Flags and the Recitation of the Pledge of Allegiance. — The Board of Trustees shall adopt policies to require (i) the display of the United States and North Carolina flags in each classroom when available, (ii) the recitation of the Pledge of Allegiance on a daily basis, and (iii) the instruction on the meaning and historical origins of the flag and the Pledge of Allegiance. These policies shall not compel any person to stand, salute the flag, or recite the Pledge of Allegiance. If flags are donated or are otherwise available, flags shall be displayed in each classroom. (e) Notes; Repayment. — By and with the consent of the Council of State, the State Treasurer is authorized to borrow money and to execute and issue notes of the State for the same, but only in the following circumstances and under the following conditions:

§ 116D-41. Short title.

Editor's Note. —

Session Laws 2000-3, s. 3(d), as amended by Session Laws 2006-66, s. 8.8, provides: "If the State Board of Community Colleges determines that a community college has not met its matching requirements by July 1, 2007, with respect to a capital improvement project for which bond proceeds are allocated in this act, the Board shall certify that fact to the State Treasurer by October 1, 2007. All of these bond proceeds with respect to which the Board certifies that the matching requirement has not been met by July 1, 2007, shall be placed by the State Treasurer in a special account within the Community Colleges Bond Fund and shall be used for making grants to community colleges. Bond proceeds in the special account shall be allocated among the community colleges in accordance with the following conditions:

"(1) The State Board of Community Colleges shall generate, by October 1, 2007, a priority ranking of legitimate community college capital improvement needs using a formula based on objective meaningful factors relevant to capital needs, including actual and projected enrollment, space requirements, current capacity, construction costs, and any other factors the State Board considers relevant.

"(2) The State Board of Community Colleges shall provide the State Treasurer a projected allocation of the proceeds in the special account in accordance with this priority ranking, except that:

"a. No projected allocation shall be made for a community college that the Board certified in accordance with this subsection had failed to meet a matching requirement.

"b. No more than four million dollars ($4,000,000) shall be allocated to a single community college.

"c. Funds shall not be allocated for more than one project per community college.

"(3) The proceeds of grants made from bond proceeds in the special account shall be allocated and expended for paying the cost of community college capital improvements in accordance with this allocation by the State Board of Community Colleges, to the extent and as provided in this act. The Director of the Budget is empowered, when the Director of the Budget determines it is in the best interest of the State and the North Carolina Community College System to do so, and if the cost of a particular project is less than the projected allocation, to use the excess funds to increase the size of that project or increase the size of any other project itemized in this section, or to increase the amount allocated to a particular community college within the aggregate amount of funds available under this section. The Director of the Budget shall consult with the Advisory Budget Commission and the Joint Legislative Commission on Governmental Operations before making these changes."

Session Laws 2006-66, s. 1.2, provides: "This act shall be known as 'The Current Operations and Capital Improvements Appropriations Act of 2006'."

Chapter 117.

Electrification.

Article 1.

Rural Electrification Authority.

Sec.

117-3.1. (Effective until July 1, 2007) Regulatory fee.
117-3.1. (Effective July 1, 2007) Regulatory fee.

Article 1.

Rural Electrification Authority.

§ 117-3.1. (Effective until July 1, 2007) Regulatory fee.

(a) Fee imposed. — It is the policy of the State of North Carolina to provide fair regulation of electric and telephone membership corporations in the interest of the public. The cost of regulating electric and telephone membership corporations is a burden incident to the privilege of operating as an electric or telephone membership corporation. Therefore, for the purpose of defraying the cost of regulating electric and telephone membership corporations, every electric and telephone membership corporation subject to the jurisdiction of the Authority shall pay a quarterly regulatory fee, in addition to all other fees and taxes, as provided in this section. The fees collected shall be used only to pay the expenses of the Authority in regulating electric and telephone membership corporations in the interest of the public.

(b) Rate. — For each fiscal year, the regulatory fee shall be the greater of the following:

(1) The rate established by the General Assembly for that year for each electric membership corporation's North Carolina meter connected for service and each telephone membership corporation's North Carolina access line connected for service for each quarter of the year.

(2) Four cents (4¢) for each electric membership corporation's North Carolina meter connected for service and for each telephone membership corporation's North Carolina access line connected for service for each quarter of the year.

When the Authority prepares its budget request for the upcoming fiscal year, the Authority shall propose a rate for the regulatory fee. For fiscal years beginning in an odd-numbered year, that proposed rate shall be included in the budget message the Governor submits to the General Assembly pursuant to G.S. 143-11. For fiscal years beginning in an even-numbered year, that proposed rate shall be included in a special budget message the Governor shall submit to the General Assembly. If the General Assembly decides to set the regulatory fee at a rate higher than the rate in subdivision (2) of this subsection, it shall set the regulatory fee by law.

The regulatory fee may not exceed the amount necessary to generate funds sufficient to defray the estimated cost of the operations of the Authority for the upcoming fiscal year, including a reasonable margin for a reserve fund. The amount of the reserve may not exceed the estimated cost of operating the Authority for the upcoming fiscal year. In calculating the amount of the reserve, the General Assembly shall consider all relevant factors that may affect the cost of operating the Authority or a possible unanticipated increase

or decrease in North Carolina electric meters and North Carolina telephone access lines.

(c) When Due. — The regulatory fee imposed under this section is due and payable to the Authority on or before the 15th day of the second month following the end of each quarter. Every electric and telephone membership corporation subject to the regulatory fee shall, on or before the date the fee is due for each quarter, prepare and render a report on a form prescribed by the Authority. The report shall state the electric or telephone membership corporation's total North Carolina electric meters or North Carolina telephone access lines connected for service for the preceding quarter and shall be accompanied by any supporting documentation that the Authority may by rule require.

(d) Use of Proceeds. — A special fund in the office of the State Treasurer, the North Carolina Rural Electrification Authority Fund (NCREA Fund), is created. The fees collected pursuant to this section and all other funds received by the Authority shall be deposited in the NCREA Fund. The NCREA Fund shall be placed in an interest bearing account and any interest or other income derived from the NCREA Fund shall be credited to the NCREA Fund. Moneys in the NCREA Fund shall only be spent pursuant to an appropriation by the General Assembly.

The NCREA Fund shall be subject to the provisions of the Executive Budget Act except that no unexpended surplus of the NCREA Fund shall revert to the General Fund. All funds credited to the NCREA Fund shall be used only to pay the expenses of the Authority in regulating electric and telephone membership corporations in the interest of the public as provided by this Chapter. (1991, c. 473, s. 1; 1991 (Reg. Sess., 1992), c. 803, s. 1.)

Section Set Out Twice. — The section above is effective until July 1, 2007. For the section as effective July 1, 2007, see the following section, also numbered G.S. 117-3.1.

Gasoline and Oil Inspection and Regulation.

Article 3.

Gasoline and Oil Inspection.

Sec.
119-18. Inspection tax and distribution of the tax proceeds.

ARTICLE 3.

Gasoline and Oil Inspection.

§ 119-18. Inspection tax and distribution of the tax proceeds.

(a) Tax. — An inspection tax of one fourth of one cent (1/4 of 1¢) per gallon is levied upon all of the fuel listed in this subsection regardless of whether the fuel is exempt from the per-gallon excise tax imposed by Article 36C or 36D of Chapter 105 of the General Statutes. The inspection tax on motor fuel is due and payable to the Secretary of Revenue at the same time that the per gallon excise tax on motor fuel is due and payable under Article 36C of Chapter 105 of the General Statutes. The inspection tax on alternative fuel is due and payable to the Secretary of Revenue at the same time that the excise tax on alternative fuel is due and payable under Article 36D of Chapter 105 of the General Statutes. The inspection tax on kerosene is payable monthly to the Secretary by a supplier that is licensed under Part 2 of Article 36C of Chapter 105 of the General Statutes and by a kerosene supplier. A monthly report is due on the same date as a monthly return due under G.S. 105-449.90 and applies to kerosene sold during the preceding month by a supplier licensed under that Part and to kerosene received during the preceding month by a kerosene supplier. A kerosene terminal operator must file a return in accordance with the provisions of G.S. 105-449.90.

(1) Motor fuel.
(2) Alternative fuel used to operate a highway vehicle.
(3) Kerosene.

(a1) Deferred Payment. — A licensed kerosene distributor that buys kerosene from a supplier licensed under Part 2 of Article 36C of Chapter 105 of the General Statutes has the right to defer payment of the inspection tax until the supplier is required to remit the tax to this State or another state. A licensed kerosene distributor that pays the tax due a supplier licensed under that Part by the date the supplier must pay the tax to the State may deduct from the amount due a discount in the amount set in G.S. 105-449.93.

(b) Proceeds. — The proceeds of the inspection tax levied by this section shall be applied first to the costs of administering this Article and Subchapter V of Chapter 105 of the General Statutes. The remainder of the proceeds shall be credited on a monthly basis to the Commercial Leaking Petroleum Underground Storage Tank Cleanup Fund and the Noncommercial Leaking Petroleum Underground Storage Tank Cleanup Fund. If the amount of revenue in the Noncommercial Fund at the end of a month is at least five million dollars ($5,000,000), one-half of the remainder of the proceeds shall be credited to the Noncommercial Fund and one-half of the remainder of the proceeds shall be credited to the Commercial Fund. If the amount of revenue in the Noncommercial Fund at the end of a month is less than this threshold amount, all of the remainder of the proceeds shall be credited to the Noncommercial Fund.

(c) No Local Tax. — No county, city, or town shall impose any inspection charge, tax, or fee, in the nature of the charge prescribed by this section, upon kerosene and motor fuel. (1917, c. 166, s. 4; C.S., s. 4856; 1933, c. 544, s. 5; 1937, c. 425, s. 5; 1967, c. 1110, s. 12; 1973, c. 476, s. 193; 1985, c. 602, s. 2; 1991, c. 636, s. 12; 1991 (Reg. Sess., 1992), c. 913, s. 12; 1993, c. 402, s. 8; 1995, c. 390, s. 23; 1995 (Reg. Sess., 1996), c. 647, s. 55; 2003-349, ss. 10.15, 10.16; 2006-162, s. 15(e).)

Editor's Note. — Session Laws 2006-162, s. 33, provides, in part, that: "An exempt card or code will not be valid for sales of motor fuel at the terminal rack on or after January 1, 2007."

Effect of Amendments. —

Session Laws 2006-162, s. 15(e), effective January 1, 2007, and applicable to motor fuel purchased on or after that date, in subsection (a), substituted "on the same date as a monthly return due under G.S. 105-449.90" for "by the 22nd of each month" in the middle of the next-to-last sentence, and substituted "G.S. 105-449.90" for "G.S. 105-449.100" at the end of the last sentence.

Sec.
121-21.1. Tryon Palace Historic Sites and Gardens Fund.

Article 1.

General Provisions.

§ 121-9. Historic properties.

(a) Administration of Properties Acquired by State. — Historic or archaeological properties acquired by the State for administration by the State of North Carolina shall be under the control and administration of the Department of Cultural Resources. Upon approval of the North Carolina Historical Commission and the Secretary of Cultural Resources, the Department of Cultural Resources may, in its discretion, make a contract with any county or municipality within the State or with any nonprofit corporation or organization for the administration of any portion of such property.

(b) Acquisition of Historic Properties. — For the purpose of protecting or preserving any property of historical, architectural, archaeological, or other cultural importance to the people of North Carolina, and subject to the provisions of Subchapter II of Chapter 146 of the General Statutes, the Department may, with the approval of the North Carolina Historical Commission and after consultation with the Joint Legislative Commission on Governmental Operations, acquire, preserve, restore, hold, maintain, operate, and dispose of such properties, together with such adjacent lands as may be necessary for their protection, preservation, maintenance, and operation. Such property may be real or personal in nature, and in the case of real property, the acquisition may include the fee or any lesser interest therein. Property may be acquired by gift, grant, bequest, devise, lease, purchase, or condemnation pursuant to the provisions of Chapter 40A of the General Statutes, or otherwise. Property may be acquired by the Department, using such funds as may be appropriated for the purpose or moneys available to it from any other source.

(b1) In the case of real property, the North Carolina Historical Commission shall report the following information to the Joint Legislative Commission on Governmental Operations before acquiring the property:

(1) The statewide historical significance of the site.
(2) The potential uses of the site.
(3) The capital requirements of the site over a 20-year period of time.
(4) The annual operating costs of the site.
(5) The expected levels of visitation at the site.
(6) Any other information that would assist in determining the full cost of maintaining, operating, and administering the site as State property.

(c) Interests Which May Be Acquired. — In the case of real property, the interest acquired shall be limited to that estate, interest, or term deemed by the Department to be reasonably necessary for the continued protection or preservation of the property. The Department may acquire the fee simple title, but where it finds that a lesser interest, including any development right, negative or affirmative easement in gross or appurtenant, covenant, lease, or other contractual right of or to any real property to be the most practical and economical method of protecting and preserving historic property, the lesser interest may be acquired.

(d) Conveyance of Property for Preservation Purposes. — In appropriate cases, the Department may acquire or dispose of the fee or lesser interest to any such property for the specific purpose of conveying or leasing the property back to its original owner or of conveying or leasing it to such other person, firm, association, corporation, or other organization under such covenants, deed restrictions, lease, or other contractual arrangements as will limit the future use of the property in such a way as to insure its preservation. Where such action is taken, the property may be conveyed or leased by private sale. In all cases where property is conveyed, it shall be subjected by covenant or otherwise to such rights of access, public visitation, and other conditions or restrictions of operation, maintenance, restoration, and repair as the Department may prescribe, or to such conditions as may be agreed upon between the Department and the grantee or lessee to accomplish the purposes of this section.

(e) Use of Property so Acquired. — Any historic property acquired, whether in fee or otherwise, may be used, maintained, improved, restored, or operated by the Department for any public purpose within its powers and not inconsistent with the purpose of the continued preservation of the property. The property shall not be subject to condemnation by the State of North Carolina or any of its agencies or political subdivisions at any time, unless such method of acquisition is first approved by the Governor and Council of State.

(f) **(Effective until July 1, 2007)** Emergency Acquisition Where Funds Not Immediately Available. — If funds or contributions for the acquisition of needed historic property are not available, the Governor and Council of State may, upon the recommendation of the Secretary of Cultural Resources and approval of the North Carolina Historical Commission, allocate from the Contingency and Emergency Fund an amount sufficient to acquire an option on the property or properties, which option shall continue until 90 days after the adjournment sine die of the next General Assembly. Upon recommendation of the Secretary and approval of the Historical Commission, the Governor and Council of State may allocate funds from the Contingency and Emergency Fund for the immediate acquisition, preservation, restoration, or operation of historically, archaeologically, architecturally, or culturally important properties. All funds hereinafter appropriated to purchase, restore, maintain, develop, or operate historic or archaeological or other important property shall be administered subject to the provisions of Article 1 of Chapter 143 of the General Statutes unless the statute making the appropriation shall in specific and express terms provide otherwise.

(f) **(Effective July 1, 2007)** Emergency Acquisition Where Funds Not Immediately Available. — If funds or contributions for the acquisition of needed historic property are not available, the Governor and Council of State may, upon the recommendation of the Secretary of Cultural Resources and approval of the North Carolina Historical Commission, allocate from the Contingency and Emergency Fund an amount sufficient to acquire an option on the property or properties, which option shall continue until 90 days after the adjournment sine die of the next General Assembly. Upon recommendation of the Secretary and approval of the Historical Commission, the Governor and Council of State may allocate funds from the Contingency and Emergency Fund for the immediate acquisition, preservation, restoration, or operation of

historically, archaeologically, architecturally, or culturally important properties. All funds hereinafter appropriated to purchase, restore, maintain, develop, or operate historic or archaeological or other important property shall be administered subject to the provisions of Chapter 143C and G.S. 143B-53.1 of the General Statutes unless the statute making the appropriation shall in specific and express terms provide otherwise.

(g) Power to Acquire Property by Condemnation. — In the event that a property which has been found by the Department of Cultural Resources to be important for public ownership or assistance is in danger of being sold, used, or neglected to such an extent that its historical or cultural importance will be destroyed or seriously impaired, or that the property is otherwise in danger of destruction or serious impairment, the Department of Cultural Resources, after receiving the approval of the North Carolina Historical Commission and of the Governor and Council of State, may acquire the historic property or any interest therein by condemnation under the provisions of Chapter 40A of the General Statutes. The Department of Cultural Resources, upon finding that destruction or serious impairment of the value of the property is imminent, shall file with the Governor and Council of State a report on the importance of the property and the desirability of ownership of the property, or the ownership of an interest therein, by the State of North Carolina. Upon giving their approval, the Governor and Council of State shall cause to have filed such approval with the clerk of the superior court in the county or counties where the property is situated. Until the approval is filed, the power of condemnation may not be exercised. All condemnation proceedings shall be instituted and prosecuted in the name of the State of North Carolina.

(h) Preservation and Custodial Care of State Capitol. — The rotunda, corridors, and stairways of the first floor of the State Capitol and all portions of the second, third, and loft floors of the said building shall be placed in the custody of the Department of Cultural Resources; and the Department shall, subject to the availability of funds for the purpose, care for and administer these areas for the edification of present and future generations. The aforesaid areas shall be preserved as historic shrines and shall be maintained insofar as practicable as they shall appear following the restoration of the Capitol. The Department of Cultural Resources is authorized to deny the use of the legislative chambers for meetings in order that they, with their historic furnishings, may be better preserved for posterity; provided, however, that the General Assembly may hold therein such sessions as it may by resolution deem proper.

The Department of Cultural Resources is hereby entrusted with the responsibilities herein specified as being the agency with the experience best qualified to preserve and administer historic properties in a suitable manner. However, for the purposes of carrying out the provisions of this section, it is hereby directed that such cooperation and assistance shall be made available to the said Department of Cultural Resources and such labor supplied, as may be feasible, by the Department of Administration.

The offices and working areas of the first floor as well as all washrooms and the exterior of the Capitol shall remain under the jurisdiction of the Department of Administration: Provided, however, that the Department of Administration shall seek the advice of the Department of Cultural Resources in matters relating to any alteration, renovation, and furnishing of said offices and areas. Funds not expended during the 2006-2007 fiscal year shall not revert to the General Fund but shall remain available for the purposes outlined in this section. As used in this section, the term 'crisis' includes services for individuals with mental illnesses, developmental disabilities, and substance abuse addictions.

"(b) Of the funds appropriated in this act for consultants to aid the Division and LMEs to the Department of Health and Human Services, the sum of two hundred twenty-five thousand dollars ($225,000) for the 2006-2007 fiscal year shall be used by the Department to enter into one or more personal services contracts to provide technical assistance to Local Management Entities to develop and implement the crisis plans required under subsection (a) of this section. In addition to any other factors the Department determines are relevant when selecting the consultant, the Department shall take into consideration whether an applicant has prior experience evaluating crisis services at a local, regional, and statewide level, prior experience assisting State and local public agencies develop and implement crisis services, and the ability to implement its responsibilities within the time frames established under this section. Funds not expended during the 2006-2007 fiscal year shall not revert to the General Fund but shall remain available for the purposes outlined in this subsection.

"(c) No later than August 15, 2006, the Secretary shall designate between 15 and 25 appropriate groupings of LMEs for the development of regional crisis facilities. As used in this section, the term 'regional crisis facility' means a facility-based crisis unit that serves an area that may be larger than the catchment area of a single LME, but that provides adequate access to a facility by all consumers in the State. The Secretary shall consult with LMEs in determining the regional groupings. The Secretary shall also take into consideration geographical factors, prior LME groupings and partnerships, and existing community facilities.

"(d) With the assistance of the consultant, the area authorities and county programs within a crisis region shall work together to identify gaps in their ability to provide a continuum of crisis services for all consumers and use the funds allocated to them to develop and implement a plan to address those needs. At a minimum, the plan must address the development over time of the following components: 24-hour crisis telephone lines, walk-in crisis services, mobile crisis outreach, crisis respite/residential services, crisis stabilization units, 24-hour beds, facility-based crisis, in-patient crisis, and transportation. Options for voluntary admissions to a secured facility must include at least one service appropriate to address the mental health, developmental disability, and substance abuse needs of adults, and the mental health, developmental disability, and substance abuse needs of children. Options for involuntary commitment to a secured facility must include at least one option in addition to admission to a State facility.

"If all area authorities and county programs in a crisis region determine that a facility-based crisis center is needed and sustainable on a long-term basis, the crisis region shall first attempt to secure those services through a community hospital or other community facility. If all the area authorities and county programs in the crisis region determine the region's crisis needs are being met, the area authorities and county programs may use the funds to meet local crisis service needs.

"(e) Each LME shall submit its crisis services plan to the Secretary for review no later than March 1, 2007. The plan shall take into consideration and attempt to utilize all other sources of funds in addition to the funds appropriated under this section. The Secretary shall review each plan to determine whether it meets all the requirements of this section. If the Secretary approves the plan, the LME shallreceive implementation funding."

Session Laws 2006-66, s. 1.2, provides: "This act shall be known as 'The Current Operations and Capital Improvements Appropriations Act of 2006'."

Session Laws 2006-66, s. 28.3, provides: "Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 2006-2007 fiscal year, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 2006-2007 fiscal year."

§ 122C-23. Licensure.

(a) No person shall establish, maintain, or operate a licensable facility for the mentally ill, developmentally disabled, or substance abusers without a current license issued by the Secretary.

(b) Each license is issued to the person only for the premises named in the application and shall not be transferrable or assignable except with prior written approval of the Secretary.

(c) Any person who intends to establish, maintain, or operate a licensable facility shall apply to the Secretary for a license. The Secretary shall prescribe by rule the contents of the application forms.

(d) The Secretary shall issue a license if the Secretary finds that the person complies with this Article and the rules of the Commission and Secretary.

(e) Initial licenses issued under the authority of this section shall be valid for not more than 15 months. Licenses shall be renewed annually thereafter and shall expire at the end of the calendar year. The expiration date of a license shall be specified on the license when issued. Renewal of a regular license is contingent upon receipt of information required by the Secretary for renewal and continued compliance with this Article and the rules of the Commission and the Secretary. Licenses for facilities that have not served any clients during the previous 12 months are not eligible for renewal.

The Secretary may issue a provisional license for a period up to six months to a person obtaining the initial license for a facility. The licensee must demonstrate substantial compliance prior to being issued a full license.

A provisional license for a period not to exceed six months may be granted by the Secretary to a person who is temporarily unable to comply with a rule when the noncompliance does not present an immediate threat to the health and safety of the individuals in the licensable facility. During this period the licensable facility shall correct the noncompliance based on a plan submitted to and approved by the Secretary. A provisional license for an additional period of time to meet the noncompliance may not be issued.

(e1) Except as provided in subsection (e2) of this section, the Secretary shall not enroll any new provider for Medicaid Home or Community Based services or other Medicaid services, as defined in 42 C.F.R. 440.90, 42 C.F.R. 440.130(d), and 42 C.F.R. 440.180, or issue a license for a new facility or a new service to any applicant meeting any of the following criteria:

(1) The applicant was the owner, principal, or affiliate of a licensable facility under Chapter 122C, Chapter 131D, or Article 7 of Chapter 110 that had its license revoked until 60 months after the date of the revocation.

(2) The applicant is the owner, principal, or affiliate of a licensable facility that was assessed a penalty for a Type A or Type B violation under Article 3 of this Chapter, or any combination thereof, and any one of the following conditions exist:
   a. A single violation has been assessed in the six months prior to the application.
   b. Two violations have been assessed in the 18 months prior to the application and 18 months have not passed from the date of the most recent violation.
   c. Three violations have been assessed in the 36 months prior to the application and 36 months have not passed from the date of the most recent violation.
   d. Four or more violations have been assessed in the 60 months prior to application and 60 months have not passed from the date of the most recent violation.

(3) The applicant is the owner, principal, or affiliate of a licensable facility that had its license summarily suspended or downgraded to provisional status as a result of violations under G.S. 122C-24.1(a) until 60 months after the date of reinstatement or restoration of the license.

(4) The applicant is the owner, principal, or affiliate of a licensable facility that had its license summarily suspended or downgraded to provisional status as a result of violations under Article 1A of Chapter 131D until 60 months after the date of reinstatement or restoration of the license.

(e2) The Secretary may enroll a provider described in subsection (e1) of this section if any of the following circumstances apply:

(1) The applicant is an area program or county program providing services under G.S. 122C-141, and there is no other provider of the service in the catchment area.

(2) The Secretary finds that the area program or county program has shown good cause by clear and convincing evidence why the enrollment should be allowed.

(e3) For purposes of subdivision (e1)(2), fines assessed prior to October 23, 2002, are not applicable to this provision. However, licensure or enrollment shall be denied if an applicant's history as a provider under Chapter 131D, Chapter 122C, or Article 7 of Chapter 110 is such that the Secretary has concluded the applicant will likely be unable to comply with licensing or enrollment statutes, rules, or regulations. In the event the Secretary denies licensure or enrollment under this subsection, the reasons for the denial and appeal rights pursuant to Article 3 of Chapter 150B shall be given to the provider in writing.

(f) Upon written application and in accordance with rules of the Commission, the Secretary may for good cause waive any of the rules implementing this Article, provided those rules do not affect the health, safety, or welfare of the individuals within the licensable facility. Decisions made pursuant to this subsection may be appealed to the Commission for a hearing in accordance with Chapter 150B of the General Statutes.

(g) The Secretary may suspend the admission of any new clients to a facility licensed under this Article where the conditions of the facility are detrimental to the health or safety of the clients. This suspension shall be for the period determined by the Secretary and shall remain in effect until the Secretary is satisfied that conditions or circumstances merit removal of the suspension. In suspending admissions under this subsection, the Secretary shall consider the following factors:

(1) The degree of sanctions necessary to ensure compliance with this section and rules adopted to implement this subsection, and

(2) The character and degree of impact of the conditions at the facility on the health or safety of its clients.

A facility may contest a suspension of admissions under this subsection in accordance with Chapter 150B of the General Statutes. In contesting the suspension of admissions, the facility must file a petition for a contested case within 20 days after the Department mails notice of suspension of admissions to the licensee.

Mental Health Records Previously Admitted Into Evidence In Parental Rights Termination Case. — Trial court did not err by considering mental health records of a mother contained within the underlying file and previously admitted into evidence in proceedings to terminate her parental rights, because the mental health records challenged by the mother were originally admitted into evidence during a permanency planning review hearing and were not challenged by the mother at that time. § 122C-102. State Plan for Mental Health, Developmental Disabilities, and Substance Abuse Services; system performance measures.

(a) Purpose of State Plan. — The Department shall develop and implement a State Plan for Mental Health, Developmental Disabilities, and Substance Abuse Services. The State Plan shall be issued every three years beginning July 1, 2007. It shall identify specific goals to be achieved by the Department, area authorities, and county programs over a three-year period of time and benchmarks for determining whether progress is being made towards those goals. It shall also identify data that will be used to measure progress towards the specified goals. In order to increase the ability of the State, area authorities, county programs, private providers, and consumers to successfully implement the goals of the State Plan, the Department shall not adopt or implement policies that are inconsistent with the State Plan without first consulting with the Joint Legislative Oversight Committee on Mental Health, Developmental Disabilities, and Substance Abuse Services.

(b) Content of State Plan. — The State Plan shall include the following:

(1) Vision and mission of the State Mental Health, Developmental Disabilities, and Substance Abuse Services system.

(2) Repealed by Session Laws 2006-142, s. 2(a), effective July 19, 2006.

(3) Protection of client rights and consumer involvement in planning and management of system services.

(4) Provision of services to targeted populations, including criteria for identifying targeted populations.

(5) Compliance with federal mandates in establishing service priorities in mental health, developmental disabilities, and substance abuse.

(6) Description of the core services that are available to all individuals in order to improve consumer access to mental health, developmental disabilities, and substance abuse services at the local level.
(7) Service standards for the mental health, developmental disabilities, and substance abuse services system.
(8) Implementation of the uniform portal process.
(9) Strategies and schedules for implementing the service plan, including consultation on Medicaid policy with area and county programs, qualified providers, and others as designated by the Secretary, intersystem collaboration, promotion of best practices, technical assistance, outcome-based monitoring, and evaluation.
(10) A plan for coordination of the State Plan for Mental Health, Developmental Disabilities, and Substance Abuse Services with the Medicaid State Plan, and NC Health Choice.
(11) A business plan to demonstrate efficient and effective resource management of the mental health, developmental disabilities, and substance abuse services system, including strategies for accountability for non-Medicaid and Medicaid services.
(12) Strategies and schedules for implementing a phased in plan to eliminate disparities in the allocation of State funding across county programs and area authorities by January 1, 2007, including methods to identify service gaps and to ensure equitable use of State funds to fill those gaps among all counties.

(c) State Performance Measures. — The State Plan shall also include a mechanism for measuring the State's progress towards increased performance on the following matters: access to services, consumer-focused outcomes, individualized planning and supports, promotion of best practices, quality management systems, system efficiency and effectiveness, and prevention and early intervention. Beginning October 1, 2006, and every six months thereafter, the Secretary shall report to the General Assembly and the Joint Legislative Oversight Committee on Mental Health, Developmental Disabilities, and Substance Abuse Services, on the State's progress in these performance areas. (2001-437, s. 1.5; 2006-142, s. 2(a).)

Editor's Note. —

"(3) Assist the Division of Mental Health, Developmental Disabilities, and Substance Abuse Services to work with area authorities and county programs to:

"a. Develop and implement five to ten critical performance indicators to be used to hold area authorities and county programs accountable for managing the mental health, developmental disabilities, and substance abuse services system. The performance system indicators shall be implemented no later than six months after the consultant's contract is awarded and in no event later than July 1, 2007.

"c. Implement other uniform procedures for the management functions of area authorities and county programs.

Editor's Note. —

Session Laws 2006-159, ss. 1 through 3, provide: "1. Findings and Purpose. The General Assembly finds as follows:

"(1) The Camp Butner reservation is administered by the Secretary of the Department of Health and Human Services (hereinafter 'Secretary') in accordance with the provisions of Article 6 of Chapter 122C of the General Statutes (the Camp Butner reservation is variously referred to,in whole or in part, as the Camp Butner reservation, the Town of Butner, and the Community of Butner and in this act shall be referred to as the 'Butner Reservation').

"(2) The Department of Health and Human Services (hereinafter 'Department') owns a water and sewer system (hereinafter 'System') that it has long operated pursuant to G.S. 122C-407 for the benefit of the Butner Reservation, the State institutions located in or near the Butner Reservation, adjacent areas of Granville County, and certain federal correctional institutions.

"(3) The Department has determined that it is in the best interests of the Department, its clients, and the State of North Carolina for the System to be operated as a regional water and sewer system for the benefit of the Butner Reservation, the City of Creedmoor (hereinafter 'Creedmoor'), the Town of Stem (hereinafter 'Stem'), adjacent areas of Granville County, and the State and federal institutions located nearby.

"(4) The Secretary pursuant to the authority vested in her by G.S. 122C-407 entered into a Memorandum of Understanding (hereinafter 'MOU') with the South Granville Water and Sewer Authority, a water and sewer authority organized under and by virtue of Article 1 of Chapter 162A of the General Statutes (hereinafter 'SGWASA') pursuant to which SGWASA, effective January 1, 2006, manages and operates the System.

"(5) The customers of the System have paid for water and sewer over the years the Department has operated the System, and those payments at times have generated surpluses that are held by the Department or on behalf of the Department by the State Treasurer for use for the benefit of the System.

"(6) It is in the best interests of the Department, the southern portion of Granville County including the Butner Reservation, Stem, and Creedmoor, and the State for SGWASA to own and operate the System for the benefit of all interested parties and that certain assets be transferred to SGWASA.

"2.(a) The Governor shall convey on or before January 1, 2007, or as soon thereafter as all conditions set forth herein are met, to SGWASA for the consideration set forth herein all right, title, and interest in and to all of the property, real, personal, and mixed, tangible and intangible, comprising the System owned by the State of North Carolina which is currently managed by SGWASA pursuant to the MOU; provided, however, that SGWASA, prior to said transfer, shall make the arrangements necessary to retire, assume, or otherwise satisfy any debt issued by the State that is secured by the System or by the revenues of the System and which is outstanding as of the date of transfer. A schedule of said assets is on file with the Secretary and with the Executive Director of SGWASA.

"(b) In order to provide SGWASA with a reserve for operations and maintenance expenses and extraordinary repairs and replacements, the Department shall transfer to SGWASA on or before September 1, 2007, from the funds held by the Department for the Town of Butner Enterprise in the State of North Carolina General Ledger System (ATBD 701), the sum of two million sixty-nine thousand four hundred thirty-two dollars and fifty cents ($2,069,432.50) which is equal to one-half of one year's total operating expenses of the System, as shown on the Town of Butner Waterand Sewer System Financial Statement Audit Report for the Year Ended June 30, 2005 (hereinafter the 'Audit Report'). If the majority of the functions of the Butner Reservation are assumed by a municipal corporation organized pursuant to the laws of the State of North Carolina, the remainder of the funds held by the Department for the Town of Butner Enterprise in the State of North Carolina General Ledger System (ATBD 701), including all interest and returns thereon, and all Capital Improvement Funds held by the Department for the Town of Butner Enterprise in the North Carolina General Ledger System (BD 725) not otherwise restricted by statute or otherwise obligated for the payment of existing debts, including all interest and returns thereon, shall be transferred by the Department to such successor municipality.

"(c) Except as hereinafter provided, SGWASA shall continue to pay to the Department a monthly sum to be used by the Department to support the operations of the Butner Reservation, set at a baseline of sixty-three thousand nine hundred fifty-seven dollars and seventy-five cents ($63,957.75) for fiscal year 2005-2006, which sum shall be adjusted annually on July 1 to reflect the cost of salary and benefit changes granted to State employees by an act of the General Assembly or by action of the Office of State Personnel; any increases and adjustments required by law for Social Security, retirement rate increases, or longevity; and allowable inflationary cost increases for all operations costs as determined by the North Carolina Office of State Budget and Management each budget cycle and communicated to State agencies for application. This payment shall continue until such date as the majority of the functions of the Department performed at the Butner Reservation are assumed by a municipal corporation organized pursuant to the laws of the State of North Carolina. If the majority of the functions of the Butner Reservation are assumed by a municipal corporation organized pursuant to the laws of the State of North Carolina, SGWASA shall pay to such municipal corporation the sum of forty-one thousand six hundred sixty-six dollars and sixty-seven cents ($41,666.67) per month for a period of 240 months from the date of said incorporation. Notwithstanding the foregoing, any payments pursuant to this section to the Department or a municipal corporation incorporated hereafter which assumes the majority of the functions of the Butner Reservation may, to the extent provided in any trust agreement, trust indenture, resolution, order, ordinance, or similar instrument entered or adopted by SGWASA in connection with the issuance of bonds by SGWASA, be made subordinated to the payment of current expenses of the System, the funding of reserves, and the payment of debt service on any indebtedness incurred by SGWASA for the improvement, expansion, and maintenance of the System or to make a payment to the State to retire bonds previously issued by the State for such purpose. For purposes of this section, 'payment of debt service on indebtedness' includes the payments required under any financial instruments entered into by SGWASA in connection with the indebtedness, such as payments under interest rate swap agreements, reimbursement agreements, standby bond purchase agreements, or similar instruments entered into by SGWASA in connection with its bonds.

Such reversion shall be conditioned upon the State making the arrangements necessary to retire, assume, or otherwise satisfy any debt issued by SGWASA to be outstanding following the reversion of the assets to the State. If, at such time, the primary functions of the department with respect to the Butner Reservation have been assumed by a municipal corporation organized pursuant to the laws of the State of North Carolina, the assets that otherwise would revert to the State pursuant to this section shall vest in such municipality on the same terms and conditions as if the assets were reverting to the state (including that arrangements necessary to retire, assume, or otherwise satisfy any debt issued by SGWASA and to be outstanding following the reversion of the assets to the State be made as a condition to such reversion).

"3. The transfer of the System to SGWASA pursuant to the provisions of this act shall be exempt from the requirements of Article 7, Chapter 146 of the General Statutes. The conveyance of property under this act shall comply with the provisions of Article 16, Chapter 146; provided, however, that the conveyance will be exempt from the provisions of G.S. 146-74. The provisions of this act shall be exempt from all statutes concerning in any way the disposition of personal property owned by the State of North Carolina or any department or agency thereof."

Notwithstanding the provisions of this subdivision, or the other requirements of this subsection, the Governor may at any time increase by five the number of exempt policymaking positions at the Department of Health and Human Services, but at no time shall the total number of exempt policymaking positions exceed 105. The request shall be made by sending a list of exempt positions that exceed the limit imposed by this subsection to the Speaker of the North Carolina House of Representatives and the President of the North Carolina Senate. A copy of the list also shall be sent to the State Personnel Director. The General Assembly may authorize all, or part of, the additional positions to be designated as exempt positions. If the General Assembly is in session when the list is submitted and does not act within 30 days after the list is submitted, the list shall be deemed approved by the General Assembly, and the positions shall be designated as exempt positions. If the General Assembly is not in session when the list is submitted, the 30-day period shall not begin to run until the next date that the General Assembly convenes or reconvenes, other than for a special session called for a specific purpose not involving the approval of the list of additional positions to be designated as exempt positions; the policymaking positions shall not be designated as exempt during the interim.

(3) Letter. — These positions shall be designated in a letter to the State Personnel Director, the Speaker of the House of Representatives, and the President of the Senate by May 1 of the year in which the oath of office is administered to each Governor unless the provisions of subsection (d)(4) apply.

In the event of a vacancy in the Office of Governor, the State Board of Education shall make these designations in a letter to the State Personnel Director, the Speaker of the House of Representatives, and the President of the Senate within 120 days after the oath of office is administered to the Governor.

(e) An exempt employee may be transferred, demoted, or separated from his or her position by the department head authorized to designate the exempt position except:

(1) When an employee who has the minimum service requirements described in G.S. 126-1.1 but less than 10 years of cumulative service in subject positions prior to placement in an exempt position is removed from an exempt position, for reasons other than just cause, the employee shall have priority to any position that becomes available for which the employee is qualified, according to rules and regulations regulating and defining priority as promulgated by the State Personnel Commission; or

(2) When an employee who has 10 years or more cumulative service, including the immediately preceding 12 months, in subject positions prior to placement in an exempt position is removed from an exempt position, for reasons other than just cause, the employee shall be reassigned to a subject position within the same department or agency, or if necessary within another agency, and within a 35 mile radius of the exempt position, at the same grade and salary, including all across-the-board increases since placement in the position designated as exempt, as his most recent subject position.

(f) A department head is authorized to use existing budgeted positions within his department in order to carry out the provisions of subsection (e) of this section. If it is necessary to meet the requirements of subsection (e) of this section, a department head may use salary reserve funds authorized for his department.

(g) No employee shall be placed in an exempt position without 10 working days prior written notification that such position is so designated. A person applying for a position that is designated as exempt must be notified in writing at the time he makes the application that the position is designated as exempt.

(h) In case of dispute as to whether an employee is subject to the provisions of this Chapter, the dispute shall be resolved as provided in Article 3 of Chapter 150B. Subdivision (c1)(8) Set Out Twice. — The first version of subdivision (c1)(8) set out above is effective until July 1, 2007. The second version of subdivision (c1)(8) set out above is effective July 1, 2007.

Subdivision (c1)(11) is repealed effective July 1, 2007, by Session Laws 2006-66, s. 9.11(z).

Editor's Note. —

Session Laws 2006-66, s. 18.2(e), which added subdivision (c1)(26), was added by Session Laws 2006-221, s. 20, and amended by Session Laws 2006-259, s. 49, which recodified (c1)(26) as (c1)(27). The subdivision was then redesignated as (c1)(28) at the direction of the Revisor of Statutes.

Session Laws 2006-259, s. 49, provides: "If House Bill 2762, 2005 Regular Session [2006-204], becomes law, then G.S. 166-5(c1)(26), as enacted by that act, is recodified as G.S. 126-5(c1)(27) [now (c1)(28)]."

Session Laws 2006-66, s. 1.2, provides: "This act shall be known as 'The Current Operations and Capital Improvements Appropriations Act of 2006'."

Session Laws 2006-66, s. 28.3, provides: "Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 2006-2007 fiscal year, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 2006-2007 fiscal year."

Session Laws 2006-66, s. 28.6 is a severability clause.

Session Laws 2006-249, s. 3, provides: "Personnel. — For the purpose of improving efficiency and cost-effectiveness of Plan operations, the Executive Administrator and Board of Trustees of the North Carolina State Health Plan may create eight new full-time positions, five of which shall be subject to the State Personnel Act under G.S. 126-5, and three of which shall be exempt from the State Personnel Act under G.S. 126-5(c). The Executive Administrator and Board of Trustees may use up to five hundred sixty-three thousand one hundred six dollars ($563,106) of available funds to support these positions."

Effect of Amendments. —

Session Laws 2006-66, ss. 9.11(y) and (z), effective July 1, 2007, substituted "North Carolina, including the faculty of the North Carolina School of Science and Mathematics" for "North Carolina" at the end of subdivision (c1)(8); and repealed subdivision (c1)(11), relating to employees of the North Carolina School of Science and Mathematics.

Session Laws 2006-66, s. 9.17(e), effective January 1, 2007, except that the General Assembly and the Governor may make appointments prior to that date for terms beginning January 1, 2007, added subdivision (c1)(26).

Session Laws 2006-204, s. 2, effective August 8, 2006, added subdivision (c1)(26) (now (c1)(28)).

Session Laws 2006-264, s. 11, effective August 27, 2006, substituted "G.S. 126-1.1" for "subsection (c)(1) above" in subdivision (e)(1).

CASE NOTES

Former Department of Social Services Employee. — Applicability of the just cause requirement set forth in G.S. 126-5(a)(2) is determined by the permanency of employment and not by months of service; therefore, a terminated employee who worked less than 24 months before being terminated while on medical leave was entitled to file a contested case based on a lack of just cause since she had been an employee of the Department of Social Services, which was a local social services department. Early v. County of Durham Dep't of Soc. Servs., 172 N.C. App. 344, 616 S.E.2d 553, 2005 N.C. App. LEXIS 1788 (2005).

Application to District Attorneys. — Since an investigatorial assistant's public statements criticizing the district attorney's discretionary decisions and the disruption of his office's working relationship with law enforcement agencies were sufficient reasons, standing alone, to terminate the investigatorial assistant's at will employment, the district attorney's decision to terminate him rested within his lawful and discretionary scope of authority; because the investigatorial assistant's termination was not injurious to the public or against the public good, there was no evidence to establish a genuine issue of material fact to support a claim for wrongful discharge against the district attorney. ARTICLE 2.

Salaries, Promotions, and Leave of State Employees.

§ 126-7.1. Posting requirement; State employees receive priority consideration; reduction-in-force rights; Work First hiring.

(a) All vacancies for which any State agency, department, or institution openly recruit shall be posted within at least the following:

(1) The personnel office of the agency, department, or institution having the vacancy; and

(2) The particular work unit of the agency, department, or institution having the vacancy

in a location readily accessible to employees. If the decision is made, initially or at any time while the vacancy remains open, to receive applicants from outside the recruiting agency, department, or institution, the vacancy shall be listed with the Office of State Personnel for the purpose of informing current State employees of such vacancy. The State agency, department, or institution may not receive approval from the Office of State Personnel to fill a job vacancy if the agency, department, or institution cannot prove to the satisfaction of the Office of State Personnel that it complied with these posting requirements. The agency, department, or institution which hires any person in violation of these posting requirements shall pay such person when employment is discontinued as a result of such violation for the work performed during the period of time between his initial employment and separation.

(a1) State employees to be affected by a reduction in force shall be notified of the reduction in force as soon as practicable, and in any event, no less than 30 days prior to the effective date of the reduction in force.

(a2) The State Personnel Commission shall adopt rules to provide that priority consideration for State employees separated from State employment as the result of reductions in force is to enable a State employee's return to career service at a salary grade and salary rate equal to that held in the most recent position. The State Personnel Commission shall provide that a State employee who:

(1) Accepts a position at the same salary grade shall be paid at the same salary rate as the employee's previous position.

(2) Accepts a position at a lower salary grade than the employee's previous position shall be paid at the same rate as the previous position unless the salary rate exceeds the maximum of the new salary grade. When the salary rate exceeds the maximum of the salary grade, the employee's new salary rate shall be reduced to the maximum of the new salary grade.

(b) Subsection (a) of this section does not apply to vacancies which must be filled immediately to prevent work stoppage or the protection of the public health, safety, or security.

(c) If a State employee subject to this section:

(1) Applies for another position of State employment that would constitute a promotion and;

(2) Has substantially equal qualifications as an applicant who is not a State employee

then the State employee shall receive priority consideration over the applicant who is not a State employee. This priority consideration shall not apply when the only applicants considered for the vacancy are current State employees.

(c1) If a State employee who has been separated due to reduction in force or who has been given notice of imminent separation due to reduction in force:

(1) Applies for another position of State employment equal to or lower in salary grade than the position held by the employee at the time of notification or separation; and

(2) Is determined qualified for that position

then within all State agencies, the State employee shall receive priority consideration over all other applicants but shall receive equal consideration with other applicants who are current State employees not affected by the reduction in force. This priority shall remain in effect for a period of 12 months from the date the employee receives notification of separation by reduction in force. State employees separated due to reduction in force shall receive higher priority than other applicants with employment or reemployment priorities, except that the reemployment priority created by G.S. 126-5(e)(1) shall be considered as equal. The reduction-in-force priority created by this subsection shall be administered in accordance with rules promulgated by the State Personnel Commission.

(c2) If the applicants for reemployment for a position include current State employees, a State employee with more than 10 years of service shall receive priority consideration over a State employee having less than 10 years of service in the same or related position classification. This reemployment priority shall be given by all State departments, agencies, and institutions with regard to positions subject to this Chapter.

(d) "Qualifications" within the meaning of subsection (c) of this section shall consist of:

(1) Training or education;

(2) Years of experience; and

(3) Other skills, knowledge, and abilities that bear a reasonable functional relationship to the abilities and skills required in the job vacancy applied for.

(e) Each State agency, department, and institution is encouraged to hire into State government employment qualified applicants who are current or former Work First Program participants.

(f) Each State agency, department, institution, university, community college, and local education agency shall verify, in accordance with the Basic Pilot Program administered by the United States Department of Homeland Security pursuant to 8 U.S.C. § 1101, et seq, each individual's legal status or authorization to work in the United States after hiring the individual as an employee to work in the United States. (1987, c. 689, s. 2; 1991, c. 65, s. 4; c. 474, s. 1; 1995, c. 141, s. 9; c. 507, s. 7.20(a); 1997-443, s. 12.7(d); 2006-259, s. 23.1(a).)

Editor's Note. — Session Laws 2006-259, s. 23.1(b), provides: "This section does not apply to persons under contract or subcontract. This section applies to employees hired on or after January 1, 2007, except that it applies to employees of local education agencies hired on or after March 1, 2007."

Effect of Amendments. — Session Laws 2006-259, s. 23.1(a), effective August 23, 2006, and applicable to persons under contract or subcontract and is applicable to employees hired on or after January 1, 2007, except that it applies to employees of local education agencies hired on or after March 1, 2007, added subsection (f).

CASE NOTES

Priority Consideration. —

Judgment for a former state employee was reversed as the phrase "in the same or related position classification" in G.S. 126-7.1(c2) applied to both state employees with more and less than 10 years of service; as the employee did not have more than 10 years of service in the same or related position classification, she was not entitled to priority consideration for a vacant position. Wilkins v. N.C. State Univ., — N.C. App. —, 631 S.E.2d 221, 2006 N.C. App. LEXIS 1399 (2006).

Phrase "in the same or related position classification" in G.S. 126-7.1(c2) applies to both state employees with more and less than 10 years of service. Wilkins v. N.C. State Univ., — N.C. App. —, 631 S.E.2d 221, 2006 N.C. App. LEXIS 1399 (2006).

§ 126-8.1. Paid leave for certain athletic competition.

(a) As used in this section, the term "United States team" includes any group leader, coach, official, trainer, or athlete who is a member of an official United States delegation in Pan American, Olympic or international athletic competition.

(b) Any State employee or public school employee paid by State funds who has been chosen to be a member of a United States team for Pan American, Olympic or international competition shall be granted paid leave, in addition to annual and sick leave that person is otherwise entitled to, for the sole purpose of training for and competing in that competition. The paid leave shall be for the period of the official training camp and competition or 30 days a year, whichever is less.

(c) **(Effective until July 1, 2007)** The Department of Administration may adopt such rules and regulations as are reasonable and necessary to carry out the provisions of this section, with the approval of the Governor. Prior to taking any action under this section, the Governor may consult with the Advisory Budget Commission.

(c) **(Effective July 1, 2007)** The Department of Administration may adopt such rules and regulations as are reasonable and necessary to carry out the provisions of this section, with the approval of the Governor. (1979, c. 708; 1983, c. 717, s. 42; 1985, (Reg. Sess., 1986), c. 955, ss. 44, 45; 2006-203, s. 69.)

Subsection (c) Set Out Twice. — The first version of subsection (c) set out above is effective until July 1, 2007. The second version of subsection (c) set out above is effective July 1, 2007.

Editor's Note. — Session Laws 2006-203, s. 126, provides in part: "Prosecutions for offenses committed before the effective date of this act [July 1, 2007] are not abated or affected by this act, and the statutes that would be applicable but for this act remain applicable to those prosecutions."

Effect of Amendments. — Session Laws 2006-203, s. 69, effective July 1, 2007, and applicable to the budget for the 2007-2009 biennium and each subsequent biennium thereafter, deleted the former last sentence of (c), which read: "Prior to taking any action under this section, the Governor may consult with the Advisory Budget Commission."

§ 126-8.5. (Effective July 1, 2007) Discontinued service retirement allowance and severance wages for certain State employees.

(a) When the Director of the Budget determines that the closing of a State institution or a reduction in force will accomplish economies in the State Budget, he shall pay either a discontinued service retirement allowance or severance wages to any affected State employee, provided reemployment is not available. As used in this section, "economies in the State Budget" means economies resulting from elimination of a job and its responsibilities or from a lack of funds to support the job. In determining whether to pay a discontinued service retirement allowance or severance wages, the Director of the Budget shall consider the recommendation of the department head involved and any recommendation of the State Personnel Director. Severance wages shall not be paid to an employee who chooses a discontinued service retirement. Severance wages shall not be subject to employer or employee retirement contributions. Severance wages shall be paid according to the policies adopted by the State Personnel Commission.

Notwithstanding any other provisions of the State's retirement laws, any employee of the State who is a member of the Teachers' and State Employees' Retirement System or the Law-Enforcement Officers' Retirement System and who has his job involuntarily terminated as a result of economies in the State Budget may be entitled to a discontinued service retirement allowance, subject to the approval of the employing agency and the availability of agency funds. An unreduced discontinued service retirement allowance, not otherwise allowed, may be approved for employees with 20 or more years of creditable retirement service who are at least 55 years of age; or a discontinued service retirement allowance, not otherwise allowed, may be approved for employees with 20 or more years of creditable retirement service who are at least 50 years of age, reduced by one-fourth of one percent (¼ of 1%) for each month that retirement precedes his fifty-fifth birthday. In cases where a discontinued service retirement allowance is approved, the employing agency shall make a lump sum payment to the Administrator of the State Retirement Systems equal to the actuarial present value of the additional liabilities imposed upon the System, to be determined by the System's consulting actuary, as a result of the discontinued service retirement, plus an administrative fee to be determined by the Administrator.

The salary used to determine severance wages under this section is the last annual salary except that if the employee was promoted within the previous 12 months, the last annual salary is that annual salary prior to the promotion. If the annual salary prior to the promotion is used, it shall be adjusted to account for any across-the-board legislative salary increases. Excluded from any calculation are any benefits such as, but not limited to, overtime pay, shift pay, holiday premium, or longevity pay.

(b) Any employee separated from State government and paid severance wages under this section shall not be employed under a contractual arrangement by any State agency, other than the constituent institutions of The University of North Carolina and the constituent institutions of the North Carolina Community College System, until 12 months have elapsed since the separation. This subsection does not affect any reduction in force rights that the employee may have. (1979, c. 838, s. 22; 1983, c. 761, s. 225; c. 923, s. 217(R); 1983 (Reg. Sess., 1984), c. 1034, s. 251; 1985 (Reg. Sess., 1986), c. 981, s. 1; c. 1024, s. 20; 1987, c. 177, s. 2; 1989 (Reg. Sess., 1990), c. 1066, s. 36(a); 1998-212, s. 28.28(a); 2006-203, s. 6.)

Editor's Note. — This section was formerly codified as G.S. 143-27.2. It was recodified as G.S. 126-8.5 by Session Laws 2006-203, s. 6, effective July 1, 2007.

Session Laws 2006-203, s. 126, provides: "This act becomes effective July 1, 2007, and applies to the budget for the 2007-2009 biennium and each subsequent biennium thereafter. Prosecutions for offenses committed before the effective date of this act [July 1, 2007] are not abated or affected by this act, and the statutes that would be applicable but for this act remain applicable to those prosecutions."

OPINIONS OF ATTORNEY GENERAL

Editor's Note. — *The opinion cited below was decided under former G.S. 143-27.2*

State Budget Officer Cannot Select Discontinued Service Retirement Allowance Unless Employing Agency Head Has Approved Payment. — The State Budget Officer cannot approve discontinued service retirement allowance when the agency head of the employing agency does not recommend (and approve) such an allowance, even if state funds are available and a state employee meets the age and length of service requirements set forth in this section. See opinion of Attorney General to Mr. David T. McCoy, State Budget Officer, 2001 N.C. AG LEXIS 30 (11/7/01).

Article 5.

Political Activity of Employees.

§ 126-14.4. Remedies.

(a) A State employee or applicant for initial State employment who has reason to believe that he or she was among the pool of the most qualified persons for a position in State government employment and was denied employment or promotion in violation of G.S. 126-14.2 because of political affiliation or political influence may complain directly through the Civil Rights Division of the Office of Administrative Hearings, which shall be responsible for making an initial determination of whether there is probable cause to believe that there has been a violation of G.S. 126-14.2.

The complaining State employee or applicant shall file a complaint with the Civil Rights Division of the Office of Administrative Hearings within 30 days after the complainant receives written notice that the position in question has been filled.

The Civil Rights Division of the Office of Administrative Hearings shall promptly make appropriate formal and informal inquiries in its investigatory, fact-finding role and may consider any matter, document, or statement deemed pertinent to the initial determination, including telephone conversations, in determining if there is probable cause to believe there has been a violation of G.S. 126-14.2. The Civil Rights Division may apply to an administrative law judge in the Office of Administrative Hearings for the issuance of oaths and subpoenas under G.S. 7A-756. The investigation and fact-finding phase of the complaint shall be completed by the Civil Rights Division within 30 days.

(b) The Civil Rights Division of the Office of Administrative Hearings shall notify the person alleged to have been hired in violation of G.S. 126-14.2 of the appeal, and the person may present any information to the Civil Rights Division that is pertinent to the initial determination of probable cause. The person alleged to have been hired in violation of G.S. 126-14.2 shall be notified of the results of the initial determination and shall have a right to intervene in any administrative proceedings pursuant to G.S. 150B-23(d).

(c) Upon an initial determination that there is probable cause to believe there has been a violation of G.S. 126-14.2, the complainant may file within 15 days a petition for a contested case pursuant to G.S. 126-34.1 and Article 3 of Chapter 150B of the General Statutes.

(d) An initial determination by the Civil Rights Division that there is not probable cause to believe there has been a violation of G.S. 126-14.2 shall be conclusive of any rights under that section but shall not be admissible or binding in any separate or subsequent civil action or proceeding.

(e) Within 90 days after the filing of a contested case petition, the administrative law judge shall issue a recommended decision to the State Personnel Commission which shall include findings of fact and conclusions of law and, if the administrative law judge has found a violation of G.S. 126-14.2, an appropriate recommended remedy.

(f) Within 60 days of receipt of the official record by the Office of Administrative Hearings, the State Personnel Commission shall make a final written decision as to whether there has been a violation of G.S. 126-14.2. In any case where a violation is found, the State Personnel Commission shall take suitable action to correct the violation, which may include:

(1) Directing the State agency, department, or institution to declare the position vacant, and to hire from among the most qualified State employees or applicants for initial State employment who had applied for the position, or

(2) Requiring that the vacancy be posted pursuant to this Chapter.

(g) A career State employee with:

(1) Less than 10 years of service who was placed in an exempt managerial position, as defined by G.S. 126-5(b)(2), shall be given priority consideration for a position at the same salary grade equal to that held in the most recent position before being placed in the exempt managerial position if he or she has to vacate because of violation of G.S. 126-14.2.

(2) 10 or more years of service who was placed in an exempt managerial position, as defined by G.S. 126-5(b)(2), shall be placed in a comparable position at the same grade and salary equal to that held in the most recent position before being placed in the exempt managerial position if he or she had to vacate because of violation of G.S. 126-14.2. (1997-520, s. 2; 2006-264, s. 12.)

Effect of Amendments. — Session Laws 2006-264, s. 12, effective August 27, 2006, substituted "before being placed in the exempt managerial position" for "prior to the promotion" in subdivisions (g)(1) and (g)(2).

§ 126-15.1. Probationary State employee defined.

As used in this Article, "probationary State employee" means a State employee who is exempt from the Personnel Act only because he has not been continuously employed by the State for the period required by G.S. 126-1.1. (1985, c. 469, s. 4; 1987, c. 282, s. 19; 2006-264, s. 13.)

Effect of Amendments. — Session Laws 2006-264, s. 13, effective August 27, 2006, substituted "G.S. 126-1.1" for "G.S. 126-5(c)" at the end.

ARTICLE 8.

Employee Appeals of Grievances and Disciplinary Action.

§ 126-34.1. Grounds for contested case under the State Personnel Act defined.

CASE NOTES

Construction. —

Applicability of the just cause requirement set forth in G.S. 126-5(a)(2) is determined by the permanency of employment and not by months of service; therefore, a terminated employee who worked less than 24 months before being terminated while on medical leave was entitled to file a contested case based on a lack of just cause since she had been an employee of the Department of Social Services, which was a local social services department. Early v. County of Durham Dep't of Soc. Servs., 172 N.C. App. 344, 616 S.E.2d 553, 2005 N.C. App. LEXIS 1788 (2005).

Choice of Remedies. —

Doctrine of administrative exhaustion did not prevent a state trooper from filing a whistleblower claim in a superior court because the state trooper had the choice to pursue the whistleblower claim in either a judicial forum, pursuant to G.S. 126-86, or an administrative forum, pursuant to G.S. 126-34.1, but not both. Newberne v. Dep't of Crime Control & Pub. Safety, 359 N.C. 782, 618 S.E.2d 201, 2005 N.C. LEXIS 835 (2005).

§ 126-35. Just cause; disciplinary actions for State employees.

CASE NOTES

To Whom Article Applicable. —

Applicability of the just cause requirement set forth in G.S. 126-5(a)(2) is determined by the permanency of employment and not by months of service; therefore, a terminated employee who worked less than 24 months before being terminated while on medical leave was entitled to file a contested case based on a lack of just cause since she had been an employee of the Department of Social Services, which was a local social services department. "Just Cause". —

Summary judgment for a state agency employer in an employee's petition for review of his demotion was proper where the conduct admitted by the employee constituted "unacceptable personal conduct," and the State Personnel Commission determined that its regulations and work rules did not contain any qualification or exception for the explanations asserted by the employee. Hilliard v. N.C. Dep't of Corr., 173 N.C. App. 594, 620 S.E.2d 14, 2005 N.C. App. LEXIS 2121 (2005).

Dismissal Upheld. —

Substantial evidence supported an administrative law judge's (ALJ) ruling that the North Carolina Department of Transportation (DOT) had just cause to dismiss an employee for unacceptable personal conduct where he knowingly violated the DOT's Statement of Understanding and Internet Policy as: (1) the employee's denial of knowledge of the Statement of Understanding was not credible, (2) the employee's claim that he was unaware that he had to obtain his supervisor's approval before installing software on his work computer was not believed by the ALJ, (3) the employee admitted not having permission to install software on his computer, and (4) the unauthorized installation of software was inconsistent with the DOT's objective to ensure that its files and computer network system were properly protected. Attorney Fee Awards. — G.S. 6-19.1 authorizes a superior court to award fees to the employee of a county Department of Social Services who has prevailed under the State Personnel Act, G.S. 126-1 et seq.; therefore, a trial court was authorized to award fees for representation of a plaintiff during the administrative proceedings contesting her termination while on medical leave, which was adjudged without cause and wrongful. Early v. County of Durham Dep't of Soc. Servs., 172 N.C. App. 344, 616 S.E.2d 553, 2005 N.C. App. LEXIS 1788 (2005).

§ 126-38. Time limit for appeals.

CASE NOTES

Adequacy of Notice. —

Letter to an employee after her termination while on medical leave that expressed sympathy for her medical condition and reiterated facts regarding the employee's termination did not constitute sufficient notice of the decision or action regarding the grievance filed by the employee, which triggered the right to appeal for purposes of G.S. 126-38; because the employer, the Department of Social Services (DSS), failed to provide the notice required under G.S. 150B-23(f) as to appealing her termination, an administrative law judge properly denied the DSS' motion to dismiss the appeal as untimely. Early v. County of Durham Dep't of Soc. Servs., 172 N.C. App. 344, 616 S.E.2d 553, 2005 N.C. App. LEXIS 1788 (2005).

§ 126-41. Attorney and witness fees.

CASE NOTES

Attorney Fees. —

Employee who prevailed in a discrimination claim was properly awarded attorneys' fees and costs for representation before the administrative law judge, the North Carolina State Personnel Commission, and the trial court; the trial court did not err in determining that the administrative law judge's award was not unreasonable or inadequate, after reversing the Commission's decision in favor of the state agency the trial court was required to award the employee attorneys' fees and costs, and the trial court provided sufficient notice and time for both parties to respond to its request for affidavits in support of or in opposition to attorneys' fees and costs. Gordon v. N.C. Dep't of Corr., 173 N.C. App. 22, 618 S.E.2d 280, 2005 N.C. App. LEXIS 1918 (2005).

ARTICLE 14.

Protection for Reporting Improper Government Activities.

§ 126-84. Statement of policy.

CASE NOTES

Burden of Persuasion. — Claims brought under the North Carolina Whistleblower Act, G.S. 126-84 through 126-88, should be adjudicated according to the following procedures: (1) the plaintiff must endeavor to establish a prima facie case of retaliation under the statute, the plaintiff should include any available direct evidence that the adverse employment action was retaliatory along with circumstantial evidence to that effect; (2) the defendant should present its case, including its evidence as to legitimate reasons for the employment decision; and (3) once all the evidence has been received, the court should determine whether the McDonnell Douglas or Price Waterhouse framework properly applies to the evidence before it. If the plaintiff has demonstrated that he or she engaged in a protected activity and the defendant took adverse action against the plaintiff in his or her employment, and if the plaintiff has further established by direct evidence that the protected conduct was a substantial or motivating factor in the adverse employment action, then the defendant bears the burden to show that its legitimate reason, standing alone, would have induced it to make the same decision; if, however, the plaintiff has failed to satisfy the Price Waterhouse threshold, the case should be decided under the principles enunciated in McDonnell Douglas and Burdine, with the plaintiff bearing the burden of persuasion on the ultimate issue whether the employment action was taken for retaliatory purposes. Newberne v. Dep't of Crime Control & Pub. Safety, 359 N.C. 782, 618 S.E.2d 201, 2005 N.C. LEXIS 835 (2005).

Sufficiency of Complaint. — State trooper's claim for wrongful termination in violation of the North Carolina Whistleblower Act, G.S. 126-84 through 126-88, was wrongfully dismissed where the trooper, who alleged that the actual reason for his termination was his disclosure of a possible abuse of authority in an amended statement that corrected a possibly misleading statement, stated a claim for relief under G.S. 126-84(a). Newberne v. Dep't of Crime Control & Pub. Safety, 359 N.C. 782, 618 S.E.2d 201, 2005 N.C. LEXIS 835 (2005).

Earlier Suit Was Not Basis for Claim Under Whistleblower Act. — Employee was not entitled to seek relief for alleged employment retaliation under the Whistleblower Act, G.S. 126-84, on the theory that his earlier suit seeking reinstatement into his former position constituted reporting to "another appropriate authority" since the earlier suit did not concern matters affecting general public policy. Hodge v. N.C. DOT, — N.C. App. —, 622 S.E.2d 702, 2005 N.C. App. LEXIS 2726 (2005).

§ 126-85. Protection from retaliation.

CASE NOTES

Summary Judgment Not Appropriate. — State trooper's claim for wrongful termination in violation of the North Carolina Whistleblower Act, G.S. 126-84 through 126-88, was wrongfully dismissed for failure to state a cause of action because the trooper, who alleged that the actual reason for his termination was his disclosure of a possible abuse of authority in an amended statement that corrected a possibly misleading statement, stated a claim for relief under G.S. 126-84(a). Newberne v. Dep't of Crime Control & Pub. Safety, 359 N.C. 782, 618 S.E.2d 201, 2005 N.C. LEXIS 835 (2005).

No Private Cause of Action. — The plain language of G.S. 126-85 addresses only state employees and agencies, and nothing in the Whistleblower Act indicates that it was intended to serve as public policy for the public at large; thus, the Act did not create a private cause of action for a former at-will employee's wrongful termination action against his private employer and corporate officers. Hardin v. Belmont Textile Mach., Co., — F. Supp. 2d —, 2006 U.S. Dist. LEXIS 54452 (W.D.N.C. Aug. 3, 2006).

§ 126-86. Civil actions for injunctive relief or other remedies.

CASE NOTES

Earlier Suit Was Not Basis for Claim under Whistleblower Act. — Employee was not entitled to seek relief for alleged employment retaliation under the Whistleblower Act, G.S. 126-84, on the theory that his earlier suit seeking reinstatement into his former position constituted reporting to "another appropriate authority" since the earlier suit did not concern matters affecting general public policy. Hodge v. N.C. DOT, — N.C. App. —, 622 S.E.2d 702, 2005 N.C. App. LEXIS 2726 (2005).

Choice of Remedies. —

Doctrine of administrative exhaustion did not prevent a state trooper from filing a whistleblower claim in a superior court because the state trooper had the choice to pursue the whistleblower claim in either a judicial forum, pursuant to G.S. 126-86, or an administrative forum, pursuant to G.S. 126-34.1, but not both. Additionally, the trooper, while he requested an administrative hearing on an issue, did not request a hearing on his whistleblower claim. Newberne v. Dep't of Crime Control & Pub. Chapter 127A.

Militia.

Article 3.

National Guard.

Sec.
127A-40. Pensions for the members of the North Carolina national guard.

ARTICLE 3.

National Guard.

§ 127A-40. Pensions for the members of the North Carolina national guard.

(a) Every member and former member of the North Carolina national guard who meets the requirements hereinafter set forth shall receive, commencing at age 60, a pension of eighty dollars ($80.00) per month for 20 years' creditable military service with an additional eight dollars ($8.00) per month for each additional year of such service; provided, however, that the total pension shall not exceed one hundred sixty dollars ($160.00) per month. The requirements for such pension are that each member shall:

(1) Have served and qualified for at least 20 years' creditable military service, including national guard, reserve and active duty, under the same requirement specified for entitlement to retired pay for nonregular service under Chapter 67, Title 10, United States Code.

(2) Have at least 15 years of the aforementioned service as a member of the North Carolina national guard.

(3) Have received an honorable discharge from the North Carolina national guard.

(b) Payment to a retired member of the North Carolina national guard under the provisions of this section will cease at the death of the individual and no payment will be made to beneficiaries or to the decedent's estate.

(c) No individual receiving retired pay as a result of length of service, age or physical disability retirement from any of the regular components of the armed forces of the United States will be eligible for benefits under this section.

(d) Nothing contained in this section shall preclude or in any way affect the benefits that an individual may be entitled to from State, federal or private retirement systems.

(e) Repealed by Session Laws 1989, c. 792, s. 2.3.

(f) The Secretary of Crime Control and Public Safety shall determine the eligibility of guard members for the benefits herein provided and shall certify those eligible to the State Treasurer. In addition, the Department of Crime Control and Public Safety shall, on and after July 1, 1983, provide the Department of State Treasurer with an annual census population, by age and the number of years of creditable service, for all former members of the National Guard in receipt of a pension as well as for all active members of the National Guard who are not in receipt of a pension and who have seven and more years of creditable service. The Department of Crime Control and Public Safety shall also provide the State Treasurer a census population of all former members of the National Guard who are not in receipt of a pension and who have 15 and more years of creditable service. The Department of State Treasurer shall make pension payments to those persons certified from the

North Carolina National Guard Pension Fund, which shall include general fund appropriations made to and transferred from the Department of Crime Control and Public Safety. The Department of State Treasurer shall have performed an annual actuarial valuation of the fund and shall have the financial responsibility for maintaining the fund on a generally accepted actuarial basis. The Department of Crime Control and Public Safety shall provide the Department of State Treasurer with whatever assistance is required by the State Treasurer in carrying out his financial responsibilities.

(g) The provisions of this section shall apply to any member or former member of the North Carolina national guard who is qualified for the above retirements with eligibility of such person commencing at age 60 or July 1, 1974, whichever is the later date.

(h) If, for any reason, the North Carolina National Guard Pension Fund shall be insufficient to pay in full any pension benefits, or other charges, then all benefits or payments shall be reduced pro rata, for as long as the deficiency in amount exists. No claim shall accrue with respect to any amount by which a pension or benefit payment shall have been reduced.

(h1) Any member or former member of the North Carolina national guard who is qualified for benefits under this section and who is a member of a domiciled employees' or retirees' association that has at least 2,000 members, the majority of whom are active or retired employees of the State or public school employees, may authorize, in writing, the periodic deduction from the member's retirement benefits a designated lump sum to be paid to the employees' or retirees' association. The authorization shall remain in effect until revoked by the member. A plan of deductions pursuant to this subsection shall become void if the employees' or retirees' association engages in collective bargaining with the State, any political subdivision of the State, or any local school administrative unit.

(i) Pensions for members of the North Carolina National Guard shall be subject to future legislative change or revision. CASE NOTES

Credit Denied to a Self-Insured City for Disability Retirement Payments. — North Carolina Industrial Commission's decision to deny a city credit for disability retirement payments that were made to an injured city employee from a public employee benefits program was not an abuse of discretion under G.S. 97-42 because the city and the employee jointly contributed to the plan, and competent evidence, in the form of testimony as to the funding of the disability benefits plan, existed to support the Commission's findings of fact and conclusions of law. Cox v. City of Winston-Salem, 171 N.C. App. 112, 613 S.E.2d 746, 2005 N.C. App. LEXIS 1161 (2005).

Applied in Myers v. McGrady, 170 N.C. App. 501, 613 S.E.2d 334, 2005 N.C. App. LEXIS 1087 (2005).

§ 128-26. Allowance for service.

(a) Each person who becomes a member during the first year of his employer's participation, and who was an employee of the same employer at any time during the year immediately preceding the date of participation, shall file a detailed statement of all service rendered by him to that employer prior to the date of participation for which he claims credit.

A participating employer may allow prior service credit to any of its employees on account of: their earlier service to the aforesaid employer; or, their earlier service to any other employer as the term employer is defined in G.S. 128-21(11); or, their earlier service to any state, territory, or other governmental subdivision of the United States other than this State.

A participating employer may allow prior service credit to any of its employees on account of service, as defined in G.S. 135-1(23), to the State of North Carolina to the extent of such service prior to the establishment of the Teachers' and State Employees' Retirement System on July 1, 1941; provided that employees allowed such prior service credit pay in a total lump sum an amount calculated on the basis of compensation the employee earned when he first entered membership and the employee contribution rate at that time together with interest thereon from year of first membership to year of payment shall be one half of the calculated cost.

With respect to a member retiring on or after July 1, 1967, the governing board of a participating unit may allow credit for any period of military service in the armed forces of the United States if the person returned to the service of his employer within two years after having been honorably discharged, or becoming entitled to be discharged, released, or separated from such armed services; provided that, notwithstanding the above provisions, any member having credit for not less than 10 years of otherwise creditable service may be allowed credit for such military services which are not creditable in any other governmental retirement system; provided further, that a member will receive credit for military service under the provisions of this paragraph only if he submits satisfactory evidence of the military service claimed and the participating unit of which he is an employee agrees to grant credit for such military service prior to January 1, 1972.

A member retiring on or after July 1, 1971, who is not granted credit for military service under the provisions of the preceding paragraph will be allowed credit for any period in the armed services of the United States up to the date he was first eligible to be separated or released therefrom; provided that he was an employee as defined in G.S. 128-21(10) at the time he entered military service, and either of the following conditions is met:

(1) He returns to service, with the employer by whom he was employed when he entered military service, within a period of two years after he is first eligible to be separated or released from such military service under other than dishonorable conditions.

(2) He is in service, with the employer by whom he was employed when he entered military service, for a period of not less than 10 years after he is separated or released from such armed services under other than dishonorable conditions.

(b) The Board of Trustees shall fix and determine by appropriate rules and regulations how much service in any year is equivalent to one year of service, but in no case shall more than one year of service be creditable for all service in one calendar year.

(c) Subject to the above restrictions and to such other rules and regulations as the Board of Trustees may adopt, the Board of Trustees shall verify, as soon as practicable after the filing of such statements of service, the service therein claimed.

In lieu of a determination of the actual compensation of the members that was received during such period of prior service, the Board of Trustees may use for the purpose of this Article the compensation rates which if they had progressed with the rates of salary increase shown in the tables as prescribed in subsection (o) of G.S. 128-28 would have resulted in the same average salary of the member for the five years immediately preceding the date of participation of his employer, as the records show the member actually received.

(d) Any member may, up to his date of retirement and within one year thereafter, request the Board of Trustees to modify or correct his prior service credit.

(e) Creditable service at retirement on which the retirement allowance of a member shall be based shall consist of the membership service rendered by him since he last became a member, and also if he has a prior service certificate which is in full force and effect, the amount of the service certified on his prior service certificate; and if he has sick leave standing to his credit upon retirement on or after July 1, 1971, one month of credit for each 20 days or portion thereof, but not less than one hour; sick leave shall not be counted in computing creditable service for the purpose of determining eligibility for disability retirement or for a vested deferred allowance.

On and after July 1, 1971, a member whose account was closed on account of absence from service under the provisions of G.S. 128-24(1a) and who subsequently returns to service for a period of five years, may thereafter repay the amount withdrawn plus regular interest thereon from the date of withdrawal through the year of repayment and thereby increase his creditable service by the amount of creditable service lost when this account was closed.

On and after July 1, 1973, a member whose account in the Teachers' and State Employees' Retirement System was closed on account of absence from service under the provisions of G.S. 135-3(3) and who subsequently became or becomes a member of this System with credit for five years of service, may thereafter repay in a lump sum the amount withdrawn from the Teachers' and

State Employees' Retirement System plus regular interest thereon from the date of withdrawal through the year of repayment and thereby increase his creditable service in this System by the amount of creditable service lost when his account was closed.

Notwithstanding any other provision of this Chapter, any member who entered service or was restored to service prior to July 1, 1982, and was excluded from membership service solely on account of having attained the age of 62 years, in accordance with former G.S. 128-24(3a), may purchase membership service credits for such excluded service by making a lump-sum payment equal to the contributions that would have been deducted pursuant to G.S. 128-30(b) had he been a member of the Retirement System, increased by interest calculated at a rate of seven percent (7%) per annum. Creditable service for unused sick leave shall be allowed only for sick leave accrued monthly during employment under a duly adopted sick leave policy and for which the member may be able to take credits and be paid for sick leave without restriction.

On and after January 1, 1986, the creditable service of a member who was a member of the Law Enforcement Officers' Retirement System at the time of the transfer of law enforcement officers employed by participating employers from that System to this Retirement System and whose accumulated contributions are transferred from that System to this Retirement System, includes service that was creditable in the Law Enforcement Officers' Retirement System; and membership service with that System is membership service with this Retirement System; provided, notwithstanding any provisions of this Article to the contrary, any inchoate or accrued rights of such a member to purchase creditable service for military service, withdrawn service and prior service under the rules and regulations of the Law Enforcement Officers' Retirement System may not be diminished and may be purchased as creditable service with this Retirement System under the same conditions that would have otherwise applied.

(f) Effective January 1, 1955, there shall be three classes of prior service certificates, to be designated as Class A, Class B and Class C respectively. Each such certificate issued on account of service rendered to a Class A employer shall be a Class A prior service certificate; each such certificate issued on account of service rendered to a Class B employer shall be a Class B prior service certificate; and each such certificate issued on account of service rendered to a Class C employer shall be a Class C prior service certificate. Each Class C prior service certificate shall specify a prior service benefit percentage rate which shall be three per centum (3%) in the case of any member entitled to such certificate who is, at the date of participation of his employer, in a position covered by the Social Security Act under a federal-State agreement and which shall be five per centum (5%) in the case of a member entitled to such certificate but who at the date of participation of his employer is in a position not so covered.

(g) During periods when a member is on leave of absence and is receiving less than his full compensation, he will be deemed to be in service only if he is contributing to the Retirement System as provided in G.S. 128-30(b)(4). If he is so contributing, the annual rate of compensation paid to such employee immediately before the leave of absence began will be deemed to be the actual compensation rate of the employee during the leave of absence.

(h) Creditable service at retirement shall include any service rendered by a member while on leave of absence to serve as a member or officer of the General Assembly which is not creditable toward retirement under the Legislative Retirement Fund provided the allowance of such credit shall be contingent upon the cancellation of service credit in the fund and the transfer of the member's contributions plus accumulated interest from the fund to this System.

(h1) Any member may purchase creditable service for service as a member of the General Assembly not otherwise creditable under this section, provided the service is not credited in the Legislative Retirement Fund nor the Legislative Retirement System, and further provided the member pays a lump sum amount equal to the full cost of the additional service credits calculated on the basis of the assumptions used for the purposes of the actuarial valuation of the System's liabilities, taking into account the additional retirement allowance arising on account of the additional service credits commencing at the earliest age at which a member could retire on an unreduced retirement allowance as determined by the Board of Trustees upon the advice of the consulting actuary, plus an administrative fee to be set by the Board of Trustees. Notwithstanding the foregoing provisions of this subsection that provide for the purchase of service credits, the terms "full cost", "full liability", and "full actuarial cost" include assumed annual post-retirement allowance increases, as determined by the Board of Trustees, from the earliest age at which a member could retire on an unreduced service allowance.

(i) Notwithstanding any other provision of this Chapter, any person who withdrew his contributions in accordance with the provisions of G.S. 128-27(f) or 135-5(f) or the rules and regulations of the Law Enforcement Officers' Retirement System and who subsequently returns to service may, upon completion of five years of prior and current membership service, repay in a total lump sum any and all of the accumulated contributions previously withdrawn with interest compounded annually at the rate of six and one-half percent (6.5%) for each calendar year from the year of withdrawal to the year of repayment plus a fee to cover expense of handling which shall be determined by the Board of Trustees, and receive credit for the service forfeited at time of withdrawal(s). These provisions shall apply equally to retired members who had attained five years of prior and current membership service prior to retirement. The retirement allowance of a retired member who restores service under this subsection shall be increased the month following the month payment is received. The increase in the retirement allowance shall be the difference between the initial retirement allowance, under any optional allowance elected at the time of retirement, and the amount of the retirement allowance, under any optional allowance elected at the time of retirement, to which the retired member would have been entitled had the service not been previously forfeited, adjusted by any increases in the retirement accrual rate occurring between the member's date of retirement and the date of payment. The increase in the retirement allowance shall not include any adjustment for cost-of-living increases granted since the date of retirement.

(j) Repealed by Session Laws 1987, c. 617, s. 3.

(j1) Notwithstanding any other provision of this Chapter, any member and any retired member as herein described may purchase creditable service for service in the Armed Forces of the United States, not otherwise allowed, by paying a total lump sum payment determined as follows:

(1) For members who completed 10 years of membership service, and retired members who completed 10 years of membership service prior to retirement, and whose membership began on or prior to January 1, 1988, and who make such purchase within three years after first becoming eligible, the cost shall be an amount equal to the monthly compensation the member earned when he first entered membership service times the employee contribution rate at that time times the months of service to be purchased with sufficient interest added thereto so as to equal one-half of the cost of allowing such service, plus an administrative fee to be set by the Board of Trustees.

(2) For members who complete five years of membership service, and retired members who complete five years of membership service prior

to retirement, and eligible members and retired members covered by paragraph (1) of this subdivision, whose membership began on or before January 1, 1988, but who did not or do not make such purchase within three years after first becoming eligible, the cost shall be an amount equal to the full liability of the service credits calculated on the basis of the assumptions used for the purposes of the actuarial valuation of the System's liabilities and shall take into account the retirement allowance arising on account of the additional service credits commencing at the earliest age at which the member could retire on an unreduced allowance, as determined by the Board of Trustees upon the advice of the consulting actuary, plus an administrative fee to be set by the Board of Trustees. Notwithstanding the foregoing provisions of this subsection that provide for the purchase of service credits, the term "full liability" includes assumed post-retirement allowance increases, as determined by the Board of Trustees, from the earliest age at which a member could retire on an unreduced service retirement allowance.

Creditable service allowed under this subdivision shall be only for the initial period of "active duty", as defined in 38 U.S. Code Section 101(21), in the Armed Forces of the United States up to the date the member was first eligible to be separated and released and for subsequent periods of "active duty", as defined in 38 U.S. Code Section 101(21), as required by the Armed Forces of the United States up to the date of first eligibility for separation or release, but shall not include periods of active duty in the Armed Forces of the United States creditable in any other retirement system except the national guard or any reserve component of the Armed Forces of the United States, and shall not include periods of "active duty for training", as defined in 38 U.S. Code Section 101(22), or periods of "inactive duty training", as defined in 38 U.S. Code Section 101(23), rendered in any reserve component of the Armed Forces of the United States. Provided, creditable service may be allowed only for active duty in the Armed Forces of the United States of a member that resulted in a general or honorable discharge from duty. The member shall submit satisfactory evidence of the service claimed. For purposes of this subsection, membership service may include any membership or prior service credits transferred to this Retirement System pursuant to G.S. 128-24.

(j2) Notwithstanding any other provision of this Chapter, any member and any retired member as herein described may purchase creditable service previously rendered to any state, territory, or other governmental subdivision of the United States other than this State by paying a total lump-sum payment determined as follows:

(1) For members who completed 10 years of prior and current membership service, and retired members who completed 10 years of prior and current membership service prior to retirement, and whose membership began on or before January 1, 1988, and who make such purchase within three years after first becoming eligible, the cost shall be an amount equal to the monthly compensation the member earned when he first entered membership service, times the employee contribution rate at that time, times the months of service to be purchased, times two, with sufficient interest added thereto so as to equal the full cost of allowing such service, plus an administrative fee to be set by the Board of Trustees.

(2) For members who complete five years of prior and current membership service, and retired members who complete five years of prior and current membership service prior to retirement, and eligible members and retired members covered by subdivision (1) of this subsection, whose membership began on or before January 1, 1988,

but who did not or do not make such purchase within three years after first becoming eligible, the cost shall be an amount equal to the full liability of the service credits calculated on the basis of the assumptions used for the purposes of the actuarial valuation of the System's liabilities and shall take into account the retirement allowance arising on account of the additional service credits commencing at the earliest age at which the member could retire on an unreduced allowance, as determined by the Board of Trustees upon the advice of the consulting actuary, plus an administrative fee to be set by the Board of Trustees. Notwithstanding the foregoing provisions of this subsection that provide for the purchase of service credits, the term "full liability" includes assumed postretirement allowance increases, as determined by the Board of Trustees, from the earliest age at which a member could retire on an unreduced service retirement allowance. Notwithstanding the requirement of five years of current membership service, a member whose membership began prior to the service the member desires to purchase shall be eligible to purchase creditable service under this subdivision upon returning to service as an employee upon completion of a total of five years of membership service and upon completion of one year of current membership service.

Current membership service shall mean membership service earned since the service previously rendered to any state, territory, or other governmental subdivision of the United States other than this State. Creditable service under this subsection shall be allowed only at the rate of one year of out-of-state service for each year of service in this State, with a maximum allowable of 10 years of out-of-state service. Such service is limited to full-time service which would be allowable under the laws governing this System. Credit will be allowed only if no benefit is allowable in another public retirement system as a result of the service.

(k) Notwithstanding any language to the contrary of any provision of this section, or of any repealed provision of this section that was repealed with the inchoate and accrued rights preserved, all repayments and purchases of service credits, allowed under the provisions of this section or of any repealed provision of this section that was repealed with inchoate and accrued rights preserved, must be made within three years after the member first becomes eligible to make such repayments and purchases. Any member who does not repay or purchase service credits within said three years after first eligibility to make such repayments and purchases may, under the same conditions as are otherwise required, repay or purchase service credits provided that the repayment or purchase equals the full cost of the service credits calculated on the basis of the assumptions used for purchases of the actuarial valuation of the System's liabilities and shall take into account the additional retirement allowance arising on account of such additional service credit commencing at the earliest age at which such member could retire on an unreduced retirement allowance as determined by the Board of Trustees upon the advice of the consulting actuary. Notwithstanding the foregoing provisions of this subsection that provide for the purchase of service credits, the terms "full cost", "full liability", and "full actuarial cost" include assumed annual post-retirement allowance increases, as determined by the Board of Trustees, from the earliest age at which a member could retire on an unreduced service allowance. Notwithstanding the foregoing, on and after January 1, 2003, the provisions of this subsection shall not apply to the repayment of contributions withdrawn pursuant to subsection (i) of this section.

(*l*) Notwithstanding any other provision of this Chapter, any member may purchase creditable service for periods of employer approved leaves of absence when in receipt of benefits under the North Carolina Workers' Compensation Act. This service shall be purchased by paying a cost calculated in the following manner:

(1) Leaves of Absence Terminated Prior to July 1, 1983. — The cost to a member whose employer approved leave of absence, when in receipt of benefits under the North Carolina Workers' Compensation Act, terminated upon return to service prior to July 1, 1983, shall be a lump sum amount payable to the Annuity Savings Fund equal to the full liability of the service credits calculated on the basis of the assumptions used for purposes of the actuarial valuation of the system's liabilities, and shall take into account the retirement allowance arising on account of the additional service credit commencing at the earliest age at which the member could retire on an unreduced retirement allowance, as determined by the board of trustees upon the advice of the consulting actuary, plus an administrative fee to be set by the Board of Trustees. Notwithstanding the foregoing provisions of this subdivision that provide for the purchase of service credits, the terms "full cost", "full liability", and "full actuarial cost" include assumed annual post-retirement allowance increases, as determined by the Board of Trustees, from the earliest age at which a member could retire on an unreduced service allowance.

(2) Leaves of Absence Terminating On and After July 1, 1983. — The cost to a member whose employer approved leave of absence, when in receipt of benefits under the North Carolina Workers' Compensation Act, terminates upon return to service on and after July 1, 1983, shall be a lump sum amount due and payable to the Annuity Savings Fund within six months from return to service equal to the total employee and employer percentage rates of contribution in effect at the time of purchase and based on the annual rate of compensation of the member immediately prior to the leave of absence; Provided, however, the cost to a member whose amount due is not paid within six months from return to service shall be the amount due plus one percent (1%) per month penalty for each month or fraction thereof the payment is made beyond the six-month period.

Whenever the creditable service purchased pursuant to this subsection is for a period that occurs during the four consecutive calendar years that would have produced the highest average annual compensation pursuant to G.S. 128-21(5) had the member not been on leave of absence without pay, then the compensation that the member would have received during the purchased period shall be included in calculating the member's average final compensation. In such cases, the compensation that the member would have received during the purchased period shall be based on the annual rate of compensation of the member immediately prior to the leave of absence.

In the case of a law enforcement officer electing to purchase service under this section who is in receipt of benefits under the North Carolina Workers' Compensation Act due to serious bodily injury suffered in the line of duty as a result of an intentional or unlawful act of another, as certified by the head of the employing law enforcement agency, and whose approved leave of absence terminates on or before a return to service on and after August 1, 2006, the employer percentage rate of contribution payable under subdivision (2) of this subsection shall be made by the employer that granted the leave of absence. The cost to the law enforcement officer shall be reduced by the amount paid by the employer. For purposes of this subsection, "serious bodily injury" means bodily injury that creates a substantial risk of death, or that causes serious permanent disfigurement, coma, a permanent or protracted condition that causes extreme pain, or permanent or protracted loss or impairment of the function of any bodily member or organ, or that results in prolonged hospitalization.

Nothing in this subsection prevents an employer from voluntarily paying all or a part of the employee portion of the total cost of the service credit purchased, and the employer does not discriminate against any eligible law enforcement officer in this subsection employed by the employer by paying that portion of cost. To the extent paid by the employer, the employee portion paid by the employer shall be credited to the Pension Accumulation Fund; to the extent paid by the member, the employee portion paid by the member shall be credited to the member's annuity savings account. A member shall pay any part of the employee portion of the total cost not paid by the employer.

(m) Omitted Membership Service. — A member who had service as an employee as defined in G.S. 135-1(10) and G.S. 128-21(10) or as a teacher as defined in G.S. 135-1(25) and who was omitted from contributing membership through error may be allowed membership service, after submitting clear and convincing evidence of the error, as follows:

(1) within 90 days of the omission, by the payment of employee and employer contributions that would have been paid; or

(2) after 90 days and prior to three years of the omission, by the payment of the employee and employer contributions that would have been paid plus interest compounded annually at a rate equal to the greater of the average yield on the pension accumulation fund for the preceding calendar year or the actuarial investment rate-of-return assumption, as adopted by the Board of Trustees; or

(3) after three years of the omission, by the payment of an amount equal to the full cost of the service credits calculated on the basis of the assumptions used for the purposes of the actuarial valuation of the System's liabilities, and shall take into account the additional retirement allowance arising on account of such additional service credit commencing at the earliest age at which a member could retire on an unreduced retirement allowance, as determined by the Board of Trustees upon the advice of the consulting actuary, plus an administrative fee to be set by the Board of Trustees. Notwithstanding the foregoing provisions of this subdivision that provide for the purchase of service credits, the terms "full cost", "full liability", and "full actuarial cost" include assumed annual post-retirement allowance increases, as determined by the Board of Trustees, from the earliest age at which a member could retire on an unreduced service allowance.

Nothing contained in this subsection shall prevent an employer or member from paying all or a part of the cost of the omitted membership service; and to the extent paid by the employer, the cost paid by the employer shall be credited to the pension accumulation fund; and to the extent paid by the member, the cost paid by the members shall be credited to the member's annuity savings account; provided, however, an employer does not discriminate against any member or group of members in his employ in paying all or any part of the cost of the omitted membership service. In the event an employer pays all or a part of the full actuarial cost as determined in subdivision (3) of this subsection, the employer may, at its option, pay such amount either in a lump sum or by increasing its "accrued liability contribution" for the remainder of its accrued liability period. In the event an employer has satisfied its accrued liability contribution, the employer may amortize its portion of the full actuarial cost over a period not to exceed ten years. The expense of making an actuarial valuation to determine the accrued liability contribution or the additional accrued liability contribution, required to amortize the portion of the full actuarial cost paid by the employer, shall be paid by the employer in a lump sum at the time of the actuarial valuation.

(n) Repealed by Session Laws 2002-153, s. 3, effective January 1, 2003.

(o) Credit at Full Cost for Federal Employment. — Notwithstanding any other provisions of this Chapter, a member, upon the completion of five years of membership service, may purchase creditable service for periods of federal employment, provided that the member is not receiving any retirement benefits resulting from this federal employment, and provided that the member is not vested in the particular federal retirement system to which the member may have belonged while a federal employee. The member shall purchase this service by making a lump sum amount payable to the Annuity Savings Fund equal to the full liability of the service credits calculated on the basis of the assumptions used for purposes of the actuarial valuation of the liabilities of the Retirement System; and the calculation of the amount payable shall take into account the retirement allowance arising on account of the additional service credit commencing at the earliest age at which the member could retire on an unreduced retirement allowance, as determined by the Board of Trustees upon the advice of the consulting actuary, plus an administrative fee to be set by the Board of Trustees. Members may also purchase creditable service for periods of employment with public community service entities within the State funded entirely with federal funds, other than the federal government, that are not covered by the provisions of G.S. 128-21(11) or G.S. 135-1(11), under the same terms and conditions that are applicable to the purchase of creditable service for periods of federal employment in accordance with this subsection. "Public community service entities" as used in this subsection shall mean community action, human relations, manpower development, and community development programs as defined in Articles 19 and 21 of Chapter 160A and Article 18 of Chapter 153A of the General Statutes and any other similar programs that the Board of Trustees may adopt. Notwithstanding the foregoing provisions of this subsection that provide for the purchase of service credits, the terms "full cost", "full liability", and "full actuarial cost" include assumed annual post-retirement allowance increases, as determined by the Board of Trustees, from the earliest age at which a member could retire on an unreduced service allowance.

(p) Part-Time Service Credit. —

(1) Notwithstanding any other provision of this Chapter, upon completion of five years of membership service, any member may purchase service previously rendered as a part-time employee of a participating employer as defined in G.S. 128-21(11) or G.S. 135-1(11), except for temporary or part-time service rendered while a full-time student in pursuit of a degree or diploma in a degree-granting program. Payment shall be made in a single lump sum in an amount equal to the full actuarial cost of providing credit for the service, together with interest and an administrative fee, as determined by the Board of Trustees on the advice of the Retirement System's actuary. Notwithstanding the provisions of G.S. 128-26(b), the Board of Trustees shall fix and determine by appropriate rules and regulations how much service in any year, as based on compensation, is equivalent to one year of service in proportion to "earnable compensation", but in no case shall more than one year of service be creditable for all service in one year. Notwithstanding the foregoing provisions of this subdivision that provide for the purchase of service credits, the terms "full cost", "full liability", and "full actuarial cost" include assumed annual post-retirement allowance increases, as determined by the Board of Trustees, from the earliest age at which a member could retire on an unreduced service allowance.

(2) Under all requirements and conditions set forth in the preceding subdivision of this subsection, except for the requirement that the

completion of five years of membership service be subsequent to service rendered as a part-time employee, any member with five or more years of membership service standing to his credit may purchase additional membership service for service rendered as a part-time employee of an employer as defined in G.S. 128-21(11) if (i) the member terminates or has terminated employment in any capacity as an employee, (ii) the purchase of the additional membership service causes the member to become eligible to commence an early or service retirement allowance, and (iii) the member immediately elects to commence retirement and become a beneficiary.

(q) Credit at Full Cost for Probationary Employment. — Notwithstanding any other provision of this Chapter, a member may purchase creditable service, prior to retirement, for employment with an employer as defined in this Article when considered to be in a probationary or employer imposed waiting period status and thereby not regularly employed, between date of employment and date of membership service with the retirement system, provided that the employer or former employer of such a member has revoked this probationary employment or waiting period policy.

Provided, the member shall purchase this service by making a lump sum amount payable to the Annuity Savings Fund equal to the full liability of the service credits calculated on the basis of the assumptions used for purposes of the actuarial valuation of the liabilities of the retirement system, and the calculation of the amount payable shall take into account the retirement allowance arising on account of the additional service credit commencing at the earliest age at which the member could retire on an unreduced retirement allowance, as determined by the Board of Trustees upon the advice of the consulting actuary, plus an administrative fee to be set by the Board of Trustees. In no instance shall the amount payable be less than the contributions a member would have made during the employment plus four percent (4%) interest compounded annually.

Nothing contained in this subsection shall prevent an employer from paying all or part of the cost; and, to the extent paid by an employer, payments shall be credited to the Pension Accumulation Fund; and to the extent paid by a member, payments shall be credited to the Annuity Savings Fund; provided, however, an employer may not discriminate against any member or group of members in his employ in paying all or any part of this cost. Notwithstanding the foregoing provisions of this subsection that provide for the purchase of service credits, the terms “full cost”, “full liability”, and “full actuarial cost” include assumed annual post-retirement allowance increases, as determined by the Board of Trustees, from the earliest age at which a member could retire on an unreduced service allowance.

(r) Credit at Full Cost for Temporary Government Employment. — Notwithstanding any other provisions of this Chapter, any member may purchase creditable service for government employment when classified as a temporary employee subject to the conditions that:

(1) The member was employed by an employer as defined in G.S. 128-21(11) or G.S. 135-1(11);
(2) The member’s temporary employment met all other requirements of G.S. 128-21(10), or G.S. 135-1(10) or (25);
(3) The member has completed five years or more of membership service;
(4) The member acquires from the employer such certifications of temporary employment as are required by the Board of Trustees; and
(5) The member makes a lump sum payment into the Annuity Savings Fund equal to the full liability of the service credits calculated on the basis of the assumptions used for purposes of the actuarial valuation of the retirement system’s liabilities, and the calculation of the

amount payable shall take into account the retirement allowance arising on account of the additional service credit commencing at the earliest age at which the member could retire on an unreduced retirement allowance, as determined by the Board of Trustees upon the advice of the actuary, plus an administrative fee to be determined by the Board of Trustees. Notwithstanding the foregoing provisions of this subdivision that provide for the purchase of service credits, the terms "full cost", "full liability", and "full actuarial cost" include assumed annual post-retirement allowance increases, as determined by the Board of Trustees, from the earliest age at which a member could retire on an unreduced service allowance.

(s) Credit at Full Cost for Employment Not Otherwise Creditable. — Notwithstanding any other provisions of this Chapter, any member may purchase creditable service for any employment as an employee, as defined in G.S. 128-21(10), of a local government employer not creditable in any other retirement system or plan, upon completion of five years of membership service by making a lump sum payment into the Annuity Savings Fund. The payment by the member shall be equal to the full liability of the service credits calculated on the basis of the assumptions used for purposes of the actuarial valuation of the retirement system's liabilities, and the calculation of the amount payable shall take into account the additional retirement allowance arising on account of the additional service credits commencing at the earliest age at which the member could retire with an unreduced retirement allowance, as determined by the Board of Trustees upon the advice of the actuary plus an administrative fee to be determined by the Board of Trustees. Notwithstanding the foregoing provisions of this subsection that provide for the purchase of service credits, the terms "full cost", "full liability", and "full actuarial cost" include assumed annual post-retirement allowance increases, as determined by the Board of Trustees, from the earliest age at which a member could retire on an unreduced service allowance.

(t) Purchase of Service Credits Through Rollover Contributions From Certain Other Plans. — Notwithstanding any other provision of this Article, and without regard to any limitations on contributions otherwise set forth in this Article, a member, who is eligible to restore or purchase membership or creditable service pursuant to the provisions of G.S. 128-26, may, subject to such rules and regulations established by the Board of Trustees, purchase such service credits through rollover contributions to the Annuity Savings Fund from (i) an annuity contract described in Section 403(b) of the Internal Revenue Code, (ii) an eligible plan under Section 457(b) of the Internal Revenue Code which is maintained by a state, political subdivision of a state, or any agency or instrumentality of a state or political subdivision of a state, (iii) an individual retirement account or annuity described in Section 408(a) or 408(b) of the Internal Revenue Code that is eligible to be rolled over and would otherwise be includible in gross income, or (iv) a qualified plan described in Section 401(a) or 403(a) of the Internal Revenue Code. Notwithstanding the foregoing, the Retirement System shall not accept any amount as a rollover contribution unless such amount is eligible to be rolled over to a qualified trust in accordance with applicable law and the member provides evidence satisfactory to the Retirement System that such amount qualifies for rollover treatment. Unless received by the Retirement System in the form of a direct rollover, the rollover contribution must be paid to the Retirement System on or before the 60th day after the date it was received by the member.

Purchase of Service Credits Through Plan-to-Plan Transfers. — Notwithstanding any other provision of this Article, and without regard to any limitations on contributions otherwise set forth in this Article, a member, who is eligible to restore or purchase membership or creditable service pursuant to the provisions of G.S. 128-26, may, subject to such rules and regulations established by the Board of Trustees, purchase such service credits through a direct transfer to the Annuity Savings Fund of funds from (i) an annuity contract described in Section 403(b) of the Internal Revenue Code or (ii) an eligible plan under Section 457(b) of the Code which is maintained by a state, political subdivision of a state, or any agency or instrumentality of a state or political subdivision of a state.

(u) Purchase of Service Credits Through Plan-to-Plan Transfers. — Notwithstanding any other provision of this Article, and without regard to any limitations on contributions otherwise set forth in this Article, a member, who is eligible to restore or purchase membership or creditable service pursuant to the provisions of G.S. 128-26, may, subject to such rules and regulations established by the Board of Trustees, purchase such service credits through a direct transfer to the Annuity Savings Fund of funds from (i) the Supplemental Retirement Income Plans A, B, or C of North Carolina or (ii) any other defined contribution plan qualified under Section 401(a) of the Internal Revenue Code which is maintained by the State of North Carolina, a political subdivision of a state, or any agency or instrumentality of a state or political subdivision of a state.

(v) Retroactive Membership Service. — A member who is reinstated to service as an employee as defined in G.S. 128-21(10) retroactively to the date of prior involuntary termination (with backpay and benefits) may be allowed membership service, after submitting clear and convincing evidence of the reinstatement, as follows:

(1) Within 90 days of the involuntary termination, by the payment of employee and employer contributions that would have been paid; or

(2) After 90 days of the involuntary termination, by the payment of the employee and employer contributions that would have been paid plus interest compounded annually at a rate equal to the greater of the average yield on the pension accumulation fund for the preceding calendar year or the actuarial investment rate-of-return assumption, as adopted by the Board of Trustees.

Nothing contained in this subsection shall prevent an employer or member from paying all or a part of the cost of the retroactive membership service; and to the extent paid by the employer, the cost paid by the employer shall be credited to the pension accumulation fund; and to the extent paid by the member, the cost paid by the member shall be credited to the member's annuity savings account; provided, however, an employer does not discriminate against any member or group of members in his employ in paying all or any part of the cost of the retroactive membership service.

In the event a member received a return of accumulated contributions subsequent to an involuntary termination as provided in G.S. 128-27(f), the member may redeposit, within 90 days of reinstatement retroactive to the date of prior involuntary termination, in the annuity savings fund by single payment, an amount equal to the total amount he previously withdrew plus regular interest and restore the creditable service forfeited upon receiving his return of accumulated contributions. CASE NOTES

Credit Denied to a Self-Insured City for Disability Retirement Payments. — North Carolina Industrial Commission's decision to deny a city credit for disability retirement payments that were made to an injured city employee from a public employee benefits program was not an abuse of discretion under G.S. 97-42 because the city and the employee jointly contributed to the plan, and competent evidence, in the form of testimony as to the funding of the disability benefits plan, existed to support the Commission's findings of fact and conclusions of law. Cox v. City of Winston-Salem, 171 N.C. App. 112, 613 S.E.2d 746, 2005 N.C. App. LEXIS 1161 (2005).

§ 128-28. Administration and responsibility for operation of System.

(a) Vested in Board of Trustees. — The general administration and responsibility for the proper operation of the Retirement System and for making effective the provisions of this Article are hereby vested in the Board of Trustees: Provided, that all expenses in connection with the administration of the North Carolina Local Governmental Employees' Retirement System shall be charged against and paid from the expense fund as provided in subsection (f) of G.S. 128-30.

(b) Board of Trustees a Body Politic and Corporate; Powers and Authority; Exemption from Taxation. — The Board of Trustees shall be a body politic and corporate under the name Board of Trustees of the North Carolina Local Governmental Employees' Retirement System, and as a body politic and corporate shall have the right to sue and be sued, shall have perpetual succession and a common seal, and in said corporate name shall be able and capable in law to take, demand, receive and possess all kinds of real and personal property necessary and proper for its corporate purposes, and to bargain, sell, grant, alien, or dispose of all such real and personal property as it may lawfully acquire. All such property owned or acquired by said body politic and corporate shall be exempt from all taxes imposed by the State or any political subdivision thereof, and shall not be subject to income taxes.

(c) Members of Board. — The Board shall consist of (i) seven members of the Board of Trustees of the Teachers' and State Employees' Retirement System appointed under G.S. 135-6(b): the State Treasurer; the Superintendent of Public Instruction; the two members appointed by the General Assembly; and the three members appointed by the Governor who are not members of the teaching profession or State employees; and (ii) seven members designated by the Governor:

(1) One member shall be a mayor or a member of the governing body of a city or town participating in the Retirement System;
(2) One member shall be a county commissioner of a county participating in the Retirement System;
(3) One member shall be a law-enforcement officer employed by an employer participating in the Retirement System;
(4) One member shall be a county manager of a county participating in the Retirement System;

(5) One member shall be a city or town manager of a city or town participating in the Retirement System;
(6) One member shall be an active, Fair Labor Standards Act nonexempt, local governmental employee of an employer; and
(7) One member shall be a retired, Fair Labor Standards Act nonexempt, local governmental employee of an employer.

The Governor shall designate seven members on April 1 of years in which an election is held for the office of Governor, or as soon thereafter as possible, and the seven members designated by the Governor shall serve on the Board in addition to the regular duties of their city, town, or county office: Provided, that if for any reason any member appointed pursuant to subdivisions (1) through (6) of this subsection vacates the city, town, or county office or employment which the member held at the time of this designation, the Governor shall designate another member to serve until the next regular date for the designation of members to serve on the Board.

(d) Compensation of Trustees. — The trustees shall be paid during sessions of the Board at the prevailing rate established for members of State boards and commissions, and they shall be reimbursed for all necessary expenses that they incur through service on the Board.

(e) Oath. — Each trustee other than the ex officio members shall, within 10 days after his appointment, take an oath of office, that, so far as it devolves upon him, he will diligently and honestly administer the affairs of the said Board, and that he will not knowingly violate or willingly permit to be violated any of the provisions of law applicable to the Retirement System. Such oath shall be subscribed to by the member making it, and certified by the officer before whom it is taken, and immediately filed in the office of the Secretary of State: Provided, that where a local governmental official designated by the Governor has taken an oath of office in connection with the local governmental office that he holds, the oath for his local governmental office shall be deemed to be sufficient, and he shall not be required to take the oath hereinabove provided.

(f) Voting Rights. — Each trustee shall be entitled to one vote in the Board. A majority of affirmative votes in attendance shall be necessary for a decision by the trustees at any meeting of said Board.

(g) Rules and Regulations. — Subject to the limitations of this Chapter, the Board of Trustees shall, from time to time, establish rules and regulations for the administration of the funds created by this Chapter and for the transaction of its business. The Board of Trustees shall also, from time to time, in its discretion, adopt rules and regulations to prevent injustices and inequalities which might otherwise arise in the administration of this Chapter.

(h) Officers and Other Employees, Salaries and Expenses. — The Board of Trustees shall elect from its membership a chairman, and shall, by a majority vote of all the members, appoint a director, who may be, but need not be, one of its members. The Board of Trustees shall engage such actuarial and other service as shall be required to transact the business of the Retirement System. The compensation of all persons engaged by the Board of Trustees, and all other expenses of the Board necessary for the operation of the Retirement System, shall be paid at such rates and in such amounts as the Board of Trustees shall approve.

(i) Actuarial Data. — The Board of Trustees shall keep in convenient form such data as shall be necessary for actuarial valuation of the various funds of the Retirement System, and for checking the experience of the System.

(j) Record of Proceedings; Annual Report. — The Board of Trustees shall keep a record of all of its proceedings which shall be open to public inspection. It shall publish annually a report showing the fiscal transactions of the Retirement System for the preceding year, the amount of the accumulated cash and securities of the System, and the last balance sheet showing the financial condition of the System by means of an actuarial valuation of the assets and liabilities of the Retirement System.

(k) Legal Adviser. — The Attorney General shall be the legal adviser of the Board of Trustees.

(*l*) Medical Board. — The Board of Trustees shall designate a Medical Board to be composed of not less than three nor more than five physicians not eligible to participate in the Retirement System. If required, other physicians may be employed to report on special cases. The Medical Board shall arrange for and pass upon all medical examinations required under the provisions of this Chapter, and shall investigate all essential statements and certificates by or on behalf of a member in connection with an application for disability retirement, and shall report in writing to the Board of Trustees its conclusion and recommendations upon all the matters referred to it.

(m) Duties of Actuary. — The Board of Trustees shall designate an actuary who shall be the technical adviser of the Board of Trustees on matters regarding the operation of the funds created by the provisions of this Chapter and shall perform such other duties as are required in connection therewith.

(n) Immediately after the establishment of the Retirement System the actuary shall make such investigation of the mortality, service and compensation experience of the members of the System as he shall recommend and the Board of Trustees shall authorize, and on the basis of such investigation he shall recommend for adoption by the Board of Trustees such tables and such rates as are required in subsection (o), paragraphs (1) and (2), of this section. The Board of Trustees shall adopt tables and certify rates, and as soon as practicable thereafter the actuary shall make a valuation based on such tables and rates of the assets and liabilities of the funds created by this Chapter.

(o) In the year 1945, and at least once in each five-year period thereafter, the actuary shall make an actuarial investigation into the mortality, service and compensation experience of the members and beneficiaries of the Retirement System, and shall make a valuation of the assets and liabilities of the funds of the System, and taking into account the result of such investigation and valuation, the Board of Trustees shall:

(1) Adopt for the Retirement System such mortality, service and other tables as shall be deemed necessary; and

(2) Certify the rates of contributions payable by the participating units on account of new entrants at various ages.

(p) On the basis of such tables and interest assumption rate as the Board of Trustees shall adopt, the actuary shall make an annual valuation of the assets and liabilities of the funds of the System created by this Chapter.

(q) Notwithstanding any law, rule, regulation or policy to the contrary, any board, agency, department, institution or subdivision of the State maintaining lists of names and addresses in the administration of their programs may upon request provide to the Retirement System information limited to social security numbers, current name and addresses of persons identified by the System as members, beneficiaries, and beneficiaries of members of the System. The System shall use such information for the sole purpose of notifying members, beneficiaries, and beneficiaries of members of their rights to and accruals of benefits in the Retirement System. Any social security number, current name and address so obtained and any information concluded therefrom and the source thereof shall be treated as confidential and shall not be divulged by any employee of the Retirement System or of the Department of State Treasurer except as may be necessary to notify the member, beneficiary, or beneficiary of the member of their rights to and accruals of benefits in the Retirement System. Any person, officer, employee or former employee violating this provision shall be guilty of a Class 1 misdemeanor; and if such offending person be a public official or employee, he shall be dismissed from office or employment and shall not hold any public office or employment in this State for a period of five years thereafter. (1939, c. 390, s. 8; 1941, c. 357, s. 6; 1945, c. 526, s. 7; 1961, c. 515, ss. 3, 4; 1965, c. 781; 1969, c. 442, s. 15; 1973, c. 243, s. 8; 1985, c. 479, s. 196(o); 1987, c. 539, s. 1; 1993, c. 539, s. 944; 1994, Ex. Sess., c. 24, s. 14(c); 2006-64, ss. 1.1, 1.2.)

Editor's Note. — Session Laws 2006-64, s. 2, provides: "This act is effective when it becomes law [July 9, 2006], and the additional members shall be designated by the Governor to serve until April 1, 2008, when their successors shall be designated."

Effect of Amendments. — Session Laws 2006-64, ss. 1.1 and 1.2, effective July 9, 2006, rewrote subsection (c); and, in the last sentence of subsection (f), substituted "A majority of" for "Five" and inserted "in attendance."

§ 130A-4. Administration.

(a) Except as provided in subsection (c) of this section, the Secretary shall administer and enforce the provisions of this Chapter and the rules of the Commission. A local health director shall administer the programs of the local health department and enforce the rules of the local board of health.

(b) When requested by the Secretary, a local health department shall enforce the rules of the Commission under the supervision of the Department. The local health department shall utilize local staff authorized by the Department to enforce the specific rules.

(c) The Secretary of Environment and Natural Resources shall administer and enforce the provisions of Part 4 of Article 5 and Articles 8, 9, 10, 11, and 12 of this Chapter and the rules of the Commission.

(d) When requested by the Secretary of Environment and Natural Resources, a local health department shall enforce the rules of the Commission and the rules adopted by the Environmental Management Commission pursuant to G.S. 87-87 under the supervision of the Department of Environment and Natural Resources. The local health department shall utilize local staff authorized by the Department of Environment and Natural Resources to enforce the specific rules. (1983, c. 891, s. 2; 1995, c. 123, s. 2; 1997-443, s. 11A.56; 2001-474, s. 18; 2006-202, s. 5; 2006-255, s. 13.1.)

Effect of Amendments. — Session Laws 2006-202, s. 5, effective August 7, 2006, inserted "and the rules adopted by the Environmental Management Commission pursuant to G.S. 87-87" in the middle of the first sentence of subsection (d).

Session Laws 2006-255, s. 13.1, effective August 23, 2006, inserted "Part 4 of Article 5 and" near the middle of subsection (c).

§ 130A-5. Duties of the Secretary.

The Secretary shall have the authority:

(1) To enforce the State health laws and the rules of the Commission;

(2) To investigate the causes of epidemics and of infectious, communicable and other diseases affecting the public health in order to control and prevent these diseases; to provide, under the rules of the Commission, for the prevention, detection, reporting and control of communicable, infectious or any other diseases or health hazards considered harmful to the public health; to obtain, notwithstanding the provisions of G.S. 8-53, a copy or a summary of pertinent portions of privileged patient medical records deemed necessary for investigating a disease or

health hazard that may present a clear danger to the public health. Records shall be identified as necessary by joint agreement of a Department physician and the patient's attending physician. However, if the Department is unable to contact the attending physician after reasonable attempts to do so, or if the Department determines that contacting all attending physicians of patients involved in an investigation would be impractical or would unreasonably delay the inquiry and thereby endanger the public health, the records shall be identified as necessary by joint agreement of a Department physician and the health care facility's chief of staff. For a facility with no chief of staff, the facility's chief administrator may consent to the Department's review of the records. Any person, authorized to have or handle such records, providing copies or summaries of privileged patient medical records pursuant to this subdivision shall be immune from civil or criminal liability that might otherwise be incurred or imposed based upon invasion of privacy or breach of physician-patient confidentiality arising out of the furnishing of or agreement to furnish such records;

(3) To develop and carry out reasonable health programs that may be necessary for the protection and promotion of the public health and the control of diseases. The Commission is authorized to adopt rules to carry out these programs;

(4) To make sanitary and health investigations and inspections;

(5) To investigate occupational health hazards and occupational diseases and to make recommendations for the elimination of the hazards and diseases. The Secretary shall work with the Industrial Commission and shall file sufficient reports with the Industrial Commission to enable it to carry out all of the provisions of the Workers' Compensation Act with respect to occupational disease.

(6) To receive donations of money, securities, equipment, supplies, realty or any other property of any kind or description which shall be used by the Department for the purpose of carrying out its public health programs;

(7) To acquire by purchase, devise or otherwise in the name of the Department equipment, supplies and other property, real or personal, necessary to carry out the public health programs;

(8) To use the official seal of the Department. Copies of documents in the possession of the Department may be authenticated with the seal of the Department, attested by the signature or a facsimile of the signature of the Secretary, and when authenticated shall have the same evidentiary value as the originals;

(9) To disseminate information to the general public on all matters pertaining to public health; to purchase, print, publish, and distribute free, or at cost, documents, reports, bulletins and health informational materials. Money collected from the distribution of these materials shall remain in the Department to be used to replace the materials;

(10) To be the health advisor of the State and to advise State officials in regard to the location, sanitary construction and health management of all State institutions; to direct the attention of the State to health matters which affect the industries, property, health and lives of the people of the State; to inspect at least annually State institutions and facilities; to make a report as to the health conditions of these institutions or facilities with suggestions and recommendations to the appropriate State agencies. It shall be the duty of the persons in immediate charge of these institutions or facilities to furnish all assistance necessary for a thorough inspection;

(11) To establish a schedule of fees based on income to be paid by a recipient for services provided by Migrant Health Clinics and Development Evaluation Centers;

(12) To establish fees for the sale of specimen containers, vaccines and other biologicals. The fees shall not exceed the actual cost of such items, plus transportation costs;

(13) To establish a fee to cover costs of responding to requests by employers for industrial hygiene consultation services and occupational consultation services. The fee shall not exceed two hundred dollars ($200.00) per on site inspection; and

(14) To establish a fee for companion animal certificate of examination forms to be distributed, upon request, by the Department to licensed veterinarians. The fee shall not exceed the cost of the form and shipping costs.

(15) To establish a fee not to exceed the cost of analyzing clinical Pap smear specimens sent to the State Laboratory by local health departments and State-owned facilities and for reporting the results of the analysis. This fee shall be in addition to the charge for the Pap smear test kit.

(16) To charge a fee of up to fifty-five dollars ($55.00) for analyzing private well-water samples sent to the State Laboratory of Public Health by local health departments. The fee shall be imposed only for analyzing samples from newly constructed wells. The fee shall be computed annually by the Director of the State Laboratory of Public Health by analyzing the previous year's testing at the State Laboratory of Public Health, and applying the amount of the total cost of the private well-water testing, minus State appropriations that support this effort. The fee includes the charge for the private well-water panel test kit. Part 2. Remedies.

§ 130A-17. Right of entry.

(a) The Secretary and a local health director shall have the right of entry upon the premises of any place where entry is necessary to enforce the provisions of this Chapter or the rules adopted by the Commission or a local board of health. If consent for entry is not obtained, an administrative search and inspection warrant shall be obtained pursuant to G.S. 15-27.2. However, if an imminent hazard exists, no warrant is required for entry upon the premises.

(a) If a person shall violate any provision of this Chapter or the rules adopted by the Commission or rules adopted by a local board of health, the Secretary or a local health director may institute an action for injunctive relief, irrespective of all other remedies at law, in the superior court of the county where the violation occurred or where a defendant resides.

(b) The Secretary of Environment and Natural Resources and a local health director shall have the same rights enumerated in subsection (a) of this section to enforce the provisions of Part 4 of Article 5 and Articles 8, 9, 10, 11, and 12 of this Chapter. (1983, c. 891, s. 2; 1997-443, s. 11A.61; 2001-474, s. 20; 2006-255, s. 13.4.)

§ 130A-19. Abatement of public health nuisance.

(a) If the Secretary or a local health director determines that a public health nuisance exists, the Secretary or a local health director may issue an order of abatement directing the owner, lessee, operator or other person in control of the property to take any action necessary to abate the public health nuisance. If the person refuses to comply with the order, the Secretary or the local health director may institute an action in the superior court of the county where the public health nuisance exists to enforce the order. The action shall be calendared for trial within 60 days after service of the complaint upon the defendant. The court may order the owner to abate the nuisance or direct the Secretary or the local health director to abate the nuisance. If the Secretary or the local health director is ordered to abate the nuisance, the Department or the local health department shall have a lien on the property for the costs of the abatement of the nuisance in the nature of a mechanic's and materialmen's lien as provided in Chapter 44A of the General Statutes and the lien may be enforced as provided therein.

(b) The Secretary of Environment and Natural Resources and a local health director shall have the same rights enumerated in subsection (a) of this section to enforce the provisions of Part 4 of Article 5 and Articles 8, 9, 10, 11, and 12 of this Chapter. Effect of Amendments. — Session Laws 2006-255, s. 13.5, effective August 23, 2006, inserted "Part 4 of Article 5 and" near the end of subsection (b).

§ 130A-20. Abatement of an imminent hazard.

(a) If the Secretary or a local health director determines that an imminent hazard exists, the Secretary or a local health director may order the owner, lessee, operator, or other person in control of the property to abate the imminent hazard or may, after notice to or reasonable attempt to notify the owner, lessee, operator, or other person in control of the property enter upon any property and take any action necessary to abate the imminent hazard. If the Secretary or a local health director abates the imminent hazard, the Department or the local health department shall have a lien on the property of the owner, lessee, operator, or other person in control of the property where the imminent hazard existed for the cost of the abatement of the imminent hazard. The lien may be enforced in accordance with procedures provided in Chapter 44A of the General Statutes. The lien may be defeated by a showing that an imminent hazard did not exist at the time the Secretary or the local health director took the action. The owner, lessee, operator, or any other person against whose property the lien has been filed may defeat the lien by showing that that person was not culpable in the creation of the imminent hazard.

(b) The Secretary of Environment and Natural Resources and a local health director shall have the same rights enumerated in subsection (a) of this section to enforce the provisions of Part 4 of Article 5 and Articles 8, 9, 10, 11, and 12 of this Chapter. § 130A-21. Embargo.

(a) In addition to the authority of the Department of Agriculture and Consumer Services pursuant to G.S. 106-125, the Secretary of Environment and Natural Resources or a local health director has authority to exercise embargo authority concerning food or drink pursuant to G.S. 106-125(a), (b) and (c) when the food or drink is in an establishment that is subject to regulation by the Department of Environment and Natural Resources pursuant to this Chapter or that is the subject of an investigation pursuant to G.S. 130A-144; however, no such action shall be taken in any establishment or part of an establishment that is under inspection or otherwise regulated by the Department of Agriculture and Consumer Services or the United States Department of Agriculture other than the part of the establishment that is subject to regulation by the Department of Environment and Natural Resources pursuant to this Chapter. Any action under this section shall only be taken by, or after consultation with, Department of Environment and Natural Resources regional environmental health specialists, or their superiors, in programs regulating food and drink pursuant to this Chapter. Authority under this section shall not be delegated to individual environmental health specialists in local health departments otherwise authorized and carrying out laws and rules pursuant to G.S. 130A-4. When any action is taken pursuant to this section, the Department of Environment and Natural Resources or the local health director shall immediately notify the Department of Agriculture and Consumer Services. For the purposes of this subsection, all duties and procedures in G.S. 106-125 shall be carried out by the Secretary of the Department of Environment and Natural Resources or the local health director and shall not be required to be carried out by the Department of Agriculture and Consumer Services. It shall be unlawful for any person to remove or dispose of the food or drink by sale or otherwise without the permission of a Department of Environment and Natural Resources regional environmental health specialist or a duly authorized agent of the Department of Agriculture and Consumer Services, or by the court in accordance with the provisions of G.S. 106-125.

(b) If the Secretary of Environment and Natural Resources or a local health director has probable cause to believe that any milk designated as Grade “A” milk is misbranded or does not satisfy the milk sanitation rules adopted pursuant to G.S. 130A-275, the Secretary of Environment and Natural Resources or a local health director may detain or embargo the milk by affixing a tag to it and warning all persons not to remove or dispose of the milk until permission for removal or disposal is given by the official by whom the milk was detained or embargoed or by the court. It shall be unlawful for any person to remove or dispose of the detained or embargoed milk without that permission.

The official by whom the milk was detained or embargoed shall petition a judge of the district or superior court in whose jurisdiction the milk is detained or embargoed for an order for condemnation of the article. If the court finds that the milk is misbranded or that it does not satisfy the milk sanitation rules adopted pursuant to G.S. 130A-275, either the milk shall be destroyed under the supervision of the petitioner or the petitioner shall ensure that the milk will not be used for human consumption as Grade “A” milk. All court costs and fees, storage, expenses of carrying out the court’s order and other expense shall be taxed against the claimant of the milk. If, the milk, by proper labelling or processing, can be properly branded and will satisfy the milk sanitation rules adopted pursuant to G.S. 130A-275, the court, after the payment of all costs, fees, and expenses and after the claimant posts an adequate bond, may order that the milk be delivered to the claimant for proper labelling and processing under the supervision of the petitioner. The bond shall be returned to the claimant after the petitioner represents to the court either that the milk is no longer mislabelled or in violation of the milk sanitation rules adopted pursuant to G.S. 130A-275, or that the milk will not be used for human consumption, and that in either case the expenses of supervision have been paid.

(c) If the Secretary of Environment and Natural Resources or a local health director has probable cause to believe that any scallops, shellfish or crustacea is adulterated or misbranded, the Secretary of Environment and Natural Resources or a local health director may detain or embargo the article by affixing a tag to it and warning all persons not to remove or dispose of the article until permission for removal or disposal is given by the official by whom it was detained or embargoed or by the court. It shall be unlawful for any person to remove or dispose of the detained or embargoed article without that permission.

The official by whom the scallops, shellfish or crustacea was detained or embargoed shall petition a judge of the district or superior court in whose jurisdiction the article is detained or embargoed for an order for condemnation of the article. If the court finds that the article is adulterated or misbranded, that article shall be destroyed under the supervision of the petitioner. All court costs and fees, storage and other expense shall be taxed against the claimant of the article. If, the article, by proper labelling can be properly branded, the court, after the payment of all costs, fees, expenses, and an adequate bond, may order that the article be delivered to the claimant for proper labelling under the supervision of the petitioner. The bond shall be returned to the claimant after the petitioner represents to the court that the article is no longer mislabelled and that the expenses of supervision have been paid.

(d) Nothing in this section is intended to limit the embargo authority of the Department of Agriculture and Consumer Services. The Department of Environment and Natural Resources and the Department of Agriculture and Consumer Services are authorized to enter agreements respecting the duties and responsibilities of each agency in the exercise of their embargo authority.

(e) For the purpose of this section, a food or drink is adulterated if the food or drink is deemed adulterated under G.S. 106-129; and food or drink is misbranded if it is deemed misbranded under G.S. 106-130. (1983, c. 891, s. 2; 1997-261, s. 109; 1997-443, s. 11A.63A; 2006-80, s. 1.)

Effect of Amendments. — Session Laws 2006-80, s. 1, effective December 1, 2006, and applicable to offenses committed on or after that date, rewrote subsection (a).

§ 130A-24. Appeals procedure.

CASE NOTES

Subject Matter Jurisdiction. — Letter to an employee after her termination while on medical leave that expressed sympathy for her medical condition and reiterated facts regarding the employee's termination did not constitute sufficient notice of the decision or action regarding the grievance filed by the employee, which triggered the right to appeal for purposes of G.S. 126-38; because the employer, the Department of Social Services (DSS), failed to provide the notice required under G.S. 150B-23(f) as to appealing her termination, an administrative law judge properly denied the DSS' motion to dismiss the appeal as untimely. Early v. County of Durham Dep't of Soc. Servs., 172 N.C. App. 344, 616 S.E.2d 553, 2005 N.C. App. LEXIS 1788 (2005).

ARTICLE 2.

Local Administration.

Part 1. Local Health Departments.

§ 130A-39. Powers and duties of a local board of health.

(a) A local board of health shall have the responsibility to protect and promote the public health. The board shall have the authority to adopt rules necessary for that purpose.

(b) A local board of health may adopt a more stringent rule in an area regulated by the Commission for Health Services or the Environmental Management Commission where, in the opinion of the local board of health, a more stringent rule is required to protect the public health; otherwise, the rules of the Commission for Health Services or the rules of the Environmental Management Commission shall prevail over local board of health rules. However, a local board of health may not adopt a rule concerning the grading, operating, and permitting of food and lodging facilities as listed in Part 6 of Article 8 of this Chapter and as defined in G.S. 130A-247(1), and a local board of health may adopt rules concerning wastewater collection, treatment and disposal systems which are not designed to discharge effluent to the land surface or surface waters only in accordance with G.S. 130A-335(c).

(c) The rules of a local board of health shall apply to all municipalities within the local board's jurisdiction.

(d) Not less than 10 days before the adoption, amendment or repeal of any local board of health rule, the proposed rule shall be made available at the office of each county clerk within the board's jurisdiction, and a notice shall be published in a newspaper having general circulation within the area of the board's jurisdiction. The notice shall contain a statement of the substance of the proposed rule or a description of the subjects and issues involved, the proposed effective date of the rule and a statement that copies of the proposed rule are available at the local health department. A local board of health rule shall become effective upon adoption unless a later effective date is specified in the rule.

(e) Copies of all rules shall be filed with the secretary of the local board of health.

(f) A local board of health may, in its rules, adopt by reference any code, standard, rule or regulation which has been adopted by any agency of this State, another state, any agency of the United States or by a generally recognized association. Copies of any material adopted by reference shall be filed with the rules.

(g) A local board of health may impose a fee for services to be rendered by a local health department, except where the imposition of a fee is prohibited by statute or where an employee of the local health department is performing the services as an agent of the State. Notwithstanding any other provisions of law, a local board of health may impose cost-related fees for services performed pursuant to Article 11 of this Chapter, "Wastewater Systems," for services performed pursuant to Part 10, Article 8 of this Chapter, "Public Swimming Pools", for services performed pursuant to Part 11, Article 8 of this Chapter, "Tattooing", and for services performed pursuant to G.S. 87-97. Fees shall be based upon a plan recommended by the local health director and approved by the local board of health and the appropriate county board or boards of commissioners. The fees collected under the authority of this subsection are to be deposited to the account of the local health department so that they may be expended for public health purposes in accordance with the provisions of the Local Government Budget and Fiscal Control Act. (1901, c. 245, s. 3; Rev., s. 4444; 1911, c. 62, s. 9; C.S., s. 7065; 1957, c. 1357, s. 1; 1959, c. 1024, s. 1; 1963, c. 1087; 1973, c. 476, s. 128; c. 508; 1977, c. 857, s. 2; 1981, c. 130, s. 2; c. 281; c. 949, s. 4; 1983, c. 891, s. 2; 1985, c. 175, s. 1; 1989, c. 577, s. 2; 1991 (Reg. Effect of Amendments. — Session Laws 2006-202, s. 6, effective August 7, 2006, added "and for services performed pursuant to G.S. 87-97" and made a minor stylistic change at the end of the second sentence of subsection (g).

Part 2. Sanitary Districts.

§ 130A-55. Corporate Powers.

A sanitary district board shall be a body politic and corporate and may sue and be sued in matters relating to the sanitary district. Notwithstanding any limitation in the petition under G.S. 130A-48, but subject to the provisions of G.S. 130A-55(17)e, each sanitary district may exercise all of the powers granted to sanitary districts by this Article. In addition, the sanitary district board shall have the following powers:

(1) To acquire, construct, maintain and operate sewage collection, treatment and disposal systems of all types, including septic tank systems or other on-site collection, treatment or disposal facilities or systems; water supply systems; water purification or treatment plants and other utilities necessary for the preservation and promotion of the public health and sanitary welfare within the district. The utilities shall be constructed, operated and maintained in accordance with applicable statutes and rules.

(2) To acquire, construct, maintain and operate sewage collection, treatment and disposal systems of all types, including septic tank systems or other on-site collection or disposal facilities or systems, water supply systems; water purification or treatment plants and other utilities, within and outside the corporate limits of the district, as may be necessary for the preservation of the public health and sanitary welfare outside the corporate limits of the district, within reasonable limitation. The utilities shall be constructed, operated and maintained in accordance with applicable statutes and rules.

    a. The authority granted to a sanitary district by the provisions of this subsection is supplemental to the authority granted to a sanitary district by other provisions of law.

    b. Actions taken by a sanitary district to acquire, construct, maintain and operate sewage collection, treatment and disposal systems of all types; water supply systems; water purification or treatment plants and other utilities within and outside the corporate limits to provide service outside the corporate limits are approved and validated.

    c. This subsection shall apply only in counties with a population of 70,000 or greater, as determined by the most recent decennial federal census.

(3) To levy taxes on property within the district in order to carry out the powers and duties conferred and imposed on the district by law, and to pay the principal of and interest on bonds and notes of the district.

(4) To acquire either by purchase, condemnation or otherwise and hold real and personal property, easements, rights-of-way and water rights in the name of the district within or without the corporate limits of the district, necessary or convenient for the construction or maintenance of the works of the district.

(5) To employ and compensate engineers, counsel and other persons as may be necessary to carry out projects.

(6) To negotiate and enter into agreements with the owners of existing water supplies, sewage systems or other utilities as may be necessary to carry out the intent of this Part.

(7) To adopt rules necessary for the proper functioning of the district. However, these rules shall not conflict with rules adopted by the Commission for Health Services, Environmental Management Commission, or the local board of health having jurisdiction over the area.

(8) a. To contract with any person within or outside the corporate limits of the district to supply raw water without charge to the person in return for an agreement to allow the district to discharge sewage in the person's previous water supply. The district may so contract and construct at its expense all improvements necessary or convenient for the delivery of the water when, in the opinion of the sanitary district board and the Department, it will be for the best of the district.

b. To contract with any person within or outside the corporate limits of the district to supply raw or filtered water and sewer service to the person where the service is available. For service supplied outside the corporate limits of the district, the sanitary district board may fix a different rate from that charged within the corporate limits but shall not be liable for damages for failure to furnish a sufficient supply of water and adequate sewer service.

c. To contract with any person within or outside the corporate limits of the district for the treatment of the district's sewage in a sewage disposal or treatment plant owned and constructed or to be constructed by that person.

(9) After adoption of a plan as provided in G.S. 130A-60, the sanitary district board may, in its discretion, alter or modify the plan if the Department determines that the alteration or modification does not constitute a material deviation from the objective of the plan and is in the public health interest of the district. The alteration or modification must be approved by the Department. The sanitary district board may appropriate or reappropriate money of the district for carrying out the altered or modified plan.

(10) To take action, subject to the approval of the Department, for the prevention and eradication of diseases transmissible by vectors by instituting programs for the eradication of the mosquito.

(11) To collect and dispose of garbage, waste and other refuse by contract or otherwise.

(12) To establish a fire department, or to contract for firefighting apparatus and personnel for the protection of life and property within the district.

(13) To provide or contract for rescue service, ambulance service, rescue squad or other emergency medical services for use in the district. The sanitary district shall be subject to G.S. 153A-250.

(14) To have privileges and immunities granted to other governmental units in exercise of the governmental functions.

(15) To use the income of the district, and if necessary, to levy and collect taxes upon all the taxable property within the district sufficient to pay the costs of collecting and disposing of garbage, waste and other refuse, to provide fire protection and rescue services in the district, and to acquire, construct, maintain, operate, and regulate roads and streets within the district. Taxes shall be levied and collected at the same time and in the same manner as taxes for debt service as provided in G.S. 130A-62.

(16) To adopt rules for the promotion and protection of the public health and for these purposes to possess the following powers:

a. To require the owners of developed property on which there are situated one or more residential dwelling units or commercial establishments located within the jurisdiction of the district and within a reasonable distance of any waterline or sewer collection line owned, leased as lessee, or operated by the district to connect the property with the waterline, sewer connection line, or both and fix charges for the connections. The power granted by this subdivision may be exercised by a district only to the extent that the service, whether water, sewer, or a combination thereof, to be provided by the district is not then being provided to the improved property by any other political subdivision or by a public utility regulated by the North Carolina Utilities Commission pursuant to Chapter 62 of the General Statutes. In the case of improved property that would qualify for the issuance of a building permit for the construction of one or more residential dwelling units or commercial establishments and where the district has installed water or sewer lines or a combination thereof directly available to the property, the district may require payment of a periodic availability charge, not to exceed the minimum periodic service charge for properties that are connected.

b. To require any person owning, occupying or controlling improved real property within the district where the water or sewage systems of the district are not immediately available or it is impractical with the systems, to install sanitary toilets, septic tanks and other health equipment or installations in accordance with applicable statutes and rules.

c. To order a person to abate a public health nuisance of the district. If the person being ordered to abate the nuisance refuses to comply with the order, the sanitary district board may institute an action in the superior court of the county where the public health nuisance exists to enforce the order.

d. To abolish or regulate and control the use and occupancy of all pigsties and other animal stockyards or pens within the district and for an additional distance of 500 feet beyond the outer boundaries of the district, unless the 500 feet is within the corporate limits of a city or town.

e. Upon the noncompliance by a person of a rule adopted by the sanitary district board, the board shall notify the person of the rule being violated and the facts constituting the violation. The person shall have a reasonable time to comply with the rule as determined by the local health director of the person's residence. Upon failure to comply within the specified time or within a time extended by the sanitary district board, the person shall be guilty of a Class 1 misdemeanor.

f. The sanitary district board is authorized to enforce the rules adopted pursuant to this Part by criminal action or civil action, including injunctive relief.

(17) For the purpose of promoting and protecting the public health, safety and the general welfare of the State, a sanitary district board is authorized to establish as zoning units any portions of the sanitary district not under the control of the United States or this State or any agency or instrumentality of either, in accordance with the following:

a. No sanitary district board shall designate an area a zoning area until a petition signed by two-thirds of the qualified voters in the area, as shown by the registration books used in the last general election, and with a petition signed by two-thirds of the owners of real property in the area, as shown by the records in the office of the register of deeds for the county, is filed with the sanitary district board. The petition must be accompanied by a map of the proposed zoning area. The board shall hold a public hearing to obtain comment on the proposed creation of the zoning area. A notice of public hearing must be published in a newspaper of general circulation in the county at least two times, and a copy of the notice shall be posted at the county courthouse and in three other public places in the sanitary district.

b. When a zoning area is established within a sanitary district, the sanitary district board as to the zoning area shall have all rights, privileges, powers and duties granted to municipal corporations under Part 3, Article 19, Chapter 160A of the General Statutes. However, the sanitary district board shall not be required to appoint any zoning commission or board of adjustment. If neither a zoning commission nor board of adjustment is appointed, the sanitary district board shall have all rights.

c. A sanitary district board may enter into an agreement with any city, town or sanitary district for the establishment of a joint zoning commission.

d. A sanitary district board is authorized to use the income of the district and levy and collect taxes upon the taxable property within the district necessary to carry out and enforce the rules and provisions of this subsection.

e. This subsection shall apply only to sanitary districts which adjoin and are contiguous to an incorporated city or town and are located within three miles or less of the boundaries of two other cities or towns.

(18) To negotiate for and acquire by contract any distribution system located outside the district when the water for the distribution system is furnished by the district. If the distribution system is acquired by a district, the district may continue the operation of the system even though it remains outside the district.

(19) To accept gifts of real and personal property for the purpose of operating a nonprofit cemetery; to own, operate and maintain cemeteries with the donated property; and to establish perpetual care funds for the cemeteries in the manner provided by G.S. 160A-347.

(20) To dispose of real or personal property belonging to the district according to the procedures prescribed in Article 12 of Chapter 160A of the General Statutes. For purposes of this subsection, references in Article 12 of Chapter 160A to the "city," the "council," or a specific city official refer, respectively, to the sanitary district, the sanitary district board, and the sanitary district official who most nearly performs the same duties performed by the specified city official. For purposes of this subsection, references in G.S. 160A-266(c) to "one or more city officials" are deemed to refer to one or more sanitary district officials designated by the sanitary district board.

(21) To acquire, renovate property for or construct a medical clinic to serve the district, and to maintain real and personal property for a medical clinic to serve the district.

(22) To make special assessments against benefitted property within the corporate limits of the sanitary district and within the area served or to be served by the sanitary district for the purpose of constructing, reconstructing, extending, or otherwise improving water systems or sanitary collection, treatment, and sewage disposal systems, in the same manner that a county may make special assessments under authority of Article 9 of Chapter 153A of the General Statutes, except that the language appearing in G.S. 153A-185 reading as follows: "A county may not assess property within a city pursuant to subdivision (1) or (2) of this section unless the governing board of the city has by resolution approved the project," shall not apply to assessments levied by sanitary districts. For the purposes of this paragraph, references in Article 9 of Chapter 153A of the General Statutes, to the "county," the

"board of county commissioners," "the board" or a specific county official or employee are deemed to refer respectively to the sanitary district and to the official or employee of the sanitary district who performs most nearly the same duties performed by the specified county official or employee.

Assessment rolls after being confirmed shall be filed for registration in the office of the Register of Deeds of the county in which the property being assessed is located, and the term "county tax collector" wherever used in G.S. 153A-195 and G.S. 153A-196, shall mean the officer designated by the sanitary district to perform the functions described in said sections of the statute. This subdivision applies only to sanitary districts with a population of 15,000 or over.

(23) To acquire (by purchase, lease, gift, or otherwise, but not by condemnation), construct, maintain, operate, and regulate roads and streets within the sanitary district which are not State-maintained. Not all of these powers need be exercised.

(24) Expired.

(25) To negotiate and enter into agreements with other municipal corporations or sanitary districts for the purpose of developing and implementing an economic development plan. The agreement may provide for the establishment of a special fund, in which monies not expended at the end of a fiscal year shall remain in the fund. The lead agency designated under the agreement shall be responsible for examination of the fund and compliance with sound accounting principles, including the annual independent audit under G.S. 159-34. The audit responsibilities of the other municipal corporations and sanitary districts extend only to the verification of the contribution to the fund created under the agreement. The procedural requirements of G.S. 158-7.1(c) shall apply to actions of a sanitary district under this subdivision as if it were a city. § 130A-291.1. Septage management program; permit fees.

(a) The Department shall establish and administer a septage management program in accordance with the provisions of this section.

(b) For the protection of the public health, the Commission shall adopt rules governing the management of septage. The rules shall include, but are not limited to, criteria for the sanitary management of septage, including standards for the transportation, storage, treatment, and disposal of septage; operator registration and training; the issuance, suspension, and revocation of permits; and procedures for the payment of annual fees.

(c) No septage management firm shall commence or continue operation that does not have a permit issued by the Department. The permit shall be issued only when the septage management firm satisfies all of the requirements of the rules adopted by the Commission. A septage management firm that commences operation without first having obtained a permit shall cease to operate until the firm obtains a permit under this section and shall pay an initial annual fee equal to twice the amount of the annual fee that would otherwise be applicable under subsection (e) of this section.

(d) Septage shall be treated and disposed only at a wastewater system that has been approved by the Department under rules adopted by the Commission or by the Environmental Management Commission or at a site that is permitted by the Department under this section. A permit shall be issued only if the site satisfies all of the requirements of the rules adopted by the Commission.

(e) A septage management firm that operates one pumper truck shall pay an annual fee of five hundred fifty dollars ($550.00) to the Department. A septage management firm that operates two or more pumper trucks shall pay an annual fee of eight hundred dollars ($800.00) to the Department.

(e1) An individual who operates a septage treatment or disposal facility but who does not engage in the business of pumping, transporting, or disposing of septage shall pay an annual fee of two hundred dollars ($200.00).

(e2) A properly completed application for a permit and the annual fee under this section are due by 1 January of each year. The Department shall mail a notice of the annual fees to each permitted septage management firm and each individual who operates a septage treatment or disposal facility prior to 1 November of each calendar year. A late fee in the amount equal to fifty percent (50%) of the annual permit fee under this section shall be submitted when a properly completed application and annual permit fee are not submitted by 1 January following the 1 November notice. The clear proceeds of civil penalties collected pursuant to this subsection shall be remitted to the Civil Penalty and Forfeiture Fund in accordance with G.S. 115C-457.2.

(e3) The Septage Management Account is established as a nonreverting account within the Department. Fees collected under this section shall be placed in the Septage Management Account and shall be applied only to the costs of the septage management program.

(e4) Permits for new septage management firm operators and permits for septage management firm operators that have not operated a septage management firm in the 24 months immediately preceding the submittal of an application shall be considered probationary for 12 months. The Department may revoke any probationary permit of a firm or an individual that violates any provision of this section, G.S. 130A-291.2, G.S. 130A-291.3, or any rule adopted under these sections. If the Department revokes a probationary permit issued to a firm or individual, the Department shall not issue another permit to that firm or individual, and the firm or individual may not engage in any septage management activity for a period of 12 months.

(e5) The Department shall provide technical and regulatory assistance to permit applicants and permit holders. Assistance may include, but is not limited to, taking soil samples on proposed and permitted septage land application sites and providing required training to permit applicants and permit holders.

(f) All wastewater systems designed to discharge effluent to the surface waters may accept, treat, and dispose septage from permitted septage management firms, unless acceptance of the septage would constitute a violation of the permit conditions of the wastewater system. The wastewater system may charge a reasonable fee for acceptance, treatment, and disposal of septage based on a fee schedule that takes into account septage composition and quantity and that is consistent with other charges for use of that system.

(g) Production of a crop in accordance with an approved nutrient management plan on land that is permitted as a septage land application site is a bona fide farm purpose under G.S. 153A-340.

(h) The Department shall inspect each septage land application site at least twice a year and shall inspect the records associated with each septage land application site at least annually. The Department shall inspect each pump truck used for septage management at least once every two years.

(i) The Department shall approve innovative or alternative septage treatment or storage methods that are demonstrated to protect the public health and the environment.

(j) Septage generated by the operation of a wastewater system permitted under Article 11 of this Chapter may be managed as provided in this section and may be land applied at a septage land application site permitted under this section. (1987 (Reg. Sess., 1988), c. 1058, s. 2; 1991 (Reg. Sess., 1992), c. 1039, s. 8; 1993, c. 173, s. 4; 2001-505, s. 1.1; 2005-276, s. 6.37(t); 2006-255, s. 5.1(a).)

Editor's Note. —

Session Laws 2006-255, s. 5.1(b), provides: "Management, including land application, of septage generated by the operation of a wastewater system permitted under Article 11 of Chapter 130A of the General Statutes shall be governed by 40 Code of Federal Regulations Part 503 (July 1, 2003, Edition) and rules adopted by the Commission for Health Services pursuant to G.S. 130A-291.1, as amended by subsection (a) of this section."

Effect of Amendments. —

Session Laws 2006-255, s. 5.1(a), effective August 23, 2006, added subsection (j).

§ 130A-294. Solid waste management program.

(a) The Department is authorized and directed to engage in research, conduct investigations and surveys, make inspections and establish a statewide solid waste management program. In establishing a program, the Department shall have authority to:

(1) Develop a comprehensive program for implementation of safe and sanitary practices for management of solid waste;

(2) Advise, consult, cooperate and contract with other State agencies, units of local government, the federal government, industries and individuals in the formulation and carrying out of a solid waste management program;

(3) Develop and adopt rules to establish standards for qualification as a "recycling, reduction or resource recovering facility" or as "recycling, reduction or resource recovering equipment" for the purpose of special tax classifications or treatment, and to certify as qualifying those applicants which meet the established standards. The standards shall be developed to qualify only those facilities and equipment exclusively used in the actual waste recycling, reduction or resource recovering process and shall exclude any incidental or supportive facilities and equipment;

(4)a. Develop a permit system governing the establishment and operation of solid waste management facilities. A landfill with a disposal area of 1/2 acre or less for the on-site disposal of land clearing and inert debris is exempt from the permit requirement of this section and shall be governed by G.S. 130A-301.1. The Department shall not approve an application for a new permit, the renewal of a permit, or a substantial amendment to a permit for a sanitary landfill, excluding demolition landfills as defined in the rules of the Commission, except as provided in subdivisions (3) and (4) of subsection (b1) of this section. No permit shall be granted for a solid waste management facility having discharges that are point sources until the Department has referred the complete plans and specifications to the Environmental Management Commission and has received advice in writing that the plans and specifications are approved in accordance with the provisions of G.S. 143-215.1. If the applicant is a unit of local government, and has not submitted a solid waste management plan that has been approved by the Department pursuant to G.S. 130A-309.09A(b), the Department may deny a permit for a sanitary landfill or a facility that disposes of solid waste by incineration, unless the Commission has not adopted rules pursuant to G.S. 130A-309.29 for local solid waste management plans. In any case where the Department denies a permit for a solid waste management facility, it shall state in writing the reason for denial and shall also state its estimate of the changes in the applicant's proposed activities or plans that will be required for the applicant to obtain a permit.

b. The issuance of permits for sanitary landfills operated by local governments is exempt from the environmental impact statements required by Article 1 of Chapter 113A of the General Statutes, entitled the North Carolina Environmental Policy Act of 1971. All sanitary landfill permits issued to local governments prior to July 1, 1984, are hereby validated notwithstanding any failure to provide environmental impact statements pursuant to the North Carolina Environmental Policy Act of 1971;

(4a) No permit shall be granted for any public or private sanitary landfill to receive solid non-radioactive waste generated outside the boundaries of North Carolina to be deposited, unless such waste has previously been inspected by the solid waste regulatory agency of that nation, state or territory, characterized in detail as to its contents and certified by that agency to be non-injurious to health and safety. The Commission shall adopt rules to implement this subsection.

(5) Repealed by Session Laws 1983, c. 795, s. 3.

(5a) Designate a geographic area within which the collection, transportation, storage and disposal of all solid waste generated within said area shall be accomplished in accordance with a solid waste management plan. Such designation may be made only after the Department has received a request from the unit or units of local government having jurisdiction within said geographic area that such designation be made and after receipt by the Department of a solid waste management plan which shall include:

a. The existing and projected population for such area;
b. The quantities of solid waste generated and estimated to be generated in such area;
c. The availability of sanitary landfill sites and the environmental impact of continued landfill of solid waste on surface and subsurface waters;
d. The method of solid waste disposal to be utilized and the energy or material which shall be recovered from the waste; and
e. Such other data that the Department may reasonably require.

(5b) Authorize units of local government to require by ordinance, that all solid waste generated within the designated geographic area that is placed in the waste stream for disposal be collected, transported, stored and disposed of at a permitted solid waste management facility or facilities serving such area. The provisions of such ordinance shall not be construed to prohibit the source separation of materials from solid waste prior to collection of such solid waste for disposal, or prohibit collectors of solid waste from recycling materials or limit access to such materials as an incident to collection of such solid waste; provided such prohibitions do not authorize the construction and operation of a resource recovery facility unless specifically permitted pursuant to an approved solid waste management plan. If a private solid waste landfill shall be substantially affected by such ordinance then the unit of local government adopting the ordinance shall be required to give the operator of the affected landfill at least two years written notice prior to the effective date of the proposed ordinance.

(5c) Except for the authority to designate a geographic area to be serviced by a solid waste management facility, delegate authority and responsibility to units of local government to perform all or a portion of a solid waste management program within the jurisdictional area of the unit of local government; provided that no authority over or control of the operations or properties of one local government shall be delegated to any other local government.

(5d) Require that an annual report of the implementation of the solid waste management plan within the designated geographic area be filed with the Department.

(6) The Department is authorized to charge and collect fees from operators of hazardous waste disposal facilities. The fees shall be used to establish a fund sufficient for each individual facility to defray the anticipated costs to the State for monitoring and care of the facility after the termination of the period during which the facility operator is required by applicable State and federal statutes, regulations or rules to remain responsible for post-closure monitoring and care. In establishing the fees, consideration shall be given to the size of the facility, the nature of the hazardous waste and the projected life of the facility.

(7) Establish and collect annual fees from generators and transporters of hazardous waste, and from storage, treatment, and disposal facilities regulated under this Article as provided in G.S. 130A-294.1.

(b) The Commission shall adopt and the Department shall enforce rules to implement a comprehensive statewide solid waste management program. The rules shall be consistent with applicable State and federal law; and shall be designed to protect the public health, safety, and welfare; preserve the environment; and provide for the greatest possible conservation of cultural and natural resources. Rules for the establishment, location, operation, maintenance, use, discontinuance, recordation, post-closure care of solid waste management facilities also shall be based upon recognized public health practices and procedures, including applicable epidemiological research and studies; hydrogeological research and studies; sanitary engineering research and studies; and current technological development in equipment and methods. The rules shall not apply to the management of solid waste that is generated by an individual or individual family or household unit on the individual's property and is disposed of on the individual's property.

The Commission shall adopt rules for financial responsibility to ensure the availability of sufficient funds for closure and post-closure maintenance and monitoring at solid waste management facilities, and for any corrective action the Department may require during the active life of a facility or during the closure and post-closure periods. The rules may permit demonstration of financial responsibility through the use of a letter of credit, insurance, surety, trust agreement, financial test, or guarantee by corporate parents or third parties who can pass the financial test. The rules shall require that an owner or operator of a privately owned solid waste management facility demonstrate financial responsibility by a method or combinations of methods that will ensure that sufficient funds for closure, post-closure maintenance and monitoring, and any corrective action that the Department may require will be available during the active life of the facility, at closure, and for a period of not less than 30 years after closure even if the owner or operator becomes insolvent or ceases to reside, be incorporated, do business, or maintain assets in the State.

(b1)(1) For purposes of this subsection and subdivision (4) of subsection (a) of this section, a "substantial amendment" means either:

a. An increase of ten percent (10%) or more in:

1. The population of the geographic area to be served by the sanitary landfill;
2. The quantity of solid waste to be disposed of in the sanitary landfill; or
3. The geographic area to be served by the sanitary landfill.

b. A change in the categories of solid waste to be disposed of in the sanitary landfill or any other change to the application for a permit or to the permit for a sanitary landfill that the Commission or the Department determines to be substantial.

(2) A person who intends to apply for a new permit, the renewal of a permit, or a substantial amendment to a permit for a sanitary landfill

shall obtain, prior to applying for a permit, a franchise for the operation of the sanitary landfill from each local government having jurisdiction over any part of the land on which the sanitary landfill and its appurtenances are located or to be located. A local government may adopt a franchise ordinance under G.S. 153A-136 or G.S. 160A-319. A franchise granted for a sanitary landfill shall include all of the following:

a. A statement of the population to be served, including a description of the geographic area.
b. A description of the volume and characteristics of the waste stream.
c. A projection of the useful life of the sanitary landfill.
d. An explanation of how the franchise will be consistent with the jurisdiction's solid waste management plan required under G.S. 130A-309.09A, including provisions for waste reduction, reuse, and recycling.
e. The procedures to be followed for governmental oversight and regulation of the fees and rates to be charged by facilities subject to the franchise for waste generated in the jurisdiction of the franchising entity.
f. A facility plan for the sanitary landfill that shall include the exact boundaries of the proposed facility, proposed development of the facility site in five-year operational phases, the boundaries of all waste disposal units, final elevations and capacity of all waste disposal units, the amount of waste to be received per day in tons, the total waste disposal capacity of the sanitary landfill in tons, a description of environmental controls, and a description of any other waste management activities to be conducted at the facility. In addition, the facility plan shall show the location of soil borrow areas, leachate facilities, and all other facilities and infrastructure, including ingress and egress to the facility.

(2a) A local government may elect to award a preliminary franchise. If a local government elects to award a preliminary franchise, the preliminary franchise shall contain, at a minimum, all of the information described in sub-subdivisions a. through e. of subdivision (2) of this subsection plus a general description of the proposed sanitary landfill, including the approximate number of acres required for the proposed sanitary landfill and its appurtenances and a description of any other solid waste management activities that are to be conducted at the site.

(3) Prior to the award of a franchise for the construction or operation of a sanitary landfill, the board of commissioners of the county or counties in which the sanitary landfill is proposed to be located or is located or, if the sanitary landfill is proposed to be located or is located in a city, the governing board of the city shall conduct a public hearing. The board of commissioners of the county or counties in which the sanitary landfill is proposed to be located or is located or, if the sanitary landfill is proposed to be located or is located in a city, the governing board of the city shall provide at least 30 days' notice to the public of the public hearing. The notice shall include a summary of all the information required to be included in the franchise, and shall specify the procedure to be followed at the public hearing. The applicant for the franchise shall provide a copy of the application for the franchise that includes all of the information required to be included in the franchise, to the public library closest to the proposed sanitary landfill site to be made available for inspection and copying by the public.

(4) An applicant for a new permit, the renewal of a permit, or a substantial amendment to a permit for a sanitary landfill shall

request each local government having jurisdiction over any part of the land on which the sanitary landfill and its appurtenances are located or to be located to issue a determination as to whether the local government has in effect a franchise, zoning, subdivision, or land-use planning ordinance applicable to the sanitary landfill and whether the proposed sanitary landfill, or the existing sanitary landfill as it would be operated under the renewed or substantially amended permit, would be consistent with the applicable ordinances. The request to the local government shall be accompanied by a copy of the permit application and shall be delivered to the clerk of the local government personally or by certified mail. In order to serve as a basis for a determination that an application for a new permit, the renewal of a permit, or a substantial amendment to a permit for a sanitary landfill is consistent with a zoning, subdivision, or land-use planning ordinance, an ordinance or zoning classification applicable to the real property designated in the permit application shall have been in effect not less than 90 days prior to the date the request for a determination of consistency is delivered to the clerk of the local government. The determination shall be verified or supported by affidavit signed by the chief administrative officer, the chief administrative officer's designee, clerk, or other official designated by the local government to make the determination and, if the local government states that the sanitary landfill as it would be operated under the new, renewed, or substantially amended permit is inconsistent with a franchise, zoning, subdivision, or land-use planning ordinance, shall include a copy of the ordinance and the specific reasons for the determination of inconsistency. A copy of the determination shall be provided to the applicant when the determination is submitted to the Department. The Department shall not act upon an application for a permit under this section until it has received a determination from each local government requested to make a determination by the applicant; provided that if a local government fails to submit a determination to the Department as provided by this subsection within 15 days after receipt of the request, the Department shall proceed to consider the permit application without regard to a franchise, local zoning, subdivision, and land-use planning ordinances. Unless the local government makes a subsequent determination of consistency with all ordinances cited in the determination or the sanitary landfill as it would be operated under the new, renewed, or substantially amended permit is determined by a court of competent jurisdiction to be consistent with the cited ordinances, the Department shall attach as a condition of the permit a requirement that the applicant, prior to construction or operation of the sanitary landfill under the permit, comply with all lawfully adopted local ordinances cited in the determination that apply to the sanitary landfill. This subsection shall not be construed to affect the validity of any lawfully adopted franchise, local zoning, subdivision, or land-use planning ordinance or to affect the responsibility of any person to comply with any lawfully adopted franchise, local zoning, subdivision, or land-use planning ordinance. This subsection shall not be construed to limit any opportunity a local government may have to comment on a permit application under any other law or rule. This subsection shall not apply to any facility with respect to which local ordinances are subject to review under either G.S. 104E-6.2 or G.S. 130A-293.

(5) As used in this subdivision, "coal-fired generating unit" and "investor-owned public utility" have the same meaning as in G.S. 143-

215.107D(a). Notwithstanding subdivisions (a)(4), (b1)(3), or (b1)(4) of this section, no franchise shall be required for a sanitary landfill used only to dispose of waste generated by a coal-fired generating unit that is owned or operated by an investor-owned utility subject to the requirements of G.S. 143-215.107D.

(b2) The Department may require an applicant for a permit under this Article to satisfy the Department that the applicant, and any parent, subsidiary, or other affiliate of the applicant or parent:

(1) Is financially qualified to carry out the activity for which the permit is required.

(2) Has substantially complied with the requirements applicable to any solid waste management activity in which the applicant has previously engaged and has been in substantial compliance with federal and state laws, regulations, and rules for the protection of the environment.

(b3) An applicant for a permit under this Article shall satisfy the Department that the applicant has met the requirements of subsection (b2) of this section before the Department is required to otherwise review the application. In order to continue to hold a permit under this Article, a permittee must remain financially qualified and must provide any information requested by the Department to demonstrate that the permittee continues to be financially qualified.

(c) The Commission shall adopt and the Department shall enforce rules concerning the management of hazardous waste. These rules shall establish a complete and integrated regulatory scheme in the area of hazardous waste management and shall provide for:

(1) Establishing criteria for hazardous waste, identifying the characteristics of hazardous waste and listing particular hazardous waste;

(1a) Establishing criteria for hazardous constituents, identifying the characteristics of hazardous constituents and listing particular hazardous constituents;

corrective measures through the use of a letter of credit, insurance, surety, trust agreement, financial test, or financial test and corporate guarantee), training of personnel, continuity of operation and procedures for establishing and maintaining hazardous waste facilities;

(11) Monitoring by owners or operators of hazardous waste facilities;

(12) Inspection or copying of records required to be kept;

(15) Additional requirements as necessary for the effective management of hazardous waste;

(16) The operator of the hazardous waste disposal facility shall maintain adequate insurance to cover foreseeable claims arising from the operation of the facility. The Department shall determine what constitutes an adequate amount of insurance;

(17) The bottom of a hazardous waste disposal facility shall be at least 10 feet above the seasonal high water table and more when necessary to protect the public health and the environment; and

(18) The operator of a hazardous waste disposal facility shall make monthly reports to the board of county commissioners of the county in which the facility is located on the kinds and amounts of hazardous wastes in the facility.

(d) The Commission is authorized to adopt and the Department is authorized to enforce rules where appropriate for public participation in the consideration, development, revision, implementation and enforcement of any permit rule, guideline, information or program under this Article.

(e) Rules adopted under this section may incorporate standards and restrictions which exceed and are more comprehensive than comparable federal regulations.

(f) Within 10 days of receiving an application for a permit or for an amendment to an existing permit for a hazardous waste facility, the Department shall notify the clerk of the board of commissioners of the county or counties in which the facility is proposed to be located or is located and, if the facility is proposed to be located or is located within a city, the clerk of the governing board of the city, that the application has been filed, and shall file a copy of the application with the clerk. Prior to the issuance of a permit or an amendment of an existing permit the Secretary or his designee shall conduct a public hearing in the county, or in one of the counties in which the hazardous waste facility is proposed to be located or is located. The Secretary or his designee shall give notice of the hearing, and the public hearing shall be in accordance with applicable federal regulations adopted pursuant to RCRA and with Chapter 150B of the General Statutes. Where the provisions of the federal regulations and Chapter 150B of the General Statutes are inconsistent, the federal regulations shall apply.

(g) The Commission shall develop and adopt standards for permitting of hazardous waste facilities. Such standards shall be developed with, and provide for, public participation; shall be incorporated into rules; shall be consistent with all applicable federal and State law, including statutes, regulations and rules; shall be developed and revised in light of the best available scientific data; and shall be based on consideration of at least the following factors:

(1) Hydrological and geological factors, including flood plains, depth to water table, groundwater travel time, soil pH, soil cation exchange capacity, soil composition and permeability, cavernous bedrock, seismic activity, slope, mines, and climate;

(2) Environmental and public health factors, including air quality, quality of surface and groundwater, and proximity to public water supply watersheds;
(3) Natural and cultural resources, including wetlands, gamelands, endangered species habitats, proximity to parks, forests, wilderness areas, nature preserves, and historic sites;
(4) Local land uses;
(5) Transportation factors, including proximity to waste generators, route safety, and method of transportation;
(6) Aesthetic factors, including the visibility, appearance, and noise level of the facility;
(7) Availability and reliability of public utilities; and

(h) Rules adopted by the Commission shall be subject to the following requirements:

(1) Repealed by Session Laws 1989, c. 168, s. 20.
(2) Hazardous waste shall be treated prior to disposal in North Carolina. The Commission shall determine the extent of waste treatment required before hazardous waste can be disposed of in a hazardous waste disposal facility.
(3) Any hazardous waste disposal facility hereafter constructed in this State shall meet, at the minimum, the standards of construction imposed by federal regulations adopted under the RCRA at the time the permit is issued.
(4) No hazardous waste disposal facility or polychlorinated biphenyl disposal facility shall be located within 25 miles of any other hazardous waste disposal facility or polychlorinated biphenyl disposal facility.
(5) Repealed by Session Laws 2001-474, s. 23, effective November 29, 2001.
(6) The following shall not be disposed of in a hazardous waste disposal facility: ignitables as defined in the RCRA, polyhalogenated biphenyls of 50 ppm or greater concentration, and free liquids whether or not containerized.
(7) Facilities for disposal or long-term storage of hazardous waste shall have at a minimum the following: a leachate collection and removal system above an artificial impervious liner of at least 30 mils in thickness, a minimum of five feet of clay or clay-like liner with a maximum permeability of 1.0×10^{-7} centimeters per second (cm/sec) below said artificial liner, and a leachate detection system immediately below the clay or clay-like liner.
(8) Hazardous waste shall not be stored at a hazardous waste treatment facility for over 90 days prior to treatment or disposal.
(9) The Commission shall consider any hazardous waste treatment process proposed to it, if the process lessens treatment cost or improves treatment over then current methods or standards required by the Commission.
(10) Prevention, reduction, recycling, and detoxification of hazardous wastes should be encouraged and promoted. Hazardous waste disposal facilities and polychlorinated biphenyl disposal facilities shall be detoxified as soon as technology which is economically feasible is available and sufficient money is available without additional appropriation.

(i) The Department shall develop a comprehensive hazardous waste management plan for the State and shall revise the plan on or before 1 July of even-numbered years. The Department shall report to the Environmental

Review Commission on or before 1 October of each year on the implementation of the comprehensive hazardous waste management plan. The report shall include an evaluation of how well the State and private parties are managing and cleaning up hazardous waste. The report shall also include recommendations to the Governor, State agencies, and the General Assembly on ways to: improve waste management; reduce the amount of waste generated; maximize resource recovery, reuse, and conservation; and minimize the amount of hazardous waste which must be disposed of.

(j) The Commission may adopt rules for financial responsibility (including requirements for sufficient availability of funds for facility closure and postclosure monitoring and corrective measures, and for potential liability for sudden and nonsudden accidental occurrences), which may permit the use of insurance, financial tests, third-party guarantees by persons who can pass the financial test, guarantees by corporate parents who can pass the financial test, irrevocable letters of credit, trusts, surety bonds, or any other financial device, or any combination of the foregoing, shown to provide protection equivalent to the financial protection that would have been provided by insurance if insurance were the only mechanism used. Any direct or indirect parent corporation or other parent entity of the operator of a commercial hazardous waste treatment facility shall be deemed to be a guarantor of payment by the operator for closure, monitoring, and corrective measures and for liability incurred by the operator arising from the operation of the commercial hazardous waste treatment facility. The Department may provide a copy of any filing to meet the financial responsibility requirements to the State Treasurer, who shall review the filing and provide written comments on the equivalency of protection provided by the filing, including recommended changes.

(k) Each person who generates hazardous waste who is required to pay a fee under G.S. 130A-294.1, and each operator of a hazardous waste treatment facility which treats waste generated on-site who is required to pay a fee under G.S. 130A-294.1, shall submit to the Department at the time such fees are due, a written description of any program to minimize or reduce the volume and quantity or toxicity of such waste.

(*l*) Disposal of solid waste in or upon water in a manner that results in solid waste entering waters or lands of the State is unlawful. Nothing herein shall be interpreted to affect disposal of solid waste in a permitted landfill.

(m) Demolition debris consisting of used asphalt or used asphalt mixed with dirt, sand, gravel, rock, concrete, or similar nonhazardous material may be used as fill and need not be disposed of in a permitted landfill or solid waste disposal facility. Such demolition debris may not be placed in the waters of the State or at or below the seasonal high water table.

(n) The Department shall encourage research and development and disseminate information on state-of-the-art means of handling and disposing of hazardous waste. The Department may establish a waste information exchange for the State.

(o) The Department shall promote public education and public involvement in the decision-making process for the siting and permitting of proposed hazardous waste facilities. The Department shall assist localities in which facilities are proposed in collecting and receiving information relating to the suitability of the proposed site. At the request of a local government in which facilities are proposed, the Department shall direct the appropriate agencies of State government to develop such relevant data as that locality shall reasonably request.

(p) The Department shall each year recommend to the Governor a recipient for a "Governor's Award of Excellence" which the Governor shall award for outstanding achievement by an industry or company in the area of waste management.

(q) The Secretary shall, at the request of the Governor and under the Governor's direction, assist with the negotiation of interstate agreements for the management of hazardous waste.

(r) The Commission shall, in accordance with the procedures set forth in G.S. 160A-211.1 and G.S. 153A-152.1, review upon appeal specific privilege license tax rates that localities may apply to waste management facilities in their jurisdiction.

(s) The Department is authorized to enter upon any lands and structures upon lands to make surveys, borings, soundings, and examinations as may be necessary to determine the suitability of a site for a hazardous waste facility or hazardous waste disposal facility. The Department shall give 30 days notice of the intended entry authorized by this section in the manner prescribed for service of process by G.S. 1A-1, Rule 4. Entry under this section shall not be deemed a trespass or taking; provided, however, that the Department shall make reimbursement for any damage to land or structures caused by these activities. Moratorium on New Landfills From August 1, 2006, through August 1, 2007. — The preamble to Session Laws 2006-244, provides: "Whereas, North Carolina has experienced severe problems from widespread flooding during the past five years; and

"Whereas, large areas of the State have also experienced severe drought conditions during the past five years; and

"Whereas, groundwater is the source of drinking water for approximately half the population of the State; and

"Whereas, depletion of certain large groundwater aquifers in the State has been documented in recent years; and

"Whereas, protection and enhancement of water quality in the State's rivers and coastal estuaries is the declared public policy of the State; and

"Whereas, many fragile ecosystems exist in the State which are in need of further study and protection; and

"Whereas, the State recognizes that ecosystems transcend state borders, and that changes affecting the State's water, air, natural habitats, and scenic resources also have impacts outside the State; and

"Whereas, it is the policy of the State to ensure the continued public enjoyment of the natural attractions of the State; and

"Whereas, improperly sited, designed, or operated landfills have the potential to cause serious environmental damage, including groundwater contamination; and

"Whereas, it is essential that the State study the siting, design, and operational requirements for landfills for the disposal of solid waste in areas susceptible to flooding from natural disasters, areas with high water tables, and other environmentally sensitive areas in order to protect public health and the environment; and

"Whereas, it is critical to the protection of public health and the environment to adequately staff the State solid waste program to review permit applications, ensure compliance with State solid waste management laws and rules, and provide technical assistance on solid waste management issues; and

"Whereas, economic and other factors may cause landfills to be concentrated in minority and low-income communities in the State; and

§ 130A-295.02. Resident inspectors required at commercial hazardous waste facilities; recovery of costs for same.

(a) The Division shall employ full-time resident inspectors for each commercial hazardous waste facility located within the State. Such inspectors shall be employed and assigned so that at least one inspector is on duty at all times during which any component of the facility is in operation, is undergoing any maintenance or repair, or is undergoing any test or calibration. Resident inspectors shall be assigned to commercial hazardous waste management facilities so as to protect the public health and the environment, to monitor all aspects of the operation of such facilities, and to assure compliance with all laws and rules administered by the Division and by any other division of the Department. Such inspectors may also enforce laws or rules administered by any other agency of the State pursuant to an appropriate memorandum of agreement entered into by the Secretary and the chief administrative officer of such agency. The Division may assign additional resident inspectors to a facility depending upon the quantity and toxicity of waste managed at a facility, diversity of types of waste managed at the facility, complexity of management technologies utilized at the facility, the range of components which are included at the facility, operating history of the facility, and other factors relative to the need for on-site inspection and enforcement capabilities. The Division, in consultation with other divisions of the Department, shall define the duties of each resident inspector and shall determine whether additional resident inspectors are needed at a particular facility to meet the purposes of this section.

(b) The Division shall establish requirements pertaining to education, experience, and training for resident inspectors so as to assure that such inspectors are fully qualified to serve the purposes of this section. The Division shall provide its resident inspectors with such training, equipment, facilities, and supplies as may be necessary to fulfill the purposes of this section.

(c) As a condition of its permit, the owner or operator of each commercial hazardous waste facility located within the State shall provide and maintain such appropriate and secure offices and laboratory facilities as the Department may require for the use of the resident inspectors required by this section.

(d) Resident inspectors assigned to a commercial hazardous waste facility shall have unrestricted access to all operational areas of such facility at all times. For the protection of resident inspectors and the public, the provisions of G.S. 143-215.107(f) shall not apply to commercial hazardous waste facilities to which a resident inspector is assigned.

(e) No commercial hazardous waste facility shall be operated, undergo any maintenance or repair, or undergo any testing or calibration unless an inspector employed by the Division is present at the facility.

(f) The requirements of this section are intended to enhance the ability of the Department to protect the public health and the environment by providing the Department with the authority and resources necessary to maintain a rigorous inspection and enforcement program at commercial hazardous waste management facilities. The requirements of this section are intended to be supplementary to other requirements imposed on hazardous waste facilities. This section shall not be construed to relieve either the owner or the operator of any such facility or the Department from any other requirement of law or to require any unnecessary duplication of reporting or monitoring requirements.

(g) For the purpose of enforcing the laws and rules enacted or adopted for the protection of the public health and the environment, resident inspectors employed pursuant to this section may be commissioned as special peace officers as provided in G.S. 113-28.1. The provisions of Article 1A of Chapter 113 of the General Statutes shall apply to resident inspectors commissioned as special peace officers pursuant to this subsection.

(h) The Department shall determine the full cost of the employment and assignment of resident inspectors at each commercial hazardous waste facility located within the State. Such costs shall include, but are not limited to, costs incurred for salaries, benefits, travel, training, equipment, supplies, telecommunication and data transmission, offices and other facilities other than those provided by the owner or operator, and administrative expenses. The Department shall establish and revise as necessary a schedule of fees to be assessed on the users of each such facility to recover the actual cost of the resident inspector program at that facility. The operator of each such facility shall serve as the collection agent for such fees, shall account to the Department on a monthly basis for all fees collected, and shall deposit with the Department all funds collected pursuant to this section within 15 days following the last day of the month in which such fees are collected. Fees collected under this section shall be credited to the General Fund as nontax revenue.

(i) The Division shall establish and revise as necessary a program for assigning resident inspectors to commercial hazardous waste facilities so that scheduled rotation or equivalent oversight procedures ensure that each resident inspector will maintain objectivity.

(j) For purposes of this subsection, special purpose commercial hazardous waste facilities include: a facility that manages limited quantities of hazardous waste; a facility that limits its hazardous waste management activities to reclamation or recycling, including energy or materials recovery or a facility that stores hazardous waste primarily for use at such facilities; or a facility that is determined to be low risk under rules adopted by the Commission pursuant to this subsection. The Commission shall adopt rules establishing reasonable times and frequencies for the presence of a resident inspector on less than a full-time basis at special purpose commercial hazardous waste facilities. Rules adopted pursuant to this subsection shall establish classifications of special purpose hazardous waste facilities based on factors including, but not limited to, the size of the facility, the type of treatment or storage being performed, the nature and volume of waste being treated or stored, the uniformity, similarity, or lack of diversity of the waste streams, the predictability of the nature of the waste streams and their treatability, whether the facility utilizes automated monitoring or safety devices that adequately perform functions that would otherwise be performed by a resident inspector, the fact that reclamation or recycling is being performed at the facility, and the compliance history of the facility and its operator. Special purpose commercial hazardous waste facilities shall be subject to inspection at all times during which the facility is in operation, undergoing any maintenance or repair, or undergoing any test or calibration. Rules adopted pursuant to this subsection shall specify a minimum number of inspections during such times as the facility is subject to inspection. Special purpose commercial hazardous waste facilities that utilize hazardous waste as a fuel source shall be inspected a minimum of 40 hours per week, unless compliance data for these facilities can be electronically monitored and recorded off-site by the Department. The Department, considering the benefits provided by electronic monitoring, shall determine the number of hours of on-site inspection required at these facilities. The Department shall maintain records of all inspections at special purpose commercial hazardous waste facilities. Such records shall contain sufficient detail and shall be arranged in a readily understandable format so as to facilitate determination at any time as to whether the special purpose commercial hazardous waste facility is in compliance with the requirements of this subsection and of rules adopted pursuant to this subsection.

(k) For purposes of this section, a facility that utilizes hazardous waste as a fuel or that has used hazardous waste as a fuel within the preceding calendar year, and that is an affiliate of and adjacent or contiguous to a commercial hazardous waste facility, shall be subject to inspection as a special purpose commercial hazardous waste facility under subsection (j) of this section as if the facility that utilizes hazardous waste as a fuel were a part of the commercial hazardous waste facility.

(*l*) As used in this section, the words "affiliate", "parent", and "subsidiary" have the same meaning as in 17 Code of Federal Regulations § 240.12b-2 (1 April 1990 Edition).

(m) The Department shall report annually on or before 1 October to the Environmental Review Commission on the implementation of the resident inspectors program. (1989 (Reg. Sess., 1990), c. 1082, s. 1; 1991, c. 20, s. 2; c. 403, s. 4; c. 450, s. 2; 1993, c. 511, s. 1; c. 513, s. 2(b); c. 553, s. 41; 1995, c. 327, s. 1; 2006-79, s. 16.)

Effect of Amendments. — Session Laws 2006-79, s. 16, effective July 10, 2006, substituted "October" for "September" in subsection (m).

The arrowhead of each arrow shall be at the midpoint of each side of the triangle with a short gap separating the arrowhead from the base of the adjacent arrow. The triangle formed by the three arrows curved at their midpoints shall depict a clockwise path around the code number. The label shall appear on or near the bottom of the container and be clearly visible. A container having a capacity of less than eight fluid ounces or more than five gallons is exempt from the requirements of this subsection. The numbers and letters shall be as follows:

During the public comment period, members of the public, residents of the community in which the brownfields property is located, and local governments having jurisdiction over the brownfields property may submit comment on the proposed brownfields agreement, including methods and degree of remediation, future land uses, and impact on local employment.

(c) Any person who desires a public meeting on a proposed brownfields agreement shall submit a written request for a public meeting to the Department within 21 days after the public comment period begins. The Department shall consider all requests for a public meeting and shall hold a public meeting if the Department determines that there is significant public interest in the proposed brownfields agreement. If the Department decides to hold a public meeting, the Department shall, at least 15 days prior to the public meeting, mail written notice of the public meeting to all persons who requested the public meeting and to any other person who had previously requested notice. The Department shall also direct the prospective developer to publish, at least 15 days prior to the date of the public meeting, a notice of the public meeting at least one time in a newspaper having general circulation in such county where the brownfields property is located. In any county in which there is more than one newspaper having general circulation, the Department shall direct the prospective developer to publish a copy of the notice in as many newspapers having general circulation in the county as the Department in its discretion determines to be necessary to assure that the notice is generally available throughout the county. The Department shall prescribe the form and content of the notice to be published. The Department shall prescribe the procedures to be followed in the public meeting. The Department shall take detailed minutes of the meeting. The minutes shall include any written comments, exhibits, or documents presented at the meeting.

(d) Prior to entering into a brownfields agreement, the Department shall take into account the comment received during the comment period and at the public meeting if the Department holds a public meeting. The Department shall incorporate into the brownfields agreement provisions that reflect comment received during the comment period and at the public meeting to the extent practical. The Department shall give particular consideration to written comment that is supported by valid scientific and technical information and analysis and to written comment from the units of local government that have taxing jurisdiction over the brownfields property. (1997-357, s. 2; 2000-158, s. 2; 2006-71, ss. 4, 5.)

Effect of Amendments. — Session Laws 2006-71, ss. 4 and 5, effective January 1, 2007, substituted "30" for "60" in subsection (b); and, in subsection (c), substituted "21" for "30" in the first sentence, and "15" for "30" in the third and fourth sentences.

(a) This Part is not intended and shall not be construed to:

(1) Affect the ability of local governments to regulate land use underArticle 19 of Chapter 160A of the General Statutes and Article 18 of Chapter 153A of the General Statutes. The use of the identified brownfields property and any land-use restrictions in the brownfields agreement shall be consistent with local land-use controls adopted under those statutes.

(2) Amend, modify, repeal, or otherwise alter any provision of any reme-

(3) Prevent or impede the immediate response of the Department or responsible party to an emergency that involves an imminent or actual release of a regulated substance that threatens public health or the environment.

(4) Relieve a person receiving liability protection under this Part from any liability for contamination later caused by that person on a brownfields property.

(5) Affect the right of any person to seek any relief available against any party to the brownfields agreement who may have liability with respect to the brownfields property, except that this Part does limit the relief available against any party to a brownfields agreement with respect to remediation of the brownfields property to the remediation required under the brownfields agreement.

(6) Affect the right of any person who may have liability with respect to the brownfields property to seek contribution from any other person who may have liability with respect to the brownfields property and who neither received nor has liability protection under this Part.

(7) Prevent the State from enforcing specific numerical remediation standards, monitoring, or compliance requirements specifically required to be enforced by the federal government as a condition to receive program authorization, delegation, primacy, or federal funds.

(8) Create a defense against the imposition of criminal and civil fines or penalties or administrative penalties otherwise authorized by law and imposed as the result of the illegal disposal of waste or for the pollution of the land, air, or waters of this State on a brownfields property.

(9) Relieve a person of any liability for failure to exercise due diligence and reasonable care in performing an environmental assessment or transaction screen.

(b) Notwithstanding the provisions of the Tort Claims Act, G.S. 143-291 through G.S. 143-300.1 or any other provision of law waiving the sovereign immunity of the State of North Carolina, the State, its agencies, officers, employees, and agents shall be absolutely immune from any liability in any proceeding for any injury or claim arising from negotiating, entering, monitoring, or enforcing a brownfields agreement or a Notice of Brownfields Property under this Part or any other action implementing this Part.

(c) The Department shall not enter into a brownfields agreement for a site listed on the National Priorities List pursuant to 42 U.S.C. § 9605. (1997-357, s. 2; 1997-392, s. 4.5; 2006-71, s. 6.)

§ 130A-310.52. (For expiration date — see note) Mercury minimization plan.

(a) The Department shall develop and administer a mercury minimization plan to achieve the goal of having a capture rate of at least ninety percent (90%). In preparing the plan, the Department shall consult with manufacturers of vehicles, who shall participate in the development of the plan on an advisory basis. To the extent practicable, the mercury minimization plan shall utilize the currently available end-of-life vehicle recycling infrastructure. To the extent adequate, affordable, and environmentally sound end-of-life vehicle recycling infrastructure is unavailable, the plan shall provide for the development of this infrastructure.

(b) A plan developed under subsection (a) of this section shall include the following:

(1) A compilation of the make, model, and year of any vehicle that was sold or offered for sale by the vehicle manufacturer and contains one or more mercury switches and a description and the location of each mercury switch in the vehicle. A vehicle manufacturer shall report to the Department the information needed to make the compilation.

(2) A description of all safe and environmentally sound methods for removal of mercury switches from end-of-life vehicles. A vehicle manufacturer shall report to the Department the information needed to make the description.

(3) A presumption that if the manufacturer does not know or is uncertain as to whether or not a switch contains mercury, the switch does contain mercury.

(4) A system to mark end-of-life vehicles that are to be shredded or crushed to indicate the presence or absence of a mercury switch.

(5) Educational materials to assist a vehicle recycler or a scrap metal recycling facility in undertaking a safe and environmentally sound method for the removal of the mercury switches from end-of-life vehicles. The materials shall include information on hazards related to mercury and on the proper handling of mercury.

(6) A method for storage and disposal of the mercury switches, including packaging and shipping of mercury switches to permitted recycling, storage, or disposal facilities. To the extent adequate, affordable, and environmentally sound mercury switch disposal technology is unavailable, a method for the temporary storage of mercury switches. This act expires on July 1, 2026."

§ 130A-310.53. (Effective July 1, 2007; For expiration date — see note) Removal of mercury switches from end-of-life vehicles.

(a) A vehicle recycler that conveys ownership of an end-of-life vehicle to a scrap metal recycling facility shall remove all mercury switches identified in the mercury minimization plan prior to delivery of the vehicle to the scrap metal recycling facility. If a mercury switch is inaccessible, the fact that the mercury switch remains in the vehicle shall be noted on the vehicle recycler's invoice.

(b) A scrap metal recycling facility that accepts an end-of-life vehicle that has not been flattened, crushed, baled, or shredded and that contains mercury switches shall remove the mercury switches before the end-of-life vehicle is flattened, crushed, baled, or shredded unless the mercury switch is inaccessible.

(c) A mercury switch is inaccessible if, due to the condition of the vehicle, the switch cannot be removed in accordance with the mercury minimization plan and removal of the switch would significantly increase the risk of a release of mercury into the environment.

(d) A vehicle recycler or scrap metal recycling facility that removes mercury switches pursuant to subsection (a) or (b) of this section shall make quarterly reports to the Department on the following:

(1) The number of vehicles that it processed for recycling.
(2) The number of vehicles from which it removed a mercury switch by make.

(a) It is unlawful for a person to do any of the following:

(1) Knowingly flatten, crush, bale, shred, or otherwise alter the condition of a vehicle from which accessible mercury switches have not been removed, in any manner that would prevent or significantly hinder the removal of a mercury switch.

(2) Willfully fail to remove a mercury switch when the person is required to do so.

(3) Knowingly make a false report that a mercury switch has been removed from an end-of-life vehicle.

ARTICLE 10.

North Carolina Drinking Water Act.

§ 130A-315. Drinking water rules.

Nutrient management strategy. — Session Laws 2005-190, s. 3(c), as amended by Session Laws 2006-259, s. 31(a), effective July 15, 2005, provides: "The Environmental Management Commission shall develop a nutrient management strategy for drinking water supply reservoirs to which this section applies by 1 July 2009. The nutrient management strategy shall be based on a calibrated nutrient response model that meets the requirement of G.S. 143-215.1(c5). The nutrient management strategy shall include specific mandatory measures to achieve the reduction goals. The Commission shall consider the cost of the proposed measures in relation to the effectiveness of the measures. These measures could include, but are not limited to, buffers, erosion and sedimentation control requirements, post-construction stormwater management, agricultural nutrient reduction measures, the addition of nutrient removal treatment processes to point source permitted wastewater treatment plants, the removal of point source discharging wastewater treatments through regionalization and conversion to non-discharge treatment technologies, and any other measures that the Commission determines to be necessary to meet the nutrient reduction goals. To the extent that one or more other State programs already mandate any of these measures, the nutrient management strategy shall incorporate the mandated measures and any extension of those measures and any additional measures that may be necessary to achieve the nutrient reduction goals. In making a nutrient loading allocation to a permit holder, the Commission shall, to the extent allowed by federal and State law, give consideration to all voluntary efforts taken by the permit holder to protect water quality prior to the development of the nutrient management strategy."

Implementation; rulemaking. — Session Laws 2005-190, s. 3(e), as amended by Session Laws 2006-259, s. 31(b), effective July 15, 2005, provides: "The Environmental Management Commission shall adopt permanent rules to implement the nutrient management strategies required by this section by 1 July 2009. The rules shall require that reductions in nutrient loading from all sources begin no later than five years after the rules become effective."

Other drinking water supply reservoirs. — Session Laws 2005-190, s. 4, as amended by Session Laws 2006-259, s. 31(c), effective July 15, 2005, provides: "The Environmental Management Commission shall not make any new or increased nutrient loading allocation to any person who is required to obtain a permit under G.S. 143-215 for an individual wastewater discharge directly or indirectly into any drinking water supply reservoir for which the Division of Water Quality of the Department of Environment and Natural Resources has prepared or updated a calibrated nutrient response model since 1 July 2002 until permanent rules adopted by the Commission to implement the nutrient management strategy for that reservoir become effective. The Commission shall report its progress in developing and implementing nutrient management strategies for reservoirs to which this section applies to the Environmental Review Commission by 1 April of each year beginning 1 April 2006."

§ 130A-317. Department to provide advice; submission and approval of public water system plans.

The Department shall also advise concerning accepted engineering practices in the location, construction, alteration and operation of public water systems.

(b) All persons and units of local government constructing or altering a public water system shall give prior notice and submit plans, specifications and other information to the Department. The Commission shall adopt rules providing for the amount of prior notice required to be given and the nature and detail of the plans, specifications and other information required to be submitted. The Commission shall take into consideration the complexity of the construction or alteration which may be involved and the resources of the Department to review the plans, specifications and other information. The Department shall review the plans, specifications and other information, and notify the person, Utilities Commission and unit of local government of compliance or lack of compliance with applicable statutes and rules of the Commission.

(3) The Department has determined that the system is capable of interconnection at an appropriate time with an expanding municipal, county or regional system.
(4) The Department has determined that adequate arrangements have been made for the continued operation, service and maintenance of the public water system.
(5) The Department has approved the plans and specifications.

(d) Municipalities, counties, local boards or commissions, water and sewer authorities, or groups of municipalities and counties may establish and administer within their utility service areas their own approval program in lieu of State approval of water system plans required in subsection (c) of this section for construction or alteration of the distribution system of a proposed or existing public water system, subject to the prior certification of the Department. For purposes of this subsection, the service area of a municipality shall include only that area within the corporate limits of the municipality and that area outside a municipality in its extraterritorial jurisdiction where water service is already being provided to the permit applicant by the municipality or connection to the municipal water system is immediately available to the applicant; the service areas of counties and the other entities or groups shall include only those areas where water service is already being provided to the applicant by the permitting authority or connection to the permitting authority's system is immediately available. No later than the 180th day after the receipt of an approval program and statement submitted by any local government, commission, authority, or board, the Department shall certify any local program that meets all of the following conditions:

(1) Provides by ordinance or local law for requirements compatible with those imposed by this Article, and the standards and rules adopted pursuant to this Article.
(2) Provides that the Department receives notice and a copy of each application for approval and that the Department receives copies of approved plans.
(3) Provides that plans and specifications for all construction and alterations be prepared by or under the direct supervision of an engineer licensed to practice in this State.

The nutrient management strategy shall be based on a calibrated nutrient response model that meets the requirement of G.S. 143-215.1(c5). The nutrient management strategy shall include specific mandatory measures to achieve the reduction goals. The Commission shall consider the cost of the proposed measures in relation to the effectiveness of the measures. These measures could include, but are not limited to, buffers, erosion and sedimentation control requirements, post-construction stormwater management, agricultural nutrient reduction measures, the addition of nutrient removal treatment processes to point source permitted wastewater treatment plants, the removal of point source discharging wastewater treatments through regionalization and conversion to non-discharge treatment technologies, and any other measures that the Commission determines to be necessary to meet the nutrient reduction goals. To the extent that one or more other State programs already mandate any of these measures, the nutrient management strategy shall incorporate the mandated measures and any extension of those measures and any additional measures that may be necessary to achieve the nutrient reduction goals. In making a nutrient loading allocation to a permit holder, the Commission shall, to the extent allowed by federal and State law, give consideration to all voluntary efforts taken by the permit holder to protect water quality prior to the development of the nutrient management strategy."

Session Laws 2006-255, s. 5.1(b), provides: "Management, including land application, of septage generated by the operation of a wastewater system permitted under Article 11 of Chapter 130A of the General Statutes shall be governed by 40 Code of Federal Regulations Part 503 (July 1, 2003, Edition) and rules adopted by the Commission for Health Services pursuant to G.S. 130A-291.1, as amended by subsection (a) of this section."

§ 130A-334. Definitions.

Editor's Note. —

Session Laws 2006-136, s. 1, provides: "The definitions in G.S. 130A-334 apply throughout this act. For the purposes of this act, 'Commission' means the Commission for Health Services. 'Licensed soil scientist' has the same meaning as in G.S. 89F-3(3)."

Session Laws 2006-136, s. 2(a), provides: "The Department of Environment and Natural Resources shall develop and implement a pilot program to begin no later than 1 August 2006 and to terminate 1 July 2011 regarding the process for the issuance of an improvement permit for an on-site wastewater system pursuant to Article 11 of Chapter 130A of the General Statutes. A county that meets all of the following criteria may participate in the pilot program:

"(1) The population of the county must not exceed 25,000 according to the most recent federal decennial census.

"(2) The county must have more than 900 applications for improvement permits or authorizations to construct that are pending before the local health department on the effective date of this act.

"(3) The board of county commissioners and the local board of health for the county must both approve a resolution requesting to participate in the pilot program."

Session Laws 2006-136, s. 2(b), provides: "Notwithstanding G.S. 130A-336, the Department of Environment and Natural Resources shall authorize licensed soil scientists and the local health department to evaluate any proposed site for a residence, place of business, or place of public assembly in an area not served by an approved wastewater system. The local health department shall issue an improvement permit after one of the following has occurred:

"(1) A soil and site evaluation has been completed by an authorized agent of the Department or local health department that finds that the site is suitable for a wastewater system.

"(2) The local health department receives a completed soil and site evaluation for a wastewater system designed to treat 3,000 gallons per day or less of sewage that has been signed and sealed by a licensed soil scientist that finds that the site is suitable for a wastewater system."

Session Laws 2006-136, s. 2(c), provides: "A licensed soil scientist who submits a completed soil and site evaluation pursuant to this section shall have in force errors and omissions coverage or other appropriate liability insurance that has policy limits of not less than one million dollars ($1,000,000) per claim and that shall remain in force for at least six years after the date on which the improvement permit is approved. The licensed soil scientist shall provide the local health department with evidence satisfactory to the local health department that the coverage required by this section is in force. The local health department shall maintain a register of all licensed soil scientists who work in the county that have submitted completed soil and site evaluations under this section."

Session Laws 2006-136, s. 2(d), provides: "An improvement permit issued pursuant to this section shall include:

"(1) For permits that are valid for five years, a site plan drawn to scale with setbacks labeled. No permits shall be issued that are valid without expiration.

"(5) Any proposed landscape, site, drainage, or soil modifications.

"(6) A detailed soil profile description of at least two locations within the proposed disposal area. The detailed soil profile descriptions shall include soil taxonomic classifications, horizons, depth, texture, structure, soil wetness conditions, restrictive horizons, matrix color, and redoximorphic colors.

"(7) Any other information required by the rules of the Commission."

Session Laws 2006-136, s. 2(e), provides: "An improvement permit issued pursuant to this section shall not be affected by change in ownership of the site for the wastewater system provided both the site for the wastewater system and the facility the system serves are unchanged and remain under the ownership or control of the person owning the facility. No person shall commence or assist in the construction, location, or relocation of a residence, place of business, or place of public assembly in an area not served by an approved wastewater system unless an improvement permit and an authorization for wastewater system construction are obtained from the local health department. This requirement shall not apply to a manufactured residence exhibited for sale or stored for later sale and intended to be located at another site after sale."

Session Laws 2006-136, s. 2(f), provides: "The local health department shall issue an authorization for wastewater system construction authorizing work to proceed and the installation or repair of a wastewater system when it has determined after a field investigation that the system can be installed and operated in compliance with Article 11 of Chapter 130A of the General Statutes and rules adopted pursuant to the Article. This authorization for wastewater system construction shall be valid for a period equal to the period of validity of the improvement permit, not to exceed five years, and may be issued at the same time the improvement permit is issued. No person shall commence or assist in the installation, construction, or repair of a wastewater system unless an improvement permit and an authorization for wastewater system construction have been obtained from the local health department. No improvement permit or authorization for wastewater system construction shall be required for maintenance of a wastewater system. The Department of Environment and Natural Resources and the local health department may impose conditions on the issuance of an improvement permit and an authorization for wastewater system construction."

Session Laws 2006-136, s. 2(g), provides: "When a local health department issues an improvement permit or authorization to construct based upon work performed by a licensed soil scientist pursuant to this section, the improvement permit or authorization to construct shall bear a statement that reads: 'The soil, site, and system evaluation and documentation necessary to issue this ________ (improvement permit or authorization to construct) was performed by ________ (name of licensed soil scientist), a licensed soil scientist, license number ________ (license number).'."

Session Laws 2006-136, s. 2(h), provides: "When a local health department denies an application for an improvement permit or authorization to construct prepared by a licensed soil scientist pursuant to this section, the denial shall include a written report that specifically identifies the provisions of Article 11 of Chapter 130A of the General Statutes or rules adopted pursuant to the Article on which the denial is based."

Session Laws 2006-136, s. 2(i), provides: "A local health department may employ or contract with a licensed soil scientist for the review of an application for an improvement permit or authorization to construct. A licensed soil scientist who reviews a completed application for an improvement permit or authorization to construct under this subsection shall have in force errors and omissions coverage or other appropriate liability insurance that has policy limits of not less than one million dollars ($1,000,000) per claim."

Session Laws 2006-136, s. 2(*l*), provides: "Except as provided in this section, the provisions of Article 11 of Chapter 130A of the General Statutes and rules adopted pursuant to that Article apply to this section. This section applies only to the counties eligible to participate in the pilot program."

Session Laws 2006-136, s. 3, provides: "In order to determine the effectiveness of the pilot program, the Department of Environment and Natural Resources shall evaluate whether: (i) the program resulted in a reduction in the length of time improvement permits or authorizations to construct are pending in the participating counties; (ii) the program resulted in increased system failures or other adverse impacts; and (iii) the program resulted in new or increased environmental impacts. The Department shall annually report its interim findings and recommendations, including any legislative proposals, to the Environmental Review Commission beginning 1 October 2007. The

Department shall report its final findings and recommendations, including any legislative proposals, to the Environmental Review Commission no later than 1 October 2011."

§ 130A-335.1. Effluent filters and access devices for certain septic tank systems.

(b) The access device required by G.S. 130A-335(f) shall provide access to each compartment of a septic tank for inspection and maintenance either by means of an opening in the top of the septic tank or by a riser assembly and shall include an appropriate cover. The access device shall:

(1) Be of sufficient size to facilitate inspection and service.
(2) Be designed and constructed to equal or exceed the minimum loading specifications applicable to the septic tank.
(3) Prevent water entry.
(4) Come to within six inches of the finished grade.
(5) Be visibly marked so that the access device can be readily located. (1998-126, s. 2; 2006-255, s. 4; 2006-264, s. 63(a).)

Editor's Note. — Session Laws 2006-264, s. 63(a), rewrote the introductory paragraph of subsection (a). If a parent fails or refuses to obtain a comprehensive eye examination or to provide the certification of a comprehensive eye examination, the school shall send a written reminder to the parent of required eye examinations and shall include information about funds that may be available from the Governor's Commission on Early Childhood Vision Care.

(g) In adopting standards for vision screening under this section and as required under G.S. 130A-440, the Commission shall take into account the resources necessary to comply with the standards and, if standards will require additional resources, shall mitigate the impact on resources without compromising vision screening effectiveness.

"(5) Utilization of quality improvement plans for adult care homes that identify and resolve issues that adversely affect quality of care and services to residents. The plans include agreed upon time frames for completion of improvements and identification of needed resources;

"(6) Training required to equip county departments of social services' staff to implement the Program;

"(7) A distinction of roles between the regulatory role of the Department's Division of Facility Services and the quality improvement consultation and monitoring responsibilities of the county departments of social services; and

"(8) Identification of staffing and other resources needed to implement the Program.

"The Division of Aging and Adult Services shall conduct a pilot of the Quality Improvement Consultation Program for Adult Care Homes. No more than four county departments of social services shall participate in the pilot. The Division of Aging and Adult Services shall consider geographic balance and size in carrying out the pilot. At the conclusion of the pilot, the Division of Aging and Adult Services shall make recommendations regarding the effectiveness of the Quality Improvement Consultation Program for Adult Care Homes. If the Division recommends expansion of the pilot to other counties or statewide implementation of the Program, its report shall include the cost and a proposed timetable for implementing these recommendations, including the identification of any necessary statutory and administrative rule changes. The recommendations shall be made to the Secretary of the Department of Health and Human Services, the North Carolina Study Commission on Aging, the Senate Appropriations Committee on Health and Human Services, and the House of Representatives Subcommittee on Health and Human Services."

Session Laws 2006-66, s. 1.2, provides: "This act shall be known as 'The Current Operations and Capital Improvements Appropriations Act of 2006'."

Session Laws 2006-66, s. 28.3, provides: "Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 2006-2007 fiscal year, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 2006-2007 fiscal year."

Session Laws 2006-66, s. 28.6 is a severability clause.

§ 131D-21.2. Quality assurance, medical, or peer review committees.

(a) A member of a duly appointed quality assurance, medical, or peer review committee shall not be subject to liability for damages in any civil action on account of any act, statement, or proceeding undertaken, made, or performed within the scope of the functions of the committee, if the committee member acts without malice or fraud, and if such peer review committee is approved and operates in accordance with G.S. 131D-21.1.

(b) The proceedings of a quality assurance, medical, or peer review committee, the records and materials it produces and the materials it considers shall be confidential and not considered public records within the meaning of G.S. 132-1, "Public records' defined", and shall not be subject to discovery or introduction into evidence in any civil action against an adult care home or a provider of professional health services that results from matters that are the subject of evaluation and review by the committee. No person who was in attendance at a meeting of the committee shall be required to testify in any civil action as to any evidence or other matters produced or presented during the proceedings of the committee or as to any findings, recommendations, evaluations, opinions, or other actions of the committee or its members. However, information, documents, or records otherwise available are not immune from discovery or use in a civil action merely because they were presented during proceedings of the committee. Documents otherwise available as public records within the meaning of G.S. 132-1 do not lose their status as public records merely because they were presented or considered during proceedings of the committee. A member of the committee or a person who testifies before the committee may testify in a civil action but cannot be asked about the person's testimony before the committee or any opinions formed as a result of the committee hearings. (2004-149, s. 2.3; 2006-264, s. 65.)

Effect of Amendments. — Session Laws 2006-264, s. 65, effective August 27, 2006, substituted "an adult care" for "a nursing" in the first sentence of subsection (b).

Public Hospitals.

Part 1. Municipal Hospitals.

§ 131E-14.2. Conflict of interest.

(a) No member of the board of directors or employee of a public hospital, as defined in G.S. 159-39(a), or that person's spouse shall do either of the following:

(1) Acquire any interest, direct or indirect, in any hospital facility or in any property included or planned to be included in a hospital facility.

(2) Have any direct interest in any contract or proposed contract for materials or services to be furnished or used in connection with any hospital facility, except an employment contract for an employee. This restriction shall not apply to any contract, undertaking, or other transaction with a bank or banking institution, savings and loan association or public utility in the regular course of its business provided that the contract, undertaking, or other transaction shall be authorized by the board by specific resolution on which no director having direct interest shall vote.

(b) The fact that a person or that person's spouse owns ten percent (10%) or less stock of a corporation or has a ten percent (10%) or less ownership in any other business entity or is an employee of that corporation or other business entity does not make the person have a "direct interest" as this phrase is used in subsection (a) of this section; provided that, in order for the exception to apply, the contract, undertaking, or other transaction shall be authorized by the board of directors by specific resolution on which no director or employee having an interest, direct or indirect, shall vote.

(c) If a member of the board of directors or an employee of a public hospital or that person's spouse owns or controls an interest, direct or indirect, in any property included or planned to be included in any hospital facility, the member of the board of directors or the employee shall immediately disclose the same in writing to the board and the disclosure shall be entered upon the minutes of the board. Failure to disclose shall constitute misconduct in office and shall be grounds for removal.

(c1) Subsection (a) of this section shall not apply if the director or employee is not involved in making or administering the contract. A director or employee is involved in administering a contract if the director or employee oversees the performance of or interprets the contract. A director or employee is involved in making a contract if the director or employee participates in the development of specifications or terms or in the preparation or award of the contract. A director or employee is not involved in making or administering a contract solely because of the performance of ministerial duties related to the contract. A director is also involved in making a contract if the board of directors takes action on the contract, whether or not the director actually participates in that action, unless the contract is approved under an exception to this section under which the director is allowed to benefit and is prohibited from voting.

(d) Subsection (a) of this section shall not apply to any member of the board of directors of a public hospital if (i) the undertaking or contract or series of undertakings or contracts between the public hospital and one of its officials is approved by specific resolution of the board adopted in an open and public meeting and recorded in its minutes; (ii) the official entering into the contract or undertaking with the public hospital does not in an official capacity participate in any way or vote; and (iii) the amount does not exceed twelve thousand five hundred dollars ($12,500) for medically related services and twenty-five thousand dollars ($25,000) for other goods or services within a 12-month period, or the contract is for medically related or administrative services that are provided by a director who serves on the board as an ex officio representative of the hospital medical staff pursuant to a hospital bylaw adopted prior to January 1, 2005, or that are provided by the spouse of that director.

(e) Subsection (a) of this section shall not apply to any employment relationship between a public hospital and the spouse of a member of the board of directors of the public hospital.

(f) A contract entered into in violation of this section is void. A contract that is void under this section may continue in effect until an alternative can be arranged when: (i) immediate termination would result in harm to the public health or welfare, and (ii) the continuation is approved as provided in this subsection. A public hospital that is a party to the contract may request approval to continue contracts under this subsection from the chairman of the Local Government Commission. Approval of continuation of contracts under this subsection shall be given for the minimum period necessary to protect the public health or welfare. (2001-409, s. 6; 2005-70, s. 1; 2006-264, s. 64(b).)

Effect of Amendments. — Session Laws 2006-264, s. 64(b), effective August 27, 2006, inserted "or administrative" and made a minor punctuation change in clause (iii) in subsection (d).

CASE NOTES

Requirement to Exhaust Administrative Remedies. — Trial court properly dismissed appeal by hospital joint venture and a town from denial of a certificate of need to construct a new hospital under the exemption provisions of G.S. 131E-184(a); the equal protection claim under N.C. Const. art. I, § 19 and U.S. Const. amend. XIV was properly dismissed as it failed to state a claim upon which relief could be granted in that it failed to allege the lack of a rational basis. Good Hope Hosp., Inc. v. N.C. HHS, 174 N.C. App. 266, 620 S.E.2d 873, 2005 N.C. App. LEXIS 2399 (2005).

CASE NOTES

Exhaustion of Administrative Remedies. — Trial court properly dismissed the constitutional claims, under 42 U.S.C.S. § 1983, after it dismissed the appeal from denial of an application to build a new hospital because the plaintiffs, a town and a joint venture, failed to exhaust their administrative remedies by pursuing an administrative review hearing as provided by G.S. 131E-78(b)(1). Good Hope Hosp., Inc. v. N.C. HHS, 174 N.C. App. 266, 620 S.E.2d 873, 2005 N.C. App. LEXIS 2399 (2005).

Part 3. Hospital Privileges.

§ 131E-85. Hospital privileges and procedures.

CASE NOTES

Suspension Upheld. — Where the doctor's medical staff privileges were suspended due to the doctor's failure to obtain a patient's consent prior to scheduling a consultation for amputation of the patient's leg and the doctor's failure to communicate with a patient's primary physician upon changing the patient's code status, the hospital's corrective action against the doctor did not violate G.S. 131E-85. Lohrmann v. Iredell Mem'l Hosp., Inc., 174 N.C. App. 63, 620 S.E.2d 258, 2005 N.C. App. LEXIS 2287 (2005).

§ 131E-87. Reports of disciplinary action; immunity from liability.

The chief administrative officer of each licensed hospital in the State shall report to the appropriate occupational licensing board the details, as prescribed by the board, of any revocation, suspension, limitation, or voluntary reduction of privileges of a health care provider to practice in that hospital. Each hospital shall also report to the board its medical staff resignations. Reports concerning physician privileges and resignations shall be made in accordance with G.S. 90-14.13. Any person making a report required by this section shall be immune from any resulting criminal prosecution or civil liability unless the person knew the report was false or acted in reckless disregard of whether the report was false. (1983, c. 775, s. 1; 1987, c. 859, s. 16; 2006-144, s. 9.)

Effect of Amendments. — Session Laws 2006-144, s. 9, effective October 1, 2006, substituted "limitation, or voluntary reduction" for "or limitation" in the first sentence; and added the third sentence.

Part 5. Medical Review Committee.

§ 131E-95. Medical review committee.

(a) A member of a duly appointed medical review committee who acts without malice or fraud shall not be subject to liability for damages in any civil action on account of any act, statement or proceeding undertaken, made, or performed within the scope of the functions of the committee.

(b) The proceedings of a medical review committee, the records and materials it produces and the materials it considers shall be confidential and not considered public records within the meaning of G.S. 132-1, "'Public records' defined", and shall not be subject to discovery or introduction into evidence in any civil action against a hospital, an ambulatory surgical facility licensed under Chapter 131E of the General Statutes, or a provider of professional health services which results from matters which are the subject of evaluation and review by the committee. No person who was in attendance at a meeting of the committee shall be required to testify in any civil action as to any evidence or other matters produced or presented during the proceedings of the committee or as to any findings, recommendations, evaluations, opinions, or other actions of the committee or its members. However, information, documents, or records otherwise available are not immune from discovery or use in a civil action merely because they were presented during proceedings of the committee. Documents otherwise available as public records within the meaning of G.S. 132-1 do not lose their status as public records merely because they were presented or considered during proceedings of the committee. A member of the committee or a person who testifies before the committee may testify in a civil action but cannot be asked about the person's testimony before the committee or any opinions formed as a result of the committee hearings.

(c) Information that is confidential and is not subject to discovery or use in civil actions under this section may be released to a professional standards review organization that performs any accreditation or certification including the Joint Commission on Accreditation of Healthcare Organizations, or to a patient safety organization or its designated contractors. Information released under this subsection shall be limited to that which is reasonably necessary and relevant to the standards review organization's determination to grant or continue accreditation or certification, or the patient safety organization's or its contractors' analysis of patient safety and health care quality. Information released under this subsection retains its confidentiality and is not subject to discovery or use in any civil actions as provided under this section, and the standards review or patient safety organization shall keep the information confidential subject to this section, except as necessary to carry out the organization's patient safety, accreditation, or certification activities. For the purposes of this section, "patient safety organization" means an entity that collects and analyzes patient safety or health care quality data of providers for the purpose of improving patient safety and the quality of health care delivery and includes, but is not limited to, an entity formed pursuant to Public Law No. 109-41. (1973, c. 1111; 1981, c. 725; 1983, c. 775, s. 1; 1999-222, s. 2; 2002-179, s. 19; 2004-149, s. 2.5; 2006-144, s. 3.2.)

Effect of Amendments. — Session Laws 2006-144, s. 3.2, effective July 19, 2006, in subsection (c), added "or to a patient safety organization or its designated contractors" at the end of the first sentence, added "or the patient safety organization's or its contractors' analysis of patient safety and health care quality" at the end of the second sentence, inserted "or patient safety" in the third sentence, added "except as necessary to carry out the organization's patient safety, accreditation, or certification activities" at the end of the fourth sentence, and added the last sentence.

CASE NOTES

Presentation to Review Committee Does Not Render Information Immune. — Physician, as an original source, could not invoke G.S. 131E-95(b) and G.S. 90-21.22A(c) to shield himself from answering deposition questions during a malpractice suit regarding the details of his drug abuse merely because he disclosed those details during credentialing committee proceedings and the details were presumably included in the committee's records. Armstrong v. Barnes, 171 N.C. App. 287, 614 S.E.2d 371, 2005 N.C. App. LEXIS 1262 (2005), cert. denied, 360 N.C. 60, 621 S.E.2d 173 (2005).

Immunity Does Not Extend to Allegations of Malice. — In doctor's lawsuit alleging racial discrimination under 42 U.S.C.S. § 1981, members of a hospital medical executive committee were not entitled to immunity under the North Carolina Hospital Licensure Act, G.S. 131E-95(a), because the doctor alleged that their actions were willful and malicious, and the statutory immunity only extended to actions without malice. Mbadiwe v. Union Mem. Reg'l Med. Ctr., Inc., — F. Supp. 2d —, 2005 U.S. Dist. LEXIS 31674 (W.D.N.C. Nov. 28, 2005).

§ 131E-97.2. Confidentiality of credentialing information.

CASE NOTES

Information not immune from discovery. — Physician could not invoke the G.S. 131E-97.2 privilege to shield himself from answering deposition questions during a malpractice suit regarding the details of his drug abuse as the privilege was inapplicable because the physician was not acting on behalf of the hospital in connection with a credentialing committee's review; the physician did not acquire knowledge of the details of his drug abuse through the credentialing committee's proceedings. Armstrong v. Barnes, 171 N.C. App. 287, 614 S.E.2d 371, 2005 N.C. App. LEXIS 1262 (2005), cert. denied, 360 N.C. 60, 621 S.E.2d 173 (2005).

§ 131E-97.3. Confidentiality of competitive health care information.

CASE NOTES

Contract to Buy Practice Not Competitive Health Care Information. — Because nothing suggested that other hospitals or entities were competing for a doctor's medical practice or that a medical center's contract to buy the doctor's practice contained "financial terms" or health care information directly related to financial terms, the contract was not confidential as "competitive health care information" pursuant to G.S. 131E-97.3. Carter-Hubbard Publ'g Co. v. WRMC Hosp. Operating Corp., — N.C. App. —, 633 S.E.2d 682, 2006 N.C. App. LEXIS 1653 (2006).

CASE NOTES

Peer Review Reports. — G.S. 90-21.22A did not provide privilege protection to nursing homes; 2003 version of G.S. 131E-107 applied to nursing homes, but did not provide privilege from discovery for materials produced by peer review committees, so a trial court did not err in holding that nursing home peer review reports were not privileged. Windman v. Britthaven, Inc., 173 N.C. App. 630, 619 S.E.2d 522, 2005 N.C. App. LEXIS 2113 (2005).

Part 3. Home Care Agency Licensure Act.

§ 131E-135. Title; purpose.

Editor's Note. — Session Laws 2006-194, s. 1, provides: "The Department of Health and Human Services, Division of Medical Assistance, shall implement a pilot program to evaluate the use of telemonitoring equipment in home and community based services. As determined by the Division, the Department shall provide remuneration to home care agencies and other providers for participation in the pilot program. The pilot program shall be implemented by October 1, 2006, and shall evaluate the use of telemonitoring equipment as a tool to improve the health of home and community based recipients through increased monitoring and responsiveness, and resulting in increased stabilization rates and decreased hospitalization rates. The evaluation must include a representative number of older adults. The Department shall report to the Study Commission on Aging by August 1, 2007. The report shall include findings and recommendations on the cost-effectiveness of telemonitoring and the benefits to individuals and health care providers." Session Laws 2006-66, s. 10.9C authorized a similar study.

Session Laws 2006-194, s. 2, provides: "Beginning January 1, 2007, and for a period of one year thereafter, the Department of Health and Human Services shall not issue any licenses for new home care agencies that intend to offer in-home aide services. This shall not restrict the Department from issuing licenses to certified home health agencies that intend to offer in-home aide services or to agencies that need a new license for an existing home care agency being acquired. This will allow the Department the time necessary to implement newly adopted home care rules."

Part 5. Nursing Pool Licensure Act.

§§ 131E-154.9 through 131E-154.11: Reserved for future codification purposes.

Part 6. North Carolina New Organizational Vision Award (NC NOVA) Special Licensure Designation.

§ 131E-154.12. Title; purpose.

(a) This Part shall be known as the "North Carolina New Organizational Vision Award (NC NOVA) Special Licensure Designation."

(b) The purpose of this Part is to establish special licensure designation requirements for nursing homes and home care agencies licensed pursuant to this Chapter and adult care homes licensed pursuant to Article 1 of Chapter 131D of the General Statutes. Application for the Special Licensure Designation is voluntary. (2006-104, s. 1.)

Editor's Note. — The preamble to Session Laws 2006-104, provides: "Whereas, 'direct care workers' is a nationally recognized term referring to those paraprofessionals that are employed as nurse aides, personal care aides, personal care attendants, home health aides, in-home aides, habilitation aides, and other assistive personnel who provide hands-on care; and

"Whereas, direct care workers are essential to the provision of care and an enhanced quality of life for long-term care consumers, whether they are receiving services provided in a home or community setting, or in a residential or institutional setting; and

"Whereas, North Carolina, like many states, is experiencing shortages of direct care workers; and

"Whereas, the need to attract and retain greater numbers of employees within this occupational category will continue for the foreseeable future; and

"Whereas, a well-qualified, satisfied, stable, and adequate supply of direct care workers is a shared concern for employers, employees, consumers, families, and private and public payors of long-term care services received in home care agencies, adult care homes, and nursing facilities; and

"Whereas, long-term care trade associations, providers, direct care workers, consumer advocacy organizations, researchers, the Department of Health and Human Services, and The Carolinas Center for Medical Excellence have worked together to develop a voluntary and comprehensive workplace culture change program known as the North Carolina New Organizational Vision Award (NC NOVA) to address known causes of direct care turnover for the purpose of improving the adequacy, stability, satisfaction, and quality of the direct care work; and

"Whereas, NC NOVA has been identified as a potential national model for replication to improve direct care workforce retention through a comprehensive and voluntary workplace culture program by the Institute for the Future of Aging Services, the program office for the national Better Jobs Better Care initiative funded by the Robert Wood Johnson Foundation, and The Atlantic Philanthropies; Now, therefore, The General Assembly of North Carolina enacts:"

Session Laws 2006-104, s. 2(a), provides: "In order to ensure continuity during the initial statewide implementation phase of NC NOVA, The Carolinas Center for Medical Excellence shall be designated as the independent review organization for NC NOVA through December 31, 2010. Beginning in 2009, the Division of Facility Services, with approval from the NC NOVA Partner Team, shall implement a competitive bid process to determine an independent review organization for a minimum of five years beginning in 2011."

Session Laws 2006-104, s. 2(b), provides: "During the period of January 1, 2007, through December 31, 2010, in the event The Carolinas Center for Medical Excellence determines it cannot continue conducting independent reviews, The Carolinas Center for Medical Excellence shall provide the Partner Team with a 12-month written notice of such intent in order to ensure sufficient transition time to select another independent review entity without any disruption of the NC NOVA program."

Session Laws 2006-104, s. 3, made this part effective January 1, 2007.

§ 131E-154.13. Definitions.

The following definitions apply in this Part, unless otherwise specified:

(1) Independent Review Organization. — The organization responsible for the application, review, and determination process for NC NOVA designation.

ARTICLE 9.

Certificate of Need.

§ 131E-175. Findings of fact.

CASE NOTES

Effect of Successive Certificate of Need Applications. — Issue of the denial of a hospital's 2003 application for a certificate of need (CON) for a replacement hospital was made moot by its 2005 application for a CON since the 2005 application covered the same facility and, compliant with G.S. 131E-175, G.S. 131E-183(a)(1), the State Medical Facilities Plan set maximum beds and operating rooms for the county. Good Hope Health Sys., L.L.C. v. N.C. HHS, — N.C. App. —, 623 S.E.2d 307, 2006 N.C. App. LEXIS 62 (2006).

Scope and Standard of Review. — The 2003 version of G.S. 150B-34(c), which excluded the Certificate of Need Act, G.S. 131E-175 et seq., from the requirements of G.S. 150B-36(b), (b1), (b2), (b3), and (d) and G.S. 150B-51, left the scope and standard of review applied under the 1999 version of G.S. 150B-51 undisturbed. Mooresville Hosp. Mgmt. Assocs. v. N.C. HHS, Div. of Facility Servs., 169 N.C. App. 641, 611 S.E.2d 431, 2005 N.C. App. LEXIS 796 (2005).

Exemptions from Obtaining Certificate of Need. —

Hospital was not exempt under G.S. 131E-184 from the process of applying for a Certificate of Need to build a complete replacement hospital in the place of an existing hospital which it proposed to acquire. G.S. 131E-184(a)(5) allowed the replacement of an entire facility, but then only to replace or repair facilities destroyed or damaged by accident or natural disaster. Good Hope Hosp., Inc. v. N.C. HHS, — N.C. App. —, 623 S.E.2d 315, 2006 N.C. App. LEXIS 63 (2006).

Award of Certificate of Need Affirmed. — Decision of the North Carolina Department of Health and Human Services to award a certificate of need for new kidney dialysis machines to an applicant was affirmed as the agency's findings were supported by sufficient evidence, and it did not exceed its statutory authority in using enhanced competition and consumer choice as key factors in a comparative analysis. Total Renal Care of N.C., LLC v. N.C.HHS, 171 N.C. App. 734, 615 S.E.2d 81, 2005 N.C. App. LEXIS 1354 (2005).

Agency Decision Reversed. — Final agency decision of the North Carolina Department of Health and Human Services (DHHS), which upheld two settlement agreements between the DHHS' Certificate of Need (CON) section and a group of medical centers and issued a CON to the group for a hospital project was reversed on appeal, because the DHHS failed to follow statutory procedure when it rejected an administrative law judge's recommendation to deny the CON applications of the group by erroneously considering new evidence, which it had no statutory authority to do. Mooresville Hosp. Mgmt. Assocs. v. N.C. HHS, Div. of Facility Servs., 169 N.C. App. 641, 611 S.E.2d 431, 2005 N.C. App. LEXIS 796 (2005).

§ 131E-183. Review criteria.

CASE NOTES

Statutory Criteria Met. — Decision of the North Carolina Department of Health and Human Services to award a certificate of need for new kidney dialysis machines to an applicant was affirmed as the agency's findings were supported by sufficient evidence, and it did not exceed its statutory authority in using enhanced competition and consumer choice as key factors in a comparative analysis. Total Renal Care of N.C., LLC v. N.C.HHS, 171 N.C. App. 734, 615 S.E.2d 81, 2005 N.C. App. LEXIS 1354 (2005).

§ 131E-184. Exemptions from review.

No Exemption For Complete Replacement Hospital. — Hospital was not exempt under G.S. 131E-184 from the process of applying for a Certificate Of Need to build a complete replacement hospital in the place of an existing hospital which it proposed to acquire. HHS, — N.C. App. —, 623 S.E.2d 315, 2006 N.C. App. LEXIS 63 (2006).

Exhaustion of Administrative Remedies. — Trial court did not err in dismissing appeal filed by hospital joint venture and a town in an action to permit the construction of a new hospital under the exemption provisions of G.S. 131E-184(a) where the hospital joint venture and the town failed to exhaust their administrative remedies by pursuing an administrative review hearing as provided by G.S. 131E-78(b)(1), the available administrative remedies were not inadequate to resolve the dispute, the plaintiffs failed to state an equal protection claim upon which relief could be granted in that they failed to allege the lack of a rational basis; and the complaint failed to meet the heightened standard required to overcome a regional hospital's Noerr immunity after it commented against the issuance of a certificate of need to the building of a new hospital. Good Hope Hosp., Inc. v. N.C. HHS, 174 N.C. App. 266, 620 S.E.2d 873, 2005 N.C. App. LEXIS 2399 (2005).

§ 131E-188. Administrative and judicial review.

CASE NOTES

Award of Certificate of Need Affirmed. — Decision of the North Carolina Department of Health and Human Services to award a certificate of need for new kidney dialysis machines to an applicant was affirmed as the agency's findings were supported by sufficient evidence, and it did not exceed its statutory authority in using enhanced competition and consumer choice as key factors in a comparative analysis. In a hospital's contested case petition under G.S. 131E-188(a) to challenge the conditional approval of a certificate of need (CON) permitting a medical center to expand its emergency room facilities, the medical center was entitled to summary judgment because the hospital did not prove substantial prejudice from the CON under G.S. 150B-23(a); the hospital's claim of prejudice from challenges by the medical center to a facility it was building had been declared moot in another action, and judicial estoppel did not bar the medical center from claiming that the hospital was not substantially prejudiced because the other action was not related and did not stem from a common set of circumstances. Public Hospital Personnel Act.

§ 131E-257. Title; purpose; applicability of other laws; "public hospital" defined.

CASE NOTES

Public Hospital Employee Records. — Trial court erred in granting summary judgment to a newspaper in its action under the Public Records Act, G.S. 132-1 et seq., and the Public Hospital Personnel Act, G.S. 131E-257 et seq., seeking disclosure of public hospital employee salary information, as such was protected from disclosure, except as to current salary, pursuant to G.S. 131E-257.2; information contained in an employee's personnel file was "gathered" by the hospital, pursuant to the use of that term under G.S. 131E-257.2(a), as it was not construed narrowly, but rather, read to mean amassed or collected in one place. Knight Publ'g Co. v. Charlotte-Mecklenburg Hosp. Auth., 172 N.C. App. 486, 616 S.E.2d 602, 2005 N.C. App. LEXIS 1784 (2005), cert. denied, — N.C. —, 626 S.E.2d 298, 626 S.E.2d 299 (2005).

§ 131E-257.2. Privacy of employee personnel records.

CASE NOTES

Construction. — Although documents under the definition of "public records" of G.S. 132-1(a) of the Public Records Act, G.S. 132-1 et seq., were usually subject to disclosure, an exemption existed for public hospital personnel files under the clear and unambiguous language of G.S. 131E-257.2 of the Public Hospital Personnel Act, and "personnel files" was defined broadly in G.S. 131E-257.2(a); the interpretation of what information was to be disclosed from those files was based on statutory history, including changes made from predecessor language, as well as the legislature's intent to carve out a privacy niche for public hospital employees for all information regarding compensation except "current salary." Knight Publ'g Co. v. Charlotte-Mecklenburg Hosp. Auth., 172 N.C. App. 486, 616 S.E.2d 602, 2005 N.C. App. LEXIS 1784 (2005), cert. denied, — N.C. —, 626 S.E.2d 298, 626 S.E.2d 299 (2005).

"Gathered." — Trial court erred in granting summary judgment to a newspaper in its action under the Public Records Act, G.S. 132-1 et seq., and the Public Hospital Personnel Act, G.S. 131E-257 et seq., seeking disclosure of public hospital employee salary information, as such was protected from disclosure, except as to current salary, pursuant to G.S. 131E-257.2; information contained in an employee's personnel file was "gathered" by the hospital, pursuant to the use of that term under G.S. 131E-257.2(a), as it was not construed narrowly, but rather, read to mean amassed or collected in one place. ARTICLE 16.

Miscellaneous Provisions.

(2003-284, s. 34.11(a); 2005-276, s. 41.2(j); 2006-66, s. 10.22.)

Editor's Note. —

Session Laws 2006-66, s. 1.2, provides: "This act shall be known as 'The Current Operations and Capital Improvements Appropriations Act of 2006'."

Session Laws 2006-66, s. 28.6 is a severability clause.

Effect of Amendments. —

Session Laws 2006-66, s. 10.22, effective July 1, 2006, substituted "twenty-five thousand dollars ($25,000)" for "twelve thousand five hundred dollars ($12,500)" in the last sentence of the first paragraph.

CASE NOTES

Construction. —

Trial court erred in granting summary judgment to a newspaper in its action under the Public Records Act, G.S. 132-1 et seq., and the Public Hospital Personnel Act, G.S. 131E-257 et seq., seeking disclosure of public hospital employee salary information, as such was protected from disclosure, except as to current salary, pursuant to G.S. 131E-257.2; information contained in an employee's personnel file was "gathered" by the hospital, pursuant to the use of that term under G.S. 131E-257.2(a), as it was not construed narrowly, but rather, read to mean amassed or collected in one place. What Must Be Made Available for Inspection. —

Although documents under the definition of "public records" of G.S. 132-1(a) of the Public Records Act, G.S. 132-1 et seq., were usually subject to disclosure, an exemption existed for public hospital personnel files under the clear and unambiguous language of G.S. 131E-257.2 of the Public Hospital Personnel Act, and "personnel files" was defined broadly in G.S. 131E-257.2(a); the interpretation of what information was to be disclosed from those files was based on statutory history, including changes made from predecessor language, as well as the legislature's intent to carve out a privacy niche for public hospital employees for all information regarding compensation except "current salary." § 132-1.4. Criminal investigations; intelligence information records; Innocence Inquiry Commission records.

(a) Records of criminal investigations conducted by public law enforcement agencies, records of criminal intelligence information compiled by public law enforcement agencies, and records of investigations conducted by the North Carolina Innocence Inquiry Commission, are not public records as defined by G.S. 132-1. Records of criminal investigations conducted by public law enforcement agencies or records of criminal intelligence information may be released by order of a court of competent jurisdiction.

(b) As used in this section:

(1) "Records of criminal investigations" means all records or any information that pertains to a person or group of persons that is compiled by public law enforcement agencies for the purpose of attempting to prevent or solve violations of the law, including information derived from witnesses, laboratory tests, surveillance, investigators, confidential informants, photographs, and measurements.

(2) "Records of criminal intelligence information" means records or information that pertain to a person or group of persons that is compiled by a public law enforcement agency in an effort to anticipate, prevent, or monitor possible violations of the law.

(3) "Public law enforcement agency" means a municipal police department, a county police department, a sheriff's department, a company police agency commissioned by the Attorney General pursuant to G.S. 74E-1, et seq., and any State or local agency, force, department, or unit responsible for investigating, preventing, or solving violations of the law.

(4) "Violations of the law" means crimes and offenses that are prosecutable in the criminal courts in this State or the United States and infractions as defined in G.S. 14-3.1.

(5) "Complaining witness" means an alleged victim or other person who reports a violation or apparent violation of the law to a public law enforcement agency.

(c) Notwithstanding the provisions of this section, and unless otherwise prohibited by law, the following information shall be public records within the meaning of G.S. 132-1.

(1) The time, date, location, and nature of a violation or apparent violation of the law reported to a public law enforcement agency.

(2) The name, sex, age, address, employment, and alleged violation of law of a person arrested, charged, or indicted.

(3) The circumstances surrounding an arrest, including the time and place of the arrest, whether the arrest involved resistance, possession or use of weapons, or pursuit, and a description of any items seized in connection with the arrest.

(4) The contents of "911" and other emergency telephone calls received by or on behalf of public law enforcement agencies, except for such contents that reveal the name, address, telephone number, or other information that may identify the caller, victim, or witness.

(5) The contents of communications between or among employees of public law enforcement agencies that are broadcast over the public airways.

(6) The name, sex, age, and address of a complaining witness.

(d) A public law enforcement agency shall temporarily withhold the name or address of a complaining witness if release of the information is reasonably likely to pose a threat to the mental health, physical health, or personal safety of the complaining witness or materially compromise a continuing or future criminal investigation or criminal intelligence operation. Information temporarily withheld under this subsection shall be made available for release to the public in accordance with G.S. 132-6 as soon as the circumstances that justify withholding it cease to exist. Any person denied access to information withheld under this subsection may apply to a court of competent jurisdiction for an order compelling disclosure of the information. In such action, the court shall balance the interests of the public in disclosure against the interests of the law enforcement agency and the alleged victim in withholding the information. Actions brought pursuant to this subsection shall be set down for immediate hearing, and subsequent proceedings in such actions shall be accorded priority by the trial and appellate courts.

(e) If a public law enforcement agency believes that release of information that is a public record under subdivisions (c)(1) through (c)(5) of this section will jeopardize the right of the State to prosecute a defendant or the right of a defendant to receive a fair trial or will undermine an ongoing or future investigation, it may seek an order from a court of competent jurisdiction to prevent disclosure of the information. In such action the law enforcement agency shall have the burden of showing by a preponderance of the evidence that disclosure of the information in question will jeopardize the right of the State to prosecute a defendant or the right of a defendant to receive a fair trial or will undermine an ongoing or future investigation. Actions brought pursuant to this subsection shall be set down for immediate hearing, and subsequent proceedings in such actions shall be accorded priority by the trial and appellate courts.

(f) Nothing in this section shall be construed as authorizing any public law enforcement agency to prohibit or prevent another public agency having custody of a public record from permitting the inspection, examination, or copying of such public record in compliance with G.S. 132-6. The use of a public record in connection with a criminal investigation or the gathering of criminal intelligence shall not affect its status as a public record.

(g) Disclosure of records of criminal investigations and criminal intelligence information that have been transmitted to a district attorney or other attorney authorized to prosecute a violation of law shall be governed by this section and Chapter 15A of the General Statutes.

(h) Nothing in this section shall be construed as requiring law enforcement agencies to disclose the following:

(1) Information that would not be required to be disclosed under Chapter 15A of the General Statutes; or

(2) Information that is reasonably likely to identify a confidential informant.

(i) Law enforcement agencies shall not be required to maintain any tape recordings of "911" or other communications for more than 30 days from the time of the call, unless a court of competent jurisdiction orders a portion sealed.

(j) When information that is not a public record under the provisions of this section is deleted from a document, tape recording, or other record, the law enforcement agency shall make clear that a deletion has been made. Nothing in this subsection shall authorize the destruction of the original record.

(k) The following court records are public records and may be withheld only when sealed by court order: arrest and search warrants that have been returned by law enforcement agencies, indictments, criminal summons, and nontestimonial identification orders.

(*l*) Records of investigations of alleged child abuse shall be governed by Article 29 of Chapter 7B of the General Statutes. (1993, c. 461, s. 1; 1998-202, s. 13(jj); 2006-184, s. 7.)

Effect of Amendments. — Session Laws 2006-184, s. 7, effective August 3, 2006, and applicable to claims of factual innocence filed on or before December 31, 2010, added "Innocence Inquiry Commission records" at the end of the section catchline; and, in the first sentence of subsection (a), substituted "agencies" for "agencies or" near the beginning and inserted "and records of investigations conducted by the North Carolina Innocence Inquiry Commission" and made minor punctuation changes.

§ 132-1.10. Social security numbers and other personal identifying information.

(a) The General Assembly finds the following:

(1) The social security number can be used as a tool to perpetuate fraud against a person and to acquire sensitive personal, financial, medical, and familial information, the release of which could cause great financial or personal harm to an individual. While the social security number was intended to be used solely for the administration of the federal Social Security System, over time this unique numeric identifier has been used extensively for identity verification purposes and other legitimate consensual purposes.

(2) Although there are legitimate reasons for State and local government agencies to collect social security numbers and other personal identifying information from individuals, government should collect the information only for legitimate purposes or when required by law.

(3) When State and local government agencies possess social security numbers or other personal identifying information, the governments should minimize the instances this information is disseminated either internally within government or externally with the general public.

(b) Except as provided in subsections (c) and (d) of this section, no agency of the State or its political subdivisions, or any agent or employee of a government agency, shall do any of the following:

(1) Collect a social security number from an individual unless authorized by law to do so or unless the collection of the social security number is otherwise imperative for the performance of that agency's duties and responsibilities as prescribed by law. Social security numbers collected by an agency must be relevant to the purpose for which collected and shall not be collected until and unless the need for social security numbers has been clearly documented.

(2) Fail, when collecting a social security number from an individual, to segregate that number on a separate page from the rest of the record, or as otherwise appropriate, in order that the social security number can be more easily redacted pursuant to a valid public records request.

(3) Fail, when collecting a social security number from an individual, to provide, at the time of or prior to the actual collection of the social security number by that agency, that individual, upon request, with a statement of the purpose or purposes for which the social security number is being collected and used.

(4) Use the social security number for any purpose other than thepurpose stated.

(5) **(For applicability date — See Editor's note)** Intentionally communicate or otherwise make available to the general public a person's social security number or other identifying information. "Identifying information", as used in this subdivision, shall have the same meaning as in G.S. 14-113.20(b), except it shall not include electronic identification numbers, electronic mail names or addresses, Internet account numbers, Internet identification names, parent's legal surname prior to marriage, or drivers license numbers appearing on law

enforcement records. Identifying information shall be confidential and not be a public record under this Chapter. A record, with identifying information removed or redacted, is a public record if it would otherwise be a public record under this Chapter but for the identifying information. The presence of identifying information in a public record does not change the nature of the public record. If all other public records requirements are met under this Chapter, the agency of the State or its political subdivisions shall respond to a public records request, even if the records contain identifying information, as promptly as possible, by providing the public record with the identifying information removed or redacted.

(6) **(Effective July 1, 2007)** Intentionally print or imbed an individual's social security number on any card required for the individual to access government services.

(7) **(Effective July 1, 2007)** Require an individual to transmit the individual's social security number over the Internet, unless the connection is secure or the social security number is encrypted.

(8) **(Effective July 1, 2007)** Require an individual to use the individual's social security number to access an Internet Web site, unless a password or unique personal identification number or other authentication device is also required to access the Internet Web site.

(9) **(Effective July 1, 2007)** Print an individual's social security number on any materials that are mailed to the individual, unless state or federal law required that the social security number be on the document to be mailed. A social security number that is permitted to be mailed under this subdivision may not be printed, in whole or in part, on a postcard or other mailer not requiring an envelope, or visible on the envelope or without the envelope having been opened.

(c) Subsection (b) of this section does not apply in the following circumstances:

(1) To social security numbers or other identifying information disclosed to another governmental entity or its agents, employees, or contractors if disclosure is necessary for the receiving entity to perform its duties and responsibilities. The receiving governmental entity and its agents, employees, and contractors shall maintain the confidential and exempt status of such numbers.

(2) To social security numbers or other identifying informationdisclosed pursuant to a court order, warrant, or subpoena.

(3) To social security numbers or other identifying informationdisclosed for public health purposes pursuant to and incompliance with Chapter 130A of the General Statutes.

(4) To social security numbers or other identifying information that have been redacted.

(5) To certified copies of vital records issued by the State Registrar and other authorized officials pursuant to G.S. 130A-93(c). The State Registrar may disclose any identifying information other than social security numbers on any uncertified vital record.

(6) To any recorded document in the official records of the register of deeds of the county.

(7) To any document filed in the official records of the courts.

(c1) If an agency of the State or its political subdivisions, or any agent or employee of a government agency, experiences a security breach, as defined in Article 2A of Chapter 75 of the General Statutes, the agency shall comply with the requirements of G.S. 75-65.

(d) No person preparing or filing a document to be recorded or filed in the official records of the register of deeds, the Department of the Secretary of

State, or of the courts may include any person's social security, employer taxpayer identification, drivers license, state identification, passport, checking account, savings account, credit card, or debit card number, or personal identification (PIN) code or passwords in that document, unless otherwise expressly required by law or court order, adopted by the State Registrar on records of vital events, or redacted. Any loan closing instruction that requires the inclusion of a person's social security number on a document to be recorded shall be void. Any person who violates this subsection shall be guilty of an infraction, punishable by a fine not to exceed five hundred dollars ($500.00) for each violation.

(e) The validity of an instrument as between the parties to the instrument is not affected by the inclusion of personal information on a document recorded or filed with the official records of the register of deeds or the Department of the Secretary of State. The register of deeds or the Department of the Secretary of State may not reject an instrument presented for recording because the instrument contains an individual's personal information.

(f) **(Expires July 1, 2007)** Any person has the right to request that the Department of the Secretary of State, a register of deeds or clerk of court remove, from an image or copy of an official record placed on the Department of the Secretary of State's, a register of deeds' or court's Internet Website available to the general public or an Internet Web site available to the general public used by the Department of the Secretary of State, a register of deeds or court to display public records by the Department of the Secretary of State, the register of deeds or clerk of court, the person's social security, employer taxpayer identification, drivers license, state identification, passport, checking account, savings account, credit card, or debit card number, or personal identification (PIN) code or passwords contained in that official record. The request must specify the personal information to be redacted, information that identifies the document that contains the personal information and unique information that identifies the location within the document that contains the social security, employer taxpayer identification, drivers license, state identification, passport, checking account, savings account, credit card, or debit card number, or personal identification (PIN) code or passwords to be redacted. The request for redaction shall be considered a public record with access restricted to the Department of the Secretary of State, the register of deeds, the clerk of court, their staff, or upon order of the court. The Department of the Secretary of State, the register of deeds or clerk of court shall have no duty to inquire beyond the written request to verify the identity of a person requesting redaction and shall have no duty to remove redaction for any reason upon subsequent request by an individual or by order of the court, if impossible to do so. No fee will be charged for the redaction pursuant to such request. Any person who requests a redaction without proper authority to do so shall be guilty of an infraction, punishable by a fine not to exceed five hundred dollars ($500.00) for each violation.

(f) **(Effective July 1, 2007)** Any person has the right to request that a register of deeds or clerk of court remove, from an image or copy of an official record placed on a register of deeds' or court's Internet Website available to the general public or an Internet Web site available to the general public used by a register of deeds or court to display public records by the register of deeds or clerk of court, the person's social security, employer taxpayer identification, drivers license, state identification, passport, checking account, savings account, credit card, or debit card number, or personal identification (PIN) code or passwords contained in that official record. The request for redaction shall be considered a public record with access restricted to the register of deeds, the clerk of court, their staff, or upon order of the court. The register of deeds or clerk of court shall have no duty to inquire beyond the written request to verify the identity of a person requesting redaction and shall have no duty to remove redaction for any reason upon subsequent request by an individual or by order of the court, if impossible to do so. No fee will be charged for the redaction pursuant to such request. Any person who requests a redaction without proper authority to do so shall be guilty of an infraction, punishable by a fine not to exceed five hundred dollars ($500.00) for each violation.

(g) **(Expires July 1, 2007)** The Department of the Secretary of State, a register of deeds or clerk of court shall immediately and conspicuously post signs throughout his or her offices for public viewing and shall immediately and conspicuously post a notice on any Internet Web site available to the general public used by the Department of the Secretary of State, a register of deeds or clerk of court a notice stating, in substantially similar form, the following:

§ 135-1. Definitions.

The following words and phrases as used in this Chapter, unless a different meaning is plainly required by the context, shall have the following meanings:

(1) "Accumulated contributions" shall mean the sum of all the amounts deducted from the compensation of a member and accredited to his individual account in the annuity savings fund, together with regular interest thereon as provided in G.S. 135-8.

(2) "Actuarial equivalent" shall mean a benefit of equal value when computed upon the basis of such mortality tables as shall be adopted by the Board of Trustees, and regular interest.

(3) "Annuity" shall mean payments for life derived from that "accumulated contribution" of a member. All annuities shall be payable in equal monthly installments.

(4) "Annuity reserve" shall mean the present value of all payments to be made on account of any annuity or benefit in lieu of any annuity, computed upon the basis of such mortality tables as shall be adopted by the Board of Trustees, and regular interest.

(5) "Average final compensation" shall mean the average annual compensation of a member during the four consecutive calendar years of

membership service producing the highest such average; but shall not include any compensation, as determined by the Board of Trustees, for the reimbursement of expenses or payments for housing or any other allowances whether or not classified as salary and wages. In the event a member is or has been in receipt of a benefit under the provisions of G.S. 135-105 or G.S. 135-106, the compensation used in the calculation of "average final compensation" shall be the higher of compensation of the member under the provisions of this Article or compensation used in calculating the payment of benefits under Article 6 of this Chapter as adjusted for percentage increases in the post disability benefit.

(6) "Beneficiary" shall mean any person in receipt of a pension, an annuity, a retirement allowance or other benefit as provided by this Chapter.

(7) "Board of Trustees" shall mean the Board provided for in G.S. 135-6 to administer the Retirement System.

(7a) a. "Compensation" shall mean all salaries and wages prior to any reduction pursuant to sections 125, 401(k), 403(b), 414(h)(2), and 457 of the Internal Revenue Code, not including any terminal payments for unused sick leave, derived from public funds which are earned by a member of the Retirement System for service as an employee or teacher in the unit of the Retirement System for which he is performing full-time work. In addition to the foregoing, "compensation" shall include:

1. Performance-based compensation (regardless of whether paid in a lump sum, in periodic installments, or on a monthly basis);
2. Conversion of additional benefits to salary (additional benefits such as health, life, or disability plans), so long as the benefits are other than mandated by State law or regulation;
3. Payment of tax consequences for benefits provided by the employer, so long as they constitute an adjustment or increase in salary and not a "reimbursement of expenses";
4. Payout of vacation leave so long as such payouts are permitted by applicable law and regulation; and
5. Employee contributions to eligible deferred compensation plans.

b. "Compensation" shall not include any payment, as determined by the Board of Trustees, for the reimbursement of expenses or payments for housing or any other allowances whether or not classified as salary and wages. "Compensation" includes all special pay contribution of annual leave made to a 401(a) Special Pay Plan for the benefit of an employee. Notwithstanding any other provision of this Chapter, "compensation" shall not include:

1. Supplement/allowance provided to employee to purchase additional benefits such as health, life, or disability plans;
2. Travel supplement/allowance (nonaccountable allowance plans);
3. Employer contributions to eligible deferred compensation plans;
4. Employer-provided fringe benefits (additional benefits such as health, life, or disability plans);
5. Reimbursement of uninsured medical expenses;
6. Reimbursement of business expenses;
7. Reimbursement of moving expenses;
8. Reimbursement/payment of personal expenses;

9. Incentive payments for early retirement;
10. Bonuses paid incident to retirement;
11. Contract buyout/severance payments; and
12. Payouts for unused sick leave.

c. In the event an employer reports as "compensation" payments not specifically included or excluded as "compensation", such payments shall be "compensation" for retirement purposes only if the employer pays the Retirement System the additional actuarial liability created by such payments.

(8) "Creditable service" shall mean the total of "prior service" plus "membership service" plus service, both noncontributory and purchased, for which credit is allowable as provided in G.S. 135-4. In no event, however, shall "creditable service" be deemed "membership service" for the purpose of determining eligibility for benefits accruing under this Chapter.

(9) "Earnable compensation" shall mean the full rate of the compensation that would be payable to a teacher or employee if he worked in full normal working time. In cases where compensation includes maintenance, the Board of Trustees shall fix the value of that part of the compensation not paid in money.

(10) "Employee" shall mean all full-time employees, agents or officers of the State of North Carolina or any of its departments, bureaus and institutions other than educational, whether such employees are elected, appointed or employed: Provided that the term "employee" shall not include any person who is a member of the Consolidated Judicial Retirement System, any member of the General Assembly or any part-time or temporary employee. Notwithstanding any other provision of law, "employee" shall include all employees of the General Assembly except participants in the Legislative Intern Program, pages, and beneficiaries in receipt of a monthly retirement allowance under this Chapter who are reemployed on a temporary basis. The membership of this Retirement System shall be composed as follows:

(1) All persons who shall become teachers or State employees after the date as of which the Retirement System is established. On and after July 1, 1947, membership in the Retirement System shall begin 90

days after the election, appointment or employment of a "teacher or employee" as the terms are defined in this Chapter. On and after July 1, 1955, membership in the Retirement System shall begin immediately upon the election, appointment or employment of a "teacher or employee," as the terms are defined in this Chapter. Under such rules and regulations as the Board of Trustees may establish and promulgate, Cooperative Agricultural Extension Service employees excluded from coverage under Title II of the Social Security Act may in the discretion of the governing authority of a county, become members of the Teachers' and State Employees' Retirement System to the extent of that part of their compensation derived from a county. On and after July 1, 1965, new extension service employees excluded from coverage under Title II of the Social Security Act in the employ of a county participating in the Local Governmental Employees' Retirement System are hereby excluded from participation in the Teachers' and State Employees' Retirement System to the extent of that part of their compensation derived from a county; provided that on and after July 1, 1965, new extension service employees excluded from coverage under Title II of the Social Security Act who are required to accept a federal civil service appointment may elect in writing, on a form acceptable to the Retirement System, to be excluded from the Teachers' and State Employees' Retirement System and the Local Retirement System; provided further, that effective July 1, 1985, an extension service employee excluded from coverage under Title II of the Social Security Act who is employed in part by a county and who is compensated in whole by the Cooperative Agricultural Extension Service pursuant to a contract where the Cooperative Agricultural Extension Service is reimbursed by the county for the county's share of the compensation shall participate exclusively in the Teachers' and State Employees' Retirement System to the extent of their full compensation. On or after July 1, 1979, upon election, appointment or employment, a legislative employee shall automatically become a member of the Teachers' and State Employees' Retirement System. At such time as Cooperative Agricultural Extension Service Employees excluded from coverage under Title II of the Social Security Act become covered by Title II of the Social Security Act, such employees shall no longer be covered by the provisions of this section, provided no accrued rights of these employees under this section prior to coverage by Title II of the Social Security Act shall be diminished.

(2) All persons who are teachers or State employees on February 17, 1941, or who may become teachers or State employees on or before July 1, 1941, except those who shall notify the Board of Trustees, in writing, on or before January 1, 1942, that they do not choose to become members of this Retirement System, shall become members of the Retirement System.

(3) Should any member in any period of six consecutive years after becoming a member be absent from service more than five years, or should he withdraw his accumulated contributions, or should he become a beneficiary or die, he shall thereupon cease to be a member: Provided that on and after July 1, 1967, should any member in any period of eight consecutive years after becoming a member be absent from service more than seven years, or should he withdraw his accumulated contributions, or should he become a beneficiary or die, he shall thereupon cease to be a member; provided further that the period of absence from service shall be computed from January 1, 1962, or later date of separation for any member whose contributions

were not withdrawn prior to July 1, 1967: Provided that on and after July 1, 1971, a member shall cease to be a member only if he withdraws his accumulated contributions, or becomes a beneficiary, or dies.

Notwithstanding the foregoing, any persons whose membership was terminated under the provisions set forth above who had five or more years of creditable service and had not effected a return of contributions may elect to receive a retirement allowance on or after age 60; provided that this member may retire only upon written application to the Board of Trustees setting forth at which time, not less than 30 days nor more than 90 days subsequent to the execution and filing, he desires to be retired.

(4) Notwithstanding any provisions contained in this section, any employee of the State of North Carolina who was taken over and required to perform services for the federal government, on a loan basis, and by virtue of an executive order of the President of the United States effective on or after January 1, 1942, and who on the effective date of such executive order was a member of the Retirement System and had not withdrawn all of his or her accumulated contributions, shall be deemed to be a member of the Retirement System during such period of federal service or employment by virtue of such executive order of the President of the United States. Any such employee who within a period of 12 months after the cessation of such federal service or employment, is again employed by the State or any employer as said term is defined in this Chapter, or within said period of 12 months engages in service or membership service, shall be permitted to resume active participation in the Retirement System and to resume his or her contributions as provided by this Chapter. If such member so elects, he or she may pay to the Board of Trustees for the benefit of the proper fund or account an amount equal to his or her accumulated contributions previously withdrawn with interest from date of withdrawal to time of payment and the accumulated contributions, with interest thereon, that such member would have made during such period of federal employment to the same extent as if such member had been in service or engaged in the membership service for the State or an employer as defined in this Chapter, which such payment of accumulated contributions shall be computed on the basis of the salary or earnable compensation received by such member on the effective date of such executive order.

(5) Any teacher or State employee whose membership is contingent on his own election and who elects not to become a member may thereafter apply for and be admitted to membership; but no such teacher or State employee shall receive prior service credit unless he elected to become a member prior to July 1, 1946. Any such member on or after June 30, 1965, anything in this Chapter to the contrary, may deposit in the annuity savings fund by a single payment the contributions plus interest which would have been credited to his account had he not signed a nonelection blank on or before January 1, 1942, and be entitled to such membership service credits and any prior service credits which became void upon execution of such nonelection blank; provided that the employer will pay the appropriate matching contributions.

(6) Repealed by Session Laws 1981 (Regular Session, 1982), c. 1396, s. 1.

(7) The provisions of this subdivision (7) shall apply to any member whose retirement became effective prior to July 1, 1963, and who became entitled to benefits hereunder in accordance with the provisions

hereof. Such benefits shall be computed in accordance with the provisions of G.S. 135-5(b) as in effect at the date of such retirement.

a. Notwithstanding any other provision of this Chapter, any member who separates from service prior to the attainment of the age of 60 years for any reason other than death or retirement for disability as provided in G.S. 135-5(d), after completing 20 or more years of creditable service, and who leaves his total accumulated contributions in said System shall have the right to retire on a deferred retirement allowance upon attaining the age of 60 years: Provided, that such member may retire only upon written application to the Board of Trustees setting forth at what time, not less than 30 days nor more than 90 days subsequent to the execution and filing thereof, he desires to be retired. Such deferred retirement allowance shall be computed in accordance with the provisions of G.S. 135-5(b), subdivisions (1), (2) and (3).

b. In lieu of the benefits provided in paragraph a of this subdivision (7) any member who separates from service on or after July 1, 1951, and prior to the attainment of the age of 60 years, for any reason other than death or retirement for disability as provided in G.S. 135-5(d), after completing 30 or more years of creditable service, and who leaves his total accumulated contributions in said System, may elect to retire on an early retirement allowance; provided that such member may so retire only upon written application to the Board of Trustees setting forth at what time, not less than 30 days nor more than 90 days subsequent to the execution and filing thereof, he desires to be retired; provided further that such application shall be duly filed within 60 days following the date of such separation. Such early retirement allowance so elected shall be the actuarial equivalent of the deferred retirement allowance otherwise payable at the attainment of the age of 60 years upon proper application therefor.

c. In lieu of the benefits provided in paragraph a of this subdivision (7), any member who separated from service before July 1, 1951, and prior to the age of 60 years for any reason other than death or retirement for disability as provided in G.S. 135-5(d), and who left his total accumulated contributions in said System, may elect to retire on an early retirement allowance; provided that such member may so retire only upon written application to the Board of Trustees setting forth at what time, subsequent to July 1, 1951, and not less than 30 days nor more than 90 days subsequent to the execution and filing thereof, he desires to be retired; provided that such application shall be duly filed not later than August 31, 1951. Such early retirement allowance so elected shall be the actuarial equivalent of the deferred retirement allowance otherwise payable at the attainment of the age of 60 years upon proper application therefor.

d. Should a teacher or employee who retired on an early or service retirement allowance be restored to service prior to the attainment of the age of 62 years, his allowance shall cease, he shall again become a member of the Retirement System, and he shall contribute thereafter at the uniform contribution rate payable by all members. Upon his subsequent retirement, he shall be entitled to the allowance described in 1 below reduced by the amount in 2 below.

1. The allowance to which he would have been entitled if he were retiring for the first time, calculated on the basis of his total

creditable service represented by the sum of his creditable service at the time of his first retirement, and his creditable service after he was restored to service.

2. The actuarial equivalent of the retirement benefits he previously received.

e. Should a teacher or employee who retired on an early or service retirement allowance be restored to service after the attainment of the age of 62 years, his retirement allowance shall be reduced to the extent necessary (if any) so that the sum of the retirement allowance at the time of his retirement and earnings from employment by a unit of the Retirement System for any year (beginning January 1, and ending December 31) will not exceed the member's compensation received for the 12 months of service prior to retirement. Provided, however, that under no circumstances will the member's retirement allowance be reduced below the amount of his annuity as defined in G.S. 135-1(3).

(8) The provisions of this subsection (8) shall apply to any member whose membership is terminated on or after July 1, 1963 and who becomes entitled to benefits hereunder in accordance with the provisions hereof.

a. Notwithstanding any other provision of this Chapter, any member who separates from service prior to the attainment of the age of 60 years for any reason other than death or retirement for disability as provided in G.S. 135-5(c), after completing 15 or more years of creditable service, and who leaves his total accumulated contributions in said System shall have the right to retire on a deferred retirement allowance upon attaining the age of 60 years; provided that such member may retire only upon written application to the Board of Trustees setting forth at what time, not less than one day nor more than 90 days subsequent to the execution and filing thereof, he desires to be retired; and further provided that in the case of a member who so separates from service on or after July 1, 1967, or whose account is active on July 1, 1967, or has not withdrawn his contributions, the aforestated requirement of 15 or more years of creditable service shall be reduced to 12 or more years of creditable service; and further provided that in the case of a member who so separates from service on or after July 1, 1971, or whose account is active on July 1, 1971, the aforestated requirement of 12 or more years of creditable service shall be reduced to five or more years of creditable service. Such deferred retirement allowance shall be computed in accordance with the service retirement provisions of this Article pertaining to a member who is not a law enforcement officer or an eligible former law enforcement officer. Notwithstanding the foregoing, any member whose services as a teacher or employee are terminated for any reason other than retirement, who becomes employed by a nonprofit, nonsectarian private school in North Carolina below the college level within one year after such teacher or employee has ceased to be a teacher or employee, may elect to leave his total accumulated contributions in the Teachers' and State Employees' Retirement System during the period he is in the employment of such employer; provided that he files notice thereof in writing with the Board of Trustees of the Retirement System within five years after separation from service as a public school teacher or State employee; such member shall be deemed to have met the requirements of the above provisions of this subdivision upon attainment of age 60 while in such employment provided that he is otherwise vested.

b. In lieu of the benefits provided in paragraph a of this subdivision (8), any member who separates from service prior to the attainment of the age of 60 years, for any reason other than death or retirement for disability as provided in G.S. 135-5(c), after completing 20 or more years of creditable service, and who leaves his total accumulated contributions in said System, may elect to retire on an early retirement allowance upon attaining the age of 50 years or at any time thereafter; provided that such member may so retire only upon written application to the Board of Trustees setting forth at what time, not less than one day nor more than 90 days subsequent to the execution and filing thereof, he desires to be retired.
